Hearing this, Hong Changqing was slightly taken aback, and then said with a sneer, "Master Wade, you are too good at joking. Although the strength of your subordinates is far worse than yours, thanks to you, they have broken through to the Great Consummation of the Ming Realm... .."

charlie pretended to be surprised and asked, "Oh? Really? Why didn't I see that you are the Dzogchen of the Ming Realm?"

Hong Changqing smiled and said, "You are such a noble person who forgets things... You personally gave a elixir to your subordinates , you haven't forgotten, have you?"

charlie nodded, "I remember giving you the elixir, but when did you become the Dzogchen of the Ming Realm?"

Hong Changqing didn't know what charlie meant, his heart was a little hairy, and he could only say He said, "Master Wade...you...are you mad at me...Actually, if you don't want me to go back to the United States, I am willing to stand by your side..." charlie said seriously, "No, no, Master

Hong Misunderstood, I'm not angry with you, and I don't need you to stay by my side. I mean, you really only have the cultivation base of a five-star warrior, and three of your eight meridians have not been opened up. You don't know what to do. Is it?"

"Ah? How could it be..." Hong Changqing said subconsciously, then subconsciously closed his eyes slightly, and mobilized the true energy in his body, only to be horrified to find that the eight meridians he had opened up had been blocked for no reason. Seal three!

If the meridians are blocked, the strength will inevitably decline greatly. If three of the eight meridians are sealed, the strength is almost equal to half of the loss!

Hong Changqing panicked and sweated all over his face. His first reaction, apart from being panicked, was that it was impossible!

These eight meridians of my own have been opened up one by one in the past few decades.

Practicing martial arts since ancient times, I have only heard that the meridians will become more and more open, and more and more smooth, but I have never heard that the meridians that have been opened will be sealed again...Suddenly, he looked at

the Looking at charlie, who was smiling on the side, he murmured in a terrified tone, "...Master Wade...are the three meridians of my subordinates sealed by you...you just

patted the subordinate's meridians. Shoulder, it should be the hand that took advantage of that time..."

charlie smiled, and then said with a serious face, "I don't have any, you have to show evidence before you talk nonsense, and don't spit blood!"

Hong Changqing knew this by seeing charlie's undisguised narrow expression It must be his doing.

But at this moment, he didn't care about anger and anger at all, he just thought to himself with great fear in his heart, "This... what level of master is this Master Wade? Why can he seal my three meridians in an instant? ? You know, it took me at least ten or twenty years to get through all these three meridians, and it took less than a second for charlie to seal them all... This... This is too scary! "

Thinking of this, he begged with a sad face, "Master Wade, it is not easy to practice step by step to this day, please hold your hands high, don't make fun of your subordinates... This is the painstaking effort of your subordinates for nearly twenty years..."

Charlie He said with a serious face, "Master Hong, how can you do this? I've already told you that I didn't do it. You don't believe me?" Hong Changqing choked with red eyes and said, "Master Wade...it wasn't

you Who else could have done it? This subordinate has been practicing martial arts for decades, and he has never heard that the existing cultivation base can be reversed, and the opened meridian can be closed... You must be complaining that the subordinate did not want to be a teacher just now. I handed over my mind, that's why I teased my subordinates like this..."

charlie said very seriously, "Master Hong, you may really have misunderstood me, I didn't let your cultivation go back."

charlie deliberately pretended Tsukuru suddenly remembered something, slapped his forehead and said, "I'm sorry Hong Tianshi, maybe there is something wrong with my car. My car has a special function, that is, whoever sits in the co-driver of this car, this car will Let his meridian gradually close, and his cultivation base will get lower and lower, so I advise you to get out of the car quickly, lest your cultivation base continue to decline."

Hong Changqing was really about to cry, and his expression was ten thousand uglier than crying Bei, begged, "Master Wade, please don't make fun of your subordinates, and your subordinates are not three-year-olds, how could they believe such nonsense..."

charlie smiled and said, "You really don't believe it?"

Hong Changqing nodded desperately. "The subordinates really don't believe it!"

charlie smiled slightly, and some of his true energy entered Hong Changqing's body through the air, and sealed another piece of his true energy.

Afterwards, charlie said very seriously, "Look, you don't believe me when I tell you, it's now a four star?"

Hong Changqing heard that and circulated his true energy again, and his face paled instantly from being frightened this time!

He didn't expect that with just a few words, another one of his meridians was sealed!

He was scared out of his wits all of a sudden, and hurriedly opened the car door and ran out of the car.

