

The Amazing Son In Law Chapter 4939 (The Charismatic Charlie Wade Chapter 4939) -

For charlie, it is not difficult to solve this matter, but it is by no means easy to solve it satisfactorily.

The crime that Elaine is now suspected of is a felony among felonies in any country and region in this world.

And, because of the sheer amount of contraband she was carrying, it was punishable by death in many countries.

If this matter can catch all the black actors behind the scenes, then Elaine can truly and legitimately be cleared of suspicion, otherwise, he can only use special means to get her out of prison.

But in that case, Elaine is equivalent to having an international criminal record on his back, and it will be really troublesome in the future.

In order to solve such a group of criminals who specialize in harming compatriots, some extraordinary means must be used. If Claire keeps following, not only will he be tied, but he will also devote extra energy to take care of her and protect her.

So for charlie, the best solution is to let Claire stay in Providence alone and solve Elaine's problem in New York.

Moreover, Providence has always had female warriors from Wanlong Palace on call at all times, so I don't have to worry about Claire's personal safety at all.

Claire couldn't help but feel a little scared when he heard charlie's words.

Not only was she afraid that her mother would be watched in the American prison and could not get out in the future, but she was also afraid that if she followed charlie, it would really affect his plan to rescue her mother.

After thinking about it, in order to ensure that her mother can escape safely, Claire had no choice but to nod and choked: "That's good... Then I'll wait for your news in Providence..."

She said, looking at charlie , said pitifully: "Husband, my mother has to ask you... I beg you to rescue her..."

charlie nodded and said softly: "Wife, don't worry, with me, Mom is sure It'll be fine."

After speaking, Charlie instructed again: "Wife, don't tell anyone about this, not even Dad. If Dad asks, you can say that she went out with a tour group recently, but I think Dad wouldn't ask her about her situation, and he probably wouldn't even think about it when he was communicating in South Korea."

Claire also knew the specific situation of his parents' relationship, so he sighed helplessly and said, "My dad really can't count on it. When he went to communicate this time, maybe there was that aunt Matilda...the two of them had a story earlier, and later and the eyebrows..."

Charlie hurriedly said: "Okay, now is not the time to discuss them, the top priority now is to find a way to get Mom out of this matter. Fish out."

Yes..." Claire nodded hurriedly and said, "Husband, hurry up and ask your friend for help, and let the lawyer go over and take a look..."

"Okay." Charlie nodded, took out his mobile phone and called Jian. The reason why he did n't

call Fei Kexin was because his wife was by his side.

Charlie called himself, was flattered to answer the phone, and asked, "Mr. Wade, are you looking for me for something?" Charlie said politely, "

Mr. Jian, I need your help. I encounter something."

Jian hurriedly said: "Mr. Wade, please speak!" As long as you can do it below, you must do it! Charlie said briefly: "

My mother-in-law was used by a group of people. Without knowing it, she was found out of the customs at JFK Airport in New York with contraband. Now she has been arrested by the police over there. I need your help. Find one of New York's best criminal lawyers and have him rush over within an hour to find out."

When Jian heard this, he was stunned. He really couldn't imagine who it was, who would provoke Charlie without fear of death.

However, he quickly recovered. He came and said very seriously: "Don't worry, Mr. Wade, I will let the best law firm send the best criminal lawyer over there!" Charlie said with a gloomy expression: "

One more thing, my mother-in-law said that her rib was broken by the police. I think since it is a civilized society now, even the worst criminals should be tried by the court, instead of abusing lynching by the American police. What's more, my mother-in-law was used by others. Even if the matter has not been investigated, she is only a suspect and should not be treated like this, so I hope that the lawyer you arranged, can help her get justice. "

When Jian heard this, he immediately assured: "Don't worry, Mr. Wade, I will definitely handle this matter for you!"

charlie snorted and said, "Then I will thank Mr. Jian in advance!"

Jian said with some fear: "Mr. Wade, you must not be so polite when you follow me, it's an honor to be able to share your worries for you!"

charlie said indifferently: "I won't say more if you're polite, I'm going to take my wife to Providence first, and then return to New York. It will take at least four or five hours, so please ask Mr. Jian to arrange a helicopter, I will send you a location later, you can ask the helicopter to pick me up directly at the location, and send my wife back to Providence first, and take me back to New York. "

"No problem!" Arrange it below!

