

The Amazing Son In Law Chapter 5246 -

“Understood.” Abbas explained, “Their registration information is very formal, so the information of the ships can also be found. It just so happens that Yisu Shipping also has ships passing through the east of Cyprus to Turkey, and there are also returning ships. I have been monitoring the nautical radar data of these ships. On the nautical radar, I found the position information of this ship. This ship set off from Iskenderun Port more than six hours ago, and now it has traveled almost halfway. Yes, we will arrive in Limassol in more than three hours.”

“Okay.” Charlie nodded slightly, and asked again, “Is the speedboat prepared for me ready?”

“Ready.” Abbas said. “According to your request, we have prepared a speedboat equipped with six Mercury outboard motors, with a maximum speed of 120 kilometers per hour.”

charlie immediately said, “Take me there now!”

Abbas drove with him charlie came to a deserted coastline.

At this time, a large modified pickup was parked on the beach. The rear of the pickup was facing the direction of the sea, and a six- to seven-meter-long thing wrapped in a black tarpaulin was attached to the back with a trailer.

Abbas lifted the tarpaulin, and a streamlined speedboat came into view.

Immediately, Abbas asked charlie, “Mr. Wade, do you want my subordinates to go with you?”

charlie waved his hand, “I can go by myself. You can take the helicopter to board the ship to meet other people later. Listen to my orders.”

Abbas nodded, took out a backpack from the cabin, and said to charlie, “Mr. Wade, everything you want me to prepare is ready, and the satellite communicator is also inside.”

“Okay !” charlie jumped into the boat, familiarized himself with the operation of this speedboat, and said to Abbas, “Abbas, go and dump the boat into the sea.”

“Okay, Mr. Wade!”

Abbas drove the pickup truck, and slowly dumped the tugboat frame behind him into the sea.

As the speedboat entered the water, the entire ship floated.

charlie started the engine, and Abbas's voice came from the communicator, saying, "Mr. Wade, you can reach the ship's route by driving 130 kilometers according to the 320 bearing. If there are no problems, you should He can arrive at the designated location half an hour earlier."

"Okay." charlie said to Abbas through the communicator, "

Abbas, we will see you in Cyprus." After that, he steered the speedboat into the sea, and then turned 180 degrees on the sea surface , sailed into the vast Mediterranean Sea.

After more than an hour, charlie had already arrived at the designated location on the route map.

After he stopped the speedboat about one nautical mile off the course, he opened the package Abbas had prepared for himself, and took out a waterproof black night suit from it.

Afterwards, he changed into night clothes, turned off the engine of the speedboat, and even turned off the navigation radar on the ship.

In the satellite communicator, the voice of Abbas came at this time, "Mr. Wade, that ship is less than 20 nautical miles away from you. We will monitor its position in real time and report to you in time."

About 20 A few minutes later, charlie could already see the lights of the freighter on the sea level.

After confirming with Abbas that this ship was exactly the one he was looking for, he carried his waterproof backpack, locked the buckle in the middle of the two straps, and stared at the ship that was getting closer. freighter.

When the opponent was less than two nautical miles away from him, charlie used a soul-piercing blade to cut off the speedboat decisively. When the speedboat sank into the sea, he injected spiritual energy into his feet, and used the spiritual energy to blow his whole body under his feet. People stand up above the sea.

Immediately afterwards, he galloped towards the moving freighter like walking on flat ground on the sea!

The Amazing Son In Law Chapter 5247 -

At this time, the freighter with less than 10,000 tons was sailing at full speed on the sea.

The noise and ups and downs of the ship's sailing made them completely unaware that on their left side, above the sea, a black shadow was rushing towards them quickly.

And this black shadow is charlie.

Because of the aura, at this moment, under his feet, it was like stepping on two invisible air cushions, and the soles of his feet were always about ten centimeters away from the water surface.

Every time charlie stepped on the waves, there would be a splash of water under his feet. If it was in the daytime, not only would it be very eye-catching, but once it was seen by others, his jaw might drop in shock.

However, the sea surface was pitch black at this time, and he was dressed in black, making him look like a ghost. Even enemies with a keen sense of smell didn't notice anything unusual.

As the distance from the ship got closer, charlie could even see a few sentries with live ammunition standing on the deck and the fence of the bridge.

Like most freighters, although the tonnage of this freighter is not very large, the structure is also that the cargo warehouse is at the front and middle of the ship, and the entire bridge is at the stern.

The bridge building is the superstructure of the freighter, where the wheelhouse that controls the operation of the ship and the living areas of the crew are all concentrated here.

