

The Amazing Son In Law Chapter 4909 (The Charismatic Charlie Wade Chapter 4909)

Jovie warmly invited charlie's family of three into the house. At this time, the living room could already smell the aroma of the food.

The interior decoration of the villa is very elegant. At first glance, a lot of effort has been spent, even compared to Tomson's first-class villa.

There are many photos of adults and children hanging on the walls of the home, and each photo is very warm.

Elaine looked around and gained a new understanding of Sister Jovie's strength, and then quickly introduced Jovie to Claire and charlie, and said with a smile, "This is what I often tell you, The vice-captain of our runaway team, Jovie and Sister Jovie, you have to be called Auntie Jovie!" After speaking,

she said to Jovie, "Sister Jovie, this is my daughter Claire, next to my son-in-law charlie."

Claire was polite . He said to Jovie: "Hello Aunt Jovie, I take the liberty to disturb you!" Jovie said with a smile

: "Where is it! Although I have known your mother for a short time, don't mention how much we can chat! I wanted you to come to my house as guests, but your mother said that your husband went to Hong Kong Island for business some time ago, so I thought about inviting you when your husband came back, but I didn't expect your mother to go back to China soon. I'm quite reluctant."

Elaine couldn't help but sighed: "Sister Jovie, to tell the truth, I really planned to stay in the United States until I came back to China with my daughter and son-in-law, but I couldn't help but feel homesick during this time. It's amazing, so I can only go back alone."

Jovie nodded and said seriously: "Understand, I was similar to you when I first came to the United States, I was fresh for a few days, and then I thought about going back to China every day. , if it wasn't to help my son and daughter-in-law with grandchildren, I would have run back long ago."

Elaine smiled and nodded in agreement, in fact, she didn't have any sense of belonging to her hometown. For her, wherever she is comfortable, where is home. .

When she was in China, she had no money to live. When she came to the United States to live in a hotel with her daughter and son-in-law, she regarded the hotel as her home. Now she has a necklace of the Goddess' Dream in her hand. .

Then, Elaine took out the gift she bought in the afternoon, handed it to Jovie, and said with a smile: "Sister Jovie, this is the first time I came to your house, and I didn't know what you liked, so I bought you a set of tableware, I hope you don't. Disgusting."

Jovie hurriedly complained: "Look at you, come here, just like going back to your own home, what else to buy, really..."

Elaine was also used to this kind of Chinese-style courtesy, and said with a smile "Hey, I don't have much money, just a little thought."

Jovie nodded and said with a smile, "Next time, don't spend so much money, I'm really sorry."

At this time, one of about thirty

A woman around the age of 3 came over, saw Elaine, and smiled enthusiastically: "You should be Aunt, I have been listening to my mother mention you and talk to you these past few days. It's easy to talk!"

Jovie quickly introduced: "Elaine, let me introduce you, this is my daughter-in-law, Hallie, just call her Hallie." After speaking, she introduced her

daughter-in-law: " Hallie , this is Aunt Elaine, and the two next to her are Aunt Elaine's daughter and son-in-law."

Hallie greeted Claire and charlie , and said with a smile, "Sit down for a while, my father-in-law and my husband are The kitchen is ready to cook, and you can eat later."

Jovie hurriedly smiled: "Come on, let's sit on the sofa for a while, and they will call us when we can eat later."

Elaine was not polite, She smiled and said: "By the way, Sister Jovie, don't you have a pair of grandchildren? Why didn't you see it?"

Jovie said casually: "The two children went to Disney with their uncle's family to play, and they won't be able to come back until the day after tomorrow.

" Elaine asked in surprise: "Do you still have relatives in the United States?"

"Yes." Jovie nodded and said, "The child's uncle's family lives in Los Angeles, and my husband has a cousin who lives in California. Everyone walks around. It is also more frequent."

After speaking, Jovie added: "Actually, our family does not often live in Providence. Last year, my son's business was here, and we moved from Chicago. After a while, we may have to I've moved to New York."

Elaine sighed: "It's really frustrating to always move like this."

Jovie said casually: "It doesn't matter if we move. In the past few years, we have bought a house wherever we moved. The house we live in now is the new house we just bought last year."

Elaine was amazed at the financial resources of Jovie's family, and buying a house seemed like a joke to her, and she bought it casually.

So she couldn't help but ask: "Sister Jovie, the housing prices in New York are not cheap, right?"

Jovie said with a slight smile, "It's actually okay. In a place where every inch of land is so expensive, the high house price has its own value. Buying a house in this kind of place is not a consumption, but an investment."

Elaine couldn't help but ask, "How much does it cost to buy a suite in New York? How much does it cost?"

