

## The Amazing Son In Law Chapter 5133

The plane slid across the night sky of New York and landed steadily at JFK Airport in a whistling.

Xion has been waiting here anxiously for a long time.

Since seeing Yuhiko Ito and Hiroshi Tanaka regenerating their severed limbs with their own eyes, Xion can't wait for her mother's plane to land one minute earlier.

After Kairi and Zayne passed through the customs together, Xion saw the two walk out of the passage, so he hurried up to greet them, and shouted excitedly, "Mom!"

Seeing Xion, Kairi happily ran over, hugged Xion with one hand, and asked with a smile, "How long have you been waiting here?"

Xion hurriedly said, "I just came here for a while."

Kairi nodded and whispered, "Go and say hello to your dad."

Xion glanced at Zayne who was not far away. Although she was a little embarrassed, she said respectfully, "Hello, Mr. banks!"

Zayne was a little stunned, but he came back to his senses and said, "If you leave, don't call me Mr. banks in the future."

With that said, Zayne also said a little embarrassedly: "You... if you don't dislike it... you can call me dad..."

After speaking, Zayne also felt that he was quite shameless, and quickly added: "Aren't you all worthy of sister Zara? Call me Mr. banks again, it seems a bit more lively..."

Xion looked at her mother subconsciously, and when she saw that she smiled at him, she gathered up her courage and said softly, "Dad..."

"Okay...Okay..." Zayne was instantly overjoyed, and quickly said: "Xion, you don't know, your mother has been talking to me about you these days, saying that you were afraid that you had made trouble in the United States before and returned to the United States to meet the have trouble with."

Xion comforted: "Mom, with Mr. Wade here, you don't have to worry."

Kairi smiled slightly and said, "I'm not really worried, it's your father who is worried in his heart, and I told him that with Mr. Wade there, he will definitely ensure your safety, but he may have some personal feelings towards Mr. Wade, so he has never been so worried. Too relieved."

When Zayne saw Kairi revealing his own shortcomings, he could only smirk and say to Xion, "Dad is not suspicious of Mr. Wade. Dad is mainly worried about your safety."

Xion naturally understands Zayne's mentality, and can understand it to some extent, so he said, "Dad, Mr. Wade has great powers. As long as I am by his side, I will be the safest. You and Mom can rest assured in the future."

Zayne saw Xion's expression of admiration when he mentioned Charlie, and couldn't help sighing inwardly: "What exactly do I, Zayne, owe Bruce... Deana likes him for so many years, I can bear it, but my two daughters are right His son is in love, what the hell is this?!"

Xion saw that her father was a little absent-minded and had a complicated expression, so she couldn't help asking him, "Dad, what's the matter with you?"

Zayne came back to his senses, waved his hand and said, "It's okay, I haven't been out for a while, and I'm not quite used to it all of a sudden."

Xion knew that Charlie had made a request to his mother and grandfather. Without his permission, Zayne should not be allowed to leave the villa for half a step. He thought that his mother and grandfather would definitely not go against Charlie's arrangement. It is estimated that during this time, father was in Aurous Hill. Really boring too long.

Kairi looked at Xion in surprise at this time, and blurted out: "Xion... Has your cultivation level improved again? Why can't Mom see your realm?"

Because Charlie gave the Elms family a little blood to save the heart pill before, Kairi's cultivation base has been upgraded to a three-star warrior some time ago.

Xion's cultivation base was also three-star before he came, so Kairi could see that Xion's cultivation base was originally.

However, seeing Xion this time, she found that she could not see through Xion's cultivation, so she guessed that she had improved.

Xion nodded earnestly and said, "Thanks to Mr. Wade, my cultivation has made some progress."

Kairi immediately said excitedly: "That's great! In addition to your grandfather, we have another four-star warrior in the Elms family! It's really gratifying! If your grandfather knows, he must be very happy!"

Xion pursed her lips and said seriously, "Mom, I'm already a five-star warrior now..."

“Five-star?!” Kairi was stunned and asked subconsciously, “Xion, you haven’t been separated from your mother for a long time, how did you get two levels in a row to become a five-star warrior?! This...this is also too fast?!”

Xion said sternly: “Mr. Wade intends to promote, so he helped me break through to the realm of five-star warriors.”

“My God...” Kairi couldn’t help but exclaimed: “Xion, to know Mr. Wade, this is really your good fortune! I can’t even dream that the Elms family can even produce a five-star warrior... I’m afraid Elms’s from the Elms family. When our ancestors were alive, they would not have dared to expect any family to reach such heights!”

Xion couldn’t help but sigh: “Yeah... My biggest wish in the past was to have the opportunity to break through to a three-star warrior in this life, but I didn’t expect it to be five-star now...”

Zayne on the side couldn’t help but feel relieved for his daughter, and then he couldn’t help asking Xion: “By the way, Xion, your mother told me, you said that charlie let us come to New York, it was a big deal. Good thing, that’s it, right?”

“No!” Xion couldn’t help but said excitedly: “The great thing I said is about my mother, and it is definitely a great thing that I can’t even think about!”

