

## The Amazing Son In Law Chapter 5792 -

Although Zhang Ermao ( Cade )'s request was harsh, the two agreed unanimously when they thought of the considerable income.

Zhang Ermao ( Cade ) was also unambiguous, and directly transferred 30,000 yuan to each of the two on WeChat, and said to the two, "This money will be regarded as my advance payment of your labor expenses for 10 days in advance. If you dare to be lazy and play tricks in these 10 days , don't blame me for being rude to you!"

Zhao Laosi ( Reed ) patted his chest without hesitation and assured him, "Don't worry, Brother Ermao (Cade), I'm so forthright with you, I'm fu\*king wearing adult diapers to stare at you! Rather Urinate your crotch, and never leave your post!"

Xiao Teng ( Otto ) also immediately stated, "Ermao brother, I don't eat or drink during the day, and I will never let you lose the chain!"

"Okay." Zhang Ermao ( Cade ) nodded, and took it out of his pocket. He took out the two jade fingers and handed them to the two of them respectively, and said, "Put these two fingers on your hands and don't take them off. This is a token used by big customers to verify your identities.

" Without hesitation, he immediately took the wrench.

Zhao Laosi ( Reed ) played with the wrench finger in his hand for a while, put it under his nose and smelled it, and said in a low voice, "Damn Cade, this... this wrench finger is something born out of a hole!" "Really?"

" Teng ( Otto ) also sniffed it in a similar way, and asked suspiciously, "Fourth brother, how does this thing look like it was born and cooked?"

" "If you two want to earn this money, you must remember to talk less and ask less questions."

Fourth Laosi ( Reed ) laughed and said quickly, "Brother Ermao (Cade) is right, anyway, we are responsible for picking up people, and we will deal with other matters." Don't ask."

Zhang Ermao ( Cade ) nodded, and said to the two of them, "Sir, you go back to the print shop and put a sign on it that reads 'Receive Hong Kong businessman Colin', and Xiao Teng ( Otto ), put a sign on it that says 'Receive Hong Kong businessman. Luo Qidong', you can start working directly after finishing the fight, and I will calculate your wages for you today!"

Zhao Laosi ( Reed ) said in surprise, "Brother Ermao (Cade), are you in such a hurry? I haven't had time to settle down in this stall, or you can wait and I will Son, I asked my brother-in-law to come over and watch for me..."

Zhang Ermao ( Cade ) waved his hand, "I'll keep an eye on your stall. Anyway, your stuff is fake, so I'll try my best to sell you as high as possible. After you get someone, you can bring them to me." The two

listened At these words, they no longer hesitated, nodded immediately, and happily went to the printing shop together.

Zhang Ermao ( Cade ) knew that it was impossible for these two people to get someone. After all, these two names were made up by himself temporarily, and it would be hell if he could get it.

He didn't know why charlie asked him to do this, but like a human being, he knew a purpose very well in his heart, that is, never ask about things that shouldn't be asked, let alone try to find out the truth.

So, he sat down directly at Zhao Laosi ( Reed )'s booth, looked at the tatters of his booth, and placed the piece of lightning strike wood that charlie gave him in the center.

Although he didn't know what the purpose of this thing was, he kept in mind charlie's order that no matter who came to ask for the price, he would ask for five million.

After guarding the booth for more than an hour, a few people from the antique street came to Zhang Ermao ( Cade )'s booth, thinking about picking up the leaks. The broken handicrafts are all sold at a high price of more than 4 digits.

After closing a few orders, Zhang Ermao ( Cade ) couldn't help but feel like a fish in water. Although selling fake antiques to deceive people has no great future, for him, doing this thing is really a sense of accomplishment.

Seeing those wronged people with the dream of picking up leaks and getting rich, buying fake things at a high price, and all of them looking happy, Zhang Ermao ( Cade ) felt very happy.

He couldn't help thinking in his heart, "It seems that this antique business can't be completely thrown away, half of the happiness in life comes from this place... In the future, if Master is not so busy, I can come here every now and then to have fun. "

Zhang Ermao ( Cade ) was happily thinking about it in his heart, when suddenly a familiar voice came and said with a pleasant smile, "Oh, Zhang Ermao ( Cade ), when did you come back to set up a stall again?"

Zhang Ermao ( Cade ) looked up, and immediately said respectfully, "Oh, President! I haven't seen you for a while!"

It was Charlie's old father-in-law Jacob who spoke.

