

The Amazing Son In Law Chapter 5101

Hearing that Fei Kexin wanted to give himself a check for 10 million dollars, Li Yalin's instant thought was to quickly refuse.

He even said in a panic, "Miss Fei, you have helped me so much, how can I charge you any more..."

The old man An Qishan on the side slapped his thigh and said excitedly, "Miss Fei's method is really wonderful! Impeccable! Impeccable!"

Then, he pointed at Li Yalin and said, "Yalin, you don't have to worry about money, Miss Fei gave you this money so that you can better explain everything in front of your wife and daughter, not only will it not let you Your wife and daughter complain about you, and even make them feel that you take them seriously in your heart, so that there is a perfect and logical solution to all the contradictions in the whole thing!"

Having said this, An Qishan added: "But you are right, Miss Fei helped you and Anjia. At this time, you can't ask Miss Fei to pay, so I will pay! "

Li Yalin hurriedly said: "Uncle... I can't ask for your money! What's more, although I can't make much money, my family's economic conditions are reasonable.

My wife and daughter are not greedy for money, they have never been Take money seriously..."

An Qishan waved his hand and said, "No one said that your wife and children value money.

This money is just for you to take and go to show them your love for them and future grandchildren.

You take the check back and pay the fee according to the fee. The plan given to you by the lady, one, two, three, four and five will be clearly explained to your wife and children, then all your previous worries will be solved in an instant, and the ten million dollars is also a very powerful guarantee for the future of the child!

An Jia has suffered so much, we should give us a chance to express our gratitude!"

The old lady on the side quickly reminded: "Qishan, you have said that you will communicate with Yalin's son-in-law and let him agree to let Yalin's grandson take the surname of Yalin's daughter Li in the future. Don't you forget it."

An Qishan was stunned for a moment, then smiled: "This must be what I said! Okay, I will definitely honor this!"

After he finished speaking, he turned to look at Asher and instructed: "Asher, take care of this matter, take the time to meet Yalin's daughter and son-in-law for a chat, whether it is a boy or a girl who will be born in the future,

as long as Yalin's son-in-law agrees to give the child the surname Li, then the An family will come forward and take 100 million US dollars as a trust for the child."

Li Yalin panicked and blurted out: "Uncle An, this is impossible... How can I take your money, and it's still so much,

and it won't be worth so much if you sell me, it's absolutely impossible!"

An Qishan said with a straight face: "Yarin, you have also died once, why are you still so grumpy?"

Don't think too much, this is only part of it, and more will be implemented in the future."
.

After speaking, he said to Asher again: "Asher, wait until you meet Yalin's son-in-law and find out what he does now.

If he is starting a business, then invest in him and then export it. Give him some resources; if he is working part-time, find a job in the settlement system that matches the level and income and gives him a better future development space, and then let him know that the reason why he can get all this is that Because he married Yalin's daughter and agreed to give the child the surname Li.

In this way, he would not only be more good to Yalin's daughter in the future, but he would always think that giving the child the surname Li was not a grievance to him,

but a success. He, in this way, he will never be able to go back in his life."

Asher said without hesitation: "Dad, don't worry, I'll do it!"

At this time, Li Yalin, like a child who did something wrong, was flustered and didn't know what to do.

An Qishan looked at him, patted his shoulder heavily, and said seriously: "Yarin, you have died once, you must be open-minded in everything,

from now on, your core mission is to serve You and your family and descendants make long-term plans. In order to repay the kindness of the An family,

the Li family and the descendants of the Li family will continue to realize the leap of social class from this moment.

It can be achieved, and you don't feel that you owe Anjia's favor, this is what Anjia should do!"

Seeing that the old man was extremely determined, Li Yalin didn't even know how to respond for a while.

The Amazing Son In Law Chapter 5102

He couldn't help but said, "Uncle An, I never felt in my heart that I was almost killed because of the Anjia family..."

After a pause, Li Yalin continued: "After all, I just happened to choose to accompany you to join in the fun that day,

everything is my own choice, I can only say that I am unlucky when attacked, no matter what. It can't be said to be kind to the An family..."

"And I'm ashamed to say that, although I almost died that time, I didn't provide any substantial help to the An family at all.

