

## The Amazing Son In Law Chapter 5675 -

“You...”

Maxton didn't expect that charlie would reject the conditions he offered so simply.

Maxton, who has hardly been rejected by anyone, couldn't help asking with some displeasure, “Mr. Wade, I don't know how the treasure of our Taizhendao Zhenpai got into your hands, but I believe that you didn't get it through some fair and honest method.” charlie sneered ,

“Maxton jumps to conclusions without knowing what happened, it's a bit too self-centered, if I used an aboveboard method, you can ask your master if you know?” Hong Changqing on the side of

quickly said, “Maxton, don't be rude to Mr. Wade! Mr. Wade got the medicine cauldron, and the method is naturally upright. I gave it to Mr. Wade voluntarily by the master!” Maxton couldn't help being angry

, Ask him back, “Master, the medicine cauldron is a thing of Taizhen Dao, and you are only keeping it on your behalf. What right do you have to give it to others? You are just the head of Taizhen Dao, and your duty is to inherit the past saints of Taizhen Dao for thousands of years. Juxue, this does not mean that all the resources of Taizhen Dao are at your disposal!” “

This...”

Hong Changqing really felt ashamed and ashamed after being slapped with righteous words from his senior disciple.

He was self-aware in his heart. Back then, he was the one who played Tailang by himself and deliberately lured Dr. Simmons to take the bait with medicine. But he never thought that Dr. Simmons's granddaughter called charlie, which not only ruined his plot, but also made him The medicine cauldron was also paid out.

Moreover, he also knew that there was nothing wrong with what Maxton said, and that he was only one of the thirty-nine heads of Taizhen Dao. I am only keeping it on my behalf, and I am not qualified to give it away without authorization.

However, this matter is also powerless! After all, I was the one who cheated first, and was caught by charlie. If I don't give the medicine cauldron to charlie, I am afraid that decades of cultivation will be ruined.

Originally thought that Maxton definitely didn't know what the head of the sect knew, as long as he didn't tell him, he could be fooled by this matter.

But he didn't expect that his master really loved Maxton and told her about it long ago.

As a result, I can't justify myself now.

In desperation, he could only truthfully tell Maxton, "Maxton, when I came to Aurous Hill as a teacher, I was looking for an expert in the field of alchemy, hoping to get some advice, but in the process of searching, for The teacher wanted to save trouble, and moved his mind, so that he offended Mr. Wade in the end. As a teacher, he knew he was ashamed, so he could only voluntarily use medicine to make amends to Mr. Wade..." Maxton twisted his slender sword eyebrows, and was about to

speak When questioned, Hong Changqing quickly said, "I know, you are right! I am really not qualified to give away the treasure of Taizhen Dao's Zhenpai, so I made thousands of mistakes, and it was all my own fault. He is an eternal sinner of the Taizhen Dao!"

Maxton asked him angrily, "Master, can you solve the problem by saying that you are a sinner of the ages? The key now is how to make up for the great loss you caused to the Taizhen Dao!"

## **The Amazing Son In Law Chapter 5676 -**

After that, she looked at charlie and said, "Mr. Wade, since my master said that just now, I will no longer argue with you about the ownership of this medicine cauldron. I just want to ask you, this medicine cauldron, How much are you willing to sell?"

charlie smiled and said, "Maxton, as I said just now, even if you put all your father's assets in front of me, I will not agree."

Maxton frowned, I thought to myself, "This person surnamed wade probably doesn't know how much money my father has. In a domestic second-tier city like Aurous Hill, billions of dollars is probably the ceiling, but my father's assets are at least two hundred dollars. More than 100 million dollars!"

Thinking of this, Maxton immediately said, "Mr. Wade, I don't want to chat with you, as long as you sell the medicine cauldron to me, I can give you a very generous reward, which can ensure your future. You can live comfortably for the rest of your life!"

charlie asked with a smile, "Maxton can try to make a price, let me see if it is really generous."

Maxton glanced at charlie, and said arrogantly, "If you Give me the medicine cauldron, and I can pay you 100 million U.S. dollars on the spot!"

