

The Amazing Son In Law Chapter 5686 -

Hong Changqing is very clear that from now on, his best choice is to serve charlie without reservation.

Since charlie asked himself to use "Taizhen Hunyuan Dao" to train warriors, he should go all out without any reservations.

So, without hesitation, he said respectfully, "Master Wade, don't worry, I will definitely pass on my understanding of the first chapter of "Taizhen Hunyuan Dao" for so many years to the warriors who participated in the training without reservation!" charlie was

satisfied He said, "Okay, tomorrow morning, you go to the Champs Elysees Hot Spring Hotel to report to Don Albert, and I will ask him to arrange a dormitory for you, and that will be where you work from now on." Hong Changqing quickly said, "Okay, Mr.

wade , my subordinate will go over early tomorrow morning!"

After finishing speaking, he hesitated and said, "Well...Mr. wade...you can see that the attitude of this subordinate is quite correct recently, I wonder if I can restore my cultivation base? If you wait for the students you need to teach to arrive, and see that your subordinates are only six-star warriors, you are afraid that they will not be convinced..."

charlie knew that he couldn't wait to restore his cultivation, so he said with a smile, "You go to report first, and when I pass by, I will help you restore your cultivation."

Hong Changqing finally breathed a sigh of relief, and said gratefully, "Thank you, Master Wade! Thank you, Master Wade!"

charlie hummed and said lightly, " Let's do this first, if there is any movement from Long Siqi, remember to report to me as soon as possible." "

Good Master Wade!"

...

That night, Long Siqi diverted to Hong Kong Island and rushed back to the United States overnight.

And Hong Changqing also checked out the hotel room early the next morning, took a taxi to the Champs Elysees Hot Spring Hotel, and reported to Don Albert.

According to charlie's instructions, Don Albert arranged a room for him, and he was eager to make some achievements, so as soon as he arrived in the room, he immediately began to prepare the lesson plans for the next lecture.

Hong Changqing is also aware of his own advantages in teaching martial arts. He has studied the first chapter of "Taizhen Hunyuan Dao" for decades. Except for his deceased master, no one is more familiar with this chapter than him. Therefore, like a teacher preparing lessons, he summed up all his understanding and perception of "Taizhen Hunyuan Dao" for so many years, and subdivided the content of the first chapter into eight chapters. To lead students to learn step by step.

Two days later, when Charlie came to the Champs Elysees Hot Spring Hotel, Hong Changqing was still in his room perfecting his teaching materials. Charlie heard from Don Albert that the old man had been here for two days and had hardly left the room, so he asked Don Albert to take him to the door of Hong Changqing's room.

Don Albert knocked on the door. Hong Changqing, who was writing at his desk, thought that the service staff brought breakfast, got up to open the door, and was surprised to find that Charlie was standing outside the door.

He hurriedly said respectfully, "Master Wade, why are you here? Your subordinates couldn't go out to welcome you, and you still look at Haihan!"

Charlie smiled and said, "Master Hong is polite, I don't know how you feel here these two days?"

Hong Changqing hurriedly replied, "Back to Master Wade, my subordinates basically haven't been out of the room for the past two days, and they have been sorting out the next lesson plans."

The Amazing Son In Law Chapter 5687 -

"Teaching plans?"

Hong Changqing explained, "It's about my subordinates' understanding and perception of the first chapter of 'Taizhen Hunyuandao.'"

Then, he invited Charlie and Don Albert into the living room of the room, and then brought a pair of papers from the desk. He stacked the notes, handed them to Charlie respectfully, and said, "Mr. Wade, please have a look."

Charlie took the lesson plan, glanced at it for a while, and then became more and more surprised.

Although Hong Changqing only knows the first chapter of "Taizhen Hunyuan Dao", his understanding of the content of this chapter has indeed reached a very profound level, and he can even draw inferences about many issues from one example, and combined with the actual situation, he added a lot. There are few practice tips summed up by individuals.

Moreover, after he divided the content of the first chapter into eight chapters reasonably, the step-by-step rhythm of the content is more stable, and it is more convenient for young warriors to learn.

It seemed that Hong Changqing was born to be a good teacher.

After reading the lesson plan he summarized, Charlie praised without hesitation, "This lesson plan from Hong Tianshi shows that your understanding of "Taizhen Hunyuan Dao" is really extraordinary." Hong Changqing heard Charlie's

words. Although I was very excited in my heart, I still said very modestly, "Master Wade is absurd. I have no other understanding of "Taizhen Hunyuan Dao". Even an idiot can understand the tricks."

Charlie waved his hand, "Master Hong doesn't need to be modest, in my opinion, our training base, with you and this teaching plan, can be put into use immediately."

Hong Changqing hurriedly asked, "Master Wade, when do you plan to officially use it?"

Charlie said, "I will inform the first batch of students selected by Wanlong Palace to leave today, and another group of students will be in Aurous Hill, when they all arrive, you can officially start teaching, and then your students will live with you here, and Hong Tianshi, you are the teaching director here, and all students must obey your management and arrangements academically."

