Although the white policeman could not understand Chinese, he could still understand the English mixed in Elaine's Chinese and English.

She didn't expect that Elaine actually said that she was her mother, and immediately became angry with anger, and immediately deliberately increased a bit of strength on her knees, pressing hard on Elaine.

Elaine only felt a sharp pain in her body, she could hardly breathe because of the pressure, and then she heard a click, a sharper pain hit, and a rib was broken by the policeman!

At this moment, Elaine burst into cold sweat in pain, crying and shouting: "My rib is broken! My rib is broken! Help, I'm dying of pain..." As she spoke, she looked towards The policewoman blurted out: "Hurry up and stop , or I'll be crushed to death by him! Is this how you treat first-class passengers?!" The policewoman said coldly, "I'm a not drug dealer like you.

It's the first time I've met, do you think that buying a first-class ticket is equivalent to having judicial immunity?!

Elaine was stunned and asked her: "What... what drug dealer?!" Female The policeman sneered: "Still acting stupid here, our customs officers found more than 180 ounces of new synthetic contraband, equivalent to more than 5,000 grams in one of your checked suitcases, do you know these High-level contraband, enough for you to go to jail in the United States to die?!" "What?!"

Elaine was frightened for a moment, and blurted out: "This...how is this possible? I am a law-abiding citizen. How can there be contraband in my suitcase? I have never seen that kind of thing! I don't even know what that kind of thing looks like!" After speaking, she suddenly thought of Stella, her brain buzzing. It exploded at once.

This time, she finally woke up from her big dream and clearly realized what kind of trap she had fallen into.

So, she blurted out in dismay: "I... I was wronged! I was framed and used! It was that bastard named Stella who lied to me, you must investigate it to the end. , Give me my innocence!" At this moment, Elaine realized what a shocking scam he had fallen into.

She knew that her luggage was packed by herself, and she couldn't know what was in it, and she had never opened it during the whole process, so it was absolutely impossible to have any contraband.

Since the police said that contraband was found in one of the two suitcases he checked in, it must be the suitcase that Stella asked him to help bring back to Hong Kong Island! Thinking of this, Elaine suddenly realized that Stella is not a successful female entrepreneur at all, nor is she a distant relative of a beverage king, she is a complete liar! She worked so hard to deceive herself and help her bring contraband out of the country! Moreover, the police have already said that more than 5,000 grams of contraband were found in that suitcase. There is no doubt that if it was in China, it would be enough to sentence him to death.

She was extremely regretful and frightened, crying and saying to the female police officer, "Comrade American police... I was really deceived, a woman named Stella, who asked me to carry my suitcase. Take it to Hong Kong Island, I have absolutely no idea what's in this suitcase, I'm innocent! You can definitely decide for me!" The policewoman sneered and said, "What did the other party promise you? How much does it cost you to help others carry luggage across borders?"

Elaine hurriedly said: "I don't want a penny, it's just for helping friends..." When he said this, Elaine was actually very guilty.

She knew very well in her heart that the reason why she agreed to Stella's help with luggage was simply because Stella said that she would send her a Lexus LM300 when she came back, and she would take her for a few days on Hong Kong Island.

However, Elaine felt that these were all verbal promises anyway, and that he had not received a penny from the woman, so it was impossible for the police to find evidence.

The female police officer glanced at Elaine with a little pity, and then, together with her colleagues, took Elaine to their police station next to the airport terminal.

Because Elaine was willing to break a rib, she was crying and screaming all the way, hoping to get treatment first, but the policewoman said: "It's just a broken rib, there is no need to go to the hospital, our health care doctor will come to you in a while. Just do a simple fix, and then take some oral anti-inflammatory drugs.

" Elaine cried and said: "You are too lacking in humanitarianism?! I want to complain to you! Oh no! I want to sue you. , I'm going to file a lawsuit with you, if you don't pay me 10 to 20 million dollars, I will never finish this matter with you!" After speaking, Elaine remembered something, and deliberately said loudly:

"A few years ago, there was a Vietnamese The American was forcibly expelled on your plane, and it is said on the Internet that he finally lost 140 million US dollars!" The policewoman said lightly: "First of all, the incident you mentioned was a dispute between the airline and the passengers. And what you are experiencing now is the criminal case of US police arresting transnational drug traffickers.

Given your arrest and intention to resist, law enforcement officers have the right to use force to arrest you;" "Secondly, we have law enforcement recorders throughout our law enforcement. Filming, if you have any objection to our law enforcement, you can ask your lawyer, trust your lawyer, they will answer you at that time.

