

The Amazing Son In Law Chapter 5717 -

The temporary plan given by charlie took Hong Changqing, Maxton, and more than 200 members of Taizhen Dao into consideration.

First of all, Hong Changqing's next energy will be in the training of warriors in the Champs Elysees Hot Spring Hotel, so he must not have extra energy to take care of the disciples of Taizhen Dao.

Secondly, Maxton hopes that charlie can take Taizhen Dao under his command, but charlie feels that the time is not yet ripe for accepting Taizhen Dao now; and Hong Changqing, as the master in the eyes of Taizhen Dao

disciples, if he does not show up for a while, it will inevitably arouse doubts from the disciples of Taizhen Dao. After all, everyone moved to Aurous Hill all the way, but the head of the sect has never shown up. It is really unreasonable.

Therefore, charlie asked Hong Changqing to take out all the first chapters of "Taizhen Hunyuan Dao", which must be a great thing for the disciples of Taizhen Dao, which is enough to hold their energy for a long time in the future, and After Hong Changqing revealed the news of the follow-up content of "Taizhen Hunyuan Dao", these disciples are full of expectations. In this way, neither Hong Changqing nor Maxton need to rack their brains on how to appease the disciples of Taizhen Dao .

Hong Changqing can concentrate on teaching martial arts here, and Maxton intersperses on both sides. Not only can he gain something from Hong Changqing, but he can also enhance his prestige in Taizhen Dao by passing it on to Taizhen Dao disciples.

In this way, it won't take long for Taizhen Dao's military spirit to gradually stabilize, and Maxton's control will gradually increase. At that time, Hong Changqing will officially pass the headship to Maxton in front of all his disciples. Qi, everything will be a matter of course.

Hong Changqing can also be regarded as a scheming man. After hearing charlie's words, he knew that charlie's solution could kill three birds with one stone, and he couldn't find any flaws.

And Maxton didn't expect that charlie was willing to let him participate in the martial arts training in Champs Elysees, so he was naturally very grateful.

Although charlie has not officially stated his position yet, indicating that he is willing to take Taizhen Dao under his command, but at least he has made preliminary arrangements for Taizhen Dao, and he does not need to rush for success. .

So, after the master and apprentice were grateful, Hong Changqing hurriedly joined Maxton to go to the hotel where the disciples of Taizhen Dao stayed to appease everyone before the class officially started today.

After getting in the car, Hong Changqing finally breathed a sigh of relief, and murmured with lingering fear, "Thanks to Mr. Wade's kind heart, this matter has been properly resolved." After finishing speaking,

he couldn't help but give Maxton a white look, and exhorted "Maxton, from now on, you don't have to make any more fools. Besides, you don't have much time to spend as a teacher, so I will announce to everyone when I see your brothers and sisters that this period During this time, Taizhen Dao will be managed by you."

Maxton nodded without thinking, "Don't worry, Master, I will take good care of everyone."

Hong Changqing said again, "This The next martial arts training will take about half a year, and half a year is enough for everyone to adapt to the new environment of Aurous Hill, and at the same time adapt to you as the acting master. At that time, I will officially pass the master to you, and you can no longer refuse whatever you say "

As he spoke, Hong Changqing didn't wait for Maxton to express his opinion, and added, "By the way, don't bring up the matter of the medicine cauldron in the future, this matter will rot in your stomach!" Maxton is no longer obsessed with

medicine Ding's matter, so he agreed without hesitation, and said, "Master, don't worry, from now on, Maxton will not mention the matter of Yao Ding!" Hong Changqing finally breathed a sigh of relief,

as long as Maxton is willing to help him guard The secret of the medicine cauldron, then he will not become a sinner of the Taizhen Dao, at least, he will not become an open sinner.