In Maxton's view, 100 million US dollars is a huge sum of money for anyone, and for most people, it is already an astronomical figure that they dare not even dream of. It is full of sincerity.

However, after Charlie heard the offer, he just smiled lightly, and said, "I didn't expect Maxton to be quite generous."

Maxton said blankly, "My offer is only valid for this morning, so if Mr. Wade If you want to make a deal at this price, please bring the medicine cauldron as soon as possible."

Charlie waved his hand and said with a smile, "Maxton, anyone who wants this medicine cauldron needs to start with ten billion dollars, and I need to verify the capital first. You don't have 10 billion dollars in cash, so don't open your mouth."

"What did you say?!" Maxton was taken aback for a moment, and then asked, "10 billion dollars?! Mr. Wade, do you think the money is blown by the wind? ? Do you know how much US\$10 billion is?"

Charlie said with a smile, "I know, to tell you the truth, US\$10 billion is just the starting price. You have to pay US\$10 billion first. As for the amount of money that can be discussed in the end, there is no upper limit."

Maxton thought that Charlie was deliberately teasing himself, and said angrily, "Mr. Wade, I am sincerely talking to you about business, and it is really boring for you to make trouble so unreasonably." Right?"

"Virtually making trouble?" Charlie smiled slightly, and said, "Since Maxton thinks I am making trouble unreasonably, then we can stop this matter and ask Maxton to stop talking about the medicine cauldron from now on."

## **The Amazing Son In Law Chapter 5677 -**

Maxton didn't expect that Charlie wouldn't give him a chance at all, and he was instantly annoyed.

For Maxton, she was seldom rejected by people in her life, not to mention that she was born in a wealthy family. Dao, in Taizhen Dao they all walk sideways, even if the dog raised by Taizhen Dao dared to bark their teeth at Hong Changqing, they would never dare to stare at Maxton.

But it was such a jewel in the palm of her hand, but she repeatedly hit a wall in front of Charlie, which made her really unacceptable.

So, she said to Charlie, "Mr. Wade, why are you willing to sell that medicine cauldron?"

charlie saw that although she was two years older than herself, she seemed to have no social experience at all, so he decided to give her a class. class.

Immediately, charlie looked her up and down frivolously on purpose, and said with a smile, "A beautiful woman like Maxton, how could I have the nerve to ask for your money? Since you like that medicine cauldron, just take it, I You don't need a penny, as long as Maxton remembers to owe me a favor."

Maxton saw that charlie's eyes were full of provocation and frivolity, so he guessed that charlie was deliberately teasing him, and his expression became colder, and he snapped He said, "I'm sorry, Mr. Wade, I appreciate your kindness, but I never owe anyone a favor! You should make an offer!" charlie had already guessed that

Maxton would say that, so he intentionally He curled his lips and said, "Oh, Maxton, you're talking a little too much, right?"

Maxton said proudly, "I, Maxton, have always said something and never said anything big!"

charlie smiled shyly and said "Whether you're talking big or not, I'll know when I try it."

Maxton frowned. "What do you mean?"

charlie said with a smile, "Ms. Long might as well stretch out her hand and let me show you a palmistry." "

Deng Tu Son!" Maxton scolded sharply, "I didn't expect you to have such a dirty mind besides being glib!"

charlie smiled, "Maxton misunderstood, I didn't mean to take advantage of you, I just wanted to verify that you said that you never owed others favors, are you just bragging!"

Maxton snorted coldly, gritted his teeth and said, "I am Maxton! Any time! No bragging!"

charlie nodded, "Then Maxton stretched out her hand, and you will see the result in a minute. "

Maxton stretched out his hand in front of charlie with anger, and said coldly, "I want to see what kind of medicine you sell in your gourd!" "

## **The Amazing Son In Law Chapter 5678 -**

charlie smiled calmly, stretched out his hand to gently hold Maxton's soft, white and tender slender palm, and joked, "Maxton's skin is really well maintained, and her little hands feel smooth to the touch. "

Maxton was annoyed and wanted to pull his hand back, but he never thought that charlie's palm was completely unable to move. Just

when she was terrified, charlie looked at her and said with a narrow smile, "Come on, I give you a chance! "

After that, he poured his spiritual energy into Maxton's slender and white palm, and the powerful spiritual energy instantly poured into Maxton's dantian, opening up all the three meridians in her body that had not been opened in an instant

! Entering a surge of masculine and powerful force, before she could cry out the pain, she felt that force rushing towards her meridians and dantian. The next second,

she suddenly felt that the whole spiritual platform seemed to be clear in an instant, the whole A person's perception has undergone a radical change in an instant!

