

The Amazing Son In Law Chapter 5727 -

Seeing that it was already eight o'clock, Hong Changqing bowed his hands to Charlie and Abbas, walked to the front of the crowd, and stood opposite them.

At this time, Hong Changqing touched his long beard with his hand, and said loudly, "Everyone! Welcome to the first martial arts training meeting hosted by Master Wade! I am Hong Changqing, the thirty-ninth head of Taizhen Dao. I am honored to be appreciated by Master Wade. I came here to give you a lecture on martial arts, and in the next period of time, I will pass on what I have learned in my life to you without reservation, and hope to make progress together with you!" As soon as the words fell, the students on the opposite side immediately applauded

enthusiastically .

After the applause stopped, Hong Changqing continued, "In this lecture, I will impart to you all the contents of the first chapter of "Taizhen Hunyuan Dao" without reservation, because "Taizhen Hunyuan Dao" is a very detailed course. Therefore, from now on, no matter whether your cultivation level is suitable for you, no matter whether you are a master who has already entered the dark realm, or a newcomer who has not yet started, please learn from the beginning steadily."

Charlie He had let it out a long time ago, so those who came to the training knew that "Taizhen Hunyuan Dao" was a rare martial arts mentality, and even Abbas was ready to learn it from scratch.

Afterwards, Hong Changqing started from the first chapter of "Taizhen Hunyuan Dao" and told everyone the purpose and principle of "Taizhen Hunyuan Dao".

Hong Changqing's teaching content on the first day was all theory, without any content related to practice, but this gave many martial arts masters, including Abbas, a new understanding of martial arts.

As for Nanako, Aurora, Isaac Cameron, and Don Albert who are still beginners, this method of teaching also gave them more time to prepare.

After the first day of class, whether it was a master of the dark like Abbas or a newcomer like Nanako, they were all very satisfied with the content of Professor Hong Changqing.

Charlie watched from the sidelines for a day, and he also recognized Hong Changqing's performance very much. As long as he was given enough time, he would definitely be able to help these people establish or re-establish a solid martial arts foundation.

After the class was over, Charlie specifically found Nanako and Aurora, and asked them, "How do you feel today?"

Nanako thought about it, and said with a smile, "It feels like the first English class when I was a child. I started to learn the sixteen letters, and I am not used to the presentation of the twenty-six letters, but Hong Tianshi's explanation is more interesting, his description is very down-to-earth, and it can help newcomers like us understand martial arts. Although I am still not able to clearly understand the mysteries of the various meridians, dantians, and Niwan Palaces mentioned by Hong Tianshi, but through his introduction, I already have some more specific impressions of these, like It was my English teacher when I was young, who told us that a is like an iron tower, b is like glasses, and c is like the moon..."

Aurora couldn't help sighing, "Master Hong Tian's speech is really good, it doesn't sound so difficult to understand, but I dare not Tell me how much you understand, but fortunately Hong Tianshi didn't start teaching practical exercises immediately, otherwise, I don't know what to do." charlie

read Hong Changqing's syllabus, so he said with a smile, "Don't worry, He is just talking about theoretical knowledge to you today, it doesn't matter if you don't understand, in the next few days, he will introduce the meridian composition of the human body one by one based on the diagram of the meridians of the human body, just like a medical student must first be familiar with the structure of the human body I will not deliberately improve the pace of teaching, everything should be steady and steady, so the specific practical operation will definitely wait for you to familiarize yourself with the theoretical knowledge for a few days, and then maybe you will be able to directly feel the existence of meridians and dantian."

The Amazing Son In Law Chapter 5728 -

Aurora giggled, and said, "Master Wade said that, I feel more at ease."

Immediately, charlie saw that not far away, Don Albert and Isaac Cameron were also whispering there, and said to Nanako and Aurora, "You should digest it carefully first." I will go say hello to Don Albert."

After that, charlie bid farewell to the two and came to Don Albert and Isaac Cameron.

At this moment, Don Albert was asking Isaac Cameron in a low voice, "Old isaac, do you feel that you understand?"

Isaac Cameron thought for a while, and replied seriously, "I think I can generally understand what is going on in martial arts. son."

Don Albert said with a smile, "I seem to understand a general idea, the principle of martial arts, which is to constantly open up one's own meridians through zhenqi, and while improving zhenqi, it can also strengthen the body, but I don't know what Sometimes I have a chance to practice it."

