charlie saw Mia who was slim not far away, and his first reaction was surprise.

Immediately afterwards, he looked at Fei Kexin and asked inexplicably, "Miss Fei, what's the situation?"

Before Mia arrived, Fei Kexin smiled slightly and said in a low voice, "I invited Mia. I'm really sorry that you didn't report to Mr. Wade in advance." After speaking

, Fei Kexin added: "I also saw that there seemed to be some misunderstanding between you and Miss Mia, so I thought about letting you and Miss Mia misunderstand. Miss Mia can have a chance to sit down and have a good chat, otherwise if we go back tomorrow and the day after tomorrow, if you want to clear up misunderstandings with Miss Mia in person, there will be no such good opportunity."

In fact, he also really wanted to have a good talk with Mia before leaving Hong Kong Island, not forcing her to understand the original intention of what he did, but at least there was a chance to say sorry in person.

To talk about Mia, charlie was naturally ashamed.

However, when I was at the airport this afternoon, seeing that Mia seemed very disappointed with herself, charlie didn't know how to explain it to her. After all, it was still unknown whether she was willing to listen to her explanation.

He felt that it was done anyway, so he could do whatever he wanted. Although he didn't tell Mia the truth, in the end he was looking at Mia's face and opened up to Liu Jiahui.

However, when he came to this snack street again just now, charlie couldn't help thinking of Mia in his heart.

Thinking of her, charlie felt somewhat lost in his heart.

This feeling is somewhat similar to the feeling when Nanako was injured by Aurora and was urgently brought back to Japan for treatment.

Although charlie is not a kind person who is overflowing with the heart of the V\*rgin, he is by no means a person of great evil. If he has hatred, he will repay it; if he is kind, he will pay it back. Let go.

While thinking about it, Mia had come to the front, charlie felt a little drum in his heart, and Mia's heart was even more nervous.

In fact, she didn't know that Fei Kexin had an appointment with charlie tonight.

Because what Fei Kexin told her on the phone was that charlie had something to do temporarily, so she just landed an order, so she just asked Mia to have dinner together.

Moreover, in the conversation between charlie and Liu Jiahui in the afternoon, she learned that Mia has a snack street of her own, so she naturally guided Mia to set the place to eat on the grounds that she wanted to taste the local characteristics of Hong Kong Island here.

What Mia didn't expect was that charlie was here too.

This made her panic like a bunny in her heart.

Although she complained that charlie didn't tell the truth to herself, and also complained that charlie was too stubborn to her father, but after all, she had him in her heart, so since returning home, she has been thinking about charlie almost all the time.

She was also worried that if she failed to talk about this matter with charlie, after charlie left Hong Kong Island, the two might not meet again.

So she took the initiative to contact Fei Kexin and wanted to invite Fei Kexin out to have a meal together.

But her real idea is to chat with Fei Kexin about charlie, on the one hand to get to know charlie, and on the other hand to take the opportunity to buffer her mentality, and then take the initiative to find charlie after her mentality has eased Talk it out.

But suddenly seeing charlie here, she suddenly became cautious again, not knowing how to break the awkward atmosphere with charlie.

In the end, it has to be Fei Kexin, a smart woman, to solve the problem.

She didn't bother to explain to the two of them why the other was here, she just smiled casually: "Ms. mia and Mr. wade really have a good understanding of each other. You two have chosen this place, shouldn't it be discussed in advance?"

In a word, not only did he put aside the fact that he was carrying the two-man game, but also eased the embarrassment between the two in an instant.

At this time, charlie said with a smile: "I originally made an appointment with Miss mia to have dinner here tonight."

that charlie didn't know how to answer, Fei Kexin suddenly said, "Oh, by the way, I have a brief conference call. The two of you will chat first and order some food by the way. I'll find a quiet place to call." phone. "

Speaking, she stood up and walked away.

Neither charlie nor Mia expected that Fei Kexin would be so straightforward.

But since Fei Kexin was not in front of her, charlie looked at Mia and said very sincerely. : "Miss Mia, I'm really sorry about what happened today, the reason why I missed the appointment at night is mainly because I don't know how to face you. "

Mia said: "So you came to teach my dad a lesson from the beginning, right? "

"Yes. charlie nodded and said calmly: "I heard that Uncle Arman was going to be sent back, and your dad wanted his life all the time, so he came to Hong Kong Island one step ahead of him. "

Mia asked again: "Because Yisu Shipping is your company, and it happens that my dad wants to cooperate with Yisu Shipping, so you took this opportunity to approach us, right?" "

"That's right. charlie said, "I meant to get close to your dad first, but I didn't let him know my real purpose. After Uncle Arman was sent back, I would settle the old and new accounts with him when he was at his most arrogant." One count. "

Mia looked at him and asked with a very serious expression: "What about me?" Was I originally in your plan? "

"Not here." charlie shook his head: "Before I came, I only saw you in the Liu family's profile, but I didn't include you in my plan. My visit to Hong Kong Island this time is only for your father alone. . "

Speaking, charlie said sincerely: "However, for the safety of Uncle Arman, and to teach your father a more thorough lesson, I have never explained my intention to you, and I am really sorry for that. "

Mia pursed his lips, hesitated for a moment, and said, "Actually... Actually, you told me that you were here to preside over a justice... This is also considered to have been vaccinated against me in advance, because my own understanding is not enough, So I don't blame you."

After speaking, Mia lowered his head and said in a low voice: "And to be honest, regarding Uncle Arman and your father, it is indeed my father who was at fault... and, no matter what. What is the past between him, Uncle Arman, and my stepmother? He shouldn't kill others for this kind of thing. You teach him for Uncle Arman and your father, I don't have the right to blame you..."