Hong Changqing, who was relaxed, looked at Maxton, and said comfortingly, "Maxton, as a teacher, I feel that the medicine cauldron is now in the hands of Master wade. It is actually a good thing for you, me, and Taizhen Dao. The follow-up content of "Taizhen Hunyuan Dao" alone is much more valuable than that medicine cauldron, not to mention the opportunities that Master wade may bring us in the future, what do you think?"

The Amazing Son In Law Chapter 5718 -

Maxton was silent for a moment, nodded lightly, and said seriously, "The medicine cauldron has been passed down for thousands of years in the hands of Taizhen Dao, and it has never helped Taizhen Dao cultivate a real martial arts master. Or it can't play a real role in the hands of Taizhen Dao. On the other hand, Mr. Wade just put some special power into my body that can't be described in words, and he can directly open

up all my meridians. It turns out that Mr. Wade's strength is much stronger than the ancestors of Taizhen Taoism for thousands of years." "

Yes." Hong Changqing sighed, "When you say that, I feel much more comfortable as a teacher..."

...

As Charlie expected.

When Hong Changqing disclosed the entire content of the first chapter of "Taizhen Hunyuan Dao" to the Taizhen Dao disciples, the entire Taizhen Dao was ecstatic.

According to the rules of Taizhen Dao, the content of the first chapter of "Taizhen Hunyuan Dao" is divided into four parts. All disciples in the sect can get the first part of "Taizhen Hunyuan Dao". Reach the rank of a three-star warrior;

as for the third part, you must reach the level of a five-star warrior;

and whether you can get the final fourth part depends on two points.

First, whether the cultivation base can break through to a six-star martial artist;

second, whether he is about to become the next master.

Maxton's cultivation has just broken through to a five-star martial artist, so before she came to Aurous Hill last time, she only mastered the first three parts of "Taizhen Hunyuan Dao". The door bit, and got the fourth part.

Taizhen Dao disciples are also very aware of this rule, so almost every disciple in the sect will do their best to improve their cultivation and strive to learn more.

But now, the rules of Taizhen Dao that have been passed down for thousands of years were suddenly broken by Hong Changqing.

He directly made all the content public and told everyone that he was sorting out the "Taizhen Hunyuan Dao" that he got by accident. Contents of the second chapter.

As soon as these words came out, it gave Taizhen Dao disciples even more motivation.

And everyone took it for granted that this was the fundamental reason why Hong Changqing asked Maxton to move them from the United States to Aurous Hill with the token of the sect leader.

As a result, all previous doubts, incomprehensions, and even dissatisfaction and reluctance in my heart disappeared at this moment.

Immediately afterwards, Hong Changqing went along with the flow and told everyone that because he had to concentrate on studying the content behind, he had no extra energy to take care of sect affairs during this period, so Maxton took the post of acting head and was fully responsible for all affairs of Taizhen Dao .

Since Maxton was originally Hong Changqing's personal disciple and the designated heir to the sect head, so everyone naturally did not have any objection to her being the acting sect master.

What's more, everyone in Aurous Hill relies on Maxton's family for food, clothing, housing, transportation, and daily expenses, so everyone is convinced that she is in charge of the sect.

Seeing that the problem of Taizhen Dao has been temporarily resolved, Hong Changqing also felt relieved and prepared to return to the Champs Elysees Hotel to start making final preparations for tomorrow's lecture.

Just when Maxton was about to drive Hong Changqing back, Hong Changqing suddenly received a call from Grandma charlie.

Hong Changqing quickly connected and asked respectfully, "Mrs. An, why did you suddenly think of calling Hong?"

" I am planning to leave for Aurous Hill in the near future, so I would like to ask you to help me to see how the feng shui of this property is. I wonder if Hong Tianshi has time?" Hong Changqing said quickly, "If you have time, when is Mrs. An planning to come?"

"

charlie's grandmother said, "It's just a few days. If there is no problem with the place to stay, you may pass by at any time, so I will ask Master Hong to help." Hong Changqing said without thinking, "

No problem, old lady, you can give the address to Hong Come on, Hong, let's go!"