Although Jacob is now the executive vice president of the Painting and Calligraphy Association, his love for antiques is still the same as before.

Some time ago, because of a broken relationship, he was not in a good mood, and he didn't come here for a few days.

In the past two days, he has calmed down a little, and it coincided with the weekend, so he came up with the idea of antique street again.

It's just that he didn't expect that when he arrived here, he saw an acquaintance, Zhang Ermao ( Cade ).

Hearing that Zhang Ermao ( Cade ) respectfully called himself President Jacob, Jacob felt very proud, and with his hands behind his back like a leader, he said with a smile, "Ermao, I heard that you followed Don and became the military advisor beside Don .", why did you go back to Antique Street again?"

Zhang Ermao ( Cade ) said with a smile, "President Jacob, you really see everything with your eyes and ears, and there is nothing in Aurous Hill City that you can hide from your old man!" Jacob was

boasted He was very complacent, but his face pretended to be profound and he said, "Er Mao, you don't have to praise me here, but there is really nothing that I, Jacob, can't figure out about Aurous Hill's three-acre land." Zhang Er Mao

nodded , said courteously, "President, let me tell you the truth. After staying with the fifth master for a while, I found that it might not be suitable for me, so I came back to pick up my old job." Jacob

also Without doubt, he nodded and said, "You are born to be in the antique industry, and I have to say that you are my lucky star in this industry. The first big leak I picked up was 500,000 yuan. , I haven't picked up any big leaks since you quit this business."

As he said, Jacob said again, "Oh, yes, but some time ago I collected some small things one after another. Judging from my experience, everything should be right, and I will show it to you when the time comes, and if the price you offer is right, I will release it to you."

Zhang Ermao ( Cade ) thought of the painful experience of spending half a million yuan to buy a fake from Jacob. If it wasn't for Charlie's face, how could he spend that unjustly money?

Thinking of this, he chuckled, and hurriedly said, "Don't leave President Xiao, I won't accept anything now." "No more

?" Jacob frowned, pointing to a large pile of things on his stall "You don't accept things anymore. Where did you get these things? You can't make them yourself at home, can you?"

Zhang Ermao ( Cade ) said, "President , to tell you the truth, I now adjust my business direction. In the past, I It doesn't matter whether it's true or not, you can flip everything, but as long as you flip the real thing, there's a risk of drilling holes. I've drilled holes before, and spent hundreds of thousands of dollars to buy a shitty thing, even ten f\*cking dollars It's not worth the money, and I lost half a year's income all at once..."

As he spoke, he glanced at Jacob nervously, and seeing that Jacob didn't understand what he said, he hurriedly said, "So President Jacob, I'm going to change the route now. When I sell, I only sell fake products. When I accept them, I only accept fake products..."

Jacob frowned.

He laughed and said, "Hey...you can understand it this way..."

Jacob said solemnly, "Ermao, I'm not saying you, you love what you do, you have to be professional when you do this."

Zhang Ermao ( Cade ) nodded, "I Doesn't this mean earning some money first? After earning money later, it's not too late to improve professional ethics. How do people say it, get on the bus first and then buy the ticket..." Jacob curled his lips disdainfully

. Zhang Ermao ( Cade ) took a look at Zhang Ermao ( Cade )'s booth, shook his head and said, "Oh, you are getting worse and worse. As for the fake products on your booth, I can tell one by one." "Yes, yes

. Zhang Ermao ( Cade ) said courteously, "President Jacob, you must have a discerning eye. Good things can't hide from your eyes, and fake things are the same."

Jacob smiled, picked up the lightning strike wood in the middle of the booth, looked carefully, and said, "But this lightning strike wood does not seem to be fake, how much does it cost? I will accept it if it is suitable, and keep it to avoid evil spirits."

Zhang Ermao ( Cade ) stretched out five fingers.

Jacob asked curiously, "Five hundred?"

Zhang Ermao ( Cade ) laughed and said, "Wan..."

Jacob widened his eyes, and blurted out, "Fifty thousand?!"

Zhang Ermao ( Cade ) shook his head, "It's five million..."

"f\*ck..." Jacob threw the Lei Jianmu back to the booth, and cursed, "Zhang Ermao ( Cade ), are you poor and crazy? It's just such a broken thing, you want me for five million? You f\*cking use me as a two-color ball?" Zhang Ermao ( Cade ) said awkwardly,

"Chairman Jacob, you have already said that what I am doing now is cheating and abducting, how can I cheat money if I don't offer a harsh price..."