Jovie thought for a while, then said casually: "To buy a flat in Manhattan, you have to prepare 10 to 20 million US dollars, and the villa area in Long Beach should start at least 30 to 50 million US dollars."

Elaine was speechless in shock. , blurted out: "It's too expensive..."

"It's okay." Jovie remembered that Elaine had boasted that she lived in a first-class Tomson and drove a Rolls-Royce in China, and said with a smile: "It's like your home Tomson Yipin's big villa, if you change it into US dollars, you can also buy one in New York has a very good house.

Elaine smiled and nodded, but she couldn't help feeling a little inferior. She

felt that compared with Jovie, she was still a lot worse. Although she lived in a luxury house and drove a luxury car, none of the two belonged to her. Moreover, even now that I have been mixed up, I don't really have any assets that really belong to me. Right now, it's nothing more than two necklaces of the goddess' dream, that's all.

But Jovie's situation is different. According to Jovie, she did business in China in the early years. She also made a lot of money. Even after coming to the United States, investing in the U.S. stock market and real estate has also yielded a lot. She belongs to a standard strong woman. According to her, she gave her son the start-up capital for his business in the United States, so she Elaine felt that she was rich and capable, and she was much stronger than herself.

This is why Elaine wanted to make friends with Jovie.

Thinking of this, she couldn't help but sigh: "It's still Sister Jovie, you have strength. , is much stronger than me. Jovie said humbly: "

I'm actually lucky. In the past few years, my family's funds were not so generous, mainly because I bought a few stocks of our Huaxia enterprises in the United States at the bottom of the past two years, and made almost twenty times. "

"Twenty times?" ! Elaine felt dizzy for a while, and blurted out: "What stock can go up twenty times?" ! "

Jovie said with a smile:" Several of our domestic new energy vehicle stocks fell to one dollar a share at the lowest point. As a result, the new energy concept exploded, and suddenly rushed to dozens of dollars, and rose at the peak. Forty or fifty times, I was considered to be a late bargain hunter, an early shot and a more powerful one, earning more than thirty times.

Elaine listened with red eyes and sighed: "More than 30 times... If you invest 10,000 and earn more than 300,000, if you invest 300,000, you can earn 100 million..." After

speaking, she hurriedly asked Jovie, "Jovie Sister, how much did you vote at that time? "

Jovie said: "Not much, just 200,000." "

"Mom..." Elaine sighed: "This... this is more than 60 million! It's still US dollars... Sister Jovie, you are too amazing! Next time there is such a good thing, can you take me with you? "

Jovie smiled slightly: "Okay, in the future, when there is time for your child to open a US dollar account for you, I will take you to trade in US stocks."

Elaine agreed with great gratitude: "That's great." That's great, thank you Sister Jovie! I'll get one as soon as I get back to China!"

At this time, a middle-aged man in his thirties, wearing glasses and an apron, walked out and saw The beautiful and moving Claire, his pupils shrank suddenly, his expression was stunned for a moment, he quickly adjusted, and said with a smile: "Mom, the meal is ready, please move to the restaurant!"

When Jovie heard that the meal was ready, she immediately warmly invited charlie's family of three to go to the restaurant.

At this time, in the restaurant, there was a man in his 60s who was busy arranging dishes. After Jovie's introduction, this man was her husband, Jase.

And the young man who just went to invite them to dinner is Jovie's son named Yosef.

Jase was very enthusiastic. After inviting the family of three to sit down at the dinner table, he asked charlie with a smile, "What kind of wine does You like to drink? I have red wine and Maotai here."

charlie said politely, "I'm sorry Uncle Jase , I still have to drive, so I won't drink."

Jase didn't get angry after hearing this, and said with a smile, "It's alright, don't drink while driving."

After speaking, he looked at his son Yosef and said, "Yosef , if you have nothing else to do at night, let's have a drink?"

Yosef smiled and nodded: "Then have a drink."

Jovie hurriedly urged: "You two drink less." Father and

son The two agreed, and then Yosef took out a bottle of Maotai, couldn't wait to open it, and poured a glass for himself and his father.

It can be seen that the father and son are both addicted to alcohol, so from the moment the wine bottle was opened and the fragrance of the wine wafted out, the two of them seemed a little uncontrollable.

However, although the two were greedy for wine, neither of them picked up the wine glass, but couldn't help but look at Jovie.

At this time, Jovie smiled and said to Elaine: "Elaine, let's stop drinking, let's just start!"

Elaine didn't like drinking, so she readily agreed.

During the meal, Jovie remembered something and said to Elaine: "Elaine, what day did your plane arrive?"

Elaine hurriedly said, "Sunday night's plane."

Jovie hurriedly said: "Oh, I have a sister who seems to be returning to China on the weekend, and she is also leaving from New York. Maybe the two of you can still be friends."

