

The Amazing Son In Law Chapter 5113

charlie's words made Ito Yuhiko feel that it was not refreshing for him to be so grumpy all the time, so he said without hesitation: "If I really want to make a wish about myself, it must be my two wishes. It's a pity that the legs can come back again..."

"Okay." charlie reached out and interrupted him, smiling: "The logic of making a wish is that you can say whatever you want, as for whether it can be achieved or not, it is not what you want. It 's a question to worry about."

Ito Yuhiko was slightly startled, smiled self-deprecatingly, and then nodded: "Mr. Wade is right, whether it can be realized or not depends on God."

charlie waved his hand and said indifferently: "This is This kind of thing, God may not be easy."

"This..." Ito Yuhiko couldn't help laughing.

I thought to myself,

"You made me make a wish, so that I don't have to worry about whether it can be fulfilled, and then you said that God is not good, isn't this blocked?"

But he didn't dare to complain to charlie, so he could only laugh angrily. Laughing, not sure how to respond.

At this time, Isaac Cameron came over and said to charlie, "Master, the food and beverage department has already arranged the cake, and the cake has been expedited by the best bakery in New York, and it can be delivered within an hour.

" Good." charlie nodded with satisfaction, and said to Ito Yuhiko and Tanaka Koichi: "Okay, the two of you can go in and prepare the medicine." The

two looked at each other and bowed slightly to charlie in unison.

Immediately, charlie asked Don Albert and the housekeeper of the Ito family to help them into different bathrooms.

Don Albert knew the process for a long time, so he brought Tanaka Hiroichi in to prepare.

The housekeeper of the Ito family was still at a loss, so charlie followed him and Ito Yuhiko into another bathroom.

After entering, Charlie pointed to the bathtub and said to the housekeeper of the Ito family: "Later, you will help Mr. Ito take off his clothes and lie down, only showing above the neck." The

housekeeper nodded repeatedly: "Okay, Mr. Wade!"

Charlie pointed to the short-sleeved shorts prepared on the hanger again, and said, "This is the prepared clothes. After a while, Mr. Ito will change into these clothes and go out."

Ito Yuhiko glanced at the prepared clothes. It turned out to be a sportswear with short sleeves and shorts, and his expression was a little stunned for a while, and at the same time a little depressed.

Since his legs were amputated, Ito Yuhiko has not worn shorts. He usually wears long pants whether he is at home or going out, as long as there are other people around him. Just put the body-shaped fillers into the trouser legs, so that at first glance in the wheelchair, people feel that the limbs are still intact.

However, since it was Charlie's arrangement, Ito Yuhiko didn't say much, so he said to Charlie, "Thank you, Mr. Wade."

Charlie remembered something and said casually, "By the way, Mr. Ito, this place is far from the center of Manhattan. The park is very close, we can go there for a walk before eating."

"For a walk?" Ito Yuhiko smiled awkwardly, and said with some embarrassment: "Mr. Wade, why don't we take a walk... I'm really not suitable for this situation. That kind of public occasion..."

Charlie smiled slightly and said, "Let's talk about it later, Mr. Ito, go to lie down first, and I'll deliver medicine to you later."

Ito Yuhiko nodded respectfully, and waited for Charlie. After leaving, with the help of the housekeeper, he took off his clothes and soaked in the bathtub.

Five minutes later.

Charlie walked in again. At this time, Ito Yuhiko was already lying in the bathtub, and his neck was buried in the beauty mud.

Charlie looked at Ito Yuhiko and said lightly, "Mr. Ito, you may fall asleep for about 20 minutes first. When you wake up, remember to rinse your body and then change into the clothes prepared for you."

Ito Xiongyan was confused by charlie's mysterious operation. He really couldn't understand, what was charlie's purpose in letting himself soak in the mud?

At this time, charlie took out a remodeling pill, handed it to the butler's hand, and said, "Give this medicine to Mr. Ito and take it."

"Okay, Mr. Wade!" The housekeeper nodded respectfully, carefully took the medicinal pill that charlie handed over in his hand, and then put it into Ito Takehiko's mouth.

The Amazing Son In Law Chapter 5114

As soon as Ito Yuhiko took the medicine, he felt dizzy for a while, like the general anesthesia before the operation, and he lost consciousness almost instantly.

The reason for losing consciousness is entirely due to the medicinal properties of the remodeling pill.

According to the records in the "Jiu Xuan Tian Jing", when the reshaping pill reshapes the body, it will bring great pain and stimulation to the user. Even if it is to reshape the body, the pain is even more painful than that of modern medical surgery. His body was cut even more violently.

Therefore, reshaping the medicinal properties of the pill is actually to make people lose consciousness first, and then exert its real remodeling medicinal properties.

The principle is the same as the logic of anesthesia before surgery in modern medicine.