In front of those heavily armed bandits, I was knocked down without even having a chance to react. Earth, at best, is just a cannon fodder..."

In fact, Li Yalin still has something to say.

He felt that instead of helping An Jia, the one who really saved him and gave him a new life was Charlie, An Jia's grandson.

He owes Charlie his life, and it is impossible to justify taking the An family's money at such a time.

At this time, the old man asked with a cold face: "What? What happened to the cannon fodder?"

Even if you are cannon fodder, aren't you the cannon fodder who blocked the bullets for my family and settled for my family?!

I said an inappropriate analogy, as you This bastard said that those martyrs who failed to kill the enemy but died under the guns of the invaders didn't die for the country? What bastard logic?"

"This...I..." Li Yalin also felt a little speechless.

It is true that the old man's words are indeed more logical than his.

Asher on the side reminded: "Old Li, don't forget that this is not about yourself, it is about the inheritance of the Li family's bloodline and class crossing.

Besides, you also know the character of the old man, so don't be fearless. ."

Li Yalin couldn't help but think of what the old man said to him in the VIP box at the performance site.

Letting the child born by his daughter follow his surname Li, although this is a bit old feudal, it undoubtedly hit his heart.

If you want to pass on your family, the necessary condition is to pass on the surname as well.

If this happens, you will not be ashamed of your ancestors after your death.

After thinking about it, he bowed his hands to the old man and said sincerely: "Uncle An, Yalin will definitely remember the kindness of your family!"

An Qishan said solemnly: "In the future, don't mention who is kind to whom. We will help and support each other in the future."

Li Yalin nodded heavily, Asher suddenly remembered something, and said to Li Yalin: "By the way, Lao Li, my sister-in-law came to New York a few days ago, but I don't know if she is still in New York, do you want me to call ask her?"

Li Yalin hurriedly said: "Yes, yes, you help me ask her where she is. If she is in New York, I will go to see her!"

"Okay." Asher agreed and asked Li Yalin, "If my sister-in-law is in New York, if she asks me if I have any news about you, should I tell the truth or lie to her first and wait for you to surprise her in person?"

Li Yalin thought for a while and said, "If she asks you, you say that you have found some clues, but you want to tell her face to face, you ask her to meet, and then I will surprise her."

"Okay." Asher nodded, immediately took out his mobile phone, and called Li Yalin's wife Holly Chen.

The call was connected, and an excited voice came from the other end of the phone: "Asher, do you have any news about our old Li?"

Asher was stunned for a moment, and then deliberately said, "Sister-in-law, I have some clues here. Are you still in New York? I'll tell you face to face."

Holly Chen on the other end of the phone asked in a surprised voice: "Really?! What clues? I'm in Washington now and I'm going back to New York."

A college classmate has something to do with Washington. I came over to ask her for help. The plane took off in half an hour. I'll be in New York in about an hour and forty minutes!"

Asher said, "Well, sister-in-law, tell me your flight number, and I'll arrange for someone to pick you up at the airport. Let's meet."

Holly Chen asked nervously: "Asher, tell me the truth, our old Li won't have an accident, right?"

Asher hurriedly said: "No, no, I'll take a personality guarantee, which is good news! You tell me the flight number, and you don't have to worry about the rest."

Holly Chen's excited voice suddenly choked: "That's great..."

As she said that, she said to the people around her, "Bella, your Uncle An called and said there is good news about your father!"

"Really?!" The voice of Li Yalin's daughter came from the other end of the phone. She grabbed the phone and asked excitedly, "Uncle An, you didn't lie to us, did you? Is there really good news?"

Asher said with a smile, your Uncle An's personality guarantee, do you think it's enough?"

"Enough is enough!" Bella said with joy: "Uncle An, otherwise you don't sell anything, just tell us on the phone..."

Asher hurriedly said: "Bella, I really can't explain this matter in a few sentences. It just so happens that your mother and two are coming to New York, so let's talk face to face, and then I will give all the information I have on my side. List them one by one."

"Okay..." Bella heard this, and it was considered a reassurance, so she didn't ask any further questions, and said happily, "Uncle An, let's see you in New York!"

"Okay!" Asher said, "Don't forget to ask your mother to send the flight number to my phone later."

Bella said excitedly: "Okay Uncle An! Thank you Uncle An!"

