

# The Amazing Son In Law Chapter 5529

The fist of an eight-star warrior is as strong as a fully loaded heavy truck.

When all the surging power is concentrated on the face of the fist composed of four fingers, this kind of wind is even more frightening!

Not to mention that charlie could clearly feel the strong impact of the strong wind, even Xyla, who was two meters away, could clearly feel a surge similar to a hurricane blowing his face. At this moment, Xyla's heart was in a ball, and she couldn't hide her panic and blurted out,

"Master Wade, be careful!"

The six viscera were all in pain from the shock of the huge impact.

Dr. Simmons inside heard his granddaughter yelling, and he didn't care about charlie's order to wait behind, so he ran out anxiously to see what happened.

However, when both the grandfather and grandson looked at charlie and Hong Changqing, they found that they were still at this moment.

Hong Changqing's face was ferocious, and his right fist hit charlie's face hard.

charlie, on the other hand, looked indifferent, just stretched out a middle finger in his right hand, and easily blocked Hong Changqing's fist in front of him.

Hong Changqing's expression also changed from murderous and ferocious at this time, to bewildered, bewildered, panicked, and horrified...

He couldn't believe it. It is easy to resist with a middle finger!

And the middle finger gesture is a universal body language. Seeing this gesture is equivalent to hearing the other person saying f\*ck you, f\*ck you, or you are an idiot.

However, despite his ever-changing expressions, the only thing he couldn't change back to was the previous arrogance and arrogance.

As charlie's smile became more playful, his heart became more fearful.

At this moment, he swallowed hard to moisten his dry and sore throat due to tension.

Afterwards, he murmured subconsciously, "How is this possible...how is this possible...I am an eight-star warrior...an eight-star warrior..." After finishing speaking, he suddenly

raised his head and looked at charlie in fear, "You ...Who are you..."

charlie smiled, "In the past, when people asked me this question, I usually told him that I was someone he couldn't afford."

Hong Changqing asked subconsciously, "Then... ..Then what about now..."

charlie sneered with disdain on his face, "Now I'm someone you can't afford to offend, so why ask?"

## **The Amazing Son In Law Chapter 5530 -**

Hong Changqing realized that he was being tricked by charlie again, but at this moment, even if he was charlie was playing tricks, and there was no anger in his heart, only fear.

Because Hong Changqing has deeply realized that charlie's strength is no longer in the same rank as him, not even in the same world.

The ancients said that the gnat may shake the tree, which perfectly interprets his mood at this time.

Hong Changqing took a step back subconsciously, like a three-year-old child who has made a mistake, and said in fear, "I don't know Taishan, I offended Master Wade... I hope Master Wade will be merciful..." charlie looked at Hong Changqing and said

calmly "Come on, I'll give you a chance to ask your question again."

Hong Changqing was stunned for a moment, then quickly bowed and said, "Master Wade, I am like an ant in front of you, how dare I commit an offense and ask you about your identity?" ..."

charlie smiled and said, "Look, when you are not given a chance, you just try to act forcefully, but when you are given a chance, you are timid again, it's useless, Hong Tianshi." Hong Changqing was frightened all over

. Trembling, he knelt on the ground with a thud, and said in a flustered trembling voice, "Master Wade calm down...I really dare not be presumptuous in front of you..."

charlie smiled and said calmly, "I heard that you came to Aurous Hill to find Clues to Rejuvenation Pill?"

Hong Changqing's heart skipped a beat after hearing this!

At this moment, he finally understood, "It turns out that I have been targeted by this Master Wade for a long time... I naively thought that I had set up a trap for Dr. Simmons, but I didn't expect that I was put into a trap by this Master Wade instead!"

At the same time, he couldn't help but wonder in his heart, "Few people know about the fact that I came to retrieve! Except for the people in the An family, only Stefanie sun who brought the magic medicine to save An Qishan in the An family that day... Could it be this Charlie, do you know them?!"

Thinking of this, a flash of lightning suddenly struck Hong Changqing's mind, he suddenly realized, and tremblingly said, "Master Wade...you...you are the one who made the Rejuvenation Pill?!"

The corner of charlie's

mouth Hearing

this, Hong Changqing bowed his head and said with great reverence, "Hong Changqing, the thirty-ninth generation descendant of Taizhen Dao, pays homage to his master!"

charlie curled his lips, "I am not one of your sects !" A person, let alone a guru."

Hong Changqing was amazed, "You...you are not from the Taoist sect?! But...but the art of alchemy is the secret of the Taoist sect! You can refine the magic medicine like Huichun Pill , must have won the Taoist true biography, how could you not be a Taoist..."

charlie snorted, "Alchemy is not a Taoist patent, who said that only Taoists can refine it? What's more, although you are a Taoist, you Is the alchemy you made reliable? If it is reliable, I'm afraid I won't be able to save the old man of An's family that day, right?" Hong Changqing was ashamed, bowed his head and confessed, "

Master Wade's words are very true, sit down and watch the sky , but I don't know that there is a higher and wider world outside the door, and I still look at Master Wade Haihan..." Ye

Charlie nodded, "Don't say, although you are not young, this attitude of admitting mistakes is quite good."

