

## The Amazing Son In Law Chapter 5605

The taxi driver's concerns and questions made Hong Changqing even more aggrieved.

In the Chinese circle in North America, he is really a famous number one person. I don't know how many people will pay homage to him when they see him, and there are many high-ranking officials and nobles among them.

But he never dreamed that after coming to Aurous Hill, he would be bullied by charlie to the point of crying. This kind of gap made him feel even more sad.

And what made him suffer the most was not the grievances he suffered just now, but even after he had suffered so many grievances, he had to bite the bullet and take a taxi to find charlie to atone for his sins with tears in his eyes.

This is the consequence and end that one must bear after offending someone who should not be offended.

Hong Changqing also understood in his heart that the reason why charlie wanted to punish him like this was mainly because his little thoughts made him angry.

Now think about it carefully, the elixir that charlie gave him was priceless, it could even be said to be a priceless treasure, and the reason why he wanted to give himself this elixir was also very obvious, that is to make himself serve him wholeheartedly .

But on the surface, he agreed very well, but he still had a lot of small things in his heart, and even wished to say goodbye to charlie, and returned to the United States to continue to be his Hong Tianshi.

Thinking of this, Hong Changqing couldn't help but scolded himself in his heart, "Hong Changqing, Hong Changqing, you are really unsatisfactory, and charlie is so strong, how could it be possible to suffer from your dumbness? You flatter him superficially and have three hearts Two meanings, it's really strange that he can let you go back to the United States! In the whole world, how can there be such a good thing?" After realizing

how shameless and stupid he was just now, Hong Changqing regretted it in his heart.

He thought that anyway, he had already eaten the pill given by charlie, and it was impossible for him to spit it out and return it to him. In addition, he was an old friend of his grandmother. Imprisoned in Aurous Hill, right?

Moreover, he also personally said to let him go, so whether he is sincere or not, he can go along with the current and use the slope to get off the donkey.

But who would have thought that there is a waterfall under the boat when you push the boat along the water, and a cliff under the donkey on the slope?

So, he silently made up his mind in his heart that when he arrives at the Champs Elysees Hot Spring Hotel, no matter what charlie's attitude towards him is, he must be firm, and from now on he will be loyal to him, let himself understand himself, Never go west, let yourself face south, and never go north yourself! Only in this way is it possible for charlie to forgive himself and restore his cultivation base.

This moment.

## **The Amazing Son In Law Chapter 5606**

charlie, who started first, has already arrived at the entrance of the Champs Elysees Hot Spring.

In the middle of the road at the entrance to the mountain, there is a very eye-catching sign, which says that the hotel is closed for renovation and temporarily closed. Sorry for any inconvenience.

In addition, there were two cars parked on the side of the road, with several security guards in security uniforms sitting in the car.

Seeing charlie's car turning from the main road, a security guard stepped out of the car and stopped in front of the car. After the car stopped, he walked outside the cab and said, "Excuse me sir, our hotel is currently being upgraded. I'm really sorry, please turn around and go back here."

charlie said with a casual smile, "Why, your hotel is not open to the public, and you won't even let me go?"

The man immediately explained, "Sir, this road is not a municipal road, it was built with our hotel's money, and the land occupied by this road was also purchased by our hotel, so after the hotel is closed, we also have this road Right to close."

As he said, he took out a document from behind the blocking sign, showed it to charlie through the window, and said, "Let you take a look first, this is our relevant document on the right of way of this road, here is It was approved and stamped in the city."

Now the Champs Elysees has completely closed its business to the public, and this itself is a dead end road at the foot of the mountain. When it is closed to the public, no one will be able to come here. up.

The hot spring hotels at the foot of the mountain have been closed, not to mention the hot spring villas halfway up the mountain. This hotel with more than 200 rooms, a huge area, and a natural closed terrain naturally became a hotel cultivated by charlie. The best choice for masters.

After the hot spring hotel closed its business, Isaac Cameron replaced all the people here with his confidantes, and Don Albert also sent a lot of trustworthy younger brothers from his subordinates to take charge of security patrols here, so as to ensure that the place would not be invaded. Outsiders approach.

At this time, the security guard who was talking to charlie was one of Don Albert's subordinates.

charlie lowered the window and asked him with a smile, "This whole hotel is mine, don't I have the right to go in?" Since

charlie only opened the window a crack at first, he didn't see charlie's face clearly. And when charlie put down the window, he was immediately dumbfounded, and said sincerely, "Master Wade, why is it you... I don't know that it was you who drove the car, I took the liberty to offend you just now, I'm really sorry, please return." Forgive me a lot..."

charlie smiled and said, "It's okay, you are also completing your own work, and you are doing it very well."

The man was relieved immediately, and quickly said respectfully, "Master Wade, our fifth master is busy working inside right now. Well, do you want me to inform him?"

charlie said casually, "No, I'll drive in to find him by myself."