Jacob said angrily, "Then you can't steal it openly...Chunchun has something serious in his head!"

After finishing speaking, he put his hands behind his back and walked away without looking back.

Looking at his boss-like back, Zhang Ermao ( Cade ) sighed helplessly, and thought to himself, "Master wade wants me to quote five million for this lightning strike wood. If my stall continues like this, people will probably be scolded a day." More than ten or twenty times..."

...

at the same time.

On the outskirts of Eastcliff City, Changyun Temple.

As the Taoist temple with the longest history in the country, Changyun Temple can be regarded as a holy land of Taoism in the modern era.

The Taoist temple is full of incense, and all the disciples of Eastcliff who believe in Taoism will often come here to make offerings.

Changyun Temple has a supervisor and an abbot, in addition to that, there are many disciples of different seniority, adding up to at least 300 people.

The abbot of Taoism has the same title as the abbot of Buddhism, but their functions are very different. The abbot of Buddhism is the one with the highest position and authority in the temple, and is in charge of the affairs of the temple, while the abbot of Taoism is mainly responsible for preaching scriptures. , more like the most senior professor in the Taoist temple, but the person who really has the highest management is the supervisor.

## The Amazing Son In Law Chapter 5795 -

Willie, who was wearing a Taoist robe, looked up at the gate of Changyun Temple for a moment, and then walked into the gate of the temple.

The entire Changyun Temple is divided into front, middle and back courtyards, but only the front courtyard is open to believers and pilgrims. There are many temples here, especially the Sanqing Temple in the center, which is dedicated to the Taoist Sanqing Patriarch .

The middle and the last two courtyards are the internal areas of Changyun Temple, where the abbot and his disciples live and study Taoism.

Whether it's Charlie, Willie, or the mysterious hero, or the Mason in the painting, they all master spiritual energy, and they all practice Taoist inheritance.

Therefore, the first thing Willie did when he stepped into Changyun Temple was to come to the Sanqing Hall, and after offering incense to the three supreme gods of the Taoist sect, he came to a little Taoist priest beside him and said, "This A fellow Taoist, I wonder if you can let the poor Taoist place an order to stay for a few days?"

The little Taoist saw that Uncle Willie was very handsome, and he had the kind of extraordinary, extraordinary appearance that he only had in a few minutes. I couldn't help but be surprised by my immortal temperament, and asked respectfully, "Dare to ask which Taoist temple you belong to? Do you have a certificate?"

According to the internal conventions of religions, Taoist priests leave the gate of their own Taoist temple and come to other places, and they can register at the local Taoist temple. For a short stay, you just need to verify the identity of the other Taoist priest, so as not to be taken advantage of.

Hearing this, Willie smiled and said, "I have been practicing overseas for many years, and I have not been to China for many years. I don't have any documents.

" You must have a legal document to prove that you are a Taoist priest, otherwise, the younger generation will not be able to decide..."

Uncle Willie was not angry either, he smiled calmly, and asked, "What is your supervisor's name? What is your Taoist name?" The

little Taoist said respectfully, "Our supervisor's Taoist name is Qingxu Sanren."

"Qingxu? " smiled slightly and said, "Could it be that little baby Xuanjizi adopted back then?"

The little Taoist was shocked when he heard that!

Prisoner Qingxu Sanren, who is over 70 years old this year, his life experience is very famous in domestic Taoist sects. He was abandoned outside the Changyun Guanmen when he was just born, and was adopted by the prisoner Xuanjizi. For ten years, he has been studying Taoism with Xuanjizi, and then took over the post of Supervisor. It can be said that he has dedicated his whole life to Taoism, and he is a true master of Taoism today.

Such an old master was called a little baby by Willie. The little Taoist was naturally horrified. He couldn't help asking Willie, "This Taoist priest, do you know our prison?" Willie said indifferently,

"Not only did I know him, I even hugged him when he was little."

"Huh?!" The little Taoist was stunned for a moment!

He couldn't help muttering, "Our Priest is over seventy years old. If you hugged him when he was young, aren't you at least over ninety years old? But I think you are only over sixty years old." look..."

Willie said with a smile, "I can't tell you clearly, you can go and report to him, just say that Master wants to see him." "Real

Master Changqing..." The little Taoist murmured, I have heard of this Daoist name before, but seeing Willie's inscrutable appearance, he did not dare to neglect, so he said, "Please follow me to the living room, Daoist Master, and I will report to Master right away, and then ask Master to report to the Supervisory Court!"