Isaac Cameron reminded, "Hong Tianshi said, martial arts, don't leapfrog the practice, you must be steady and steady, we are now like a theoretical course before learning to drive, first learn the theory before Get in the car and get in touch, this is actually quite good, step by step."

Don Albert laughed and said, "I want to make a breakthrough in my personal strength as soon as possible, and then I will show it to my brothers and let them know that I Don Albert sword is not old!"

charlie stepped forward at this time, and said with a smile, "It seems that isaac's understanding is much better than Don Albert's." When

the two found charlie walking over, they quickly said respectfully "Master Wade" and "Young Master!"

charlie nodded slightly to the two, and said, "The journey of martial arts can be regarded as a long way, so the initial foundation is very important. Piano, when the teacher is teaching you notation and basic music theory, you must not think about learning a piece of music as soon as possible

. People are not promising, and they are impatient when they are children. After listening to Hong Tianshi, I feel likelt's because after I learned the physiological structure in my junior high school biology class, I wanted to quickly find a female classmate to practice with me..."

Isaac Cameron laughed and said, "I can't eat hot tofu in a hurry. People only get started in a year or two. It is impossible for us to finish in one day what others have done in a year or two.

Don Albert nodded and smiled, "Mr. isaac is right! " "

charlie smiled at this time and said, "Okay, I won't tell you two more, you will start to try practical exercises in about a week. This week, lay a good foundation, and try not to lose the chain when the time comes. "

The two naturally nodded in agreement, and charlie saw that it was getting late, so he didn't stay any longer, and drove away from the Champs Elysees.

At

the same time, New York, USA.

In the Anbang Building in Manhattan, An's family I have already woken up early, ready to go to the restaurant to have breakfast.

During this time, for the sake of safety, most of An's family lives in the heavily guarded Anbang Building, which naturally includes the old man and the old lady. The

old man's condition is not stable recently. The symptoms of senile dementia are good and bad, so many matters in the family are decided by the old lady.

At this time, seeing that the children and grandchildren are almost all here, the old lady An knocked on the table and said, "Everyone, I want to announce one thing. Hearing this, everyone

quickly stopped their movements, stared at the old lady intently, and waited for her next words.

Seeing that everyone was waiting for her, the old lady said unhurriedly, "I have already ordered people to buy real estate in Aurous Hill in advance. , So I decided that the An family will start to go to Aurous Hill one after another starting today, and the old man and I plan to leave in the afternoon.

After all, without waiting for everyone's reaction, she said to Asher, "For the sake of safety, everyone will set off in three days. It's up to you, Asher, to decide who goes first .

The Amazing Son In Law Chapter 5729 -

The An family had known for a long time that the old lady was going to Aurous Hill.

Moreover, her decision has long been approved by the whole family.

After experiencing the crisis that almost wiped out the family, the An family who survived the catastrophe lost interest in career, money, and status, and hoped to try their best to make up for the shortcomings in life in the future.

For the entire An family, Lydia (Ava) (Charlie's mom)'s death was naturally the greatest regret.

And what followed was charlie's whereabouts were unknown.

Lydia (Ava) (Charlie's mom)'s death is irreparable and irreparable, and the only thing that can make up for it now is to find charlie.

Especially the old man's Alzheimer's disease is getting more and more serious. When the An family doesn't want to find charlie in the future, the old man can't remember charlie at all.

On weekdays, Asher, as the general manager of Anjia's internal affairs, had already arranged for his subordinates to buy Aurous Hill Wanliu Villa in advance, and at the

same time coordinated over a hundred martial arts masters and well-trained bodyguards to go to Aurous Hill for preparations in advance.

There are so many masters protecting Wanliu Mountain Villa layer by layer, and China's law and order is much better than that of the United States, and there is no proliferation of guns, so for the An family, the safety in Aurous Hill is also very important. Much higher than the US.

At this moment, Asher said, "Mom, this time I will accompany you and Dad first. Olin and Tablita will stay in the United States to arrange the children's affairs. After the children are settled, they will leave for Aurous Hill to meet us." , Homula is not in a hurry to leave for the time being, some business matters in the United States, as well as various affairs of the board of directors, still need to be arranged by Homula, so Homula is the last to leave." Mrs. An has no objection to this arrangement,

so Then he nodded and said, "Just follow Asher's arrangement."

