

The Amazing Son In Law Chapter 5696 -

Nanako knew that her father had always hoped that she could develop with Charlie, so she was not surprised by her father's teasing.

And she wasn't very shy, instead she complained angrily, "If Odo-san wants to stay in a hotel, I'll book one for you right now, and you can stay in the hotel until we return to Japan! If it's not enough, I will You can buy a hotel for Odo-san to live in."

Ito Yuhiko said with a chuckle, "Nanako, Odo-san was just joking, please don't mind..."

He said quickly, "Oh, Odo-san is about to start It's time to play, please entertain Mr. Wade first, and we won't go back to bother you for the time being!"

Seeing that her father stopped teasing, Nanako didn't say much, and after bidding farewell to her father, she hurried out to go to the basement Welcome Charlie.

She pressed the down button in the elevator lobby, and the elevator came down from the top floor, and the doors opened quickly.

The moment the elevator door opened, Nanako found that there was already a very beautiful intellectual beauty standing inside. This beauty was tall and tall, with long hair and shawl, wearing a professional suit, very elegant.

When the intellectual beauty in the elevator saw Nanako, her eyes widened in surprise, and then she panicked again.

The executive beauty in the elevator is Mia (Liu Manqiong) who just returned to Aurous Hill from Hong Kong Island today.

Because she has signed a contract with Aurous Hill University, as a faculty member, she needs to report to the school in advance before the school officially starts. Today is her first day to officially report to the school.

According to the school's arrangement, she will go to the school today to complete the registration procedures, and then start to participate in various meetings before the start of school every day, including management meetings, mobilization meetings, and academic seminars.

These preparations before the start of school are very complicated, but fortunately Mia (Liu Manqiong) still has two weeks to prepare even after the freshman starts school, because according to regulations, freshmen still need to receive two weeks of military training.

At this moment, Mia (Liu Manqiong) was preparing to drive to the school in the basement, but unexpectedly, the elevator stopped at the next floor as soon as she got

into the elevator. What's more, the woman standing outside the door turned out to be the woman she was in sister car that day. The super beautiful woman walking with charlie as seen in the movie.

When she saw Nanako in the car that day, Mia (Liu Manqiong) was shocked by Nanako, but today she found out that this woman who is very close to charlie actually lives downstairs! Nanako Ito was quite surprised when she saw the way Mia (Liu Manqiong) looked at her.

Out of politeness, she said very politely, "Hello, are you the neighbor who lives on the top floor?"

Said, "Yes... I live on the top floor."

Nanako Ito smiled slightly, stretched out her hand, and said, "It's a pleasure to meet you, I'm your neighbor downstairs!

" Press the floor button, and asked her curiously, "Are you going to the basement too?"

Nanako nodded, and said casually, "I'm going to pick up a friend, how about you? Going out?"

" The first thought was that the one she picked up was probably charlie, so she felt a little nervous, and hurriedly pressed the floor, and said, "I'm planning to go to work, but I almost forgot that there is a problem with my car, I still go from the first floor." Go out and take a taxi."

Nanako didn't think much, smiled at her politely, saw that she was holding a folder with Aurous Hill University printed on it in her hand, and asked curiously; "Excuse me, do you work at Aurous Hill University? "

Mia (Liu Manqiong) nodded, and said, "I'm a teacher at Aurous Hill University."

Nanako gave a thumbs up and praised, "To be able to teach at Aurous Hill University, it must be a doctorate degree. It's really amazing!"

Mia (Liu Manqiong) stroked her hair, modestly He said awkwardly, "A Ph.D. degree is nothing special. There are too many people with Ph.D. degrees now."

While talking, the elevator stopped on the first floor, Mia (Liu Manqiong) hurried out of the elevator, and before leaving, she forced herself to greet Nanako calmly, and said politely, "Well, I'll go first!" "Okay

! "

Looking at Mia (Liu Manqiong)'s back, Nanako felt that she was a little weird, but she couldn't tell what was strange. She seemed to be a little afraid of herself, and her eyes were wrong when she saw her. For some reason, she seemed relieved when she got out of the elevator. a feeling of.

Nanako was still thinking to herself, "Am I so scary?"

Thinking this way, the elevator had already reached the underground garage.

After waiting for about five minutes, charlie drove into the basement.

Nanako hurriedly stood aside and looked forward to it. After charlie parked the car, she immediately came to the car and waited. As soon as charlie got out of the car, Ito Nanako could n't

wait to wave to him, then bowed slightly and said, "Mr. charlie, you have worked hard all the way!"

