

The Amazing Son In Law Chapter 4677 (The Charismatic Charlie Wade Chapter 4677)

When Elaine heard this, she suddenly wanted to cry without tears.

But in order to maintain her status as a noble lady, she could only smash her teeth and swallow in her stomach.

After all, she thought in her heart: "I can't quarrel with this sales over the time it takes for the more than 70,000 yuan to arrive. After all, doing sales is pretty good for me, giving me so many discounts..."

"What's more, they didn't say that the more than 70,000 yuan was not given. It's just a normal process. How can I break up with them because of this? Are you blind?"

Thinking of this, Elaine couldn't help sighing in his heart: "The main reason is that I only have more than 2,000 yuan left in my card, more than 2,000 yuan, enough for a few days..."

After making up his mind, Elaine did not continue to talk about this issue, but pretended to laugh at the salesman casually: "It's okay, it's okay! I'll go back and redeem a little pocket money first."

The salesman nodded and said, "Then don't forget, come to the store to participate in the lottery around one or two o'clock."

"Okay!" Elaine said with a smile: "Fight for the time to win your grand prize!"

The salesman laughed: "I'm sure you'll be fine!"

Elaine nodded, put away her necklace, and said to souna, "souna, let's go."

souna was so envious that she answered absentmindedly and followed Elaine out of the store.

As soon as she went out, souna couldn't help but said, "Sister ... Your luck is really good, you catch up with such good things, there's really no one else... This is a full 20% cheaper. Wow!"

Elaine was also very happy, and said with a smile, "Let's be honest with you, since I started to draw a line with the Willson family, I feel that my luck is getting better and better."

souna sighed endlessly: "When will I be able to draw a clear line with this family, especially that dead old lady, now I'm so annoying to see her every day!"

Elaine smiled and said, "Whatever she does, she won't have a good life for a few years anyway."

souna nodded, remembered something, and quickly asked Elaine: "By the way, Sister, you said to buy me a Chow Tai Fook, why don't we go and have a look now?"

Elaine said with an embarrassed expression: "What are you looking at? I only have more than 2,000 in my card. What do you think? There is no money to buy it."

souna was very depressed and said, "Then... how about you redeem some money now and buy it tomorrow?"

"Redemption? Redeem a fart..." Elaine did not pretend to be coercive in front of souna, and said with a pouting: "You also understand my situation, the money is all given by charlie, and charlie left me five before he left. One hundred thousand, and now there are only more than two thousand left."

"Ah?" souna exclaimed, "Have you spent the 500,000 yuan?!"

Elaine shrugged: "Yeah, it's all spent, just waiting for their cashback to arrive."

souna was helpless, so she could only nod her head and say, "Then we can only hope that they will arrive soon..."

After finishing speaking, she said cautiously: "That, Sister ... When the money arrives, don't forget what you promised me..."

Elaine nodded and said cheerfully: "Since I promised you, I will definitely not break my promise."

"That's good." souna breathed a sigh of relief and said to her: "Sister Elaine, the upstairs of Harbour City is delicious, aren't you going to the store in the afternoon to draw a lottery, then let's go up and find a place to have lunch? "

Elaine waved his hand and said with a frowning face, "Eating here will cost more than 1,000 for the two of you to have a casual meal. The rest of my money will probably take more than a week."

After speaking, Elaine said again: "Let's go back to Tomson Yipin first, go back and order outside, order two ramen noodles, and come back to draw the lottery after eating."

souna hurriedly said: "Then there is no need to go back. I know that there is a Lanzhou noodle restaurant nearby that tastes good. It can be done for 15 yuan per person. Why don't we go there and deal with it!"

Elaine pouted, "You asked me to drive a Rolls-Royce to Lanzhou cuisine? I can't afford to lose that person!"

souna said helplessly: "That's fine, let's go back to Tomson Yipin..."

Immediately, the two drove back to Tomson Yipin. After Elaine ordered the meal, he couldn't wait to put on the new necklace and brought a small vanity mirror. In the restaurant, one person ate a bowl of ramen.

After eating, Elaine kept thinking about the lottery.

She didn't expect to win the 1.2 million jackpot. As long as she could win anything, it would be nothing for her.

...

After eating, Elaine and souna returned to Harbour City again.

At this time, the manager of the jewelry store had already received a lottery ticket sent by Jasmine moore.

These lottery tickets were all made by temporarily inviting the printing factory to work overtime this morning, and they also had a strong ink smell.

When Elaine walked into the store with souna, the salesman in the morning hurriedly greeted him and said with a smile, "You're here, ma'am! Please move to our store manager's office!"

As she spoke, she deliberately lowered her voice and said to Elaine: "Ma'am, our lottery today is limited to high-end customers like you. Ordinary customers in the store are not entitled to enjoy it, so let's keep a low profile and don't let them know."

Elaine understood.

She just likes the feeling of being different.

So, she immediately winked at souna, and the two followed the salesman to the store manager's office at the back.

The store manager had been waiting here for a long time. Seeing Elaine coming in, he hurriedly said with a smile: "Hello, ma'am! I'm the manager of this store, you can just call me Xiao Zhang!"