At this time, there were six sentinels on board, two of them were at the bow, two were on both sides of the ship in the middle, and two were on the outer platform of the highest level of the bridge.

Since there were no other ships visible to the naked eye in the nearby waters, these sentries were somewhat relaxed, but they just stood routinely, and the two at the stern even got together and smoked.

charlie thought about it, and chose to board the ship at the stern. Although most of the other party's personnel were concentrated here, the environment here was the noisiest because the engines and propellers of the entire ship were also at the stern. , even if the opponent has martial arts masters, he is not afraid that the opponent will notice it.

The two sentinels smoking at the stern did not notice that the black shadow approached the hull under their noses, jumped up from the sea, and climbed directly to the left side of the bridge.

After charlie searched with spiritual energy, he found that there were fifteen people in the entire four-story bridge building.

In addition to the two sentinels on the top floor, there are three other people in the cockpit. Of the remaining ten people, eight are on the third floor and two are on the second floor.

In addition, there were four other people in the engine room below the bridge.

charlie speculated that the three people in the cockpit and the four people in the engine room should all be staff responsible for the operation of the ship. The captain may be one of the three people in the cockpit, but the supreme commander on this ship must be Not listed here.

As for the real commander, it should be among the ten people on the second and third floors.

Therefore, charlie concentrated his aura on the second and third floors, and conducted a more detailed investigation on these ten people.

It didn't matter, he immediately found that the eight people on the second floor were distributed in four small rooms, and one room for two felt like a crew dormitory.

The room where the two people lived on the third floor was much larger, and the area of one room was equivalent to three crew quarters.

What charlie didn't expect was that the two people on the third floor were clinging to each other at this moment, doing intense movements profusely sweating.

charlie thought to himself, "Take a boat on a mission, and you can still do things on the boat. I think the supreme commander of this boat must be one of them!"

So he jumped in from the railing on the third floor and sneaked into the room. The three-story rest area in the bridge building.

The area inside the bridge building is very large. On the third floor, besides the large room where two people are having a good time, there is also a large meeting room, a dining room and a bathroom.

charlie skipped these few empty rooms, and when he came to the door of the innermost room, the two people inside had just finished fighting.

At this time, I heard a rustle of clothes being put on inside, and then I heard a man smile and say, "Wait for me, I'll go to the cockpit to take a look.

" There was the sound of a kiss, and then there was a sound of footsteps approaching the door from far to near.

charlie held the Soul Piercing Blade in the palm of his right hand and waited for it. The moment the door opened inward, he saw a middle-aged man flashing out from the door. Before the other party could react, charlie rushed in at an extremely fast speed. , strangled the opponent's neck with his left hand, and then closed the door with his foot.

The opponent's strength is already at the Great Perfection of Ming Realm, and seeing charlie kill him in an instant, he subconsciously wants to attack with both hands.

However, before he could react, charlie directly sealed the consciousness of the man in front of him with a trace of aura, making him unable to control his body at all, just like Chen , the war king of Wanlong Palace back then.

Before the man figured out what happened, his consciousness was completely imprisoned, his body stood still, and he couldn't even move his eyelids.

After this person is settled, charlie intends to do the same, and then control the woman inside, and then come to interrogate him.

At this time, because there was a nearly two-meter-long corridor inside the door of the room, the woman in the room didn't know what happened.

But when charlie stepped into the room, he suddenly found that the person sitting by the bed and arranging his clothes at this time turned out to be an old man in his fifties or sixties!

Seeing a man in black break into the room, the old man was startled, and he reached out to grab the pistol by the bedside!

What charlie didn't expect was that the old man's movements were extremely fast, and he held the pistol in his right hand in an instant.

However, although his speed is fast, it is far from charlie's fast!

charlie saw that he was holding the gun in his hand, his right hand shook suddenly, and a soul piercing blade shot out instantly!

With a click, the old man's pistol was cut off from the side.

The old man was startled by the severed pistol, his pupils shrank suddenly, and he was about to attack charlie directly, but he didn't expect charlie to appear in front of him suddenly and grabbed his neck.

The old man was not a fuel-efficient lamp either. He grabbed charlie's wrist with both hands and tried his best to resist desperately.

charlie didn't hide, but gathered his spiritual energy on his wrist, strangled his neck tightly, and said with a sneer, "I thought the guy with the Great Perfection of Light outside was the strongest here, but I didn't expect you to be a secret A master of the Third Heaven Realm! Come, let me see how capable you are!"