Hong Changqing fell down on the concrete floor by the side of the road, turned around and looked at charlie's BMW 530, and then thought about how he fell from the Great Perfection of the Ming Realm to the Four-Star Warrior inexplicably, and his whole body collapsed completely, and finally he couldn't hold back his tears. Wiping his tears with the sleeve of his robe, he cried and said, "What the hell is this car! Why are you stealing someone's cultivation! I went back to thirty years ago this night, and my cultivation is not as high as my closed disciple. What face is there to face the ancestors of Taizhen Dao..."

charlie leaned forward and smiled, "I'm sorry Hong Tianshi, my car is really dishonest, I will teach it a lesson later, if it doesn't work, I will send it to be scrapped forcibly up, You can check when you return to the United States, and I will arrange a plane for you. "

Hong Changqing looked up at charlie, saw that he had a smile on his face, and suddenly came back to his senses, rushed back to the car, crying and said, "Master Wade, this subordinate knows that you must have done this. Years of cultivation is the painstaking efforts of your subordinates for decades, you can't just seal it off! I beg you, for the sake of my subordinate's hard training for so many years, please forgive me this time! If you want your subordinates to come up with Taizhen Dao's martial arts mentality, this subordinate will give it to you verbatim! "

## **The Amazing Son In Law Chapter 5602 -**

charlie put away his playful smile, and said with a serious expression, "Hong Changqing, you are really interesting. Didn't you just say that you promised your ancestors not to spread the word, otherwise you will be struck by lightning? Why are you willing to spread the word now? "

Hong Changqing said with a painful face, "Master Wade... This is because my subordinates didn't understand it for a while. You are a person with great supernatural powers. You can seal the four meridians of your subordinates with a snap of your fingers. Your strength is far superior to your subordinates. Even far above the Taizhendao ancestors, how could you covet my Taizhendao's tattered mentality..." After

speaking, Hong Changqing said again, "Besides, as you said, my Taizhendao's mentality is definitely important. It's not perfect, otherwise you wouldn't be able to train a master of the dark realm for so many years. If you give you the mind of Taizhen Dao, you can also check for the gaps and make up for it... Taizhen Dao will definitely be a good thing for us at that time. A once-in-a-lifetime event!"

Charlie listened patiently, smiled slightly, then studied for a while, shook his head and said, "Master Hong, as the saying goes, a teacher's order cannot be violated, I suggest you don't let your too true patriarchs be sad and disappointed."

As he said, he looked at the time and said, "Hong Tianshi, I have something to do. I have to go to the Champs Elysees Hot Spring. Besides, my car may be suitable for you, so don't take it, you take a taxi first. Go back to the place where you live, I will arrange the plane later and someone will contact you, I will go first, bye!"

Seeing that Charlie was about to leave, Hong Changqing pleaded subconsciously, "Master Wade... don't leave in a hurry, Master Wade! This subordinate really knows his mistake, so please give him another chance to reform himself!"

Charlie smiled and said, "Look at what you said, what's wrong with you obeying your master's orders? Don't deny yourself and underestimate yourself. I still have something to do. Let's go first. Let's talk later." How dare Hong Changqing let Charlie leave just like that

, In case Charlie really turned his face and refused to recognize anyone, wouldn't his four meridians be finished?

So he could only pull on the car door, and said with snot and tears, "Master Wade, it's not easy to cultivate! Please see that your subordinates have a good attitude of admitting mistakes, and give them another chance..." Charlie smiled slightly, "

No Sorry, I really can't give it to you, but it's just four meridians. You go back and retreat, and you'll break through after ten years."

Hong Changqing choked up and said, "Master Wade, in this situation, how can I have ten years to live..." Charlie didn't want to continue talking nonsense with him, and said with

a straight face, "Hong Tianshi, close my car door, I'm leaving, thank you!"

After closing it, Charlie didn't wait for him to recover, kicked the accelerator and drove the car away.

After Charlie left, Hong Changqing came back to his senses and shouted loudly from behind, "Master Wade! Master Wade, you can't leave your subordinates here, Master Wade!"

## The Amazing Son In Law Chapter 5603 -

Charlie didn't care what he said, in the blink of an eye, people and the car has disappeared.

Hong Changqing chased for a few hundred meters but failed to catch up. Seeing Charlie's car drive up the viaduct heading for the suburbs, he sat on the ground in a slumped state, crying and said, "Master Wade, your grandma and I are also considered friends, how can I You can be regarded as half of your elders, we don't bring such bullies!"

But Charlie didn't care what he was crying, and he had already rushed all the way to the Champs Elysees Hot Spring.

In fact, according to Charlie's plan, let Hong Changqing be a teacher in the Champs-Elysees Hot Spring, and help him perfect his martial arts mentality, or simply give him a new one, let him teach the He family well, As well as those young warriors with potential in Wanlongdian, as long as he does well, he will definitely not treat her badly, and will help him break through the dark realm and become a master of the dark realm in a short time.