Nanako hurriedly said, "I just arrived."

After she finished speaking, she hurriedly asked again, "Mr. charlie came to me suddenly, what's important to tell me?"

charlie nodded and said seriously, "I want to compare with what you said. It's important, let's go upstairs and talk about it."

Ito Nanako smiled sweetly, and made a gesture of invitation and said, "Mr. charlie please!"

The two walked into the room togetherIn the elevator, Nanako Ito swiped her card and pressed the floor button, and said to charlie, "Mr. charlie, there is a beautiful woman living upstairs, and she is also a teacher of Aurous Hill University." "Really?" charlie asked curiously

" How did you know?"

Nanako Ito said, "I happened to get off an elevator with her just now, so we chatted for a while."

charlie nodded, and said casually, "Teachers from Aurous Hill University can buy it in this community, and they can also buy it." It's the same type of apartment as you, so the financial resources are a bit unusual. An ordinary teacher can't afford a house worth tens of millions. What's more, if you say she is a beautiful woman, she must be very young. It is even more difficult for young people to have any savings. There is a high probability that she is a rich second generation."

Nanako Ito agreed, "Mr. Charlie's analysis makes sense, I think she has a very good temperament, and she should have been pampered and carefully cultivated since she was a child."

Charlie hummed, but didn't take it to heart.

At this time, the elevator just arrived at the floor where Nanako's house was located, the elevator door opened, and Nanako invited Charlie into the room.

At this time, Nanako had already prepared the tea sets needed for the tea ceremony in the living room, and said happily to Charlie as soon as she entered the door, "Please sit down, Mr. Charlie, and I will help you make tea!" Charlie nodded and stood across from Nanako across the tea

tray. He sat down, and then asked, "Nanako, do you still practice martial arts often recently?"

Nanako didn't know why Charlie suddenly asked this, and said truthfully, "There are very few opportunities to practice martial arts recently. Since Odo-san let me take charge of the family, it is difficult for me to find time to practice martial arts like before, and now I hardly practice much except taking some time every day to practice the flexibility of the body."

Then, she asked Charlie, "Why did Mr. Charlie suddenly ask this?"

Charlie smiled slightly and asked her, "Nanako, do you want to learn martial arts?"

The Amazing Son In Law Chapter 5698 -

"Martial arts?"

Nanako asked in surprise, "Mr. Charlie is talking about Chinese martial arts?"

"

Is it okay?"

She said softly, "Mr. Charlie, after all, I am not from Huaxia..."

Charlie waved his hand, looked at Nanako and said seriously, "Huaxia Martial Arts has already taken root and sprouted all over the world. All sects recruit foreign disciples, and Wanlongdian also has many foreign members, so you have nothing to worry about. If you are interested, I can arrange for you to participate." Nanako quickly asked, "What kind of training is it? It's

Charlie: "Do you train yourself?"

charlie shook his head and smiled, "I don't have that ability. This time, the former head of a martial arts sect in North America will conduct the training, because it is to teach a martial arts mentality from the beginning, so for those who have not started People are very friendly."

Nanako said a little unconfidently, "Mr. charlie, I have always practiced Japanese martial arts and Sanda fighting. In the words of Mr. Yamamoto, Japanese martial arts are external martial arts, while Chinese martial arts are internal martial arts. Home kung fu is better than external kung fu because it can be cultivated both internally and externally, and after learning to circulate the true energy and open up the meridians, it can make the body burst into stronger strength. I have never been exposed to internal kung fu, and I am afraid it will be difficult to learn it. Right?"

charlie smiled and said, "Don't worry, with me here, there's no way you can't learn it."

From charlie's point of view, Nanako, Aurora, Don Albert, and Isaac Cameron have never been in martial arts, but If you really want to get started, Nanako is definitely the easiest one.

She has practiced Japanese martial arts and Sanda for so many years, and has already laid a strong physical foundation, and has taken the whole Rejuvenation Pill. As long as she masters the mental method of "Taizhen Hunyuan Dao", she will definitely be able to get started quickly.

Nanako didn't think much about it at this time, and agreed happily, "Since Mr. charlie said so, then I will definitely practice hard! I will not let Mr. Wade down!"

After all, she suddenly thought of something and asked, "Mr. charlie, I wonder how long this training will last?" Don't worry about the progress, you can come back to make up when you have time."