After Ito Yuhiko was in a coma, the whole person was completely unconscious, but charlie could feel the vigorous spiritual energy in his body, which was gathering towards his lower body.

Soon, charlie could feel that there seemed to be two sprouts full of spiritual energy in the roots of Ito Yuhiko's thighs. It seemed that the Reshaping Dan had begun to work.

So, charlie said to the housekeeper, "Thank you for being here to guard Mr. Ito, and don't touch him until he wakes up." The

housekeeper said respectfully, "Don't worry, Mr. Wade!"

charlie nodded and turned around He left the bathroom and went to another toilet next door.

At this time, Tanaka Koichi has also soaked in the bathtub with the help of Don Albert.

After Charlie explained to him, he asked Don Albert also to feed him a reshaping pill.

Afterwards, Don Albert was left to guard him, and he returned to the living room of the luxury suite.

At the same time, Ito Nanako was sitting on the sofa waiting anxiously.

And Xion was standing beside her, and he couldn't hide his excitement in his heart: "Mr. Wade's medicinal pill can bring Li Yalin back to life, who was seriously injured, and now he has his mother and the Ito family come to New York. Coincidentally, Yes, both of the mother and the Ito family are handicapped, is Mr. Wade going to use the same medicine to treat them?"

"Mr. Wade has been guiding Ito Yuhiko just now, asking him to express his wish that his legs can be restored to how they were before... Could it be... Could it be that Mr. Wade's medicinal pill can make them regenerate their broken limbs?"

"If that's the case... ..Isn't that mother... can she become a normal person?!"

Xion's mother, Kairi, lost an arm before she became pregnant with her.

It was precisely because she lost that arm to save Zayne that Zayne betrayed her marriage and had a dewy relationship with her because of being moved.

And it was the dew feeling that time that gave birth to Xion.

As a child, Xion often felt distressed because her mother was missing an arm.

What puzzled her was that whenever she was young, stroking the wound of her mother's broken arm, crying and begging God to bless her mother's broken arm, her mother always told her with a satisfied face. , I used the lost arm to exchange for the most precious gift in this world. So I don't regret it at all.

The young Xion didn't understand, she didn't know which arm her mother used in exchange for something amazing.

But when she grew up, when she knew the reason, she realized that her mother used that arm in exchange for herself.

The arm that my mother lost is closely related to my own destiny. If my mother had not lost that arm at the beginning, I would never have been able to come to this world.

But even if her mother doesn't regret it at all, Xion has always been very distressed by her mother's experience for more than 20 years.

Even though her mother is a martial artist, she is still a disabled person with inconvenience and discrimination without an arm.

Xion dreams that she can make her mother return to normal, even if she loses an arm.

But she is also very clear in her heart that this kind of hope is just wishful thinking.

But at this moment, she suddenly realized that her wishful thinking might be coming true!

The Amazing Son In Law Chapter 5115

Ito Nanako doesn't know as much as Xion knows.

She has never seen the miracle that happened to Li Yalin, so she has not yet figured out why charlie brought her father and Tanaka Hiroichi to New York.

Seeing charlie coming out at this time, Ito Nanako hurriedly asked, "charlie, how are Odo-san and Tanaka-san?"

charlie smiled slightly and said, "The two of them just took the medicine, and now they are both asleep, and they will wake up in about 20 minutes.

Nanako Ito nodded and asked cautiously, "Mr. Wade, can you take the liberty to ask what the medicine you gave them both was for treatment?"

charlie smiled and said: "The two of them can come out in at most 20 minutes. You may as well wait for them to come out and see for yourself what the treatment is."

"Okay..." Seeing that charlie didn't want to reveal it, Ito Nanako had to nod lightly and said with a smile, "charlie is highly skilled in medicine, I was seriously injured last time, and Odosan was extremely weak after surgery. charlie is cured, I believe Odo-san and Tanaka-san will benefit a lot this time!"

On the side, Ito Nanako's aunt Emi Ito couldn't help sighing: "I hope Oni-chan can cheer up in the future, she looks dead every day, it's really helpless... He's only fifty years old today, But he looks more old-fashioned than when Odosan was seventy years old."

Ito Nanako recalled what her grandfather looked like when she was alive, and couldn't help but agree: "Oji-chan was really optimistic when he was alive... It is indeed much stronger than Odosan now."

Saying that, Ito Nanako hurriedly said to her aunt: "But don't say this in front of Odosan, he is a person who really wants to save face..."

Ito Emi nodded and said, "Of course... With his current stinky temper, I don't dare to provoke him..."

At this time, the two comatose people in the bathtub could not feel that the body tissues of their legs were repairing quickly from the wound of the amputation at a speed comparable to 3D printing.

It's just that the energy of this severed limb rebirth comes entirely from the medicinal effects and aura of the remodeling pill, and has almost nothing to do with Ito Takehiko himself.

The housekeeper of the Ito family soon discovers an eerie little detail.