Hong Changqing's old face was embarrassed His body was hot and red, but he could only keep saying, "The sage said, knowing your mistakes can make a big difference.

## **The Amazing Son In Law Chapter 5531 -**

I have little talent and little learning, but I don't know how to deal with the axe. If I don't have a correct attitude now, how can I be merciful to Master Wade..." charlie smiled and said, "Don't play tricks on me

here, I didn't Said to show mercy to you. "

"Yes yes yes..." Hong Changqing nodded like a pest, and said respectfully, "I have no eyesight and provoke Master Wade first. No matter how Master Wade punishes this subordinate, I dare not be dissatisfied..."

Charlie Smiling slightly, he nodded and said, "Okay, what you say is good, then it's time to see the actual action, where is the medicine cauldron you used as a bet? take it out. "

Hong Changqing was stunned. At this moment, he was struggling to die.

Seeing his hesitation, charlie snorted and said, "What's the matter? At this time, can't you be willing to admit defeat? "

Hong Changqing shuddered violently!

At this time, he finally realized a reality, that is, his life is in danger now, what's the use of guarding that medicine cauldron

? He untied the cloth bag, held it in front of charlie with respectful hands, and said humbly, "Master Wade, this is a medicinal cauldron that has been passed down for nearly a thousand years, and I wish to give it to Master Wade as an apology! "

charlie didn't take the cloth bag, but looked at him with interest, and asked, "Do you really want to give it to me?" "

Hong Changqing gritted his teeth, and said respectfully, "Yes, I really want to give it to Master Wade!"

charlie asked him with a smile, "Is it true? " Hong Changqing nodded, "

It's true!"

charlie asked again, "You don't regret it? " "

Although Hong Changqing's heart hurts like a fountain of blood, he still nodded his head heavily, "No...no regrets! "

charlie smiled in satisfaction, "Since you are so sure, then I will reluctantly accept it!" "

When charlie said that it was difficult to accept it, Hong Changqing felt that his blood was about to bleed dry.

This medicinal cauldron was passed down by the ancestors of Taizhen Dao. For hundreds of thousands of years, dozens of patriarchs of Taizhen Dao have used this medicinal cauldron to make alchemy.

Seeing that the treasure of the Zhenpai, which has been handed down for thousands of years, was taken away by charlie, Hong Changqing felt that after his death, he would have no face to see the ancestors who were too true.

But right now he has no room for turning around, this thing has already been in charlie's hands, he can't beat it, say it, or scold it, his whole body is completely crushed in front of charlie.

Therefore, Hong Changqing's current thinking is that if he can save his life in this Serene Medical Clinic tonight, it will be considered as the blessing of the patriarch, and the grave of the patriarch is smoking, so how can he have the heart to get back the medicine cauldron.

## **The Amazing Son In Law Chapter 5532 -**

So, he could only smile, and respectfully said, "Master Wade, just take it, this medicine cauldron will be yours from now on..."

charlie nodded, and while untying the cloth pocket, he revealed the bronze pot inside. Three-legged tripod, while looking at Hong Changqing, said, "You promised yourself, I'm not cheating on you, right

?

" You are voluntary, right?"

Hong Changqing nodded, letting his tears fall on the ground, and kept saying, "It's voluntary, it's voluntary..."

charlie nodded in satisfaction, "It's voluntary."

As he spoke, he took out the three-legged medicinal cauldron from the cloth pocket.

As the three-legged medicinal cauldron was taken out, there was also a faint smell of medicinal materials.

charlie looked at the medicine cauldron in front of him, and couldn't help but sigh that this thing is indeed very exquisitely made. The shape of the vessel is simple and elegant, and the lines are round, which makes people feel pleasing to the eye, and everything is so well-proportioned.

Moreover, the whole body of this thing is shiny and extremely smooth, and it feels very smooth to the touch. I don't know if it's because the material is good, or because Taizhendao and the patriarchs made it well.

However, charlie didn't think there was anything special about this medicinal cauldron. After all, he had seen a lot of antiques. If you want to say that the ancient copper and bronze wares are more elegant than this medicinal cauldron, I'm afraid they can't count them all. Those bronze wares known as national treasures are not one in a million.

Just when charlie thought that this was most likely an ancient souvenir, he subconsciously poured a little spiritual energy into it to test it. This test didn't matter, he just felt the medicine cauldron humming and shaking in his hand!

However, the other people around him did not notice the change in the medicine cauldron.

Immediately afterwards, charlie realized that inside the medicine cauldron, there was an extremely complicated formation, just like his own soul piercing blade and thunderbolt, all formations were stored in the magic weapon, and the formation was activated by aura method to achieve the effect of the formation.

charlie didn't know what kind of formation was in this medicine cauldron, but he felt that the rotation speed was astonishingly fast, as if it was specially used to condense some kind of material.

