

The Amazing Son In Law Chapter 5711 -

Maxton's words made Hong Changqing speechless for a moment.

In fact, Hong Changqing is also very clear that even if he has worked hard and worked hard for the entire Taizhen Dao in the past few decades, he still cannot get rid of the pot of losing the ancestral medicine tripod.

After all, it is a treasure that has been passed down for thousands of years and has been passed down for thirty-nine generations. It would be fine if it disappeared quietly. relieved.

However, the bad thing is that I, the eldest disciple who passed on my own, knew about the medicine cauldron a long time ago. If it is really passed on, then I will become a sinner of the sect through the ages.

Therefore, Maxton was unwilling to take the blame for Hong Changqing, and he could understand it in his heart.

However, the current situation is indeed difficult for him. Maxton categorically denied the identity of the fortieth head, so there is no doubt that he is still the head of the sect in the eyes of more than 200 people in Taizhen Dao .

And charlie's training is about to start, and Maxton brought more than two hundred Taizhen Dao disciples to Aurous Hill, how could he be so busy?

More importantly, how should I explain this to charlie?

Hong Changqing, who was so depressed, couldn't help complaining, "Maxton, let's master and apprentice take care of this matter. You just said that you don't want to be the master. The reason is reasonable and well-founded. It is understandable for the master, but since you don't want to be the master Sect, why didn't you tell me directly? Not only did you not tell me, but you also used the name of teacher to bring all the Taizhen Taoists to Aurous Hill without asking for the teacher's consent. Is it appropriate?"

Maxton said aggrievedly, "Master, you are the head of Taizhen Dao, but you left Taizhen Dao behind and stayed in Aurous Hill alone. Brothers and uncles have always Waiting eagerly for you to go back, I can't tell them that you have completely given up on everyone, right? For example, there is nothing wrong with my mother remarrying. After all, it is a personal choice, but there must be a proper arrangement for the children in the family? If you just let go Leave it alone, it is understandable for the children to find it!"

As soon as Hong Changqing heard this, he knew that he couldn't talk to Maxton at all, so he could only sit on the passenger seat and sigh in depression, "Maxton, Maxton, you've ruined your teacher..." Maxton asked him, "

Master?" Master, there is something that I have never understood."

Hong Changqing sighed and said, "Hey, what did you not understand?"

Maxton said, "Master, I know that Mr. Wade has great powers, and I also know that you must very much hope to get it." Mr. Wade's suggestion, but you don't need to give up the position of the head of Taizhen Dao, right? Your prestige in the sect is beyond the reach of disciples. If disciples tell them directly, the entire Taizhen Dao will worship Ye Under Mr.'s name, I'm afraid there will be some uncles and uncles who are unwilling to agree out of their own arrogance, but if you come forward, then they naturally dare not make any complaints. Isn't this matter just a matter of course? Why do you have to insist? How about passing the headship to the disciple?"

Hong Changqing lamented, "In the final analysis, it is a wrong step and a wrong step."

As he said, Hong Changqing inevitably looked a little ashamed and said, "I told you before as a teacher, The reason why I lost the medicine cauldron was mainly because my teacher had impure motives. In fact, there is one more thing that my teacher didn't tell you..." Maxton asked, "

What's the matter?"

Hong Changqing lowered his head, dejectedly He said, "At the beginning, Master Wade intended to let Wei Shi worship under his sect, and he was the only one to look after him, and Master Wade also very sincerely gave Wei Shi a elixir, which made Wei Shi's cultivation directly break through to the Great Perfection of the Ming Realm..." "

The Amazing Son In Law Chapter 5712 -

"The Dzogchen of the Ming Realm?!" Maxton exclaimed in surprise, "Master...you...you are already the Dzogchen of the Ming Realm? Why didn't I hear you mention it last time?" "

Ahem..." Hong Changqing He said with great embarrassment, "Before you came that time, the master had indeed reached the state of Great Consummation of the Ming Realm. At that time, Master Wade wanted the master to show the martial arts mentality of Taizhen Dao, and for the teacher to treat gentlemen with the heart of a villain." I thought that Master Wade wanted to pry into the core secrets of Taizhen Dao, so I declined Master Wade with the excuse of not being ashamed of my teacher..."

Maxton asked in puzzlement, "What does this have to do with your cultivation? ?"

“Hey, it’s a big deal...” Hong Changqing sighed, “When my teacher declined Master Wade at the time, I was indeed a bit of a villain. , Letting the teacher go on the saddle to serve others, as a teacher, I feel a little bit unhappy, so I thought, it is better not to be too obedient to Master Wade, it is best to let him see that I am true to the truth in my heart I still have a lot of concerns, what I think about my teacher is that if Master Wade feels that my teacher is too much to be reused, fortunately I can let me go back to the United States, it would be great...” “No,

Master...” Maxton was amazed “You said just now that Mr. Wade gave you a elixir to help you break through to the Ming Realm Dzogchen, but you took the elixir given by Mr. Wade, but you didn’t want to contribute to Mr. Wade. Isn’t this a human being?” Is it a free prostitution?”

