

The Amazing Son In Law Chapter 4923 (The Charismatic Charlie Wade Chapter 4923) -

“Give up Huichundan?”

Hearing charlie’s words, Jian’s expression was startled at first, and then he asked in panic, “Mr. Wade... You...why did you make this request...”

charlie looked at him and said very indifferently: “If the auction continues next year, Mr. Fei thinks, with your economic strength, whether it can be successful in the finale. That rejuvenation pill?”

”This...” Jian couldn’t help but recall the auction scene at that time, his limit was only 200 billion US dollars, but Asher’s asking price was almost double his own. .

If Huichundan is still at this price next year, I can’t afford it anyway, not to mention that I can’t sacrifice the interests of the entire Fei family for my own selfish interests. This matter has already given me a very, very painful last time. The lessons learned, so, with the love and reason, you can’t make the same mistake a second time.

This also means that he basically loses the qualification to compete for the rejuvenation pill.

However, for him, even if he couldn’t compete for a whole rejuvenation pill, he could at least compete for the four and one-fourth.

If you succeed in winning one of them, you will at least be able to live an extra three to five years.

Even if charlie has promised to keep him alive for another ten years, there will never be too many things like Yangshou.

If he really let him give up the competition for the rejuvenation pill. That would be equivalent to cutting off an important way to increase lifespan.

Just when he was hesitating, charlie said coldly: “Mr. Fei wants to understand one thing, whether the Huichun Dan auction will be held normally in the future depends on my personal preference, and it may be someday. I don’t want to do this again, people all over the world have nowhere to buy a rejuvenating pill, and at that time, you will find that only my promise is truly valuable.”

charlie’s words made Jian realize in an instant. .

At the same time, he also understood that Charlie came to find his true purpose this time.

Charlie promised to keep himself alive for another ten years, that is, to let himself fully assist Fei Kexin, while giving up the entire Fei family's labor and money to bid for Huichundan.

As for the Huichundan auction, it is entirely up to Charlie to open or not to open it. Let's not say whether there are many Huichundan auctions, and the more the auction is, the fewer the auctions are. Just speaking of Charlie's current financial resources, it may not take long. I don't look down on the income from the auction of Huichundan.

Whether it is sold or not sold, I have no control over it.

If Charlie really cuts off this road, wouldn't he have no chance?

Thinking about it, Charlie's condition to keep himself alive for another ten years is indeed the best choice. As long as he cooperates well, this matter will be absolutely safe, and there will be no variables.

Thinking of this, Jian bent his knees, knelt on the ground, and said gratefully, "Mr. Wade is so kind, I will never forget it!"

Charlie nodded slightly, and took out the half prepared in advance from his pocket. Taking the Sanxue Rescue Pill, he said, "Mr. Fei, I see how weak your body is. You should take this half of the Sanxue Rescue Pill first. After you take it, you will live in the next two or three years. It's very easy."

Jian was immediately pleasantly surprised. Although Charlie's previous half of the blood-rescue pill saved his life, because he was too weak at the time, the medicinal power did not make his body feel weak. How easy.

It can be said that the whole person still has a feeling of dying.

It's just that his age is here, even through ordinary means of convalescence, it is impossible to make any improvement in his physical condition.

Therefore, for him at present, the only really effective ones are Charlie's Rejuvenation Pill and Blood Rescue Pill.

Now, Charlie took out another half of the blood-rescue pill, which, for Jian, was like helping in the snow!

Under the ecstasy, Jian immediately held his hands on top of his head with trembling, and said respectfully, "Next... thank Mr. Wade for giving the medicine!"

The Amazing Son In Law Chapter 4924 (The Charismatic Charlie Wade Chapter 4924) -

charlie put the medicinal pill in his hand, and said lightly, "Old Mr. Fei Don't be so polite, let's get up and take the medicine first."

Jian didn't dare to get up, but knelt on the ground and carefully placed the half of the blood-scattering heart-saving pill in his mouth.

Half of the medicinal pill melted in the mouth, and turned into a warm current that went straight into his dantian, and then flowed to the whole body through his meridians.

It was only for a moment that Jian felt that his physical condition was much better. He had been inconvenient to act before, but now, he immediately felt that his body was much more relaxed.

Just when he fell into ecstasy and carefully experienced the indescribable joy in his body, charlie in front of him said, "Mr. Fei, take care of your body, and in two years, I will prepare another half of a pill for you. Blood saves the heart."