Well, Charlie pointed to Don Albert again, and said, "As for Don Albert, he is the logistics director of this school. If you have any needs, just ask him. As long as he can satisfy, he will try his best to meet it."

Hong Changqing immediately said respectfully, "Okay, Master Wade, I understand!"

Charlie nodded, and said, "Master Hong, before the class officially starts, if you have any needs, you can just ask."

Hong Changqing hesitated for a moment, and said, "That... Master Wade... I want to know, what level

is the strongest among the students this time?" The strongest among the students."

Hong Changqing said awkwardly, "Master Wade... the students are all seven-star warriors, and I am a teacher who is still a six-star warrior... this..."

Charlie snorted, "Okay, I know what you mean."

After that, he stretched out his hand, patted Hong Changqing's shoulder, and withdrew the spiritual energy blocking his other two meridians.

Hong Changqing Feeling that my two blocked meridians were completely dredged in an instant, and the whole person returned to the peak state of the Great Perfection of the Ming Realm, I was immediately excited, and quickly bowed gratefully, "Thank you, Master Wade!" charlie

The Amazing Son In Law Chapter 5688 -

slightly Nodding his head, he took out a piece of paper from his pocket, handed it to Hong Changqing, and said lightly, "Master Hong, this is the opening chapter of the second chapter of "Taizhen Hunyuan Dao" written by me. One-third of the text, while the students haven't arrived in these two days, you can study it yourself to see if it will help you in your current practice." Hong Changqing didn't dare to reach out

to pick up charlie after hearing this Instead of handing over the paper, he asked with disbelief on his face, "... Master Wade... are you so relieved to hand over such a precious martial arts mentality to your subordinates?"

charlie smiled and said casually, "I have always been skeptical and unsuspecting, since I choose to believe in you and entrust you with the teaching task here, then I will not doubt you anymore, besides, although this method has only been passed on to you for the time being, but it will be passed on to all other students through you in the future. It is not a secret that it is here. Besides, as long as you complete the tasks I entrusted to you, I will continue to pass on the "Taizhen Hunyuan Dao" All the content of the article will be passed on to you, and what you have to do is to use your knowledge of the first article to master the following methods as soon as possible, and to master them." Hong Changqing did not expect that such a precious martial arts

method, charlie even gave it to himself without hesitation. You must know that in the field of martial arts, the importance of mind surpasses everything else!

The martial arts mentality of each family will never be passed on to outsiders.

And the heart method of each sect is also the greatest secret of the sect!

But charlie was able to readily put his thoughts into his hands, which is enough to see charlie's heart and his way of doing things.

Recalling that he had always had reservations with charlie before, and even played tricks, Hong Changqing couldn't help feeling ashamed. He took the piece of paper charlie handed over with both hands, looked at charlie with moist eyes, and said gratefully, " Master Wade, if you accept this method, you will be your mentor! Please accept my bow!"

Seeing Hong Changqing knelt on his knees, charlie didn't reach out to stop him.

He knew in his heart that he deserved Hong Changqing's kneeling.

Teaching is preaching!

Therefore, in the Chinese tradition, the kindness of mentors has always been as great as a mountain.

I gave Hong Changqing an elixir before to help him step into the Great Perfection of Ming Realm. Although he was also indebted to him, it was not a kindness of teaching.

Today, I passed on the content of the second chapter of "Taizhen Hunyuan Dao" to him. This is the real grace of teaching.

And Hong Changqing also knelt on the ground devoutly and bowed to Charlie.

Charlie waited for him to finish his ceremony, then stretched out a hand to help him up, and said, "Master Hong, let's study the mental method first, and I won't bother you any more. Before the students arrive, I will let Don Albert inform you." "

Hong Changqing cupped his fists and raised them above his head, and said respectfully, "My subordinates send off Master Wade!"

After finishing speaking, he respectfully sent Charlie outside the door. At this time, he suddenly remembered something, and hurriedly said, "By the way, Master Wade, my subordinates

have one more thing to report!

The Amazing Son In Law Chapter 5689 -

The next time she called, she had asked her father to buy a four-star hotel in Aurous Hill, and she would bring all the inner disciples of Taizhen Dao to Aurous Hill in the next two days." "Oh..."

Charlie nodded lightly. Nodded and said with a smile, "You are really a tough apprentice. There are so many people and such a long way to come here. If I don't accept her too true, then wouldn't she be in vain?"

"That's it, as long as it's something she's looking for, the train won't be able to pull back, so stubborn..."

After finishing speaking, he looked at Charlie and asked, "Master Wade, I don't know that you have worshiped Taizhen Dao as your disciple?" "...How do you think about it?"

Charlie said lightly, "As long as the heart of Taizhen Dao is sincere enough, I naturally welcome it."

Speaking of this, Charlie changed the subject and said, "However, sincerity or insincerity still needs time to verify, so before I nod your head, you must not pass the content of "Taizhen Hunyuan Dao" to Taizhen." Anyone of the true way!"

Hong Changqing nodded immediately and said, "Master Wade, don't worry, your subordinates can still tell the difference. I have given Siqi all the contents of the first chapter of "Taizhen Hunyuandao", and it has been completed." The mission of inheriting the unique knowledge for Taizhen Dao is now under your command. You also gave me the content of the second chapter of "Taizhen Hunyuan Dao". Without your permission, I will never pass on these contents to anyone "

Charlie nodded in satisfaction, "It's good if you have this awareness."