Hong Changqing said with a dark face, “What is a prostitute...Maxton, girls, don’t speak so badly, okay...”

Maxton said seriously, “Master, let me tell you something from the bottom of my heart, although I don’t know what kind of pill Mr. Wade gave you, and I don’t know why it has such a strong medicinal effect and can directly help you break through to The Ming Realm is perfect, but this disciple can be fair, since the efficacy of this elixir is so powerful, it must be priceless, perhaps worth hundreds of millions of dollars!” Speaking of this, Maxton gave a slight

sigh After a pause, he said again, “So, according to your behavior, Master, it sounds very nice to say that you are whoring for nothing. It’s also because I’m your disciple, so it’s hard to say something too ugly, otherwise you will let outsiders come Evaluation, I’m afraid it will be a hundred times worse than prostitution...”

Hong Changqing’s expression was extremely ugly, and he stretched out a hand to interrupt her, “It’s alright, Maxton, if you don’t know how to speak, just talk less, this is what the teacher knows to do Not right, so there was nothing I could do later, in order to show my attitude to Master Wade, the teacher called you to Aurous Hill, and wanted to pass the throne to you in front of Master Wade...” He waved his hand and said depressingly, “I

want Why don’t we discuss the situation in front of us, and see Master Wade later, how should we explain it to Master Wade?”

Maxton shook his head and said, “Master, you haven’t explained it clearly to me, what does this have to do with your cultivation? “

Hong Changqing said depressedly,” don’t mention it, it’s because I want to be white... Oh no, it’s because I still think about the truth in my heart, which angered Master Wade, so Master Wade sealed my meridian, just like You were in the same situation as last time, and you were okay. Master Wade just helped you break through from a five-star warrior to the Great Perfection of the Ming Realm, and then sealed you back as a five-

star warrior. I was miserable that time...Master Wade It directly sealed my four meridians, forcibly turning me from a martial artist of the Great Perfection of the Ming Realm to a four-star martial artist..."

"Pfft..."

Hearing Hong Changqing's words, Maxton suddenly burst out laughing uncontrollably.

When Hong Changqing heard Maxton's laughter, his face flushed with anger, and he repeatedly asked, "What are you laughing at? Is it so funny?"

Seeing that Hong Changqing's eyes were about to kill someone, Maxton quickly suppressed his smile and lowered his head. Said, "I'm sorry, Master, I really couldn't hold back..."

After that, she said solemnly again, "But compared with you, I am luckier. Although Mr. charlie also sealed my meridians, he still didn't Let my cultivation go backwards..."

Hong Changqing rubbed his temples, waved his hands and said, "Forget it, and when you meet Master Wade, tell Master Wade the truth about the cause and effect! I will also express my opinion to Master Wade, Starting tomorrow, the training here will officially start, and I will show my attitude with practical actions." Maxton nodded and asked

him, "Master, what about the other disciples of Taizhen Dao? I'm waiting for you."

Hong Changqing said helplessly, "I don't know what to do with this question as a teacher... It's better to let him decide after seeing Master Wade..."

Maxton said without hesitation, "Okay, all the disciples will listen. Master."

Hong Changqing gave her a gloomy look, and then said, "Maxton, you and I have agreed this time, if Mr. charlie is willing to accept Taizhen Dao, then you must take over the seat of Taizhen Dao's head. At that time, I will pass on the position to you in front of all the disciples of Taizhen Dao, but you will never mention the matter of the medicine cauldron again, will you agree?" Maxton agreed without hesitation, saying, "

Good master, as long as You can let Mr. charlie take Taizhen Dao under his command, and I will take the blame for the master and Yaoding for you!"

Hong Changqing heaved a sigh of relief, "Okay! You said it!"

Soon, Maxton was in Hong Changqing's house. Under the guidance, take the Panshan Highway to the Banshan Villa.

Right now, the entire Mid-Levels villa has been repurchased, and charlie is the only one in the huge group of villas.

When the two came to the door of charlie's villa, the courtyard door was already open.

The two got out of the car and walked into the courtyard. The main entrance of the villa was also wide open at this time.

Hong Changqing came to the door, did not dare to go in directly, but stood outside the door and knocked, and asked, "Master Wade, are you there? My subordinate Hong Changqing and the villain Maxton are begging to see each other..." Hearing that

Hong Changqing crowned himself Maxton wrinkled his nose at him for the title of villain, Hong Changqing pretended not to notice, and turned his face away.