" Elaine saw that her ribs were broken, and she couldn't scare the policewoman , realized that this must be very serious.

So her tone softened all of a sudden, and she choked and asked, "Comrade police... I'm really innocent... How can you prove my innocence?" The other party said indifferently: "This matter, if you want to prove your innocence, the only way is to arrest the other party, and the other party must admit that you don't know, so as to prove your innocence.

Otherwise, there is no way to prove your innocence. Your innocence, after all these contraband items were found in your checked luggage, if you can't prove your ignorance, then you can't clear your suspicions!" Elaine panicked and quickly said, "I have a chat with her. Records, she has been playing around with me all the time, chat records can prove my innocence!"

The policewoman shook her head: "If you can unilaterally prove your innocence based on chat records, then this matter is too much. It's simple. In the future, all drug dealers will concoct a chat record, and then swagger over to take a plane. If they succeed, they will make a lot of money.

If they fail, they will take out the chat record and say that they are innocent. You don't have to take the risk anymore?

Do you think there are so many loopholes in the law for you to drill?" When Elaine heard this, he said eagerly: "Then why are you still standing here? Hurry up and catch that sect.

Stella!!! She just left the airport not long ago, and she can't run out of New York for a while! As long as she is caught and interrogated strictly, I will be able to prove my innocence!" The policewoman said coldly: "We don't need you to direct how the police handle the case. Now we have to give you a complete statement. If you have a lawyer, we can help you notify the lawyer. If you don't have one, we will assign one to you, yourself. Choose.

" Elaine blurted out: "I want to call my family, I want to call my daughter and son-in-law!"

## **The Amazing Son In Law Chapter 4937 ( The Charismatic Charlie Wade Chapter 4937 ) -**

Seeing that Elaine wanted to contact her family, the policewoman nodded: "Okay, you have the right to contact your family and ask your family to arrange a criminal lawyer for you."

After that, she put Elaine's mobile phone He took it out, handed it to

Elaine, and said, "Remember you can only call your family or your lawyer. If you call your accomplices to tip off, it will only make you more guilty!" Elaine cried and said, "Don't you understand people's words?! I have already told you that I was wronged and tortured by others. Where did you come from?!" The

policewoman said lightly: "You are It's not that you were wronged, and whether you were deceived or not, it's not you who has the final say, and it's not me who has the final say. When the trial begins, everything will be subject to the judge's verdict."

Elaine glanced at the policewoman angrily. , then immediately picked up the phone and called Claire.

Claire received the call, and the first sentence after the call was to ask Elaine: "Mom, have you boarded the plane?" As soon as

Elaine heard his daughter's voice, the grievance and fear in his heart broke out instantly, wow wow She cried: "Claire...my good daughter...you must save your mother, or you will die in the United States..."

Claire suddenly became nervous and asked quickly: "Mom, what's wrong with you?!"

Elaine cried and said, "It's the friend that Sister Jovie introduced to me. She asked me to bring her a piece of luggage to Hong Kong Island. As a result, before I got on the plane, the police gave me I was caught. They said that a large amount of contraband was found in my luggage. They said that it was more than 5,000 grams... Now they have caught me and crushed one of my ribs... Now let me hurry up and notify the lawyer... What can I do..."

Saying that, she cried helplessly: "Claire, tell charlie quickly and ask charlie to find a good and reliable lawyer for her mother, and she can't let her say anything. He's in jail in the United States!"

"What?!" Claire felt dazed, and suddenly became helpless, looked at charlie quickly, and said terribly: "Husband... Mom she... She was arrested by the police... The police said that they found a lot of contraband in her luggage, and they also broke a rib of her... What can I do..."

In fact, charlie had already heard what Elaine said on the phone.

At this moment, he immediately recalled that before, it seemed that something was wrong with Sister Jovie's family. Now, it seems that her family is just an actor who cooperated with her performance.

The characters of successful people and enthusiastic overseas Chinese are nothing more than characters created to deceive compatriots.

The fundamental reason why Sister Jovie has always been very enthusiastic about Elaine is that she wants to use her to transport contraband to Hong Kong Island.

Claire was already panicking at this time, she couldn't help shedding tears, and asked charlie: "Husband... What should I do now... The police said they would ask Mom to hire a lawyer, or they would assign one..."

charlie nodded and said, "Tell your mother not to talk nonsense in it first. I'll ask my client in the United States for help and arrange for an experienced lawyer to go there."