She couldn't help muttering to herself, "I...why did my meridians suddenly become clear? ! "

charlie said with a smile, "Maxton, congratulations, you are now a martial artist in the Dzogchen realm of the Ming realm!" "

"What?" ! "Both Maxton and Hong Changqing exclaimed!

Maxton regarded the Great Consummation of the Ming Realm as the ultimate goal of his life, and he never dreamed that it would be realized in an instant now.

And Hong Changqing was terrified. He knew that charlie was very strong, but he didn't know that charlie was so strong. Not only could he seal his four meridians while talking and laughing, but he could also close all the three meridians that Maxton had never opened up in the blink of an eye. get through!

The simple Maxton only had the excitement and joy of suddenly becoming a Dzogchen master in the Ming Realm in his mind, and he had no time to think about what was going on.

But at this moment, charlie suddenly used spiritual energy to re-seal the three meridians that she had just opened, looked at her and smiled and said, "Oh, I'm sorry, Maxton, I really wanted to give you a chance, But I just remembered that you made it clear just now that you never owe others favors! How can I make things difficult for you?"

## **The Amazing Son In Law Chapter 5679 -**

Maxton hadn't recovered from the reality of breaking through to the Great Perfection of the Ming Realm in an instant, and his mind was still buzzing, so he couldn't figure out

what charlie's words meant later. . Before she could react, Hong Changqing suddenly looked at Maxton, and exclaimed, "Maxton...you... why

did you become a five-star fighter again?!"

It woke up Maxton.

Only then did she realize that her cultivation had changed again in a very short period of time. From the Great Perfection of the Ming Realm just now, she had regressed back to a five-star warrior... She was so horrified in her heart that she couldn't figure it out at all

. How did she do it, that she could manipulate her own cultivation in the blink of an eye!

It was also at this moment that she realized that charlie's strength was beyond her imagination!

And then, her heart became extremely lost in an instant.

The reason for the disappointment is that I have really become the top master of Ming Realm Dzogchen just now!

That was my lifelong dream! It was easily realized in such an inadvertent moment!

It's a pity that this dream is like a shooting star. Although it is dazzling, it is fleeting...

At this moment, Maxton seemed to wake up from dream, and his whole heart was extremely lost.

Looking at charlie again, the previous pride and superiority were gone in her eyes, what was there was only the loneliness and shame that couldn't be explained in words.

charlie let go of Maxton's tender hands at this time, looked at Hong Changqing, and said, "Master Hong, you two, master and apprentice, have a good discussion about how to pass the throne, so I won't bother you first.

" go outside.

Hong Changqing hurriedly followed, and said respectfully, "Master Wade, go slowly, this subordinate will definitely solve all the matters related to the succession of the Sect Leader today!" After

speaking, he helped charlie open the door first.

Hearing the sound of the door opening, Maxton subconsciously turned around and looked over. Seeing charlie's back disappearing outside the door, he became even more disappointed.

Hong Changqing sent Charlie out of the house, then trotted all the way back, closed the door, and said to Maxton with great regret, "Maxton, you are so confused!! I have been practicing martial arts for my teacher for most of my life, and I have never seen Master Wade like this!" A master of supernatural powers, it is a great chance to meet Master Wade, and it is a chance among chances to get Master Wade's advice, why did you offend Master Wade..." Maxton asked with a dull

expression. Said, "Master... this Mr. Wade... what is his background... No matter how talented a martial artist is, it will take at least a few years, even more than ten years, from five-star cultivation to the Great Consummation of the Ming Realm. How on earth can I open up my three meridians in an instant?"