Others also nodded one after another. Asher, the big brother, can always arrange all the affairs of the family in an orderly manner, so he is very prestigious within the family Even An Homula, who is in charge of the entire An family's business, has always followed Asher's advice in terms of the family's internal affairs.

Seeing that no one had any objections, Asher asked the old lady, "Mom, when do you think it is appropriate for us to leave?"

Old lady An said without thinking, "Let's leave at night! We will arrive after a night's sleep. I have asked Hong Master helped me to look at the Fengshui of Wanliu Mountain Villa, Hong Tianshi said that the natural environment there is very good, compared with a metropolis like New York, it is more suitable for the old man in our family to recuperate."

Asher immediately said, "Okay mom, then I Coordinate the plane now and go over as soon as possible."

"Oh, yes." The old lady suddenly remembered something and said, "I have hesitated a lot, but I still want to say hello to you." Everyone hurriedly

said, "Mom, tell me! "

The old lady looked around at the crowd, and then said, "This time, when you go to Aurous Hill, none of you are allowed to bring your family members with you. Tell them it's my intention. If they complain about me, let them complain." Olin

accompanied His wife of 20 years turned out to be an undercover agent who had been planted by the Li Qinghui for more than 20 years. This incident made the old lady feel extremely insecure.

She also doesn't know whether the other half of her eldest son Asher, second son An Homula, and youngest daughter An Tablita have the same hidden danger, so she went to Aurous Hill this time to find clues about her grandson. Among other things, Lydia (Ava) (Charlie's mom) has passed away after all, if charlie is implicated because of inadequate secrecy work, she is afraid that she will not be able to explain to her eldest daughter after her death.

The Amazing Son In Law Chapter 5730 -

Asher, An Homula, and An Tablita also understood the old lady's worries very well. Although they trusted their significant other very much, no one dared to speak too much at this time.

Therefore, Asher took the lead in saying, "Don't worry, Mom, I didn't intend to bring my wife and children with me when I went to Aurous Hill this time."

An Homula and An Tablita also nodded in agreement.

"Okay." The old lady said gratifiedly, "From now on, as long as the Poqing Society is not destroyed, the important affairs of the An family can only be decided by me, the old man, and you four brothers and sisters. An Jia who is less than twenty-four years old Children and grandchildren are not allowed to intervene, and any outsiders who cannot be absolutely trusted must also not intervene."

Everyone nodded again and again. During the extraordinary period, the old lady's approach was unanimously approved by everyone.

At this time, the old lady said to Asher again, "Asher, please contact Yalin to see what he is doing now. If his time and energy allow, please ask him to go to Aurous Hill with us. Right now Except for Daisy, I only believe that he is a person with a foreign surname, and he has been a detective for so many years. No one should be better at finding people than him. If he can go with us, he should be able to help There are quite a few of us."

"No problem." Asher said immediately, "I will call Lao Li in a moment to see if he has time."

The old lady urged, "I have to wait for a while, call now, If Yalin is in the United States and the time is right, you can send a plane to pick him up, and we will go together at night." "

Okay!" Asher immediately took out his mobile phone, walked to the window and called Li Yalin.

Some time ago, Li Yalin had been in Syria. His mission was to find out where the other dead soldiers of the Poqing Society were stationed. After breaking the Qing Dynasty, it

entered a dormant period, and the shipping company's clues were temporarily interrupted, so Charlie gave Li Yalin a vacation and asked him to return to the United States to accompany his wife and daughter.

Right now, Li Yalin has just returned to Houston for two days.

When he received a call from Asher, he just pressed the answer button when he heard Asher ask, "Old Li, are you in the United States now?"

"I'm in Houston."

As he spoke, he asked curiously, "Asher, you haven't contacted me for a while, why did you suddenly call today? Is there anything I can do for you?"

Asher didn't have ink marks either, straight to the point, "Old Li, my mother is planning to go to Aurous Hill to find clues about my nephew again. She wants to ask you to go with her. After all, no one is better at finding people than you. You see, is it convenient to check the time?"

Li Yalin felt a little worried when he heard this.