Claire hurriedly asked, "Husband, where are you? Is the client in New York professional in this area? Does he have the resources in this area?"

charlie said seriously: "Don't worry, she is still a bit powerful in New York, it should be no problem to arrange a good lawyer, it must be better than the police. Public lawyers are much stronger."

Claire hurriedly said: "Then you quickly call your client and ask her for help... Mom said that the police told her that if this matter can't be cleared of suspicion, I am afraid it is He will be sentenced to life imprisonment."

charlie said very calmly: "This kind of thing can't be rushed, you just need to remember one thing, it's definitely impossible for Mom herself, knowing that it's contraband and carrying it on purpose, so as long as If you can prove this, you can prove that she is innocent, and then you won't have to bear any criminal consequences."

Elaine on the other end of the phone heard charlie's words and cried, "Good son-in-law, indeed what you said. Such a rationale, but the key is that if you can't catch someone, you'll be dead without proof..."

## **The Amazing Son In Law Chapter 4938 ( The Charismatic Charlie Wade Chapter 4938 ) -**

charlie said, "Mom, you don't have to worry, don't be afraid, this matter will definitely be resolved satisfactorily, but it may be a little troublesome, and you will have to be wronged during this time."

Elaine cried and asked: "Save me, good son-in-law! Mom is so scared! If this goes wrong, Mom will be imprisoned for life... Mom is someone who has been in the detention center, it's too scary there..."

charlie said seriously: " Don't worry, Mom, I promise you will not be sentenced to life imprisonment, this matter will be resolved before Claire graduates, and you will definitely be able to return to China with us."

Elaine asked quickly: "Good son-in-law, what you said Is it all true? It's only half a month since

Claire graduated and returned to China..." charlie snorted and said, "Don't worry, I, charlie, will definitely do what I say!"

Hearing charlie's firmness Tone, Elaine's nerves that were tense due to fear finally eased a little.

She cried and said, "Good son-in-law, Mom will depend on you for the rest of her life... You... You must not break your promise..."

charlie said lightly, "Mom, after this incident, I hope you can With a long memory, don't trust others, let alone think about petty gains every day, and end up suffering a big loss because of it."

Elaine nodded and choked like garlic: "Don't worry. ...As long as I can regain my freedom this time, I will put the gold and silver mountains in front of my mother in the future, and my mother will never be greedy..."

Thinking of this, Elaine remembered that he was arrested for stealing charlie's bank card. When the police seized the matter, I couldn't wait to slap my two big mouths, and cursed in my heart: "Elaine, Elaine, you are really stupid! You have already learned a lesson before, how can you be so evil this time? When... How could charlie's card be worth tens of billions? In the same way, how could someone who just met give you a car worth several million and invite you to her villa for vacation? Possible things, why don't you have a long memory..."

charlie also heard Elaine's remorse, so he said lightly: "Mom, don't tell them anything first, I will arrange a lawyer within an hour, Get a lawyer to help you out with this."

"Okay, okay!" Elaine heard charlie say that he can get a lawyer to come over within an hour, and said quickly, "It has to be my good son-in-law, who can have such a strong influence in New York in a place where the emperor is far away! The

policewoman next to her said at this time: "Okay, the call time is up, give me your phone."

Elaine had to nod, and when she handed over the phone, she did not forget to say loudly, "Good son-in-law! Mom!" But I'm counting on you!!"

After that, the policewoman hung up the phone.

On this side, Claire cried and asked charlie: "Husband, what are you going to do next..."

charlie said lightly, "I'll take you back to Providence first, tomorrow is Monday, and you still have class. , so you can take your classes at school these few days, and I will come to New York to solve the matter on Mom's side."

Claire choked: "What's the situation? I'm not in the mood for class... Let's hurry up. Turn around and go back to New York..."

charlie said very seriously: "Claire, let me tell you the truth, you don't want to listen to it."

Claire hurriedly said, "Husband, tell me..."

charlie said with a serious expression: "You can't help me with what happened to mother, and if you follow me in New York, it can't have any positive effect other than causing trouble." After a

pause, charlie added: "It's not like this. , you might as well go back to Providence and focus on taking care of your courses. I can go back to New York by myself, and I can really let go of my hands and feet to solve this matter, otherwise, in case I fail to work hard on this matter, Mom is likely to be in a prison in America for the rest of her life!"
