

The Amazing Son In Law Chapter 4993 (The Charismatic Charlie Wade Chapter 4993) -

Due to limited time and too many intelligence clues to be verified, Abbas's subordinates are only in the US police system when they inquire about these missing persons. , the disappearance of these people was found.

However, they did not go further to check the specific details of their disappearance and the location of their disappearance.

However, charlie was keenly aware of the difference, and always felt that it was not normal for Zhou Bihua's son to go to Mexico at this time.

Therefore, he also subconsciously felt that those who were missing and whose whereabouts were unknown were most likely related to Mexico.

Abbas's efficiency is also very fast. In a very short period of time, he read the case files of these missing persons in detail, and then said to charlie in astonishment: "Mr. Wade, these people... Missing in Mexico.

charlie's eyes lit up, and he quickly asked, "Look at where they all went missing in Mexico, and who they came into contact with last.

Abbas hurriedly said: "I want to check the report files of these people after they disappeared, and take a look at the confession records provided by their family members . "

"Good. "charlie urged: "Find a few more people to watch together, I'll wait for your news!" "

"Subordinates obey!" "

Abbas hung up charlie's phone, and then brought several intelligence analysts from Wanlong Palace to conduct a detailed review of the files of dozens of people. In the

end, they came to a conclusion that almost all The missing persons are all related to Mexico, and without exception, all of them disappeared in port cities in Mexico. What

is even more coincidental is that in the information reported to the police by their family members, they all said that they went to Mexico because of They went to Mexico to apply for seafarers.

According to their responses, they all came into contact with a very capable Chinese, and they chose the profession of seafarers under the recommendation of the other party.

Because the Chinese-American told his family that seafarers work very hard, and they may spend half a year or even more than half a year wandering at sea, unable to communicate with their family.

It is also said that after some people are assigned to fishing boats, they go to sea for more than a year.

The family had already prepared the psychological construction before the missing person left, so when they could not contact the missing person for half a year or even a year, they didn't feel anything unusual at all.

Waiting far longer than expected to make them feel that this

When something goes wrong, at least a year has passed, or even a year and a half.

At this time, when these family members went to the Chinese for consultation, the other party was no longer in contact.

The family realized that something was wrong, and when they went to the police to report to the police, the case had already missed the best detection window.

Moreover, since the victims were all missing in Mexico, even if the police wanted to get to the bottom of it and dig deeper, they were simply not enough.

Because Mexico is different from most other countries.

Homicide is more common than car accidents in Mexico, a country populated by a large number of armed criminal groups.

In this place, the number of members of the criminal group is even larger than the number of troops and police in the whole of Mexico,

and they are almost all armed to the teeth, and the government and the police have no way to take them.

Not only that, criminal groups in Mexico have publicly kidnapped and assassinated politicians countless times in the country, and have long infiltrated the military and political system, so in Mexico, criminal groups are at the top of the food chain

Whether it is the national police, the army, or the police and FBI in the United States and Canada, they can't get into their eyes.

Because, no one can control the criminal groups in Mexico.

Unless, it is a larger criminal group.

Therefore, these Americans disappeared in Mexico, and it was difficult for the American police to investigate deeply, so they basically became unsolved cases in the end.

When Abbas reported this information to charlie, charlie couldn't help muttering to himself: "Strange, if they trick people into going to Mexico, and then let them return to the United States from Mexico with contraband, I am It is understandable, but after they deceived people to Mexico, people just

disappeared, which is a bit strange, what value can they create for them by deceiving these people into Mexico?"

Abbas said: "Mr. Wade, this subordinate, didn't understand it for a while, and I found a characteristic that all these people who disappeared in Mexico have a family situation very similar to Zhou Bihua's son. They are all individuals and families. Those who are about to go bankrupt or have already gone bankrupt, put it more directly, those who are deceived into Mexico are all poor."