However, Hong Changqing was not really angry. After all, the master and apprentice had known each other for many years. Hong Changqing had long regarded Maxton as his goddaughter. He knew that Maxton had a bad temper, but he had already gotten used to it after so many years.

charlie is cleaning up the oral liquid filling equipment in the living room at this time. Compared with the fully automatic filling line of Jiuxuan Pharmaceutical, his semi-automatic production line, which only fake medicines buy, has a much lower technical level. There is no big problem with filling, but a bunch of leftovers are left after packaging.

Hearing Hong Changqing begging to see him, he casually said in.

Only then did Hong Changqing and Maxton walk into the living room. Seeing charlie fiddling with something in front of the filling equipment, they looked at each other. It was Hong Changqing who spoke first, "Master Wade, Maxton is here.

"Charlie raised his head, looked at Maxton who was nervous, and said with a smile, "Miss Maxton, we meet again."

Maxton couldn't help stammering, "Hello, Mr. charlie! Junior Maxton, I met Mr. charlie!"

Maxton's heartbeat accelerated even before entering the door, and he was extremely nervous.

The Amazing Son In Law Chapter 5714 -

This was mainly because she knew that she was very reckless in front of charlie last time, and now that she came to see charlie again, she would feel ashamed.

In addition to this, she was also very worried, wondering if she would be able to get what she wanted this time in Aurous Hill.

charlie heard that she called herself a junior, and said calmly, "Miss Maxton should be slightly older than me, so there is no need to call herself a junior."

Maxton hurriedly said, "Mr. charlie, the old master calls himself a subordinate in front of you, and I am his direct disciple, so I am naturally a junior in front of you..." charlie smiled slightly and joked, "Miss Maxton this

time We seem to be more polite than last time when we met."

Maxton said awkwardly, "The junior was reckless last time, please don't mind Mr. charlie..."

charlie nodded, and said casually, "I heard that Miss Maxton has already put Mrs. Have all the people of the true way brought them to Aurous Hill?"

"Yes..." Maxton said respectfully, "Mr. charlie, there are a total of 217 people from the Taizhen way, and they have all arrived in Aurous Hill today..." After finishing

, Maxton didn't hide anything, and went straight to the point, "Mr. charlie, this junior came to Aurous Hill this time, and I implore you to take into account the face of the old man, Master, and accept Taizhen Dao under his family..." charlie asked curiously, "Why

? Is it for the sake of your master? Didn't he already pass on the headship to you?"

Maxton blurted out without thinking, "Mr. I can't take over the position of head of Taizhen Dao, so I gave up on my own."

"Give up?" charlie looked surprised, looked at Maxton, then at Hong Changqing who was depressed, and asked curiously. "Can you give up on this? Haven't you all gone through the process of passing the position?"

Maxton said seriously, "Mr. charlie, the passing of the position was uncountable because the sect leader didn't have all the tokens."

charlie nodded and said with a smile, "I understand. Last time Hong Tianshi passed on the position of master to you, but you regretted it after you went back."

Maxton "Yes."

charlie asked her "" Then how did you explain it to the disciples of Taizhen Dao after you went back?"

Maxton said, "Go back to Mr. charlie, after the junior returned, he showed the token of sect master that Master gave me to the core members of Taizhen Dao, and then told It is their master's order to ask all the members of Taizhen Dao to move to Aurous Hill as soon as possible... They saw the sect leader's token, and they didn't have any doubts about the younger generation's statement..."

charlie was quite concerned about Maxton's coquettish manipulation. In order to appreciate it, he then looked at Hong Changqing and said seriously, "Master Hong, you want to pass the throne to Miss Maxton, but Miss Maxton said she gave up, so from the basic logic of inheritance, you are still the head of Taizhen Dao. "

Hong Changqing on the side said helplessly, "Master Wade, this subordinate thought that after passing the position to Maxton, he would be able to serve you with peace of mind, but this subordinate really did not expect such a thing to happen. It is really unfortunate for the master... .."

Speaking of this, he not only lamented, but said, "The main reason is that when the position was passed on last time, my subordinates did not think of leaving any evidence out of trust in Maxton. Now Maxton suddenly regretted it. The subordinates were also caught off guard..."

charlie smiled slightly, looked at Maxton, and asked her, "Since Miss Maxton is unwilling to take over the position of head, why bother to move the entire Taizhen Dao to Aurous Hill?"

Long Maxton's expression turned cold, and he quickly said, "Mr. charlie, the younger generation knows that you are a person with great supernatural powers. Taizhen Dao has not made much progress in the past few hundred years. The younger generation hopes that Taizhen Dao can make further progress with your help. One floor, that's why I moved Taizhen Dao here on my own initiative... If you are willing to take Taizhen Dao under your command, everyone in Taizhen Dao will definitely remember your kindness, and will definitely look up to you in the future!"