After speaking, she suddenly became anxious and said quickly, “Dad, Mom, let’s go quickly, Mr. Wade is still waiting for you in the hotel!”

Zayne hurriedly asked: “Xion, what is the good thing, tell us about it first!”

Xion said without hesitation: “This matter is completely beyond the imagination of normal people. Even if I say it now, you won’t believe it, so hurry up and see Mr. Wade first!”

Although Zayne and Kairi were a little puzzled, seeing that Xion was unwilling to reveal it, they stopped asking more and followed her to the Shangri-La Hotel.

At this time, charlie had just had a drink with Ito Yuhiko and Tanaka Hiroshi, and after the two were dizzy, they were arranged to rest first.

Ito Nanako originally thought about drinking tea and chatting with charlie on the terrace of the presidential suite facing Central Park, but after learning that Xion’s parents were arriving soon, she dismissed the idea directly. He went back to the room that charlie had arranged for him early.

Soon, charlie came to report to charlie: "Master, if Miss Xion is back, Ms Kairi and Zayne from the banks family are also here. I asked Don Albert to take them to the prepared suite."

charlie nodded and said, "Okay, I'll go over now."

After all, charlie walked quickly to the luxury suite prepared in advance, and Xion, Kairi, and Zayne had also arrived at the room at this time.

Seeing charlie coming in, Kairi quickly said respectfully, "Mr. Wade!"

charlie smiled and nodded at her, and said, "Ms Kairi, calling you from Aurous Hill in such a hurry did not delay your other arrangements?"

Kairi waved his hands hastily and said, "Mr. Wade, the Elms family will always follow your orders at all times, no matter what time or place, as long as you give your order, the Elms family will come over as soon as possible!"

charlie nodded slightly.

At this time, Zayne on the side said somewhat submissively: " Hello, Mr. Wade!"

charlie looked at Zayne and asked him with a smile, "How has Mr. banks been in Aurous Hill recently?"

"It's good!" Zayne said without hesitation, "Thank you, Mr. Wade, for your high hand, so that I can have the opportunity to live a peaceful and stable life like I am now."

charlie smiled and asked again, "Is there anything you are not satisfied with? Feel free to say anything."

Zayne shook his head like a rattle, and said repeatedly, "No, no! Absolutely not!"

charlie nodded slightly and asked him again: "By the way, do you have any contact with Mr. banks from your banks family? He is in Madagascar now, how is his life?"

Zayne laughed with some schadenfreude, and replied, "What does the old man say in Madagascar... The whole thing is pretty good... He said that he built a large piece of land and raised many wild animals unique to Africa, and he said In a few days, I plan to build a horse farm and raise some horses to play with."

charlie smiled and said, "That's not bad. If you have the opportunity, help me bring it to him."

Zayne sneered twice and thought to himself: "The old man complains about that shitty place every day in Madagascar, and I don't know how many times I have to scold you every day."

However, he said respectfully: "Definitely, definitely!"

charlie turned to look at Kairi and said seriously, "Ms Kairi, I'm asking you to come here this time, mainly because there is a new medicine, and I want you to try it for me."

Kairi heard this, and combined with her daughter to tell her that it was a great thing, she thought that charlie was going to take medicine pills for herself to improve her cultivation, so she hurriedly said, "Mr. Wade, I have something in my heart. , I don't know if I should say it or not..."

charlie smiled and said, "Ms Kairi doesn't have to be so polite, but it's okay to say it."

Kairi glanced at her empty right sleeve, and said seriously: "Mr. Wade, you don't need to waste the medicinal pills on me. In my situation, even if the cultivation level is improved, it is compared with the same rank of warriors. , the combat effectiveness is also a lot worse. The lack of an arm not only loses a quarter of the combat effectiveness, but more importantly, the coordination of the body will always be in a state of incoordination. In actual combat, it is difficult to exert enough attack. Li, if I used those elixir on me again, it would be a waste..."

Xion on the side said quickly: "Mom, the medicine that Mr. Wade asked you to try is specially designed to solve your situation! Don't refuse, just agree!"

Kairi didn't know what Xion's words meant, and thought to himself: "The lack of the right arm is a shortcoming that I can't make up for at all. What solution can Mr. Wade have to solve my situation? Maybe make my right arm grow back?"

Xion saw her mother's doubts, she wanted to tell the truth, but she was afraid that after her mother found out, her emotions would fluctuate greatly due to doubts, excitement or tension, so she said: "Mom, don't hesitate, quickly agree. Come down!"

Kairi said embarrassedly: "It's not that Mom doesn't want to obey orders, it's just that Mom doesn't want Mr. Wade to waste medicinal pills on Mom..."

At this time, charlie smiled and said, "Ms Kairi, believe me, this medicinal pill will not be wasted unless it is used on you."

After speaking, he took out an intermittent pill, handed it to Xion's hand, and said, "Xion, take Ms Kairi to the bathroom, and after Ms Kairi has soaked in the mud, give the pill to She takes it."

Xion took the intermittent pill, and was so excited that tears burst into his eyes, and said gratefully, "Thank you, Mr. Wade!"

After she finished speaking, she looked at Kairi and said with excitement, "Mom! Come and try the medicine with me!"