Elaine nodded and asked curiously: "Manager Zhang, let me come over to draw a lottery, what kind of lottery is it?"

The store manager said with a smile: "Ma'am, let me tell you about this, our lottery is only for high-end *** customers. The minimum value of the prizes is 100,000, and the maximum value is 1.2 million, and the winning rate is very high."

"Huh!" Elaine suddenly regained his energy and blurted out: "The worst prizes are worth 100,000? You guys are too generous!"

"Yes." The store manager said with a smile: "This is an activity of our group, mainly to give back to the vast number of *** customers."

Elaine hurriedly asked: "Can you tell me what the prizes are? Especially the first prize is said to be worth 1.2 million. What is it?"

The store manager smiled and said, "The first prize is our mysterious grand prize. Only by scratching the lottery ticket can you know what it is."

After speaking, he said a little apologetically: "By the way, ma'am, I have to apologize to you for something. Our headquarters sent a notice today. Due to the recent financial audit, the payment will be a little slower. It may take about 20 days for the cash back."

"What?!" When Elaine heard this, his eyes suddenly darkened.

More than 2,000 yuan allowed her to persist for a week, and she could still persist through gritted teeth.

But for her to persist for more than 20 days, it would be no different from hell to her.

You have to know that she just filled a tank of fuel for Rolls-Royce yesterday, with the highest standard of 98 gasoline, and it will cost more than 1,000 yuan to fill it up. If she insists on it for more than 20 days, she will only eat chaff. dishes.

The store manager said casually at this time: "But I believe that for the top class like you, this amount of money should not be in a hurry, and I heard from Xiao Liu that you have already redeemed some of the pocket money in the wealth management seat, right?"

Elaine is a dumb eater of coptis at this time. He can't tell if he is suffering, so he can only nod helplessly and say, "Ah yes... yes..."

The store manager nodded, quickly took out a lottery box from under the desk, and said to Elaine, "Ma'am, you'd better draw a lottery first!"

Elaine sighed, rubbed his hands and said, "Come on, try to win the first prize and see what a good thing it is, it can be worth 1.2 million!"

With that said, Elaine stretched out his hand and selected a lottery ticket and took it out.

The store manager hurriedly took the lottery box back, and then said to Elaine, "Ma'am, scratch it open and have a look!"

Elaine nodded, stretched out his hand and scratched off the coating of the prize redemption area with his fingernails.

When she saw the words "First Prize" in front of her eyes, she was extremely ecstatic, and she blurted out, "Oh my god, it's really the first prize! Hahaha, it's really the first prize! My God I'm so lucky! I'm not dreaming!"

Seeing the three words of the first prize, Elaine's heart is still surging.

After souna heard what she said, she quickly leaned forward and looked down hard.

It doesn't matter if you look at it, the three words for the first prize are clearly printed in the redemption area.

At this moment, souna felt so sad that she was dying.

"I really don't understand why Elaine, a stinky b*tch, has such good luck."

"The first prize is drawn as soon as you stretch out your hand, is this a f*cking human?"

"It's even more uncomfortable to see Elaine, this stinky bitch, win 1.2 million, than if I lost 1.2 million myself!"

Elaine was already rejoicing at this time, and she hurriedly asked the store manager, "What exactly is the prize for this first prize?"

The store manager hurriedly said: "Go ahead and scratch the prize, then the prize is written below, but you won't know until you scratch it off."

Elaine muttered: "It's better to have a gold bar of 1.2 million, and the old lady will sell it!"

After speaking, he couldn't help but mutter: "Or a 1.2 million car will do. The discount rate for a new car is still quite high..."

While talking, Elaine scratched off the scratching area at the back.

As a line of words was scraped out, she was dumbfounded when she saw this line of words.

Word by word popped out of her mouth:

"Congratulations...congratulations...you...get...wan...flow...G...six...five...zero...private...person... ..airplane....."

Seeing this, Elaine widened her eyes and blurted out: "Oh my god! It said that I was hit by a private jet! Private jet! I'll be good, my Rolls-Royce hasn't been opened yet, but it's actually delivered I have a private jet..."

The store manager said embarrassedly: "Ma'am, if you scratch back, there should be a line of words below..."

"Also?" Elaine frowned and continued to scrape down.

She continued to mutter: "Respect... enjoy... package... plane... go to... beauty... travel... once... once?!"

Having said that, Elaine subconsciously and coherently read it again:

"Congratulations on your acquisition of the Gulfstream G650 private jet, you can enjoy a charter flight to the United States... What does this mean?"

The manager hurriedly explained: "Oh! Congratulations, ma'am, you can fly to the United States for free on a Gulfstream G650 private jet!"

"What kind of thing is this... It's a big prize..." Elaine wanted to cry without tears, and blurted out: "Besides, what kind of plane are you? It costs 1.2 million to fly to the United States? How much can I pay for a plane ticket?"

The store manager hurriedly said: "Ma'am, with a distinguished status like you, you must know that the price of business jets has always been very expensive, not to mention that the Gulfstream G650 is one of the best business jets on the market. 100 million yuan, the interior decoration is extremely luxurious, and 1.2 million yuan for a flight to the United States is a discounted price!"

