

The Amazing Son In Law Chapter 4869 (The Charismatic Charlie Wade Chapter 4869) -

"Snakes, worms, rats and ants?!"

Jack Yalaman 2nd frowned, feeling a little nervous all of a sudden.

What he was most afraid of was that what charlie said actually meant something.

"Could it be that my blood mosquito was really folded in his hands?!"

"But... it shouldn't... If my blood mosquito really died in its hands, I would at least feel it, not to mention the blood mosquito. The mosquito's stomach is full of corrupt and highly poisonous blood water. If one were killed here, the bloody smell would only be heavier, but there is no bloody smell here, as if the blod mosquito had never been here at all..."

Thinking of this , Jack Yalaman 2nd comforted himself in his heart: "Although there must be a mistake in a certain link, it should have nothing to do with this surnamed wade!"

Advertisement

So he snorted coldly, looked at charlie and asked, "What? You told me if there is a disaster of blood light, is it to make me be careful of snakes, worms, rats and ants?"

"Yes." charlie nodded and said with a smile, "Don't underestimate these things, if you encounter a powerful character, I'm afraid it will be fatal."

Yalaman 2nd said disdainfully, "You really know how to take advantage of the loopholes. The weather on Hong Kong Island is hot and humid, and there are many mosquitoes, and it is hard to prevent. You

say that I have a bloody disaster. Is it possible that I was bitten by a mosquito?" He looked at Fei Kexin, who was on the side, and asked, "Miss Fei, to be fair, there are so many mosquitoes on Hong Kong Island. If mosquitoes suck blood, it can be considered a bloody disaster, then how many people on Hong Kong Island can escape. Get it?"

Advertisement

Fei Kexin said: "I believe that what Mr. Wade said definitely didn't mean that."

charlie on the side said seriously: "Miss Fei, that's what I really mean, I just calculated for him, his The disaster of blood light is caused by mosquitoes."

Jack Yalaman 2nd sneered: "There are mosquitoes all over Hong Kong Island, what kind of disaster is this blood light?"

He remembered something and asked Fei Kexin deliberately, "Miss Fei, you are here. There should be a lot of mosquitoes in the villa, right?"

"Mosquito?" Fei Kexin frowned and asked suspiciously, "I didn't see a mosquito here."

Jack Yalaman 2nd was even more puzzled, and couldn't help thinking: "Fei Kexin has always been with Charlie, if she hasn't seen any mosquitoes, so my blood mosquitoes shouldn't be in the hands of this surnamed Wade... But where would they go? Why can't they find any trace?"

Just when he was puzzled, Charlie smiled slightly and said seriously: "Mr. Yalaman 2nd, now I

the sake of your father's one-sided relationship, if you can kneel down and kowtow three times for me, then I may be able to show mercy and help you break through this robbery! "

Damn it..." Jack Yalaman 2nd cursed inwardly, "Isn't this what I said to him just now? How dare this guy use my words to humiliate me? !

Advertisement

Jack Yalaman 2nd, who was extremely angry, sneered: "Wade, it seems that you are really ignorant. Since that is the case, then I will wait for the moment when you kneel down and beg for mercy! " "

After that, he turned around angrily, and raised his feet to prepare to go out.

At this time, Charlie thought, and the next moment, from the ceramic bottle placed not far away, more than 20 gigantic animals quickly flew out. The giant wasp-like mosquitoes, each as thick as an adult's little finger, are very scary.

One of the characteristics of this blood mosquito is that there is almost no movement when flying, so Fei Kexin and Jack Yalaman 2nd didn't fly at this time. Noticing this situation.

The blood mosquito itself was surrounded by Charlie's aura, and did not release any bloody smell, which made Jack Yalaman 2nd unable to notice it.

The Amazing Son In Law Chapter 4870 (The Charismatic Charlie Wade Chapter 4870) -

It was when charlie flew to the top of Jack Yalaman 2nd's head, Kindly reminded: "Master Yalaman 2nd, beware of the big mosquito! "

Jack Yalaman 2nd turned his head subconsciously, and the more than 20 huge blood mosquitoes had already flown in front of him from a height.

Jack Yalaman 2nd's first reaction was surprise, and he thought to himself: "F*ck, this is Isn't it my blood mosquito? "

And his second reaction turned into shock, and he blurted out scolding: "F*ck! How did these blood mosquitoes get so big? ! "

Before he made his third reaction, there was a burst of pain in his face, neck, arms and legs.

The mouthparts of these blood mosquitoes have changed from the thickness of a hair to a Now like the needle of a syringe, it is thick, long, and extremely hard.

This kind of crazy bite is even worse than that of a wasp sting.

Moreover, the bodies of these blood mosquitoes became larger, and the venom in their bodies also increased exponentially, which immediately caused Jack Yalaman 2nd to be in great pain and fell to the ground crying.

Fei Kexin's face was pale with fright. She grew up so big, and she had never seen such a big mosquito. In addition, girls were very sensitive to such things, so she subconsciously hid in charlie's arms and used her hands involuntarily. He covered his face, for fear that the terrifying big mosquito would come and bite him.

charlie felt Fei Kexin's soft body and body

the refreshing fragrance on the sky , and said somewhat unnaturally: "Miss Fei, don't be afraid, these mosquitoes will not come to bite you, they only recognize Master

Yalaman 2nd ." Ke Xin asked nervously, "Mr. Wade, are you sure? This mosquito can still recognize people?!"

"Of course." charlie pointed at Jack Yalaman 2nd, who was dying on the ground, and said with a smile, "If you don't believe me, look."

