

## The Amazing Son In Law Chapter 5801 -

Uncle Willie glanced at Riggs, who immediately stepped forward and said in an unquestionable tone, "Riggs, Uncle Willie has something important to do! Interference and delay! Uncle Willie has already told you the questions you want to know, and I will relay them to you verbatim later!" As he

spoke, he warned again, "However, my ugly words are up front. If Master Willie's important matters are delayed, then he will never have the opportunity to spy on the way of longevity!"

Everyone's expressions were terrified, and no one dared to ask any more questions.

And who was named, also panicked and said respectfully, "Disciple, send off Master Willie!"

The crowd immediately reacted, and said in unison, "Send Master Willie!"

Uncle Willie stroked his hand Long beard, walked away gracefully, just as everyone was about to come out to see them off, they heard Uncle Willie say without turning his head, "Masters and nephews stay here, there is no need to see you off.

" The younger brother called him to the secret room and told him everything he had agreed with Williebo.

Different from Willie, Riggs grew up in Changyun Temple since he was a child, and now he is the prison of Changyun Temple. He has a deep affection for Changyun Temple. I don't want to eat alone.

After hearing this, all the juniors thought they had seized a once-in-a-lifetime opportunity, so they were too excited to add anything.

So, everyone stared at Lin Wan'er (Alani) photo for a long time, trying to engrave her appearance in their minds.

Afterwards, Riggs ordered again, "Junior Brothers, tonight you need to choose someone who is absolutely trustworthy from among your disciples, and draw up a list for me. Tomorrow, I will call the people on your list and send this girl After I show them the photos, I will send them all out!"

Everyone immediately agreed, and said in unison, "Please rest assured, Senior Brother of the Supervisory Academy!"

Riggs said again, "By the way, fellow seniors, senior fellows, I would like to share some heart-to-heart words with you. Today, when you see Senior Uncle Willie, you can also see that Uncle Willie is physically strong and energetic. He looks less than sixty years

old, but his actual age is almost one hundred and sixty years old. Judging from the current trend of Uncle Willie, it is not a problem to live for another forty years, if that is the case, it is conservatively estimated that Uncle Willie's life expectancy will reach two hundred years!" Riggs's words immediately

shocked Everyone's inner expectation and desire for longevity has once again been raised to a higher level.

Previously, Ling Feng couldn't help asking, "Senior Brother Supervisor, in your opinion, how many years can Senior Uncle Willie's life expectancy be?"

Riggs shook his head and sighed, "I heard from my master when I was young that long life According to Yunguan records, hundreds of thousands of years ago, there were some immortal masters who really mastered spiritual energy. They could often have a lifespan of two or three hundred years, and some even had a lifespan of five hundred years, but I am not sure if it is true or not. , but looking at Master Willie's condition today, at least two hundred years can be guaranteed, if two hundred years later, if the cultivation base is still improved, maybe he can live longer!" Speaking of this, Riggs's expression was serious,

serious Said incomparably, "Young brothers, you must not tell anyone about Master Willie's return and the way of longevity. This matter is of great importance, and any omissions may affect our future. The way, then what we missed may be a hundred years of longevity! Seeing Uncle Willie today, I believe that none of you juniors would like to die before the age of one hundred, right?" Everyone looked solemn and said in

unison At the same time, "I don't want to!"

Riggs nodded, and said, "Then please remember what I said!"

...

Into the night.

Willie sat cross-legged in his temporary residence.

He seemed to be meditating with his eyes closed, but he was actually thinking about when he would leave for Aurous Hill.

At this moment, a prompt popped up on his mobile phone, and it turned out that Master Ying was talking to him.

He immediately turned on the phone, entered the special software, and connected to the hero.

On the phone, Lord Ying's cold voice came, "Uncle Willie, I asked you to go to Aurous Hill to find the whereabouts of Bruce Wade's son, why haven't you left yet?" Willie quickly explained, "Master Ying, there are

some Thoughts, I want to boldly report to you!"

The Lord Ying said coldly, "Say it!"

Willie said respectfully, "My Lord, my subordinates have always felt that Lin Wan'er is probably in Eastcliff, so I have been looking for it in Eastcliff for the past two days. As for her clues, as for Aurous Hill, my subordinates feel that, as you said, the life and death of Bruce Wade's son has been unknown for twenty years. If he has been in Aurous Hill for such a long time, he will not look for Lin Wan'er for two more days just because of his subordinates. He just left, and if he had chosen an opportunity to leave Aurous Hill in the past twenty years, it would be difficult for his subordinates to find any clues about him when they went to Aurous Hill this time, so the subordinates felt that... the matter of Bruce Wade's son was not in a hurry, Right now, finding Lin Wan'er as soon as possible is the best choice to truly relieve the Lord's worries!"

"You bastard!" It's disobedience!"

Willie hurriedly said, "My subordinates will die, please forgive me!"

The Lord said coldly, "I don't have to care about you before, but from now on, if you Don't blame me for being rude to you for obeying my orders!"

Willie said nervously, "Don't worry, Lord, from now on, your subordinates will strictly carry out your orders!"

The Lord Ying said coldly, "Okay! I have another task for you to go to Aurous Hill this time!"

Willie blurted out, "Please tell the Lord clearly!"

The Lord Ying said, "I have received news that the An family has gone to Aurous Hill Yes! An Qishan, his wife, and their three sons and one daughter are all in Aurous Hill Wanliu Villa at this time. I suspect that they are also trying to find the whereabouts of Bruce Wade's son, so I want you to go to Aurous Hill and kill them all. , Not one left!"

Willie was horrified, "Anjia?! The Lord, there is a mysterious force behind the Anjia to help, and I don't know if there is a risk of being exposed?" The

Lord snorted coldly, "What are you afraid of? There are masters, and that master's strength can't be greater than yours!"

Then, the British Lord said, "The reason why Uncle Nakul died is because the opponent ambushed him with close-in artillery, but in places like Aurous Hill, you don't have to worry. It is absolutely impossible that someone has the ability to plant such a weapon in Aurous Hill! Then you just rush into the Anjia Wanliu Villa and start killing, absolutely no one can stop you!" Although Willie was a little uncertain in his heart, he also knew that

Ying What the lord said made some sense, so he asked, "My lord, when you arrive in Aurous Hill, should you kill An's family first, or find Bruce Wade's son first?"

"Bruce Wade's son is really still alive, if you kill the An family in Aurous Hill, you will definitely be able to force him to show up!"