After that, he said again, "I'll go first, and when Taizhendao comes, you take Long Siqi to meet me at Shangri-La."

Hong Changqing bowed He said, "Okay, Master Wade, this subordinate understands!"

Charlie nodded and took Don Albert out of the guest room.

After walking out of the guest room area, Don Albert asked respectfully, "Master Wade, what's your next plan

?

" Rubbing his hands, struggling for a long time, he said falteringly, "That... Master Wade... Don Albert has something to ask you... I hope you don't mind..."

Charlie said with a smile, "Don Albert, you and I too. We've known each other for so long, do you still hesitate to talk to me like this? If you have anything to say, you can just say it."

Don Albert scratched his head, and said with a serious and expectant face, "Master Wade...to tell you the truth, I... I also want to practice martial arts... and I have always wanted to, but I have never had a suitable opportunity to enter the Dao..."

As he said that, Don Albert sighed, and said, "I thought about asking you to be my teacher earlier, but I know how much I am, and besides, I am also old, and I must learn things very slowly. Let you teach me this kind of novice who can't get started... I see that you are going to set up a training base this time, so I thought you would approve me to follow along... As for whether I can succeed or not, it's up to me Don Albert's own good luck, if I didn't have this piece of material, then I would give up this idea, but if I can enter this door, I can do more for Master Wade in the future..."

Charlie smiled and said, "It's simple. Since you want to learn martial arts, then follow them to learn "Taizhen Hunyuan Dao" from the beginning this time. The lesson plan

prepared by Hong Changqing happened to be taught from scratch. You can learn from him. Learn, after all, you are a person who has eaten Rejuvenation Pill, and your physical fitness is different from ordinary people. It should not be difficult to enter the door of martial arts.” Don Albert suddenly said excitedly, “Thank you, Master Wade!” charlie said with

a

smile “Don’t look at your age, it’s not difficult to catch up.”

The Amazing Son In Law Chapter 5690 -

Don Albert was ecstatic, and hurriedly said, “Master Wade, I will do my best!”

charlie patted him on the shoulder and said, “Wait for Wan Po!” When the army and the soldiers of Wanlongdian arrived in Aurous Hill, the closed training officially began. At that time, in addition to practicing martial arts with them, you also have to do a good job of keeping secrets and supplies here. If you have any problems, you can ask Lao Chen for help. “

Don Albert thought of something, and said in a low voice, “Master Wade, Mr. isaac also wants to practice martial arts. Do you want to let him join this time?”

charlie asked curiously, “Old Chen is also interested in martial arts?”

Don Albert Seriously said, “Master Wade, President Chen and I saw you kill the Eight Heavenly Kings in Changbai Mountain. At that moment, both of us were full of yearning for martial arts. He is in the same situation as me. We both feel that we are not young, certainly not This piece of material, so I didn’t dare to mention it to you...”

charlie smiled and said, “Okay, I know, you can ask him for me later, if he really wants to learn, he doesn’t need to ask me again, and then directly Just come here.”

“Great!” Don Albert said excitedly, “If Mr. isaac knows You know, I’m sure you’ll wake up laughing from your dreams! I’ll tell him right now! Ye

Chen told him, “Don Albert, don’t forget to tell him clearly that you asked him about this matter, and Lao Chen is also a fastidious person. As long as you get to the point, he will remember your affection!”

Don Albert laughed and said, “Thank you Master Wade for reminding me! ” Then I will go along with the flow and earn a favor from him, Old Chen! Ye

Chen smiled slightly, and said, “Tell him, I’ll go first.”

Don Albert hurriedly said, “No rush, no rush, Master Wade, I’ll take you out first! ” “

Don Albert sent Charlie out all the way. After Charlie got in the car and left, he took out his mobile phone and called Isaac Cameron impatiently. At this time, Isaac Cameron was still in Buckingham

Palace. When he received Don Albert's call, he immediately He said casually, "Don Albert, is there anything I can help you with? Don Albert smiled and said, "

Look at what you said, can't I call you if I have nothing to do?" "

Isaac Cameron smiled and teased, "Didn't you help the young master to renovate the hotel recently? I mean, is there anything on your side that needs my help? I will respond and support at any time. Don Albert said mysteriously, "

Mr. Isaac, I really need your help for one thing. "

"It's easy to work out. "Isaac Cameron said immediately," my subordinates are at your disposal. "

Don Albert said with a smile, "I don't need your subordinates, I need you to do a job yourself. "

"Me?" "Isaac Cameron asked curiously, "Is there anything you need me to do?" Hong

Wu smiled, and said seriously, "I need you to take some time to come over, we will be classmates." "

"To be a classmate? "Isaac Cameron couldn't understand even more, so he asked him, "Don Albert, don't play tricks on me here. Just tell me what's going on!" Hong

Wu coughed twice, and laughed, "Then you can sit still and support yourself, don't get so excited that you lose your waist!" "
