

The Amazing Son In Law Chapter 5160 (Hero of hearts Chapter 5160)

Chloe hated Elaine for a long time. When she heard that the three women were going to be released from prison, the first thing that came to her mind was to wait for the three women to leave and everyone to return to the cell after the release. After that, he beat Elaine to death.

As for what would happen to him after Elaine told the prison guards, Chloe had completely ignored it at this time.

During this period of time, she was tortured by Elaine in an inhuman form, and she just wanted to work hard with Elaine.

The reason why I have been restrained is because I know that with these three women, it is useless to try my best.

But after waiting for the three women to leave, the desperate opportunity came!

At this time, Elaine was in a panic and fear filled her heart, and she also gave Chloe a look. When she saw that Chloe was secretly aiming at her with extremely vicious eyes, Elaine only felt a chill in her back.

At this time, Elaine could not wait to slap himself a hundred times with his big mouth.

She thought nervously in her heart, "Damn...Isn't this a finished calf? It's not...I knew that the three of them were going to be released today. Yesterday, I promised charlie that I will be released from prison today!"

"Now That's good... charlie has already greeted his friends and asked me to stay here for a few more days, so when the three of them leave, won't I die here?"

At this time, the three female warriors of Wanlong Palace There are also some concerns.

Among them, Abelone, the leader, couldn't help but said to Elaine in Chinese, "Sister Elaine, we are leaving, you must take care of yourself!"

Elaine was about to cry, and he held Abelone's hand tremblingly. He cried and said, "Abelone,Abelone, you can't leave me here, Abelone! If you just leave, what am I going to do, Abelone... Chloe and Jessica... The bastards have to strip me alive? There are also the old beauty and old Mo in other cells... They must all want to kill me..."

Abelone said helplessly, "Sister Elaine, I... I don't know either. How can I get out so soon, I still thought I had to go out later than you... When we leave, you must take care of yourself, or else you should hurry up and find a way to go out as soon as possible..."

Elaine choked, "It's too late to say anything now... ..even if I want to go out, I have to call my son-in-law first and ask my son-in-law to quickly think of a way, but you left before noon today, even if my son-in-law can get me out in the afternoon, it will be between noon and afternoon. I'm afraid I won't be able to survive for a while..."

After speaking, she looked at Abelone and said expectantly, "Abelone! Why don't you hurry up and do something wrong! Go out and hit a guard, or beat a few prisoners in front of the guard, so you can be locked up again? Abelone was stunned for a while, then shook his head and said, "

Sister Elaine... the American judicial system doesn't work that way. Even if I beat the prison guards here, it wouldn't just keep me in jail, they would definitely go first." Notify the police to arrest me, and then the police will sue me to the court, and then the court will order me to come in before I can come in... Then by the time I come in, it will probably take two days..."

"Ah? ! "Elaine was as anxious as an ant on a hot pan, and kept spinning in circles. She cried and said in her mouth, "It's finished, it's finished, this time I'm really finished!" "

Speaking, she suddenly came back to her senses and said nervously, "No, I have to go and call my good son-in-law and let him quickly find a way to save me..."

Abelone comforted her and said, "Sister Elaine, Don't worry, if you want to make a phone call, you have to wait for the release time, so let's go to dinner first! Elaine said in a panic, "

I have the heart to die now, how can I still have the mood to eat..."

After she finished speaking, she muttered to herself with tears in her eyes, "My good son-in-law, mother can. It's up to you if you can't get out alive... You must find a way to save mom..."

Chapter 5161 The Amazing Son In Law

When the dejected Elaine was absent-mindedly grabbing breakfast in the restaurant, the news that the three female soldiers in Wanlong Hall were about to be released from prison had spread throughout the Bedford Hill Correctional Institution.

Everyone knew that the reason why Elaine was able to make a fortune in Bedford Mountain was mainly because she had three Chinese women who were powerful enough to be perverted.

Now, these three women are suddenly going to be released from prison, which means that Elaine will completely lose her asylum!

As a result, many people who were suppressed, humiliated by Elaine, and even cleaned up by the three female soldiers of the Wanlong Palace, began to ignite the flame of revenge in their hearts.

Everyone was looking forward to repairing Elaine after the three people left, to see if she was still the so-called Bedford Mountain ghost.

Because of this, throughout the breakfast time, Elaine could always feel the eyes and threats from all directions.

The flustered Elaine, after breakfast, went to the playground to grab a public phone as soon as possible, got the phone, and called Charlie immediately.

After receiving Elaine's call, Charlie didn't find it strange at all, and asked with a smile, "Mom, why did you call me so early? I have already done everything you asked me to do yesterday. It is expected that the New York police will. After that, you will regain your freedom. During this time, you can have a good time in it with your new friends, and by the way, you can also accumulate some materials for the book you want to write."

Elaine suppressed the fear in his heart and blurted out, "Good son-in-law, that... you still tell them to let Mom out quickly, she doesn't want to stay here..."

Charlie pretended to be surprised and asked, "Mom, why did you suddenly think of it again? I just fought them. After greeting, I'm afraid it won't change again..."

