

The Amazing Son In Law Chapter 5139

Kairi didn't know why her daughter let herself lie down in the bathtub, but she didn't ask any more questions when she saw that her daughter was looking forward to it.

After she soaked her body below the neck in the bathtub, Xion took out the reshaping pill and instructed, "Mom, Mr. Wade said that you will fall asleep after taking the pill, but you don't have to worry, I will always be there. I'm watching over you!" After

saying that, she put the remodeling pill that Charlie gave her into Kairi's mouth.

Kairi smiled at her daughter, and before she had time to speak, she felt that her mind went blank for a while, and she lost consciousness.

Seeing that her mother had lost consciousness, Xion stood motionless in front of the bathtub, looking forward to the moment when the miracle happened.

At the same time, Isaac Cameron and Zayne found a high-end diamond ring worth 1.3 million US dollars in Cartier's store.

This is already the best diamond ring that can be bought in this store, but in Zayne's eyes, it is still a little petty.

He couldn't help but ask the young saleswoman, "Is it only this big? Is there one that is bigger and purer?" The

Chinese saleswoman said nervously, "Sir...this is already in our store. The best diamond ring, and usually this diamond ring is not in our store. According to the company's requirements, it is on tour in many stores in New York. I just arrived at this store this morning. If you came yesterday, we The best diamond ring in the store is actually less than a fraction of this one..."

Zayne looked at the exaggeratedly large diamond ring, and said with disgust, "But yours really isn't big enough. The color is not rare enough, I am planning to propose, it is a little difficult to come up with..."

The saleswoman was stunned and couldn't help asking "Sir... I don't know what kind of diamond ring is big enough in your eyes. Rare?"

Zayne thought for a while, and said casually, "It must be a rarer blue diamond, pink diamond, or red diamond, right? The price is at least five million US dollars, at least not worth it..."

The saleswoman couldn't tell whether Zayne was telling the truth or joking, but her professionalism still drove her to explain patiently, "I'm sorry, sir, we usually don't put

these kinds of diamonds in the store. Most of the retail products here are specially customized for customers, and some are even put up for auction directly.”

Isaac Cameron on the side was not unusual for Zayne’s words, after all, it was the eldest young master of the Banks family, with a diamond ring worth millions of dollars. , certainly can’t get into his eyes.

However, Isaac Cameron also knew that the time did not allow him to be too selective, so he reminded in a low voice, “Mr. banks, our time is limited, and the objective conditions in the store are also limited. A completely satisfied ring is probably not possible, let’s buy this one first, and then go to see the suit, don’t delay the business.”

Zayne sighed, nodded and said, “Okay, then I want this one.”

After he finished speaking, he looked at the saleswoman and said, “Please help me with the checkout, I don’t need to wrap the ring, I’ll take it directly.”

The saleswoman was stunned and asked in a low voice, “Sir... ..Do you really want to buy this ring? It’s \$1.3 million...”

Zayne hummed, took out his wallet, took out an American Express Centurion Black Gold Card, and handed it to In front of the saleswoman, she said, “Hurry up and swipe the card, I have something else to do.” After

seeing this card, the saleswoman realized that the uncle in front of her was a real boss, so she quickly said respectfully, “Mr. Wait a minute, I’ll settle the bill for you...”

The Amazing Son In Law Chapter 5140

Soon, Zayne signed his name on the bill, and put the \$1.3 million diamond ring in his pocket.

Afterwards, he chose a ready-to-wear suit in Armani that could barely fit in. Although this suit was already expensive for ordinary people, it still made Zayne quite dissatisfied.

For a rich man of his level, it is an insult to wear ready-made clothes made in any brand store. Under normal circumstances, it should be the top clothing masters of these brands who come to the door in person and measure the size for him. It is completely tailored according to his figure, such a suit can really be worn.

But at the moment, the conditions are indeed limited, and Zayne is no longer entangled. After choosing the clothes, they put them on directly, and put the diamond ring in the pocket of the new suit. Only then did they rush back to the housekeeping department with Isaac Cameron.

The staff of the hotel also brought up the ninety-nine roses that were prepared. In the Chinese custom, ninety-nine means forever, and for love, it is an excellent meaning.

Fortunately, the flowers prepared by the hotel concierge are all well-known top varieties, and each flower is very fresh, delicate and flawless.

At this time, Kairi's eyelashes trembled slightly in the bathtub.

