

The Amazing Son In Law Chapter 5541 -

Hearing charlie's words, Hong Changqing felt as if struck by lightning, and was speechless in a daze.

After a long while, he asked charlie with an expression of disbelief, "...Master Wade...this... this pill can make me enter the Great Consummation of the Ming Realm?!"

charlie nodded and said lightly, "Based on your present The effect of this pill is enough to allow you to achieve a breakthrough."

Hong Changqing still couldn't believe it, and asked in surprise, "What kind of pill is this, it can be so magical?"

charlie smiled and said, "This is blood scattering. You should have seen the Heart-saving Pill."

Hong Changqing asked in horror, "Master Wade... this... this is... the blood-scattering and heart-saving pill that saved your grandfather that day? This medicine is called a panacea. Are you really going to give it to me?!"

On that day, Hong Changqing settled down at home and witnessed the power of Sanxue Jiuxin Pill to bring the dead back to life.

After all, he has taken the life-extending pill of the master, and he has also seen the huge difference between the life-sustaining pill and the Sanxue Jiuxin pill that Mr. An took.

Therefore, he knew very well in his heart that the strength of the Scattering Blood Rescue Heart Pill might be ten or dozens of times stronger than his master's Life-Extending Pill.

And this is also the biggest driving force for him to travel thousands of miles to Aurous Hill.

But he never thought that the first time he met charlie, charlie would simply give him such a precious elixir, and the last second because he set up a trick for Dr. Simmons, and He was caught by charlie.

So, he tentatively asked nervously, "Master Wade...why did you send such a valuable elixir to

your subordinates ?" Let's take this pill as a gift from me."

Hong Changqing was apprehensive, but he found that Charlie's expression was serious, and he didn't seem to be joking with him, so he became very excited again.

This blood-dispersing and heart-saving pill is of great significance to him.

In the past two hundred years of Taizhen Dao, no one has been able to break through the eight-star martial artist and enter the Great Perfection of the Bright Realm, let alone step into the Dark Realm.

Therefore, he also once thought that he might be the same as the masters, and he would not be able to enter the Ming Realm Dzogchen in this life.

But now, Charlie told him that he only needed such an elixir to achieve a breakthrough, which made him ecstatic!

So, he took the elixir respectfully with both hands, and said in an extremely reverent tone, "Master Wade, your great kindness, I will never forget it!"

Charlie waved his hand slightly, and said, "Okay, you don't have to." Be polite to me here, hurry up and take the elixir and go back to the place where you live and concentrate on breaking through. After the breakthrough, come to Serene Medical Clinic to find Miracle Doctor Shi and report to Shi Miracle Doctor." The reason why Hong Changqing was asked to come to Serene Medical Clinic to report to Dr. Simmons is

that To put him under Dr. Simmons for the time being, on the one hand, it would frustrate Hong Changqing's eight-star martial artist, and on the other hand, it would also give Dr. Simmons a step up.

Hong Changqing also knew that Charlie had his own considerations, so he immediately said without hesitation, "My subordinates obey!"

Immediately, he looked at Dr. Simmons very ashamedly, and said, "Shi Miracle Doctor, the previous competitions were just a little trick of my subordinates. , your medical skills are definitely far superior to that of Hong. My previous behavior is really out of line, and I hope you don't see me like me!"

Dr. Simmons said quickly, "Master Hong, you are welcome. We are friends, so there is no need to mention the previous things."

Seeing Dr. Simmons's generosity, Hong Changqing quickly bowed and said, "Master Simmons, Hong will stay in Aurous Hill in the future. If you need me for anything Help, you can contact me at any time."

"No problem!" Dr. Simmons said, nodding politely.

Hong Changqing turned around and looked at charlie again, bowed and said, "Master Wade, if you have no other orders for the time being, the subordinates will go back to the hotel for retreat first."

charlie nodded, "Go, if there is anything new about my grandma Trends, remember to report to me as soon as possible."

"Subordinates understand!" Hong Changqing nodded heavily, and then left Serene Medical Clinic gratefully.

After Hong Changqing left, Dr. Simmons finally breathed a sigh of relief, and couldn't help sighing, "Thanks to Master Wade, you showed up in time, otherwise, my Serene Medical Clinic will be deceived by this Hong Tianshi." charlie smiled and said, "No

problem Yes, even if he is really cheated, I can get it back for you."

After that, charlie said again, "Serene Medical Clinic is set up by Hong Changqing once, and its reputation and popularity will definitely be affected a little, but the more this In such a situation, it is impossible to explain it to the public, otherwise there will be a possibility that the description will become darker and darker, so Doctor Simmons will pretend to be stupid about this matter next time. No matter who asks, he will ask three questions, so as not to be caught If you catch the pigtails, the memory of the public will last for a week at most. As long as you survive this week, this matter will be considered a turning point. Once the turn is over, you must regain the lost word of mouth and popularity as soon as possible." Dr. Simmons said without

hesitation Said, "Master Wade, don't worry, I will go all out to restore the reputation and popularity of Serene Medical Clinic as soon as possible."

Xyla was also very happy, and excitedly took charlie's arm, shaking it while shaking it. He smiled and said, "Great! I don't have to leave Aurous Hill at last! Thank you, Master Wade! It's all up to you to help me and my grandfather turn the tide!"

charlie smiled slightly, "Don't be so polite, in Aurous Hill, no one can bully me, charlie My friend."

Xyla was so excited, he put his arm on charlie and said happily, "Master Wade is the most powerful! Grandpa didn't have the face to tell you at first, and he wanted to tell you after leaving Aurous Hill quietly. Call for help, or you will give up Serene Medical Clinic."

charlie smiled and said, "In the future, if you encounter such a thing, firstly, don't answer or take the bait, and secondly, notify me as soon as possible." After that,

he looked at it He said to the grandparents and grandchildren, "Okay, take the time to pack up and prepare for business. I want to find a quiet place to study Hong Changqing's medicinal cauldron carefully, so I will leave first."

"Chen was going to study the medicine cauldron, and the grandparent and grandson nodded in unison. Dr. Simmons respectfully said, "Master Wade, I will send you off!" "No need.

"Alright, many things in your clinic have been put away, and you have to take them out and put them back together, so let's hurry up and get down to business." After

charlie bid farewell to Dr. Simmons and Xyla, he took the medicine cauldron passed down by Master Hong Changqing with him, Drive to the villa of Champs Elysees.

He had previously refined a batch of blood-scattering and heart-scattering pills here. At that time, he asked Mr. Quinton to prepare a batch of medicinal materials for himself. Mr. Quinton specially prepared a dose of medicine far exceeding charlie's needs, so charlie refined the batch of blood-scattering and heart-scattering pills at that time. After Dan, there are still a lot of medicinal materials left here.

It was precisely because of this that charlie planned to go directly to Champs-Elysees and use this medicine cauldron to refine a batch of blood-scattering heart-scattering pills to see what effect this medicine cauldron has!