Combined with this thing, it looks like a medicine cauldron for refining medicine, so he immediately came to the conclusion that it should be a special magic weapon for refining medicine with spiritual energy!

At this moment, charlie's heart suddenly surged with excitement.

Before refining medicine, he used spiritual energy to condense medicinal materials directly. The reason why he didn't use any utensils was because the strength of ordinary utensils simply couldn't bear the temperature of aura when refining medicinal materials for a long time.

Moreover, according to the "Jiuxuan Tianjing", although the medicine cauldron has no offensive power, it is considered to be relatively difficult in the magic weapon, and the internal formation of the medicine cauldron of this magic weapon level can With the blessing of aura, the efficacy of medicinal materials can be better refined, and even achieve the effect of sublimation.

In other words, if charlie took the materials of Rejuvenation Pill and refined them with spiritual energy, what he would produce would be ordinary Rejuvenation Pill, but if he put the medicinal materials into this medicine cauldron to refine it, what would be refined would be Rejuvenation Pill.

The efficacy of Huichun Pill must be stronger than Huichun Pill, but how much stronger depends on the rank of the medicine cauldron itself.

## **The Amazing Son In Law Chapter 5533 -**

Refining medicine, in some respects, is very similar to iron smelting.

If it's just refining medicine with spiritual energy, it's like the ancients smelting iron. Although high-calorie charcoal is used with a bellows, it can barely reach the temperature required for iron smelting, but because the temperature is not enough, the quality of the smelted iron is below the high temperature of modern industry. In front of the blast furnace, it was still a lot worse.

And this medicine cauldron is equivalent to a blast furnace in modern iron smelting!

The same iron ore, if the most primitive method is used, can only make some swords, but if it is smelted from modern blast furnaces, it can be used to make aircraft, cannons, and even aircraft carriers.

Moreover, to make alchemy with bare hands, you can only refine some low-grade pills. Once you reach the middle and high grades, you must have a medicine cauldron to refine them. Therefore, this thing is also of great significance to charlie's future development!

At this time, charlie was naturally very happy.

However, he was also a little curious. This Hong Changqing was just a Taoist priest who practiced martial arts and had no aura at all. How could he use this medicine cauldron to refine medicine?

Thinking of this, charlie couldn't help asking, "Master Hong, I'm curious to ask you, what do you usually use this thing for?"

Hong Changqing's eyes stared straight at the medicine cauldron, Eyes full of reluctance and pain, he muttered in his mouth, "I usually use this medicine cauldron to make some decoctions, or elixir for beginners.

" How do you use this medicine cauldron?"

Hong Changqing explained, "It is to add some charcoal fire to the bottom of the medicine cauldron, then pour the medicinal materials and water into the medicine

cauldron, and boil it with a slow fire...in fact, it is like cooking in a casserole. Chinese medicine is the same principle..."

"Use charcoal fire?" charlie was stunned, and flipped over the three-legged medicine cauldron, and sure enough, he saw traces of being blackened by charcoal fire at the bottom, and it seemed that it was no longer smoked by charcoal fire. Years, decades, maybe even centuries.

charlie couldn't help thinking to himself, "Damn it, Taizhen said this Helping a foolish Taoist priest to burn a magic weapon with charcoal fire is really reckless!"

Thinking of this, charlie asked again, "Could it be that your too-true patriarchs all use this medicinal cauldron with charcoal fire to make alchemy?"

"Yes. "Hong Changqing said subconsciously," the medicine cauldron was originally used in this way. If this medicinal material is boiled with fire without adding water, how can there be any other way to refine it into an elixir? Is it possible to use the three flavors mentioned in the myth to be really hot?"

charlie couldn't help laughing.

It seems that Taizhen Dao got this medicine cauldron by accident, and he didn't know how to use it. From

this, it can be seen that Taizhen Dao has a history of thousands of years. There are so many generations, no one can master the spiritual energy, it is indeed a bit sad to think about it.

However, charlie couldn't help but wonder in his heart, "Since so many people in Taizhen Dao don't know the actual usage of this medicine cauldron, why did they use this medicine cauldron to use it?" Is the medicine cauldron regarded as the treasure of the town school? Thinking of this

, charlie deliberately asked Hong Changqing, "What's the difference between a medicine cauldron like yours and the casserole used by ordinary people to cook medicine?" You say it is beautiful, it is not extremely beautiful in the copper ware, you say it has other cultural value, there is not even a model on it, even if it is old, it cannot be sold at a high price, why do you still treat it as a town treasure? Is there any secret in it that outsiders don't know?"

"This..." Hong Changqing didn't want to say it at first, because it was the secret of the sect

after all. Mystery... I might as well have a real relationship with this bastard surnamed wade, maybe I can get some preferential treatment from him..."

Thinking of this, he immediately blurted out, “Master Wade, the magical power of this medicine cauldron The advantage is not simply to cook medicine! What’s more, you take the same prescription, the same medicinal materials, and the same amount of medicine, and boil it together with other vessels. The medicine cooked with it will be more effective than medicine cooked in other vessels , Make a strong move! “