After Xion, who had never left for half a step, found out, she knew that her mother would wake up soon, so she couldn't wait to go around to the right side of the bathtub, gently stretched out her hand, followed her mother's right shoulder, and searched all the way into the mud.

Originally, Kairi's right shoulder was downward, and it was a vertically downward and uneven wound. Although her arm was cut off by the roots, due to the irregularity of the scar, the entire wound was like tree bark. It is irregular lines and folds.

Kairi usually wears long sleeves, so almost no one can see the wound of her broken arm except Xion.

And Xion, who has been careful about her mother, often touched her mother's wound when she slept with her when she was a child, and asked her with concern whether it hurt or not, so she is very familiar with her mother's wound.

But when she touched her mother's right shoulder, the vertical section like a cliff did not appear..

What I felt in my hand was my mother's round and full shoulders.

At this time, Xion's hands were shaking uncontrollably.

Then, she continued down her mother's right shoulder, and she touched her mother's upper arm, elbow, and forearm.

In the end, it was her mother's right hand that she had never seen, let alone touched!

At this moment, Xion burst into tears!

Since she was sensible, her birthday wish every year was to hope that her mother could become a normal person.

Although she knew that this kind of wish would never come true, she still couldn't help but use the most precious wishing opportunity of the year to make this wish.

But who would have thought that the most impossible wish could actually become a reality!

Excited, Xion intertwined her fingers with her mother's right hand, lifted her right hand from the mud, and clasped her mother's right hand tightly with both hands.

At this time, as if Kairi had just woken up from general anesthesia, his vision gradually became clear from blurred.

When she saw Xion in front of her, she asked lovingly, "Xion, why are you still crying?"

Xion held her mother's hand tightly, her tears couldn't stop flowing, and she choked at the same time. "I cry when I'm happy..."

Kairi didn't even notice her right hand being held tightly by her. She had broken her arm for more than 20 years and was completely accustomed to living without a right arm, so she saw her daughter cry into tears. He raised his left hand subconsciously, wanting to help Xion dry her tears.

But just when her left hand was about to touch Xion's face, she suddenly stayed on the spot as if struck by lightning.

Because, she suddenly discovered that in addition to her left hand, she also saw three hands within her line of sight.

The two belong to her daughter Xion, and the other is held tightly by Xion...

The Amazing Son In Law Chapter 5141

At this moment, Kairi only felt horrified and had a chill on her back!

She didn't know whose hand her daughter was holding, and she even felt like she was in a nightmare.

Terrified, she couldn't help but ask, "Xion...you...that hand you are holding..."

Kairi's expression suddenly froze when she asked this.

She originally wanted to ask her daughter who the hand she was holding belonged to.

However, at this moment, she suddenly felt that a nerve that had disappeared for many years was suddenly affected, and a feeling of being clenched was returned.

That feeling came from her right hand that had been cut off for more than 20 years!

Kairi is different from Ito Takehiko. Ito Takehiko just lost his legs. He has been a normal person for nearly fifty years. The sudden loss of his legs made it extremely difficult for him to adapt.

But Kairi has also been a disabled person without a right arm for half of the past fifty years. For such a long time, she has long been used to the feeling that her right arm is empty.

Now, her right arm suddenly returned, and she couldn't get used to it for a while.

However, when she was asked to subconsciously control her right arm, she could clearly feel the clear feedback from all the nervous systems in her right arm. That feeling was extremely real!

She looked at Xion terrifiedly and asked, "Xion...this...what's going on here... Mom isn't insane, right?!"

Xion hurriedly explained, "Mom! You Don't be nervous! You are not insane. This is all thanks to Mr. Wade's reshaping pill, which can regenerate severed limbs! Before you came, Ito Takehiko of the Ito family relied on Mr. Wade's reshaping pill. Both the amputated legs have completely recovered!"

Kairi was horrified when she heard Xion's words, but her rationality had already allowed her to make an accurate judgment.

She has seen the miraculous effects of charlie's pills, which can make a martial artist use a stick of incense to cross the sky that can't be crossed for decades.

Having seen this kind of miracle, and now that the severed limb is regenerated, although she is also extremely shocked, she will not question its authenticity.

Confirming that all this is a reality, Kairi was so excited that she couldn't add more. She looked at her right hand and murmured, "Since the moment my arm was cut off, I never thought that there would be a day when I could recover... "

Xion took her mother's right hand and choked up, "Mom, didn't you ask me what wishes I made on my birthday before? This is my wish... I just never thought it would come true..."

Kairi heard This was even more moved to tears.