Elaine threw the winning ticket in front of him, and quickly said: "I don't want to go to the United States, or you can discount it for me, I don't want more, you can discount 1 million for me."

The store manager said seriously: "Ma'am, this matter is not up to me."

As he said that, he turned the winning ticket over, pointed to the note at the back, and said, "Look, it's already written on it, and all prizes are non-discountable and non-transferable."

Elaine sweated anxiously and blurted out: "But why am I going to the United States! It's still a charter flight of 1.2 million once! So what a waste for the boss to take me alone on the plane!"

The store manager said, "Ma'am, this is a free benefit anyway. If you don't want it, you can just give it up."

As he said, he remembered something, and said again: "Oh right, I'll record a video for you with my mobile phone in a while, you just need to say to the camera in person, you give up this right to redeem the prize, and I'll deal with it on my side."

Then, he reminded again: "And ma'am, I will tell you the amount of your cash back when our finance can pay."

The store manager's words undoubtedly reminded Elaine.

He made Elaine realize that he had no money!

"At the moment, I only have more than 2,000 yuan left. If I want to spend the remaining half a month with this money, then I can only save food and buy food every day to cook at home, or eat cheap takeaway at home..."

"Besides that, even if I only drive a Rolls-Royce every day for a leisurely stroll, I'm afraid I won't be able to add that oil..."

"In contrast, if I go to the United States at this time, I can go to my daughter and son-in-law! When I arrive in the United States, I will eat and drink spicy food with Charlie, and I can have a good time in the United States, which is no better than eating bran at Tomson Yipin Yancai is much stronger?!"

“Also, when I got to the United States, I could excuse myself not having any dollars and not spending a penny, so that it wouldn’t expose the fact that I spent all my money!”

Thinking of this, Elaine’s expression turned cloudy and sunny in an instant.

She hurriedly asked, **“This plane can fly anywhere in the United States?”**

“Yes!” The store manager said seriously: **“As long as it is any civil airport in the United States, you can designate it, and you can fly directly there.”**

After speaking, the store manager added: **“Actually, this is much more convenient than taking a civil airliner. There are very few direct flights to the United States, and most of them have to transfer or stop in South Korea and Hong Kong Island, and the routes to the United States are only in the big cities, if you go to other smaller cities and get a place to transfer, you have to toss two or three times, but if you are a private jet, you can just eat, sleep, play, and play when you get on the plane. Enough is enough to go straight to the destination.”**

When Elaine heard this, he quickly said: **“Okay! It’s great! Then arrange for me to go to that Puluo or something... Puluo or something... I forgot the name of a city in the United States in a hurry.”**

The store manager asked tentatively, **“Is it Providence?”**

Elaine’s eyes lit up: **“That’s right! This is the place! Is there an airport there?”**

The store manager thought about it and said, **“It seems that there is. The civil aviation industry in the United States is relatively developed, and it seems that every city has an airport.”**

Elaine patted the table and blurted out, **“Okay! Let’s go here! When can I leave?”**

“Anytime.” The store manager said with a smile, **“If you have a US visa, you can leave today. If you don’t have it, we have a fast-track application for you. You can apply for it as soon as tomorrow, and you can leave tomorrow night.”**

Elaine said without hesitation: **“Okay! Then tomorrow!”**

After that, she said with an overjoyed expression: **“My daughter and son-in-law are there. In the previous video, it was said that they had built a presidential suite in the best hotel in the area. That guy is really imposing. Now! I heard that there are only a few bedrooms, so I just went over to play with them for a few days!”**

souna on the side was very envious and couldn't help but ask: "Sister, the plane is a charter flight anyway, you are on it alone, or two, why don't you take me with you and let me be your companion? Son, don't Claire and Charlie have a presidential suite? There are so many rooms, it's not empty, you can give me one, it's boring for you to go out alone, I'm still with you I can help you take care of it, and by the way, I will also help you relieve your boredom!"

When Elaine thought about it, it seemed to be the same.

If she goes to the United States to go to Charlie and Claire, her family status will definitely be at the bottom, and there will be no one around to flatter her all day long.

It would be different if Souna was taken there. She was respectful and respectful in front of him all day long like a nanny. With her, she could also be a servant to her.

Thinking of this, she immediately said to the store manager, "Can you help my sister to get a visa too, and we go to the United States together?"

The store manager said without hesitation: "I'm sorry ma'am, this is not allowed, we only provide single flight and visa services."

Elaine said dissatisfiedly: "What's the matter with you? I just want to hire a taxi, and I don't dare to refuse if I want to bring a friend and driver along the way."

The store manager smiled and said: "The driver accepts your money, of course, we have to follow your instructions. We are a prize, and all interpretation rights belong to our company, so if you want to cash this prize, you must follow our company's regulations, otherwise it can only be considered that you have given up voluntarily."

When Elaine heard this, he immediately threw Souna out of the sky, and said without hesitation, "Okay! Then I'll go by myself!"