Elaine asked in surprise: "Really? It's great to have a companion, I've been on the road for more than ten hours, and I'll be annoying anyone to death. It's best to have someone talk and chat."

Jovie took out her mobile phone and said, "I'll ask her, A few days ago, she said that she was going to return to China soon, and I happened to ask her to bring something back to my dad, so I went to New York to bring it to her."

After speaking, Jovie added: " I asked her what was her flight number, Are you on the same flight, if so, I will send you her contact information, and contact her when you arrive in New York, so that you can make friends with each other. "

Elaine naturally agreed, and smiled: "Then you ask her, my flight number is cx845, and I have to fly to Hong Kong Island before connecting." "

Jovie kept tapping on her fingertips and said, "Okay, let me ask her for you, if it's the same flight, you can go together. She is going back to Guangdong Province, and most likely she is going to Hong Kong Island to transfer.

Soon, Jovie handed the phone to Elaine and said with a smile, "Oh, look, she is also on this flight! "

Elaine took a closer look and found that on the chat page, the other party really replied to Jovie, which said cx845. She couldn't help but say in surprise, " Oh my god

, this is too coincidental. "

"Yes. "Jovie said with a smile: "This sister is very powerful. Their family specializes in import and export trade between China and the United States. Their net worth is billions. If you know her, maybe it will help you in the future." Elaine said overjoyedly: "

That's really great. Sister Jovie goes back and pushes her WeChat business card to me. I'll add her." "

"Good. "Jovie nodded and said, "Eat first, and I'll tell her after eating." "

At this time, Jase and Yosef, father and son, have already started to change cups.

They both seem to be fond of drinking. The father picked it up and told his son to leave. The two just put down the cup after drinking, and the son picked up the glass again, asking for Go with my father.

Yosef's wife doesn't care. He plays with his mobile phone and eats to himself. He seldom speaks during this period.

However, what makes charlie uncomfortable is that Yosef, although He has been drinking, but his eyes are always quietly looking for opportunities to glance at his wife,

Claire. Moreover, the look in his eyes is so dignified that he has bad intentions at first sight.

charlie couldn't help but return a warning look, and Yosef finally calmed down a little.

The strange thing is that Yosef's wife occasionally raised her head to pick up vegetables, and she could see that her husband peeked at Claire from time to time.

However, charlie didn't see any form of obstruction from her.

Normally on such occasions, even if his wife couldn't be angry with her husband in public, she would at least give him a wink to warn him, or give him a little gesture under the table to calm him down.

But this Hallie doesn't seem to care about Yosef

Who the hell is Jay looking at, as if all this has nothing to do with her.

As a result, the atmosphere at the dinner table was a little strange. Elaine and Jovie were chatting enthusiastically, Jase and Yosef and their sons were drinking in full swing, while Hallie only focused on playing with her mobile phone, leaving Charlie and Claire to look at each other.

After finally finishing the meal, Elaine and Jovie chatted for a while, and then reluctantly prepared to leave.

Before leaving, Elaine did not forget to remind Jovie: "Sister Jovie, remember to push me your friend's WeChat account when you go back."

Jovie smiled and said, "Okay, I'll push it to you."

Then she asked Charlie said: "Drive slowly on Xiaoye Road and pay attention to safety."

Charlie nodded and thanked him, then started the car and left Jovie's house.

On the way, Charlie said to Elaine: "Mom, why do I feel that Aunt Jovie's family is strange."

"Is there?" Elaine said, "I don't think it's strange." Claire on the side. However, he couldn't help but say: "Mom, I do think it's weird, but I can't tell you what's weird. You should stay away from them in the future."

Elaine said: "Hey, I'm going back to China right now, Maybe I won't have the chance to meet her again in the future, even if I want to communicate more."

Claire remembered something, and then warned: "After you return to China, even if she wants to take you to invest in stocks, you must be careful. Don't promise, the U.S. stock market is very deep, and it is possible to lose 90% in one day, so don't buy indiscriminately."

"Okay, okay, Mom got it!"

Elaine said, while she already had an idea in her heart, After she planned to go back, she immediately sold the necklace, then exchanged the money for US dollars and opened a US stock account to learn stock trading with Jovie.

This time, the experience of spending all her money and being forced to come to the United States made her understand one thing, one cannot be without money at any time, otherwise, even if you live in a Tomson and drive a Rolls-Royce, you should not be able to eat Still can't eat.

Therefore, she now desperately hopes to accumulate some capital for herself so that she can be more confident in the future.

However, she definitely wouldn't say that in front of her daughter, so she said casually: "I'm just curious to ask, don't worry, I won't go to stocks, that kind of thing is completely cutting leeks."

Claire nodded, and said with relief: "Mom, you know, but don't dream of getting rich overnight!"