The mother-daughter two have a very deep relationship, and since they have been dependent on each other since childhood, this relationship is much deeper than that of ordinary mothers and daughters.

And Kairi's broken arm is a very special existence for the mother and daughter.

From a practical point of view, if Kairi hadn't broken this arm, Xion would never have been born in this world.

Therefore, although the mother has lived with disability for more than 20 years, she is willing to have this broken arm in her heart, but her daughter is ashamed because of this broken arm.

How could she not know what her mother was thinking.

However, when she thought that she was exchanged by her mother with an arm, she was full of guilt towards her mother.

But now, a reshaping pill given by charlie completely untied Xion's knot, and also made up for Kairi's shortcomings for more than 20 years.

For a time, the mother and daughter were extremely relieved, and both were crying pear flowers with rain.

What the two of them didn't know was that Zayne, who had put on a suit, was already pacing back and forth in the living room nervously.

A large bouquet of bright roses was in his hands, and the diamond ring, which he was not very satisfied with, was also lying quietly in the lined pocket of his suit.

Zayne had never proposed to a woman in his life, so he was inevitably nervous.

When he married Deana, it was not because he proposed to Deana, but because Deana took the initiative to find him after bruce got married, put forward several requirements for marrying him, and said that as long as he could agree, he would do it. marry him immediately.

At that time, Zayne did not hesitate, and immediately agreed in full, and then the parents of both parties met, urgently set the wedding date, and hurriedly completed the wedding.

Due to the fast pace, there was no chance for Zayne to formally propose.

At this moment, while pacing back and forth, he silently recites the lines to propose marriage in his mind, and at the same time, he also keeps an eye on the time on the watch.

The Amazing Son In Law Chapter 5142

Seeing that the mother and daughter had been in for half an hour, he couldn't help but anxiously asked charlie, "Mr. Wade, why haven't they come out yet?"

charlie smiled slightly, "It should be soon, are you ready?"

"It's done.." Zayne replied without confidence, then wiped the sweat on his forehead, and asked charlie a little helplessly, "Mr. Wade, please ask, is the proposal on one knee? First? Send flowers or give rings first?"

charlie shook his head and said, "I don't know either."

Zayne asked subconsciously, "How could you not know... Haven't you ever been married?"

charlie said lightly, "When I got married, it is basically an arranged marriage. My wife's grandfather is the sole owner and arranges it with full authority, so there is no marriage proposal process."

After speaking, charlie asked him, "Did you and Aunt deana not propose marriage?"

Zayne embarrassedly smiled and said, "You It's an arranged marriage, I'm a contract marriage, and we are half a pound..."

charlie nodded understandingly, and said with a smile, "I think, for a marriage proposal, the first thing to do is to do the 'beg' first. So it is absolutely necessary to kneel down on one knee first, then take out the ring and ask the other party if he is willing to marry you, if the other party nods, you put the ring on the other party, and then give her the flower, if the other party refuses, you should stand up as a gentleman and prepare to exit. When

Zayne heard this, he became even more nervous and couldn't help but ask, "What if she leaves her mother and refuses me for a while... I will be placed under residential surveillance by her in the future. If she refuses me, she will look down and see you later." It's too embarrassing..."

charlie smiled and said, "I think Ms. Kairi has not been married for so many years, and she has raised Xion by herself, and even after Xion is an adult, she still takes care of Xion. Send it to you to protect you. It can be seen that you have a high weight in her heart. In other words, she should love you deeply. If you propose to someone who loves you deeply, you can still be rejected, then you have to find the reason from yourself. Zayne couldn't help but nodded, as if to cheer himself up, and muttered, "

Mr. Wade is right... So, as long as I sincerely propose to Kairi and show Kairi what I think, she should not. She will reject me, not to mention Xion is by her side, she should not reject me if she is reasonable..." After

speaking, he quickly looked at charlie again and begged, "Mr. Wade, can I ask you for a favor? thing? "

charlie said lightly, "you said.

Zayne said sincerely, "If Xion's mother promises me, I hope you will allow us to hold a simple ceremony and a few tables of banquets in the villa in Aurous Hill, and then let Zara and Xion join us! "

charlie smiled slightly and said, "If Ms. Kairi promised you today, then when I return to Aurous Hill, I will definitely hold a grand wedding for you both at Shangri-La in Aurous Hill. Then everyone in the Banks family can do as long as they want. " Come to participate, including Mr. banks who is far away in Madagascar, and Fitz who is on the pilgrimage! "