It's not that he doesn't want to go to Aurous Hill, the main reason is that he already knows the identity of Charlie, and he also knows that Charlie, whom An's family is looking for, lives in Aurous Hill. However, as long as Charlie doesn't nod, he must not reveal his identity. Therefore, if he went to Aurous Hill with the An family, he would have to pretend to help the An family to find Charlie's whereabouts. He couldn't bear the thought of the two old people's eagerness to find their grandson.

Asher saw that Li Yalin did not answer for a long time, so he said, "It's okay, Lao Li, if it's inconvenient for you, don't make it difficult." "

No." Li Yalin hurriedly said, "I'm retired now, how could it be inconvenient... .. Tell me what time you want to leave, I'm going to prepare."

Asher said, "My mother means to leave New York tonight. If you have no problem, I will send a plane to Houston to pick you up." "Okay." Li

Yalin He readily agreed, and said, "Please coordinate the plane and tell me the time of departure from Houston. I will simply pack up a few clothes and go to the airport." Asher said gratefully, "Thank you very much,

Lao Li, I will arrange Airplane, I will tell you as soon as the plane arrives in Houston."

The Amazing Son In Law Chapter 5731 -

"Okay!"

After hanging up the phone, Li Yalin thought for a moment, and decided to report the situation to charlie in advance. On the one hand, charlie is his savior, on the other hand, charlie also saved the entire An family. In this case, he should tell charlie the situation. If charlie really doesn't want to meet with the An family, he can make preparations in advance.

Immediately, he called charlie.

It was already night in Aurous Hill, and charlie's family was watching TV in the living room on the first floor.

Seeing Li Yalin calling, charlie came to the yard before pressing the answer button.

On the other end of the phone, Li Yalin said, "Mr. charlie, your uncle asked me to go to Aurous Hill with him and your grandparents. The purpose is to find clues related to you, and we are leaving tonight. I have promised him , I wonder if you have any instructions?"

Hearing Li Yalin's narration, charlie was not surprised.

After all, when I went to Wanliu Villa with Hong Changqing a few days ago , I knew that my grandmother's family would leave for Aurous Hill soon.

So, he said to Li Yalin, "You can help them investigate normally. I will handle the clues from Aurous Hill, but you have to tell me in advance and tell me where you have to start." Li Yalin said,

" I guess it is nothing more than starting from the school you were studying at the beginning, the place where your parents died, and the house where your parents lived before. Of course, all the orphanages and orphanages in Aurous Hill are also the top priority. I don't need to remind you of these. Uncle and the others have already sorted out the clues."

charlie hummed, and said, "I will take care of these, if there is anything else, just let me know in advance."

Li Yalin said, "No problem."

Immediately, charlie told him, "By the way, when my grandparents arrive, they must ensure that they live in the villa in the middle of Wanliu Villa, and try to delay the time so that they can stay longer." Central Wanliu

Villa The villa in the old house has the array and rejuvenation pill left by charlie. The release of the medicine will last at least a month. If the two old people live in it longer, their physical condition will be greatly improved.

Li Yalin didn't know why, but he still said without hesitation, "Okay, Mr. charlie, I will pay attention."

After finishing speaking, Li Yalin asked him tentatively, "Mr. charlie, are you really not going to meet them?"

charlie said lightly, " We only destroyed the tip of the iceberg of the Poqinghui, and who knows how many spies the Poqinghui has planted around my grandparents. If I recognize them, this matter must not be hidden from the Poqinghui. My dark advantage is gone, and my ability alone is limited, and I may not be able to protect the people around me, nor my grandparents, so it is better not to recognize each other for the time being." Li Yalin sighed, "You are right

. , the An family really can't get rid of all the hidden dangers right now."

charlie sighed silently, and said, "Just do as I said for the time being."

"Okay Mr. charlie!"

After hanging up Isaac Cameron's phone, charlie immediately called Isaac Cameron, and once the call was made, he said in an unquestionable tone, "Old isaac, inform everyone in Aurous Hill who knows that I am the young master of the wade family and Master Charlie." People with status, from today onwards, you must never mention my status in front of any outsiders."

Isaac Cameron's tone was serious, and he said firmly, "Okay young master, I will do it now!"

Afterwards, charlie He called Zara banks again.

After the call was connected, Zara banks said respectfully on the other end of the phone, "Mr. charlie,

hello. " Don't give out any information about me."