Hong Changqing sighed, and exclaimed, "Maxton, Master Wade's supernatural powers have already surpassed your and my cognition. Pass it to you, I just want to follow Master Wade in a down-to-earth way, serve him like a dog, and also seek some opportunities..."

Maxton's eyes were full of remorse, and he couldn't help asking Hong Changqing, "Master, Mr. Wade's strength should have already surpassed the Dark Realm, right?"

## **The Amazing Son In Law Chapter 5680 -**

Hong Changqing nodded, "Mr. Wade's strength may have surpassed the scope of martial arts. I once heard my master say that many years ago, Taizhen Dao, the tenth head of the school once left a record. He said that in this world, there is a way of cultivation that is more powerful than martial arts. Spiritual energy."

As he spoke, Hong Changqing said to himself, "Although top martial arts masters can also transfer their true energy into other people's bodies, heal their wounds, and even improve their cultivation, they are far from Master Wade. In the blink of an eye, it will help you break through the realm of the three meridians. Come to think of it, Master Wade should be the kind of person who can master spiritual energy!"

Maxton said dejectedly, "Master...why didn't you tell me earlier...even if it is in advance. Say hello to me, I won't provoke Mr. Wade so abruptly..."

Hong Changqing looked helpless, and sighed, "As a teacher, I am also the head of a faction. If it is a last resort, how can I tell others that I want to stay in Aurous Hill to be a cow and a horse for others? What I want as a teacher is to call you here. In front of Master Wade, passing the headship to you can be regarded as showing Master Wade's attitude of being a teacher, and then you will return to the United States to lead the Taizhen Tao, and as a teacher, you will stand beside Master Wade..."

Speaking here, he looked at Maxton, and said depressedly, "As a teacher, how could I have thought that you would choke with Master Wade..."

Maxton was also a little aggrieved, and said with tears in his eyes, "Master...you let me If you take over as the head, but don't pass on the medicine cauldron to me, I'm also afraid that our ancestors who are too true will complain about me..."

As he spoke, Maxton's tears could not stop flowing, and he kept sobbing Said, "I joined Taizhen Dao when I was eight years old... I have regarded Taizhen Dao as my home since I was a child, and I swore secretly in front of the portrait of my ancestor since I was a child that I must do my best in the future to carry forward Taizhen Dao. When I mentioned it, he said that Taizhen Dao has a township treasure, which is a medicine cauldron that can get twice the result with half the effort when refining medicine. You want to pass the throne to me today, but you never mention the medicine cauldron. How can I just accept it in such a muddle..."

Hong Changqing also understands his apprentice very well. Starting from Maxton's father, he has been very devout to Taizhen Dao. Taizhen Dao can take root and develop in the United States, and has its own monastery. Relying on the generous support of Maxton's father, when he came to Maxton's place, he regarded the revitalization of Taizhen Dao as his unshirkable responsibility. In the United States, almost all the

other rich second generations left the best time for them. The famous schools, even if they don't have that level, their parents will try their best to send them to the famous schools.

However, Maxton is a special case. She entered Taizhen Dao at the age of eight and spent most of her time on cultivation, others are taking a rest during the winter and summer vacations to learn some extracurricular skills. Maxton only left the teacher's school during the winter and summer vacations, and returned to the secular home to reunite with his parents. In Hong Changqing's view, her mental age is only eighteen years old. However,

while Hong Changqing understands Maxton, she also has a little more respect for her master in her heart. So,

he couldn't help muttering, "Master, old man, he really said one thing and did another. When he passed the medicine cauldron to me, he once told me righteously not to tell me the efficacy of the medicine cauldron. Anyone, so as not to cause trouble for himself and Taizhen Dao, but he didn't expect that he would tell you about this early..." Maxton cried and said, "

Then you say one thing and do another? Master Shigong told you not to tell others, but you handed over the medicine cauldron to outsiders. If Master Shigong hadn't been careful and told me in advance, I wouldn't have known that there was such a treasure in Taizhendao... In that case, I'm afraid you will be fooled by Master! "