Fei Ke Xin carefully looked over, and there were more than 20 terrifying big mosquitoes nailed to Jack Yalaman 2nd's body, but each mosquito was not as thick as before, but was much shriveled to the naked eye.

This is mainly because these blood mosquitoes themselves do not suck blood, they only inject the highly poisonous rotten blood that they have absorbed into the body of the attacked person.

And now these blood mosquitoes have already injected all the rotten blood in the body into Jack Yalaman 2nd.

Jack Yalaman 2nd only felt unbearable pain all over his body, and he also felt extremely weak and swirling, so he subconsciously went to fetch the antidote in his pocket, but because he was bitten by blood mosquitoes in many places on his hand, the pain was fundamentally painful. Without strength, even if the hand grabbed the bottle of the antidote, it would not be able to pull it out at all.

At this moment, Jack Yalaman 2nd was extremely terrified. He knew that blood mosquitoes were very poisonous. In the past, they rarely killed people because the dose was small, but now the dose of his poisoning is already huge. It will flow all over the body, and eventually the poison will die.

So, he could only look at Charlie helplessly, and begged weakly: "... Mr. Wade... Please help... Please help..."

Charlie smiled and said, "I told you earlier. If there was a disaster of blood light, you just didn't believe it, do you believe it now?"

"I believe... I believe..." Jack Yalaman 2nd's face had turned pale, and even his lips were no longer bloody. He was on the verge of dying, so he cried in a panic and said: "...Mr. Wade...I...I don't want to die, Mr. Wade...I beg you...have mercy...help me get the antidote. Come out and feed me...please..."

Charlie asked in surprise: "Strange, why do you have a special antidote? Could it be that you raised these mosquitoes?!" Up

to now, Jack Yalaman 2nd didn't dare to hide it, he could only say honestly: "Yes...I raised them...but...but I don't know...I don't know why...they suddenly became...so big...Mr. Wade...I'm dying...I Kowtow to you... please save me, Mr. Wade..."

The Amazing Son In Law Chapter 4871 (The Charismatic Charlie Wade Chapter 4871) -

Seeing that Jack Yalaman 2nd seemed to be on the verge of death, charlie shook his head helplessly: "You are still not convinced that you have a bloody disaster, and now you have turned into this bird and asked me Don't you feel ashamed to come to help you end?"

Jack Yalaman 2nd begged dying: "Mr. Wade... I'm here... I know I'm wrong... Now... Now I just want to keep this dog's life... I'll stay at home...after staying..."

charlie said lightly: "Don't worry, I won't let you die, at least not now, after all, today is Uncle Arman's housewarming, it would be too unreasonable for you to die here. It 's auspicious." With

that, he stepped forward, took out a packet of medicinal powder from Jack Yalaman 2nd's pocket, and asked, "Is this the antidote?"

"Yes..." Jack Yalaman 2nd nodded his head like garlic.

charlie squeezed his mouth open and poured a whole packet of medicinal powder into it.

Jack Yalaman 2nd said gratefully: "Mr. Wade's life-saving grace... I will never forget..."

charlie sneered and said, "Don't thank you so early, these mosquitoes just now are much bigger. times, the venom in the body must have increased many times, and I don't think your antidote is enough."

Jack Yalaman 2nd's expression was sluggish for a moment, charlie was right, the more than 20 giant blood mosquitoes just now, The capacity of the venom carried is probably at least ten time higher.

And my own antidote, I'm afraid it's really not enough.

Advertisement

The situation was not what charlie expected.

There is too much venom in Jack Yalaman 2nd's body, which has long exceeded the upper limit of what the antidote can handle, so Jack Yalaman 2nd's situation has not improved significantly, and the places where he was bitten by the blood mosquitoes have obviously appeared in a large area. Festering, as if the wound had been rotting for days.

Jack Yalaman 2nd was so frightened that he cried and said, "Mr. Wade, save me, Mr. Wade..."

charlie smiled and said, "You want an antidote, I have already fed you, how do you want me to help you? There is no antidote like yours."

Jack Yalaman 2nd cried and said, "Or... or call me an ambulance... If I drag it on, I will definitely die..."

charlie smiled and said, "You famous Master, wouldn't it be a bit embarrassing to be pulled away by an ambulance?"

Jack Yalaman 2nd hurriedly shook his head and said, "No embarrassment, no embarrassment... please... please help me call the ambulance..."

At this time, he , has completely lost face and dignity.

He is well aware of the tyrannical toxicity of blood mosquitoes. Although he took some antidote just now, he could only temporarily hold back the venom from reaching the

internal organs are spreading, but his wounds are still festering at an extremely fast speed.

Therefore, at the moment, I can only hope in the hospital. If I can go to the hospital as soon as possible to remove all the carrion, do hemodialysis at the same time, and completely block the spread of the venom, maybe I can save a bad life.

charlie looked at him at this time and asked with a smile, "Mr. Yalaman 2nd, you are not curious, why did the mosquitoes you raise become so big?"

Jack Yalaman 2nd looked at charlie in horror and blurted out. : "You did it?!"

charlie nodded and said with a smile: "Yes, your mosquitoes are too small. If I were you, I would be too embarrassed to take them out, so I kindly help you pull out the seedlings and encourage them to grow. A wave, how is it, are you satisfied with the effect?"

Jack Yalaman 2nd asked in a panic, "How is this possible...you...who are you..."

charlie smiled and said, "I don't hide it from you, I'm the one who caused Tianlei to kill your father Yalaman."

charlie's words not only made Jack Yaleman 2nd's soul fly away, but even Fei Kexin was horrified.