Elaine was even more frightened when she heard this, and even her voice was a little nervous and pleaded, "Good son-in-law, please help me think of a way to let Mom go out as soon as possible, It's best to get Mom out of here before noon today! Mom really doesn't want to stay here for a minute!"

Charlie asked inexplicably, "Mom, what's wrong with you? Actually, I think your motivation for wanting to write a book yesterday was really great! When your book is finished, it will be published in China. It can also let our Chinese compatriots have a look at the unknown side of the United States, and maybe we can win an award!"

Elaine saw that Charlie actually believed her nonsense, and felt extremely annoyed, but she didn't dare to. Let Charlie know the truth, so he can only bite the bullet and say; "You also know the situation of mother, how can someone like me be able to write! If the writing is not good, wouldn't it make people laugh..."

Saying that, she couldn't wait to ask, "Good son-in-law, can you get Mom out today? Mom really can't stay for a minute! Please help Mom!"

charlie pretended to be surprised and asked Said, "Mom, what happened to you? Did you get bullied inside?"

Elaine wanted to follow charlie's words and tell him that he was indeed bullied in prison. I believe this will make charlie pay attention, hurry up Get yourself out.

But after thinking about it, in the future, I still want to rely on the stalks of the Bedford Mountains to brag to others. If I now admit that I was bullied in prison, how can I tell others vividly about my time in Bedford in the future? The legendary experience of the Hill Correctional Institution?

Thinking of this, she could only quickly explain, "Mom mainly misses you. Last night, I dreamed of Churan, so I thought I'd call you when I had a meal early this morning. Go out early, you can see Churan sooner if you go out early..."

charlie thought for a moment, and said with some embarrassment, "Mom, I will definitely help you with this matter, but I'm not sure if it can be done, in case it happens today. If you don't come, you will have to work hard and persevere, and I will try my best to let you come out tomorrow and the day after."

Chapter 5162 The Amazing Son In Law

Elaine said nervously, "Good son-in-law, you won't be in a hurry tomorrow or the day after tomorrow! Think of a way and see how you can make me come out today. Just go out..."

charlie hummed, and said, "I'll call my friend to ask, wait for my news first."

Elaine hurriedly said, "Good son-in-law, then I'll call you at noon! You must help mom. Find a relationship!"

"Okay." charlie deliberately wanted Elaine to be nervous, and reminded, "Mom, I'm still saying that, you just told me yesterday that you don't want to come out for the time being, but now you suddenly told me that you want to come out today, I really can't guarantee 100% that it will work."

Elaine was extremely annoyed at this time, but she also knew that her request was too sudden, and it might be really difficult for charlie to fish out before noon. Go, after all, from now on, there are only four hours left until lunch.

Thinking of the urgency of time, Elaine's heart immediately became uneasy, but now she could only tell charlie, "Good son-in-law, you must do your best!"

After speaking, Elaine thought to herself, "If you can't figure it out at noon, I'll call charlie again during the lunch break, and then I won't care about my face, crying and begging him to let him find a way to take me away..."

After hanging up the phone, Elaine walked through the playground in a panic. , go to the three female soldiers of Wanlong Hall. This time, no one of the other prisoners who passed by will call her Sister Elaine respectfully. Everyone looks at her with a smile that is not a smile. , The three Wanlong Palace female soldiers have not been released from prison, so everyone does not dare to directly trouble Elaine.

At this time, Elaine came to the three Wanlong Palace female soldiers and said worriedly, "You haven't left yet, the eyes of these people looking at me are not quite right, if you leave, what can I do... "..."

Abelone, headed by the leader, hurriedly suggested to her, "Sister Elaine, then you have to find a way to get out! It's difficult for the prison guards to guarantee your safety 100% here, not to mention Chloe and Jesse. Ka is eyeing you."

Elaine nodded again and again, "I've already called my son-in-law, but I don't know if he can get me out as soon as possible..."

After speaking, she asked Abelone, "Abelone, can you teach me? I have a little self-defense, in that case, in case anyone troubles me, I at least have the ability to protect myself."

Abelone said embarrassedly, "Sister Elaine, I can teach you, but you can't learn it this morning. You have to know it... and even if you learn it, it's hard to take advantage of Chloe and Jessica at your age."

"Then what to do..." Elaine was so flustered, she suddenly thought of something, and hurriedly said to Abelone, "Abelone, why don't you do this! Don't you want to go back and start packing your personal belongings later? Why don't you take advantage of this? At this opportunity, find a reason and an excuse to repair them severely! It's better to break their legs, so that they will definitely not be able to do anything to me!"

Abelone was stunned, if Elaine made this request yesterday, and he must have done it immediately without saying a word. After all, this is the task given to him by the palace master.

However, things are different now.

Abbas had told them a long time ago that under normal circumstances, they would protect Elaine at Bedford Hill Correctional Institution until Elaine was released from prison, and they had to obey Elaine.

But if they were released early, the signal would mean an emergency termination of the mission.

And once the mission is terminated urgently, they must no longer actively interfere with Elaine's situation!

So Abelone said embarrassedly, "I'm sorry, Sister Elaine, although we got along pretty well during this time, we are not your bodyguards, not to mention, we are finally going to be released, what should we say in this situation? You can't continue to cause trouble, so from now on, you're on your own."