Claire couldn't hear Jian's voice on the other end of the phone, but just listening to what her husband said, she couldn't help being a little horrified. When

charlie hung up the phone, she hurriedly asked, "Husband... you're looking for it." Who the hell is he... Not only can he find the best criminal lawyer in New York, but he can also send a helicopter to pick us up? ! charlie smiled and said, "

This old gentleman has always wanted to ask me to adjust Feng Shui for his old house, but I haven't agreed to him yet. It's not like this happened, so I'll ask him for help first. It's a big deal." After the matter is over, I will show him Feng Shui for free. With

that said, charlie said again: "As for lawyers and helicopters, it doesn't really matter. In places like the United States, the best lawyers are in law firms. They will serve whoever has the money. My client is really strong. It's pretty strong. It's not a problem to find a lawyer. Helicopters are even less of a thing in the United States. Many rich people have their own helicopters and fly around every day. It's nothing special.

Claire nodded lightly and sighed: "With the help of such a person, the success rate of the matter is estimated to be higher..."

Charlie smiled slightly and comforted: "Don't worry, this matter. I guarantee that my mother will suffer a little bit at most, nothing major will happen, and a little bit of suffering

is also a good thing for her. If she doesn't suffer a little bit of her character, maybe she will be able to bring the atomic bomb into the next time. Airport. "

Hey..." Claire sighed and said helplessly: "Her character is really not suitable for going out, and it's easy to get into trouble when she goes out... If this time can have a smooth past, it would be good for her to teach her a lesson." of....."

charlie nodded and comforted: "Wife, just be careful, my husband will be able to get Mom out safely. You know me. When did I promise something I couldn't do?"

charlie What she said made Claire's heart a lot firmer. She looked at charlie, nodded solemnly, and said sincerely, "Husband... I'll leave everything to you..."

The Amazing Son In Law Chapter 4941 (The Charismatic Charlie Wade Chapter 4941) -

charlie found an open place to stop the car, and after sending the location to Jian, he continued to appease Claire.

After Claire's mood stabilized a lot, the helicopter arranged by Jian also arrived.

The person who came was Jian's housekeeper.

After the helicopter stopped, he opened the cabin door and got out of the car, and said respectfully to charlie: "Mr. Wade, our master ordered the helicopter to take you and your wife back to Providence, and I will drive your car for you. Are you going to New York or Providence?"

charlie thought about leaving the car to Claire, maybe she had something else she needed, so she said to Jian's housekeeper, "Help me pack my luggage. Bring the helicopter first, then help me drive the car to the Hilton Hotel in Providence, and just give the key to the front desk."

"Okay!" The housekeeper nodded, and hurriedly and one of his subordinates went from charlie's trunk I took off my luggage and sent it to the helicopter.

charlie immediately boarded the helicopter with Claire, the helicopter restarted, and after taking off, it whistled towards Providence.

More than half an hour later, the helicopter stopped directly on the helipad on the roof of the Hilton Hotel.

charlie took Claire back to the presidential suite first, and told Claire not to worry or run around alone.

Claire knew that at such a time, what he had to do was to try not to cause Charlie any trouble, so he agreed without hesitation.

After Claire was settled, Charlie returned to the roof and rushed back to New York by helicopter.

When Charlie started to rush back to New York, James White, the most authoritative chief criminal lawyer of the top-ranked Cravath law firm in the United States, hurried to JFK International Airport in New York with his two assistants.

This lawyer has always been the number one enemy of the American police.

The reason is mainly because his business ability is too strong, so strong that sometimes even if there is sufficient evidence to prove that the suspect is guilty, he can dig out a piece from the details of the police handling of the case and let the police beat his chest and feet. The flaws, thus making all the police's efforts in vain.

There are times when James White lets convicted murderers swagger out of court.

Whenever this happened, the police would hate him to the core.

However, this is the power granted to the suspect by American law. Once his lawyer seizes the loophole, even if the whole world knows that he is guilty, it will not prevent him from being acquitted.

That's why James White

and has almost become the queen's lawyer for the rich and wicked to clear their charges.

And his legal fees have also risen, and his appearance fee should start at least one million dollars. If a long-lasting big lawsuit, the proceeds may exceed ten million dollars.