"Well..." charlie said with a solemn expression: "Mexico is already underdeveloped, and the labor cost of that kind of place should be very high.

it is very low. If you go to great lengths to deceive people to Mexico to be free labor, it seems that some of the gains outweigh the losses. "

"Yes. "Abbas also agrees: "However you look at the logic of this, it is difficult to be self-consistent. He is a group of mercenary people, but he chose a group of victims who have no profit." "

charlie said lightly: "If you want to know what tricks they are playing, the best way is to go to Mexico in person. With

that said, charlie asked Abbas: "Zhou Bihua's son, where are you going to Mexico? "

Abbas said: "Tijuana, Mexico, this city is the border city of Mexico, very close to Los Angeles.

charlie smiled slightly and said, "His plane is the day after tomorrow, right? " "

"Yes. "Abbas said: "The flight in the morning the day after tomorrow. charlie looked at the time and said, "

Then it's more than 30 hours before takeoff. The plane should be open for check-in. Check if Zhou Bihua's son has checked in, and then look at him again." Has the seat next to you been chosen by someone else? If not, buy me a ticket and choose to be next door to him.

Abbas asked in astonishment, "Mr. Wade, what are you doing? " charlie said with a smile: "

If you don't enter the tiger's den, you can't get the tiger's son. Since you don't understand why they want to deceive people to go to Mexico, it is natural to go deep into the tiger's den and find out." "

Speaking, charlie said again: "Help me forge a set of ID documents, just use all the identity information of that Zhou Bihua's son, and then replace the photos with mine, and then send someone to wait at the airport in Tijuana. When I got off the plane with that Zhou Bihua's son, you pretended to be Soleil's person, picked him up first, and then I pretended to be his identity and went to meet Soleil's contact person in Mexico.

Abbas said subconsciously, "Mr. Wade, if you want to find out, why don't you ask your subordinates to go to Mexico on your behalf! " "

charlie said lightly: "No, you also have your mission."

Abbas hurriedly said: "Please tell me Mr. Wade!"

charlie said: "You immediately send a hundred elite soldiers from Wanlong Palace to Mexico, and do the work in Mexico. Be prepared to respond at any time. I think Soleil is inseparable from the criminal group in Mexico, and she is likely to flee to Mexico. In this case, prepare in advance and put her and her backers in Mexico together. Lose!"

Hearing charlie's order, Abbas said without hesitation: "Mr. Wade, rest assured, his subordinates will immediately dispatch elite soldiers from Wanlong Palace to Mexico. At that time, as long as Mr. Wade gives an order, Buddha will kill Buddha and God will kill. god!"

"Okay!" charlie's tone was full of majesty, and he said loudly: "Tell Mexico to hold a celebration banquet, and I, charlie, will make all of them go a step further!"

charlie had the intention to continue to improve the overall strength of Wanlong Palace. Now that he has raised a lot of funds for Wanlong Palace, the next thing to do is to improve the combat effectiveness of Wanlong Palace's soldiers.

Right now, the best solution is to help them improve their cultivation.

For most soldiers, it is not necessary to use a whole Blood Rescue Pill, even a third or a quarter of the Blood Rescue Pill can make their strength even further. Or add some Peiyuan Dan, the powerful spiritual energy will help them open up more meridians.

Therefore, charlie intends to use medicinal herbs to make some wines that can improve the cultivation of warriors after this operation. At that time, he can't help celebrating their achievements and making them even stronger.

When Abbas heard this, he also guessed charlie's intentions. He was very excited and said, "Don't worry, Mr. Wade, your subordinates will do their best!"

charlie snorted and asked again, "By the way, how is my mother-in-law in prison?"

Abbas immediately said: "Your mother-in-law has already done what you ordered, and with our female soldiers there, it is impossible for anyone in Bedford Hill Correctional Institution to dare to offend your mother-in-law."

charlie sighed and said lightly: "Now I don't worry about her being bullied by others, I am worried about whether she will bully others recklessly, if she bullies those who have provoked her, it's fine, I'm afraid she inwardly, by having a backer, he can be a blessing to others."

With that said, charlie instructed: "You have someone help me to pay attention, don't let her go too far."

"Okay!" Abbas said respectfully, "Mr. Wade, please rest assured, I will arrange everything in the prison properly."

"That's good." charlie said with a smile, "Then let's meet in Mexico the day after tomorrow."

Abbas said with some worry: "Mr. Wade, there is something I am worried about..."

charlie said: "You say."