Jian said gratefully: "Thank you, Mr. Wade, for your concern, and I will pay more attention to the way of health preservation in the future, and live up to Mr. Wade's entrustment."

charlie nodded.

Nodding, reaching out to help Jian up, and then said indifferently: "Okay, it's not too early today, I'll go back first."

Fei Kexin couldn't help but ask: "Mr. Wade, are you leaving as soon as you arrive? So anxious."

charlie smiled and said, "I won't bother here anymore when things are done."

Jian said quickly, "charlie said with a smile. Sir, it's rare to come to New York, why don't you stay at home for a few days, so that you can enjoy the friendship of the landlord."

charlie waved his hand: "This time I came to New York to accompany my wife to send my mother-in-law back to China, and I will send her tomorrow. When we get to the airport, we will be in Providence, and forget it this time."

Although Fei Kexin on the side was a little disappointed, he nodded and said, "Then I will take you out."

Jian also quickly said: "Sir, I will see you off too!"

When Charlie, accompanied by his grandparents and grandson, came out of the villa, the rest of the Fei family were still standing still.

Seeing Charlie coming out so soon, Zaki couldn't help but take a step forward and asked respectfully, "Mr. Wade, are you leaving so soon?"

Charlie nodded slightly and said calmly, "Zaki, what happened in the past? It's all over, work hard in the days to come, I believe the Fei family will not treat you badly."

Zaki trembled in his heart, and quickly bowed and said, "I will follow Mr. Wade's teachings!"

Charlie didn't say more, and sat in the car, started the car, and drove away from the Fei family manor under the watchful eyes of the Fei family.

After Charlie left, Jian stood still for a long time.

Fei Kexin on the side couldn't help but ask: "Grandpa, what's wrong with you?"

Jian shook his head and smiled: "It's alright, I just suddenly felt that it was your grandparents and grandchildren who knew Mr. Wade for the rest of our lives. The greatest creation, if it weren't for Mr. Wade, we might have died long ago."

When Zaki heard this, his expression was extremely embarrassed. He knelt on the ground with a thud, and choked with tears: "Dad, I was obsessed and almost made a big mistake. Please punish the old man!"

Jian put it down! He waved his hand and said indifferently: "Even Mr. Wade said that you should do things well, so I won't repeat it any more. Everything in the past can be turned over as long as you sincerely want to turn it over, as long as you serve the Fei family wholeheartedly. I believe that Kexin will not treat you badly!"

Zaki immediately knocked his head to the ground and choked: "Dad, thank you for your generosity, my son will do his best for the Fei family in the future and die!"

The Amazing Son In Law Chapter 4925 (The Charismatic Charlie Wade Chapter 4925) -

next day, it was the day that Elaine returned to China.

charlie specially brought Elaine to buy various specialties and gifts of 20,000 to 30,000 dollars in New York. Although he didn't say anything, he just thought it was for Elaine's hard work to help Claire in the United States this time. .

At five o'clock in the afternoon, charlie and Claire sent Elaine to JFK Airport in New York.

Because he bought the first class cabin, Elaine did not rush to go through the registration procedures, but said to charlie and Claire: "Claire, good son-in-law, you two don't have to work hard to send me in and watch me go through the security check. Now, the friend introduced by Sister Jovie happened to be on the same flight back with me. She told me on WeChat just now that there was a first-class lounge as soon as I entered the airport. She asked me to wait for her there for a while, and then wait until she arrived. Let's go in and check in together."

Claire didn't think much of it, thinking that after all, her mother had to fly for more than ten hours to have a companion on the road, even if it was just a chat, it would be much easier.

However, Claire remembered that Sister Jovie and her slightly weird family members at the moment, so she quickly instructed: "Mom, it's okay to fly with others, but you must be careful, don't be too much. Trust others, especially don't trust others to bring you money and stocks, and don't lend money to others, understand?"

Elaine said with a smile: "Oh, just my three melons, Who cares, the family is very rich." After speaking

, she was afraid of Claire's ramble, so she quickly said: "But don't worry, your mother, I'm not a vegetarian, I have been traveling all over the world for so many years, when will Have you suffered losses?"

Claire's expression was a little embarrassed, and he thought: "Why have you suffered less losses in these years..."

However, seeing that they were about to separate, Claire didn't want to say anything more, so he said: " Mom, pay more attention on the road, and you must also pay attention to rest, don't chat with others for a long time, you will have jet lag after you return to China, and it will be very painful to get home if you don't have a good rest all the way."