The man quickly said, "Okay, Master Wade! I'll remove the sign for you!"

After that, he went Quickly moved the warning sign aside, and respectfully made a gesture of please to charlie.

charlie told him, "By the way, if there is an old man surnamed Hong who tells you that he knows me and wants to go in to find me, you must not let him in." The man immediately said, "Master Wade, don't worry

, I oneHe will definitely not be allowed in. charlie smiled and said, "

Okay, thank you for your hard work." After all

, charlie drove to the hot spring hotel.

In the hotel, Don Albert was directing a group of younger brothers to demolish and rectify some public facilities of the hot spring hotel.

He probably knew that charlie would train some martial arts masters here, so he decided to Discuss with Isaac Cameron to dismantle all the inside of the big lecture hall in the hot spring hotel that is specially used for guest group building meetings, and directly reinstall it into a large indoor training venue, and then re-upgrade the fitness equipment to meet the needs of those martial arts practitioners. There is also a very

large The project is to replace all the doors and windows that open outwards with one-way glass that can absolutely guarantee privacy, so as to further ensure that no one will know the actual purpose of the inside. In addition, Don Albert also built

a In an area full of building materials, not only a large amount of cement, yellow sand and other building materials have been prepared, but also many scaffolding and decorative raw materials, which seem to make a false impression that a large-scale renovation is really going on here. When charlie arrived at the

hotel At the door, seeing the scene in front of me, I really sighed the hard work of Don Albert and Isaac Cameron. Although these two people are not martial arts experts and have little actual combat ability, they are really very competent as my right-hand man. Don Albert's younger

brother Although he promised charlie not to inform Don Albert, after all, Don Albert is his boss, so as soon as charlie arrived at the door, Don Albert walked out cheerfully. Seeing charlie, Don Albert was very happy

. He smiled respectfully and said, "Master Wade, why did you come here today without saying hello? "

charlie smiled and said, "I found a coach here, and I plan to bring him over to get familiar with the working environment. "

"Oh! Don Albert nodded, seeing charlie himself, he asked a little puzzled, "Mr. Wade, where is the coach you mentioned?"

Charlie snorted, and said casually, "It's in the back, don't let him in today!" "

"Don't let him in?"

Hearing charlie's words, Don Albert asked in surprise, "Master Wade, didn't you want to bring that instructor over to familiarize yourself with the environment? Why didn't you let him in? I really messed up." I don't quite understand..."

charlie snorted, and said casually, "He is a little ignorant, and he must beat and beat such an ignorant person, otherwise I don't know how he will lose the chain in the future." Don Albert

instantly I understand, and said with a smile, "I understand Master Wade! Since this is the case, let's ignore him for the time being. I will take you to have a look first, and tell you about some of my adjustment ideas by the way. If you have any needs, feel free to contact me." I will try my best to make it happen."

charlie nodded and said to Don Albert, "Let's go!"

At the same time.

The taxi that Hong Changqing took had already arrived at the fork in the road where Don Albert's younger brother was on duty.

The taxi driver slowed down, pointed to the sign in the middle of the road, and said to Hong Changqing, who was on the co-pilot, "Master Dao, you can't pass this way. If you want to go to the Champs Elysees Hot Spring, you have to go down and walk." Hong Changqing

resentfully He nodded and said, "Just stop here, I'll get off here."

## **The Amazing Son In Law Chapter 5608**

The taxi driver stopped the car, Hong Changqing paid, opened the door and got out of the car.

At this time, Don Albert's younger brother came forward and asked, "Master, where are you going?"

Hong Changqing's eyes were still red and swollen, and he said in a very dejected manner, "I... I'm here to see Master charlie..."

As soon as the younger brother heard this, he knew that this person should be the old man surnamed Hong mentioned by charlie.

But just to be on the safe side, he still asked, "What's your surname?"

Hong Changqing cupped his hands, "Your surname is Hong."

The younger brother chuckled, "I'm sorry, Mr. Hong, this place is currently being remodeled and upgraded, and we won't let you in for the time being."

"Not allowed in?" Hong Changqing hurriedly said, "Please tell Mr. Wade that Hong Changqing is asking to see you!"

The younger brother shook his head, "Don't say I don't have Master Wade's contact information, even if I did, I wouldn't tell him."

Hong Changqing asked in confusion, "Why? Could it be that Mr. Wade said he wouldn't let me in?"

"Then you can figure it out for yourself."

Seeing the younger brother's smile like watching a show, Hong Changqing immediately knew that Charlie must have confessed.

At this moment, although he was depressed and wanted to die, he knew in his heart that if Charlie didn't let him in, he just couldn't go in, even if the kid in front of him didn't have any cultivation at all, with his current strength as a four-star warrior, he could deal with him. It's more than enough, but I still can't go in.