Abbas said respectfully, "Mr. Wade, this time you are planning to go to Mexico and pretend to be Zhou Bihua's son, but your subordinates think that this may not be possible. I have already obtained his information in advance, I am afraid that you can see that your identity is fake at a glance, in that case, the follow-up plan will not be able to continue..."

charlie said with a smile: "I can't be sure about this right now, so let's just take a bet. You can bet that their partner only knows Zhou Bihua's son's name and doesn't know his appearance, or they can bet that their partner is more face-blind to Asians. , I can't see any clues, let me fool around..."

Having said that, charlie put away his smile and said seriously: "It doesn't matter if they really see through me at a glance, I have other ways to ensure that my plan can go smoothly."

It was not the first time for charlie to go deep behind enemy lines.

When he went to Hamid's base in Syria alone, as an East Asian face, almost anyone who saw it in that place would be extremely alert.

However, charlie still relied on strong psychological cues to enter and exit freely in Hamid's heavily guarded base.

Therefore, he felt that when he got off the plane in Mexico, if the docking person found out that he was a fake, he would give him a psychological suggestion to make him believe it subconsciously.

After all, charlie's real purpose was to use the docking person to bring himself to the other side's base camp in Mexico.

Only when he got to the other party's base camp could he figure out who Soleil's backer in Mexico was, and what tricks and deeds she was up to in Mexico.

...

at the same time.

Bedford Hills Correctional Institution.

After Elaine enjoyed the whole body massage of seven or eight people, the whole person was so comfortable.

It's just that the domineering Chloe was miserable.

According to Malan's request, she began pinching the feet of everyone in the cell.

Until the prison lights turned off, only four or five people were pressed.

Seeing that he was about to go to sleep, Elaine said to Chloe in a cold voice: "You press me until tomorrow morning, if you dare to be lazy, I will kill you!"

Chloe nodded while crying, and said, "I know... I will not be lazy..."

Elaine snorted, then pointed to her wet bed, and said coldly, "This is your masterpiece. You will sleep in this bed in the future, and I will sleep in yours."

Chloe didn't dare to say more, and said quickly: "Okay, Ms. Elaine, I will follow your orders..."

Elaine thought that the bed was wet, and felt a little unhappy. He pointed to the former Chloe's men, and said coldly: "You guys, pour me all your beds tonight before sleeping. Water two pots of water every night before going to bed, and then give me three days of sleep!"

After she finished speaking, she looked at Chloe again and said coldly, "Starting tomorrow, you will also give me a well-drenched bed. They sleep for three days, and you sleep for ten days!"

The crowd trembled in fright.

Although the weather is hot now, but sleeping in a soaked bed, shouldn't it make people uncomfortable?

Moreover, I have to sleep for three days in a row. If I sleep in these three days, I am afraid that I will get rheumatism all over my body.

Chloe even collapsed.

Three days for others, ten days for myself.

What is the concept of ten days, and then he will not be paralyzed in bed?

Thinking of this, she hurriedly begged for mercy with snot and tears: "Ms. Elaine, I'm already so miserable, please let me go... If you let me sleep in a bed full of water for ten more days, I'm afraid I won't be able to get out of bed anymore!"

Elaine exaggeratedly hummed and said disdainfully, "Oh! How come you are afraid that you won't be able to get out of bed? How come you are not afraid that I won't be able to get out of bed when you come to me?"

Speaking, Elaine said with a cold face: "We have an old saying in China, do not do to others what you do not want to do to yourself! This is all your own idea, and I am just doing it in the way of others. It's just a matter of treating people, and in the end, thank you for your own creativity, or you let me think about it for a week, and I can't think of such a way of torturing people."

When Chloe heard this, she broke down and cried.

Elaine has a face, and said coldly: "Cry? I will add more time to cry! Fifteen days if ten days are not enough, thirty days if fifteen days are not enough! I see how long you can cry!"

Hearing the words, Chloe quickly suppressed the crying, reached out to wipe away the tears, and said, "I...I don't cry anymore..."

Elaine smiled and asked her, "Chloe, you know what it's like to be bullied this time, right?"

Chloe's eyes were full of tears, and she nodded her head aggrievedly: "I see..."

Elaine said with a smile: "Remember to my mother, whoever humiliates others will always humiliate them!"