"Oh, don't worry!" Elaine said with a smile: "Mom can definitely take care of herself, you can rest assured, and my good son-in-law, you don't have to worry about me too much, you can stay with me in the United States at ease. Claire, Mom is waiting for you to go home!"

charlie tapped lightly

nodded and said with a smile: "Okay mom, remember to tell us when you get on the plane."

"Okay!" Elaine readily agreed.

The car quickly drove to the departure level gate of the airport. Since Elaine did not let Charlie and Claire send in, Charlie parked the car directly on the side of the road, and after helping Elaine take out the luggage, he and Claire watched her push her suitcase into the airport entrance together.

When Elaine was about to enter the door, he waved at Charlie and Claire and shouted loudly, "Claire, Charlie, hurry up and go back!"

Seeing that his mother wanted to go back to China alone, Claire suddenly felt a little nervous. Sad and reluctant, tears flowed uncontrollably. He waved and choked, "Mom, you must tell us before you get off the plane!" "Okay

, don't worry!"

The two waved their hands, and then walked into the airport smartly.

At this time, she didn't know what was waiting for her next.

The Amazing Son In Law Chapter 4926 (The Charismatic Charlie Wade Chapter 4926) -

Elaine entered the airport, and did not rush to the security check, but found the first-class lounge according to Stella's instructions.

She had just sat in for less than ten minutes when a very extravagantly dressed woman walked in with a suitcase and a handbag.

Elaine recognized this woman at a glance with the avatar on WeChat and the photos in the circle of friends, and it was her new friend, Stella.

So, she was a little nervous, but also a little excited and waved at her, and said with a smile: "Oh, hello Ms. Stella, I'm Elaine! It's a pleasure to meet!"

"He said in surprise: "Oh Elaine, we finally meet! You've been waiting here for a long time, I'm really sorry, I was still hosting a meeting before coming to the airport, you don't know how many things I have to do all day long. , it really made my head big."

Elaine said with a smile: "A strong woman like you must be very busy at ordinary times."

Stella sat down beside Elaine and said with a smile: "Elaine, you are Sister Jovie's friend, that is, me. My friend, don't be so polite between us, it's always you, you, and to be honest, I don't even listen to it. Usually in the company, everyone talks to me like

Friends, please don't use this word again. "

Elaine really didn't expect that Stella, with such a wealth, could be so approachable without any pretence at all. It really is not something that ordinary people can do.

She couldn't help but sigh: "Oh, mother, everyone says this The richer the person, the higher the quality. I didn't believe it before, but now I believe it a little bit! Just look at people's words and behaviors, that is not something ordinary people can do. It is really a great honor for me, Elaine, to make friends with such people! With this thought in

mind, Elaine hurriedly smiled and said: "Okay, since you have said so, then I will not be so polite to you. After all, we are all friends. It's always you, you, too. Visible points. "

"Yes. Stella smiled slightly and sighed: "Oh, to be honest, I still feel a little regretful. It was the first time we met, and we were so destined to be able to return to China on the same day. I really should let you take my private jet together." Go back, so that we can have a good chat and talk on the way... But things are so unfortunate, the more I think about it, the more depressed I become. "

Elaine said quickly: "Oh, what is this, don't think so, we will have a chance in the future, maybe next time we come to the United States, we will be able to get on your private jet!" Stella said with a smile: "

Well, after you arrive on Hong Kong Island, you can refund the ticket for the next journey and spend a few days on Hong Kong Island with me. My plane should also be from Gulfstream. After finishing the routine maintenance, the crew directly flew the plane to Hong Kong Island. I will personally use this plane to take you to Aurous Hill! Elaine was overjoyed, but quickly said politely: "

Oh, why are you embarrassed, it's too much trouble for you, the flight from Hong Kong Island to Aurous Hill is only two or three hours, so I'll just take the plane by myself. "

Stella waved his hand: "You don't need to worry about this. When you arrive on Hong Kong Island, that's my site. You're a guest. As the host, you can just follow my arrangements. It just so happens that I haven't been to Aurous Hill yet." , you can drop by to have a look. "

When Elaine heard this, he was no longer polite to Stella, but said with a smile: "If you arrive in Aurous Hill, I will definitely drive you around Aurous Hill! I don't have a private jet, but Rolls-Royce I still have one of Scullinan, and I will definitely pull the card up for you!"