So, he could only sigh, and said dejectedly, "Then I'll wait for him here..."

The younger brother shrugged, "It's up to you."

Hong Changqing had no choice but to walk to the side of the road silently, and found a shade under a tree. Sitting cross-legged.

It's not that he really wants to cultivate or have a peaceful mind. On the contrary, his mentality is about to explode now. After all, thinking about what happened today, the more he thinks about it, the more depressed he becomes, the more he thinks about it, the more aggrieved he feels, as if he fell into a pond full of asphalt. There is no way to get rid of it. In desperation, I can only use the Taoist method of breathing out to force myself to calm down.

But doing so had no effect, and his heart still hurt like a knife.

At this time, his mobile phone rang suddenly. Although he was upset, he still took out the mobile phone and took a look. Unlimited magnification.

Because it was none other than Charlie's grandmother who called.

Hong Changqing looked at the name of the caller, and burst into tears uncontrollably.

But he still resisted the urge to cry, pressed the answer button, and said in a hoarse voice, "Mrs. An..."

Mrs. An asked in surprise on the other end of the phone, "Master Hong, do you hear your voice?" I feel very tired, did something happen?"

Hong Changqing wiped away his tears, and said with a forced smile, "It's all right, I'm old, my resistance is weak, and I've caught the wind and cold, maybe I'll be fine in a few days." The old lady An felt relieved and said, "The An family is going to leave for Aurous Hill soon."

. I wonder how long Hong Tianshi will stay in Aurous Hill?"

## The Amazing Son In Law Chapter 5609

Hong Changqing became excited when he heard this.

He thought to himself, "I was bullied like this by charlie, and I was worried that no one would make the decision. If Mrs. An came, she might be able to help me uphold justice. Even though charlie didn't approve, I didn't dare to leak charlie's identity, but I can take advantage of her coming to Aurous Hill to walk around more with An's family, right? charlie won't look at the monk's face and the Buddha's face at that time, so he can't treat me too much!" Thinking of this,

he Quickly asked, "Madam, when do you plan to leave?"

Mrs. An said, "An's family has a lot of things to do, and many things need to be arranged in advance, but it will definitely be as soon as possible. When do you plan to return to the United States?"

Hong Changqing hurriedly said, "Go back to the old lady, Hong will not leave Aurous Hill for the time being, so when you come to Aurous Hill, Hong will definitely be there." "

That's great!" Old lady An said with a smile, "Then I also want to ask Hong Tianshi to come and make a fortune for us, to see if we are in Aurous Hill, whether it is a blessing or a curse, and whether we can get what we want."

Hong Changqing said without hesitation, "Don't worry, old lady, Hong will definitely come to the door and do the math for you at that time. Let's do the math!"

"Okay!" Old Madam An said happily, "Then I will thank Tianshi Hong first!" "

Where is it." Hong Changqing said with trepidation, "Hong Mou has always respected you, old lady, and can serve you like a dog. It is Hong's blessing!"

Mrs. An hurriedly said, "Master Hong is serious! You are a master of Taoism, and it is a blessing for the An family to have your help!"

The two exchanged a few words, hung up the phone, Hong Changqing put away the phone, and sighed in his heart, "Old lady...you say that now because you don't know your grandson's ability, if you know that I was pushed to the ground by your grandson like a dog If you rub against each other, you will know what kind of master I am... You are waiting for me to give you advice, and I am waiting for you to bring justice for me..." On the other side at this time, Champs Elysees Hot Spring

Hotel .

Don Albert took charlie to walk around the hotel, and also shared his ideas with charlie about how to transform the hotel in the future.

Don Albert's idea was to be as low-key as possible, so he put all the venues indoors in the hotel. Although the hotel also has a large square and green space, it is very easy to transform it into a standard sports venue, but charlie is here after all. For secret training, if some people find out that there are a group of people practicing on the internal playground every day, they will definitely have doubts.

Therefore, at that time, the life and training of all personnel will be kept indoors, which will be relatively hidden.

And Don Albert also has a very practical suggestion. He thinks the hotel has a lot of rooms. If there will not be too many people staying at a time, he should give priority to living on the first floor. In the state of being closed for renovation, if the building of the guest room department is brightly lit at night, it may give people a very strange feeling. If only the first floor has lights, and all the above floors are dark, it is relatively more reasonable.

charlie found that although Don Albert looked like an old man with little education, he considered the issues relatively comprehensively, and his execution ability was also in place, so he said to him, "Don Albert, I think you are very thoughtful. I will leave it to you to be fully responsible for the renovation work here, I only have one request, and that is as soon as possible."

Don Albert immediately said, "Don't worry, Master Wade, I will definitely go all out and work overtime!"

"Okay." charlie Nodding in satisfaction, he smiled and said, "It's getting late, I'll go back to the city first, let's call if we need anything."