The Amazing Son In Law Chapter 5248 -

Among the ranks of warriors, except for the level of the Ming Realm, which is divided according to the number of meridians opened up, the Dark Realm, Transformation Realm, and Grandmaster Realm are all It is divided into one to nine heavens.

Abbas, who just stepped into the dark realm, is still at the most basic level of the first layer of the dark realm.

However, this old guy has already reached the third level of darkness.

With his strength, if Abbas were in front of him today, he would definitely not be able to survive three moves.

And the old man didn't expect that charlie's strength was so strong that he had no ability to resist at all in front of him, so he struggled and asked, "You... who are you?!"

charlie didn't answer his question, just sneered, and sarcastically said, "You don't care who I am, but you, at such an age, have a f*cking special taste!"

The old man's expression was suddenly horrified, and he asked nervously, "You...you...you are so young, how can you tell that I am a dark realm? ! Are you also a dark master? ! "

charlie smiled and said, "In my eyes, the dark realm is not a master. "

As he said, charlie searched his dantian with spiritual energy, frowned and said, "You've been in the dark, and there's still poison in your body. The

old man asked him dumbfounded, "You... how did you see it?" ! "

charlie frowned even tighter, and said coldly, "Not only can I see the poison in your body, but I can also see that the poison in your body is different from those dead men and knights. It is highly toxic, and the toxicity is more violent. After that, charlie stared at him, and said sharply, "

I'll give you a chance to tell the truth. If you can't grasp it, then I will use my method." "

The old man calmed down a little, looked at charlie, and asked, "If I'm not mistaken, you must be the one who killed all of our Xiaoqi guards in Bergen, Northern Europe?"

charlie asked with great interest, "Why, You have already guessed that someone has killed all the Xiaoqi guards?" The

old man shook his head, and said, "The higher-ups think that the Nordic side had planned and set a trap in advance, but seeing your strength, I heard you mention the dead soldiers and Xiaoqi. Wei, I guessed that it should be related to your Excellency."

Then, the old man said again, "In New York some time ago, we had dozens of dead men disappear, so it must have something to do with you?"

charlie looked at the old man and raised his eyebrows Said, "It seems that you are very smart." The

old man laughed "It's not smart, it's just that I have always doubted these two things in my heart. When I saw you today, I felt a sudden enlightenment. Your power is unpredictable, which is exactly in line with these two things."

Said At this point, the old man asked charlie, "Your Excellency suddenly appeared here, the target should not be my old bones, but the place I'm going to?"

charlie also nodded calmly, and said, "That's right, since you If you are a smart person, then let's open the skylight and tell the truth, what do I ask, what do you answer, don't hide anything, otherwise, I have ten thousand ways to make your life worse than death." The

old man bit his dentures, his eyes were firm He said, "I know your strength is far above me, and it is easy to kill me, but if you want me to tell the truth, you must promise that you will spare my life, otherwise, I will bite my fangs and kill myself now!"

charlie smiled, and said playfully, "Crush your fangs? Some of you dead men in New York have done this before, but even if he gnaws his fangs, I can still keep him alive." The

old man chuckled and said Said: "Your Excellency also said just now that the poison in my body is different from theirs. Your Excellency is right, it is indeed different, and not only the poison in my body is different, but the venom in my fangs is also different. Once crushed, even Da Luo Jinxian can't save it."

charlie asked him with a smile, "Is it really so powerful?" The

old man said with a burning gaze, "If you don't believe me, you can try it, but if I die , you won't get any information."

charlie sighed, shook his head and said, "You old bastard, not only perverted, but also overconfident, do you think I have no other way to make you speak?" The

old man thought he had already grasped it After leaving charlie, he said with a stern attitude, "Before you do anything, I would like to remind you that I am the only special envoy on this ship. If you want to learn more about the situation in Cyprus and Turkey, I am the only one." can answer for you;"

Speaking of this, he snorted and said arrogantly, "If I die, the branch of the organization in Turkey will immediately cut off all ties with the Cyprus copper mine and start the self-destruction of the copper mine. In that case, the entire Cyprus copper mine will be destroyed." Everyone will die without a place to die! At that time, the clues that you have worked so hard to trace will be completely broken!"

charlie raised his eyebrows, and said with a smile, "You are really good at acting." The

old man sneered Said, "everything I said is true, if you don't believe it, then kill me and try it!"

"Okay, then try it." After charlie finished speaking, he sneered, and a spiritual energy shot into the old man's brain from his hand, Then, he said in an orderly tone, "From now on, your mission is to

obey me without any reservations, do you understand?" Resolutely, looked at charlie, and said word by word, "I understand!"