When Nanako heard that it would take at least half a year, she immediately became happier, and said happily, "That's really great! There is nothing particularly important in the family recently. , everything is managed by professional managers and executive teams, and there is also a third-party team to supervise and audit. The operating situation and financial status are reported once a week. No matter where I am, I can grasp the dynamics of the company, so I don't need to personally We can deal with it in the past, and we can stay in Aurous Hill for a longer period of time!"

Said Nanako, "Actually, Odo-san doesn't really want to go back to China. He is quite well-known in Japan. Once he goes back, he must keep a low profile and keep a low profile, so as not to be caught. People found that his legs had recovered, but he didn't have such a big psychological burden here. He only needs to dress up a little and put on a peaked cap when he goes out, and he will definitely not be recognized by others. The whole person's state is much more relaxed "

That's good." charlie nodded gratefully, and said, "Tell Mr. Ito later that when the training starts, you may spend most of your time in a hot spring hotel in the suburbs. If you commute back and forth every day, you may It's not realistic, but you can come back every now and then, and you don't have to worry about being bored at the hot spring hotel. This time Aoxue will also participate in the training with you, and the two of you can take care of each other." Nanako asked in surprise, "

The Amazing Son In Law Chapter 5699 -

Aurora Snow will go too? That's really great, I'm afraid I don't know anyone there, I don't even have a person to talk to, if she's here, I'll have a companion!" After finishing speaking, Nanako handed a teacup

to In charlie's hand, he said with a smile, "Mr. charlie, please drink tea!"

charlie took the teacup, took a sip, and before he put the teacup down, he received a call from an unfamiliar number.

He put the teacup back on the tea table, and after connecting the phone, Abbas's voice came from the other end of the phone, "Mr. Wade, your subordinates have arrived in Aurous Hill!"

charlie raised his eyebrows and asked him, "abbas, what are you doing?" When did it arrive?"

"I just arrived not long ago." Abbas said respectfully, "The subordinate quietly disembarked when the freighter passed through the Suez Canal, and came all the way with three different identities. After getting off the plane, we rented a car and are on our way into the city."

charlie asked him, "Where are the others?"

Abbas said, "Return to Mr. Wade, according to your instructions, except for your subordinates, all those who participated in the nest plan will not land in the next three to six months. I will always follow the freighter at sea and return to Syria after the wind blows."

After finishing speaking, Abbas said again, "By the way, Mr. Wade, my subordinate has received some information at sea these days and wants to report it to you face to face.

" Good!" charlie said with a satisfied smile, "You go to Shangri-La to find Isaac Cameron first, and I will come to have an interview with you later."

abbas immediately said, "Okay, Mr. Wade, my subordinates are waiting for you at Shangri-La!"

charlie hung up On the phone, Nanako Ito asked him with some reluctance, "Mr. charlie is leaving?"

charlie nodded "It's something urgent, I have to go to Shangri-La."

Nanako Ito nodded understandingly, stood up, and said, "Then I'll take Mr. Charlie down."

Charlie drank the tea in his cup and said with a smile, "Next time." Come taste your craftsmanship again."

Nanako smiled and said, "You are welcome anytime!"

Twenty minutes later, charlie drove to Shangri-La.

Isaac Cameron welcomed charlie to his office, and immediately left.

Abbas got up and came to charlie, bowed and said, "Mr. Wade, I am fortunate to have fulfilled my mission. Your plan to overthrow the nest has been implemented completely according to the plan!" charlie said approvingly, "Well done! Come back and replace

me Tell all the soldiers of Wanlongdian who participated in the plan to overthrow the nest, I will do it for them! When they return to Syria, I will definitely reward them heavily!" Abbas hurriedly said, "Mr. Wade, thanks to your foresight to formulate the plan to overthrow the nest at the same

time I have come up with such a perfect plan, otherwise, just me and the soldiers are no match for that person at all..."

charlie waved his hand and said seriously, "No matter how good the plan is, there must be a strong team to execute it, otherwise it will not be enough. It's just talking on paper."

Then, charlie asked, "By the way, you said on the phone just now that you have some information to report in person, what exactly is it?"

Abbas's expression turned cold, and he said in a low voice, "Mr. Wade, In the past few days, almost all the executives of the Blackwater Group in the Middle East have disappeared. Many people have been confirmed to have been tortured and killed. In the arms black markets around the Caspian Sea, arms dealers have been killed one after another these days and sold us ak630 close-in anti-aircraft guns The arms dealer in the world has evaporated..."

charlie frowned, and said coldly, "It seems that the Poqing Society has started to investigate this matter!"