At this time, a man was heard on the other end of the phone, and said in a low voice, "Don't cry, my good wife, I told you a long time ago that Dad will be fine, wipe your tears and don't move. Tire air."

Bella cried and hummed, sobbing: "Uncle An, I won't tell you first, and I'll hear your good news in person when I get to New York!"

"Okay." Asher said with a smile, "Bella, you have to control your emotions. After all, you are no longer alone, and you have to take care of the baby in your belly."

Bella said quickly: "I know Uncle An! Thank you!"

Asher said goodbye to Bella and hung up the phone, while Li Yalin was in tears at this time.

He didn't expect that his wife and daughter, as well as his son-in-law, were still running around to find his whereabouts.

The Amazing Son In Law Chapter 5104

Especially her daughter, who is still pregnant.

An Qishan saw that his tears were lingering, and he said quickly, "Yarin, if you don't die, you will have good luck, you should be happy, why are you crying!"

After speaking, he hurriedly turned to Fei Kexin and said with admiration: "Miss Fei, I have to say, the solution you just made is really perfect, but although you have to write this check, the money still has to come home. Come out, you have helped us so much, we must not let you spend any more money."

Fei Kexin smiled slightly and said, "Okay, Mr. An, I will listen to you."

An Qishan then said to Li Yalin: "Yalin, let Asher arrange someone to bring your wife and children here directly. It just so happens that you and Miss Fei stay here for lunch. After the meal is over, they are almost the same. It's time to arrive, then your family of three will be able to reunite!"

Li Yalin wiped away his tears and nodded heavily.

An Qishan said to Fei Kexin: "Miss Fei, I hope to delay your time a little after dinner, your plan is impeccable, if you can explain the situation to Yalin's wife and daughter here, it will be even more Convincing, what do you think?"

Fei Kexin said without hesitation: "No problem, Mr. An, I didn't have any other arrangements in the afternoon."

“Okay!” An Qishan laughed and said, “I’m so happy today! Yalin is back from the dead, and he can be reunited with his family in the presence of our witness. The joy is even greater! Asher, I will remember the whole video later. , in case I forget it tomorrow, just show it to me again!”

Asher nodded without hesitation and said, “Okay Dad, when we arrive, we will all turn on our mobile phone cameras and record them in all directions!”

An Qishan’s remarks really made Li Yalin’s mood improve a lot. He quickly said to Asher: “Asher, please, can someone help me buy a bunch of roses?”

Asher joked: “Okay, old Li, you have also cultivated romantic cells now! Wait, I will arrange it for you!”

At this time, the old lady said with a smile: “Let’s go to the restaurant to eat first, and chat while eating!”

The old man smiled and said, “Okay, let’s chat while eating!”

As he said that, he looked at Fei Kexin and said very politely: “Miss Fei, you are a distinguished guest, please go first!”

Fei Kexin said flattered: “Mr. An, you are too polite. You are the head of the family, so you should go first!”

An Qishan said very seriously: “Miss Fei, you are not only a distinguished guest, but also a benefactor of our Anjia and Yalin. In Anjia, you never need to be polite.”

Immediately afterwards, he said solemnly: “Miss Fei, my brain may not be so easy to use. If there is any place for the Anjia in the Fei family in the future, you can directly contact Homula, Homula is the Anjia’s external The person in charge, as long as you say a word, the An family will go all out!”

After that, he looked at An Homula and asked, “Homula, have you heard what I said?”

The second child, An Homula, said without hesitation: “Dad, don’t worry, as long as Miss Fei instructs her in the future, the An family will definitely follow your instructions and go all out!”

Fei Kexin did not expect that the old man of the An family would give him such a weighty promise.

Although the Fei family was already a giant in the Yinfu family, compared to the An family, it was still a little insignificant.

Now being able to get the promise of An Jia is definitely a strong guarantee for the Fei family.

In addition to being excited, she couldn't help but sigh in her heart: "Mr. Wade is now in charge of the Wade family and Wanlong Palace, and he also has a large-scale business map. If he opens his mouth, the Fei family will surely help him. If he can recognize the An family, and I believe that the An family can also be used by him, even the Rothschild family will be afraid of three points in front of such a proud person as Mr. Wade!"
