

The Amazing Son In Law Chapter 5543 -

When Charlie was about to start alchemy, Hong Changqing also returned to the hotel where he stayed.

Like a thief, he hurried into the hotel lobby, quickly got into the elevator, and slipped back to his room.

As soon as he entered the room, he locked the door and put on the anti-theft buckle. Then he was still worried, and moved the coffee table in the living room, and firmly pushed the door against it.

After finishing all this, Hong Changqing couldn't wait to go back to the bedroom, pulled up the curtains tightly, and then took out the blood-scattering rescue pill from his bosom.

Hong Changqing also knows some superficial alchemy techniques, so he can tell at a glance that the elixir Charlie gave him is nothing ordinary.

At the very least, the color and fragrance of this pill are much stronger than the pills I refined and the life-sustaining pills handed down by Taizhen Daozu.

Excited, Hong Changqing couldn't wait to put the pill into his mouth after looking at it carefully.

As soon as the elixir was put into his mouth, before he could swallow it, it turned into a ball of medicinal power and poured into his stomach.

Hong Changqing exclaimed in his heart, "This... the ancestors have always said that a good medicine should melt in the mouth, and only the medicine that melts in the mouth is the purest medicine. I used to not believe it, but now it seems that the ancestors are not deceiving me!"

As soon as he finished sighing, he felt a burst of powerful medicinal effects rising from his stomach.

The huge energy was like a huge wave coming, so he immediately got 12 points to deal with it with all his strength!

Fortunately, although the energy is surging, it is very gentle as a whole, not like that kind of uncontrollable force that seems to tear people apart at any time.

As an eight-star martial artist, Hong Changqing had already opened up all the eight extraordinary meridians. These surging medicinal power flowed into the dantian along the eight meridians. While widening the eight meridians, his stagnant cultivation immediately underwent a qualitative change!

Originally, between Hong Changqing and Ming Realm Dzogchen, there seemed to be a vault that could not be broken through by the physical body. He knew that the Dzogchen Realm was behind the door of the vault, but he couldn't open the door of the vault at all.

He is like a thief who is deliberately trying to steal the treasury's finances. He has been wandering outside the treasury for many years, trying almost all methods that can be tried, but there is still no progress.

But now, the moment the effect of Sanxue Jiuxin Pill reached Dantian, the incomparably strong door of the entire treasury immediately began to crumble in front of him!

The Amazing Son In Law Chapter 5544 -

Immediately afterwards, Hong Changqing felt that the gate of the entire vault had completely disappeared, and the huge wealth in the vault was already in front of him.

Then, he even felt that the treasury seemed to have merged with his dantian, and the wealth it had guarded for so many years was completely given to him.

At this moment, Hong Changqing was already in tears.

He knows that at this moment, he has successfully completed a breakthrough and entered a new realm of Mingjing Dzogchen!

He felt that his strength had undergone a qualitative change compared to before. The true energy in his body was more surging, the strength of his limbs was stronger, and the perception of his five sense organs was also more sensitive.

The whole person is completely all-round and qualitatively improved.

And what he never imagined in his dreams was that all this could be so simple.

At the same time, at this moment, he suddenly realized that charlie was far stronger than he imagined.

This kind of strength is not reflected in strength, but a huge contrast.

Things that I haven't been able to solve after so many years of hard work can be solved by others with just a pill. , but the two sons of the Hercules God Kua'e can easily move the two mountains away. The gap between himself and charlie may be the same as the gap between the two sons of Yu Gong and Kua'e. Same day.

It was also at this moment that he suddenly felt very grateful for his decision to stay by charlie's side and do the work of a dog.

If it weren't for this decision, I might not be able to see the wonderful feeling of the Great Perfection in the Ming Realm until I die in this life!

...

at the same time.

In Champs Elysees Spa Villa.

charlie had already prepared the medicinal materials capable of refining twenty blood-scattering and heart-scattering pills, and decided to use a furnace of blood-scattering and heart-scattering pills to open the cauldron for this medicine.

Fortunately, the medicinal materials needed for Sanxue Jiuxin Pill are not rare, so Mr. Quinton prepared a lot for him at the beginning.

The reason why charlie wanted to use the medicine cauldron to try to refine Sanxue Jiuxin Pill was mainly because the medicinal materials were sufficient, and he would not feel distressed if something went wrong during the refining process.

Under normal circumstances, he would use at least 20 to 30 catties of various medicinal materials to refine twenty blood-scattering and heart-rescuing pills. However, his previous alchemy method was to wrap these medicinal materials with spiritual energy, and use spiritual energy to refine the essence of them. Then use aura to condense the essence of these medicinal materials into pills.

The Amazing Son In Law Chapter 5545 -

The advantage of this is that even if there are many medicinal materials, as long as there is sufficient aura, they can be refined at the same time.

However, what charlie is a little puzzled at the moment is that the medicine cauldron is not that big, and the capacity seems to be able to hold two or three catties of medicinal materials. In this way, wouldn't it be possible to refine only one elixir at a time?

After all, charlie had never used the medicine cauldron to make alchemy, so he decided to try it with a little medicine first.

Afterwards, he put about three catties of medicinal materials into the medicine cauldron, and then transferred the aura into the medicine cauldron, mobilizing the medicine in the medicine cauldron. The formation works.

Immediately afterwards, he felt that the formation in the medicine cauldron began to rotate at a high speed, and as soon as the formation started to operate, the full medicinal materials were instantly sucked in by the formation, and the formation was

like a black hole, instantly dispelling these medicinal materials. Devoured without a trace.

charlie couldn't help being startled, he didn't expect that this formation was so powerful in consuming medicinal materials, so he quickly allocated more energy to put more medicinal materials into it, and the medicine cauldron took them all as ordered, devouring them all.

In the blink of an eye, twenty or thirty catties of medicinal materials were completely swallowed up, and the formation was still running fast, with no intention of stopping.

charlie didn't dare to slack off, and could only continuously pour in spiritual energy into it.

charlie saw that the battle of the medicine cauldron devouring the spirit energy was similar to the cheating ring that Lin Wan'er (Alani) gave him, so he couldn't help feeling a little nervous, afraid that this thing would be like that ring, sucking out his spirit energy like crazy.

The formation rotated rapidly, and in the very center of the formation, soon there were some small spherical objects that were continuously condensing and growing.

Fortunately, the blood-scattering and heart-rescuing pill is not a high-grade pill, and it is not difficult to refine, so the high-speed operation of the formation only lasted for a minute, and then slowly stopped.

charlie finally breathed a sigh of relief when he saw that the formation no longer needed his own aura to drive it. Although it absorbed the aura very quickly just now, because the time was relatively short, it didn't consume much aura.

Immediately afterwards, the formation began to slow down slowly, and charlie could feel that the spherical objects in the center of the formation were now about the same size as ordinary pills.

The moment the formation stopped, the spherical object inside finally revealed its real body. charlie looked inside the medicine cauldron, and what lay inside were twenty new-product pills with a faint golden luster!