He found that although Ito Takehiko was lying motionless in the bathtub, the liquid level of the beauty mud in the bathtub seemed to be slowly increasing.

He thought he was dazzled, stared at the water level carefully for a long time, and confirmed that the liquid level in the bathtub was indeed rising.

This made him a little nervous all of a sudden, because he couldn't understand at all, how could the liquid level of the mud keep rising when people were motionless?

At this moment, he wanted to get closer to see what was going on, but when he thought of Charlie's explanation, he hesitated for a moment, and then gave up the idea.

It's just that he didn't know that the reason why the liquid level was rising was because Ito Takehiko's legs were constantly improving, and the legs in the mud were constantly expanding, which made the liquid level keep rising.

On the other hand, Don Albert was not so surprised.

He also guessed that Charlie was going to help him and Ito Yuhiko's severed limbs regenerate, so when he saw that the liquid level in the bathtub was rising, he immediately confirmed his guess.

For Charlie, Don Albert has actually been surprised by it for a long time.

Not to mention that he was once pulled back by Charlie at the gate of the Palace of Kings of Hell, and he saw it more than once just by watching Charlie summon Tianlei with his own eyes.

The most shocking thing was that at the beginning of Changbai Mountain, Charlie fought against the Eight Heavenly Kings alone. The thunder came, and the lightning in the middle of the night made the whole foot of Changbai Mountain as bright as day!

The Amazing Son In Law Chapter 5116

At that moment, he knew that no matter what Charlie did, it was a matter of course.

So, not surprised, he casually lit a cigarette, looked at Koichi Tanaka who was unconscious, and squinted his eyes, whispering in a low voice: "Hey, your little Japanese is really lucky.

By the way, both legs were cut off, and now there is still a chance to grow back, this is all thanks to Master Wade, if it weren't for Miss Nanako's face, how the hell would you be able to get such a good thing in your turn ."

As he said that, he spit a puff of cigarette into Tanaka Koichi's face, and said with a smile: "You must know that Master Wade has never been very friendly to Japanese friends, and the two Kobayashi brothers have been taking turns to experience life at my dog farm.

If your Ito family hadn't had Miss Nanako, you would have become my dog farm too."

Immediately, he couldn't help but sigh: "But if nothing else, Miss Nanako and Master Wade are really a good match. His grandma's, I've never seen such a good match! If the two of them can't get together in the future, it's really a pity now..."

After Don Albert finished smoking a cigarette, the liquid level in the bathtub almost stopped increasing.

At this time, Koichi Tanaka, who was lying in the bathtub, still had no intention of waking up.

However, Takehiko Ito, who was next door, suddenly twitched a few times.

The housekeeper, who was extremely concerned about him, had been paying attention to every detail of him. Seeing that he suddenly twitched slightly, he hurriedly wanted to step forward to take a look.

At this time, Ito Yuhiko's eyelids trembled, and he slowly opened his eyes. He felt as if he had slept beautifully all night. When he opened his eyes and saw the housekeeper, he stretched out subconsciously and threw mud everywhere.

Although the housekeeper was dumped in mud, he didn't care at all, but asked with concern: "Sir, how are you feeling?"

Ito Yuhiko shook the mud on his hand and said with emotion: "I just feel very comfortable sleeping. It seems that I haven't slept for such a long time in a long time, and I feel so refreshed."

The housekeeper said quickly, "Sir, you only slept for less than 20 minutes."

“What?” Ito Yuhiko looked at him in disbelief, and blurted out, “I feel like I’ve fallen asleep, has it been less than 20 minutes?”

“Yeah...” The housekeeper said firmly: “I’ve been watching the time, to be precise, it’s only a little over 18 minutes so far.”

Ito Yuhiko took a deep breath and sighed, “Being able to sleep so comfortably in such a short period of time, it seems that Mr. Wade’s medicine must have worked wonders...”

The housekeeper asked cautiously, “Sir, besides being refreshed, do you have any other feelings?”

“No.” Ito Yuhiko said, “Why do you ask that?”

The housekeeper said cautiously: “When you fell asleep just now, I found that although you didn’t move at all, the liquid level in the entire bathtub was constantly rising, which was very strange, as if someone was quietly pouring into the bathtub through an invisible pipe. Like a lot of new mud...”

“Really?” Ito Yuhiko said casually, “Could it be this bathtub?”

The housekeeper shook his head and said, “I don’t know what’s going on here... But it’s fine if you don’t feel anything unusual...”

Ito Yuhiko hummed, and said casually: “There must be something like a water injection hole, quietly pouring mud into it.”

Saying that, Ito Yuhiko stretched out his hands and touched it inside.

It didn’t matter if he touched it, he suddenly felt two legs.

His face changed suddenly, and he subconsciously yelled: “Baga! Why did you put my prosthesis in the bathtub? Are they both going to take a bath too?!”