Because James White has repeatedly embarrassed the New York police, the policemen have given him a nickname and privately called him Mad Dog White.

At

this time, the American police officers who arrested Elaine agreed that this Chinese woman must be an unlucky person who was used by others.

However, they are also very clear that according to the law, as long as the real behind-the-scenes culprit is not caught, even if she is really being used, it will be difficult to prove herself, and the final result will definitely be sentenced.

Moreover, these American police officers also despised the strength behind Elaine.

They always feel that such an exaggerated shrew, and a foreigner, cannot have a strong background in the United States.

The Amazing Son In Law Chapter 4942 (The Charismatic Charlie Wade Chapter 4942) -

So, they only left two Chinese police officers to take notes for Elaine in the interrogation room, while the others ordered a bunch of coffee, French fries, fried chicken and pizza, and ate supper in the lobby of the police station.

Everyone is very happy at this moment, because they have successfully cracked a very important case of smuggling contraband, and the latest type of synthetic contraband is involved, worth over 10 million.

They have reported the case to the New York City Police Department as soon as possible, and the chief of police called them to congratulate them, and said that they should hurry up to get the transcript, and then report the matter to the media, and then let the media come over to interview one more time. Wheel, good report.

This is a good opportunity for the police officers of the airport police station to show their faces.

So everyone is very excited at the moment, even if some people have arrived at the end of get off work, they still decide to stay here and celebrate with everyone.

Among them, there is the policeman who crushed Elaine's ribs. His name is Jimmy Wayne.

He was eating a slice of pizza at this time, and said with a sarcastic expression: "The Chinese woman inside is probably going to be finished this time. When her transcript is cleared, she will report it to the New York City Police Department. According to her confession to arrest her upline, the time in between is enough time for her upline to run to the moon, these people have long been experienced repeat offenders, and they will definitely not be able to catch any of them."

Another white man The policeman smiled and said: "This woman is involved in up to five kilograms of contraband, and the judge will definitely not allow bail. If she can't catch the culprit, she will definitely be sentenced to life imprisonment without parole.

don't even think about going out. A

previous colleague who followed him said to Jimmy Wayne: "Jimmy, you were too ruthless just now. This woman is old enough. If you break a few of her ribs, maybe To kill. Jimmy Wayne said cursingly, "

That son of a b*tch actually claimed to be my mother, and I restrained myself without punching her shit out!” “

The man said seriously: “In the future, you should try to control it as much as possible. You know about Minneapolis. In this case, it’s better to be cautious, and you have to be careful, in case her lawyer finds out , then it is likely to sue you. “

”Shit.” Jimmy Wayne said disdainfully: “I don’t think this woman can do anything at all. She is a Chinese, and she can’t hire any great lawyers in New York. If it’s those assigned public interest lawyers, I have them.” 10,000 ways to shut them up. “

Speaking, he said proudly: “Teach you an experience, this kind of person likes to make himself very strong as soon as he comes up, and tries to shock the other party as soon as he comes up, but in fact, the more you deal with this kind of person. , the tougher you have to be, and you even have to find a chance to use some violent means. As long as you let her know that she kicked the iron plate, she will immediately become more honest than a pug! Next time you give her a little face, she will wag her tail at you attentively! Everyone burst into

laughter.

At this time, the door was pushed open, and a middle-aged man who was a little fat walked in with a smile on his face. As soon as he entered the door, he said loudly, “Guys, my wife and I are at the steakhouse.” The shop just ordered a Tomahawk steak, and before I could eat it, I heard that you have solved a big case. You did a great job! ” When

everyone saw the sub-director coming, they all became elated.

One of them asked: “Director, when will we arrange a celebration banquet for us?” The

sub-director smiled and said, “We will celebrate after the city police station informs the media and reporters come to interview!” ‘ The

crowd immediately cheered.

The sub-director asked, “Where is the suspect now?” Jimmy Wayne hurriedly

said, “Director, the suspect is taking a transcript in the interrogation room.”

The sound of sudden braking.

Everyone followed the sound and saw a black Mercedes-Benz Maybach limousine suddenly stopped at the door of the police station.

A policeman near the door raised his eyebrows, whistled, and blurted out excitedly:
"Guys, it seems that a big man has arrived!"