But he didn't expect that the old man would have so many small calculations, not to mention whether he didn't want to reveal whether the teacher's mentality was sincerely out of principle, just his attitude as a slave with two surnames is completely unworthy of his own reuse .

Therefore, in Charlie's view, to deal with him, he must be completely subdued first, otherwise, those little things in his heart must always be there, and sooner or later it will become an unstable factor.

It is easy for Charlie to seal his four meridians with spiritual energy. It is really troublesome to unblock the meridians, but it is too simple to block them.

It's like digging a 10-kilometer tunnel and trying to make it open to traffic. Not only is the amount of work huge, but the amount of manpower and material resources invested is also astronomical.

However, if you want to make a ten-kilometer tunnel that has been opened to traffic unavailable to traffic, you only need to get a truckload of earthwork to pile up at the entrance of the cave, and everything will be solved.

Moreover, the most interesting thing is that charlie blocked his meridians with spiritual energy. Although there was only a very small amount of spiritual energy, there was no such thing as spiritual energy in Hong Changqing's body. For him, spiritual energy was a blow to reduce dimensionality, and he had nothing to do response.

charlie fooled him just now, saying that he could still break through in ten years, but in fact, he was just making fun of him. If he really asked him to go back to retreat and practice, he would not be able to break through even one meridian in a hundred years.

It can be said that charlie's little aura has been completely locked up, Hong Changqing's future in martial arts.

This is not as simple as returning to 30 years ago overnight, it is directly locking him to 30 years ago.

At this time, Hong Changqing didn't know what charlie's meridians were sealed off, what it meant, he only knew that he absolutely couldn't just leave in such a desperate way.

At a certain moment, he thought about calling charlie's grandmother and asking her to come and judge for her.

## **The Amazing Son In Law Chapter 5604 -**

But in the new year, he suddenly felt that he absolutely couldn't make such an impulsive move.

Because charlie had already confessed to himself before that he was not allowed to reveal his identity to her grandmother. If he committed a crime knowingly, once he really annoyed charlie, not to mention the four meridians being sealed, everyone might be killed by him.

The dejected Hong Changqing, after much deliberation, still felt that he had to find a way to get charlie's forgiveness, and only in this way could he regain his original cultivation.

So, recalling that charlie said just now that he wanted to take himself to the Champs Elysees Hot Spring, he immediately stood up and stopped a taxi by the side of the road.

It was the first time for the taxi driver to see such an old man dressed as a Taoist priest, and Hong Changqing was indeed a bit of a fairy. Seeing him getting in the car, he asked very respectfully, "Master Taoist, where are you going?" ?"

Hong Changqing said, "I'm going to the Champs-Elysees Hot Spring."

"Go to the hot spring?" The taxi driver was a little puzzled, wondering why an old man went to the hot spring hotel.

Before Hong Changqing could speak, he thought of something, and said casually, "By the way, the Chancellor, the Champs Elysees Hot Spring Hotel has been closed, and it is said that it will be upgraded and opened. The opening time has not yet been determined. I'm all in vain. If you want to soak in hot springs, I will introduce you to individual ones.place.

Hong Changqing shook his head and said, "I'm not going to soak in the hot spring, I'm looking for someone to do something." "

"Oh, no wonder! "The taxi driver said with a smile, "I said that a Taoist priest like you, at first glance, is a master who is dedicated to asking questions, and it is impossible for him to have time to soak in some hot springs. "

As he said, he asked again, "Master Taoist, I don't know which Taoist temple you usually practice in? My mother is a devout Taoist, and usually goes to the Tianhou Temple to burn incense. Hong Changqing

nodded, and said, "I'm not in Jinling, I'm from the United States, and my Taoist temple is also in the United States." "

" America? "The taxi driver said in surprise, "Master Taoist, isn't this Taoism from our Huaxia?" Why is there still Taoism in America?

Hong Changqing rolled his eyes at him and asked, "Is there no church in Huaxia? " "

"Yes..." The driver chuckled and said, "I understand now that you said that, then you should have come to the United States to preach from China a few years ago, right?" "

Hong Changqing looked embarrassed, and said with a sneer, "I have been busy practicing cultivation all my life, and I have never preached or preached.

The driver gave him a thumbs up and praised him, "When I saw you, I felt destined to be with you. You look like a serious Taoist priest, not those liars who fool people! " "

Hong Changqing ignored him, but looked out of the window in a daze, recalling the hardships and hardships he had painstakingly cultivated in the United States for so many years, and thinking of how old he was, he traveled all the way to China to find opportunities, but who would have thought that this After two days of happy things, I have now regressed and become a four-star martial artist...

The more I think about it, the more aggrieved Hong Changqing feels, and tears flow out.

When the driver saw him, he quickly asked him, " Long, why are you still crying, who bullied you? "
