

## The Amazing Son In Law Chapter 5815 -

Seeing that the hexagram finally pointed to charlie, Lin Wan'er (Alani)'s heart suddenly became tense again.

She knew charlie's strength, most people could not possibly pose any threat to his safety.

The person who can put him in a dangerous situation must be superior in strength.

She couldn't help thinking to herself, "Could it be that the other earls from the Poqing Society are coming to Aurous Hill?! It must be so! Otherwise, charlie wouldn't remind me to be careful!" Thinking of this, she subconsciously took out her mobile phone and wanted to call Charlie a phone call.

However, when I picked up the phone, I didn't know how to speak.

After all, I have been acting stupid in front of charlie, and finally let him let down his guard against me. If I take the initiative to warn at this time, I am afraid he will be suspicious again.

However, after thinking about it, Lin Wan'er (Alani) still felt that she should warn charlie. After all, charlie was her savior. He was in danger. She might not be able to help him solve it, but at least she could warn him in advance.

So, after deliberation, she came to the balcony and called charlie.

At this time, charlie was on his way back.

When I stopped at the traffic light, my mobile phone just received a call from an unknown number.

After connecting, I heard Lin Wan'er (Alani)'s voice from the other end of the phone, "Brother charlie, I'm Lin Wan'er (Alani)..."

charlie asked her curiously, "Lin Wan'er (Alani), what's the matter? Do you have anything to do with me?"

Lin Wan'er (Alani) hesitated for a moment and asked He said, "Brother charlie, I wonder if it's convenient for you to tell me. When is your birthday?"

"What are you doing on my birthday?"

Lin Wan'er (Alani) used the words she had already thought up, and said, "You told us not to leave the school casually, I guess you may be afraid that we will be in danger, so you will make a fortune teller for yourself A hexagram..."

“Foretelling?” charlie remembered that when he met Lin Wan’er (Alani) in Northern Europe, there were nine copper coins on her desk. At that time, he guessed that it might be used for fortune telling, but he never confirmed it.

charlie also called Orion Exeor to ask about it. Orion Exeor once mentioned to him that if the nine copper coins were really used for divination, then it might be the legendary hexagram that has been lost. It is so high that even Mr. Orion Exeor himself dare not look up to it.

charlie thought at the time that Lin Wan’er (Alani)’s nine copper coins were probably just a coincidence, but now it seems that Lin Wan’er (Alani) might really be proficient in the gossip of the Book of Changes.

However, he still pretended to be curious and asked her, “Alani, do you know how to tell fortunes ?

“

Charlie smiled and said, “It shouldn’t be so mysterious, right?”

Lin Wan’er (Alani) smiled slightly and said, “I don’t know if it’s really so mysterious.”

Then, she brought the topic back to the topic of charlie’s birthday, and continued “Brother charlie, would you like to give me your date of birth, and I’ll do the math for you?”

charlie didn’t feel anything wrong at this time.

Lin Wan’er (Alani) grasped the progressive rhythm of her speech skills very well.

She knew all the information about charlie, but she still called to ask about charlie’s birthday, just to create a feeling that she had never investigated charlie at all, and let charlie believe that she just wanted to count for him. Gua, that’s why I called to ask about his birthday.

As for why he had to do the fortune telling for him, the reason was very good. charlie had been telling them to be careful all the time. The reason why he said this was that he hoped that he would not leave Aurous Hill University in the near future. It would be strange if he didn’t understand this.

Therefore, after I understood this point, I made a fortune for myself.

## **The Amazing Son In Law Chapter 5816 -**

After doing the math, I found that I was not in any danger, and I wanted to do the math for Charlie out of gratitude, so I called to ask about Charlie's birthday because of this, and everything went back to the beginning.

In this way, the logic can be self-consistent.

Sometimes it takes a hundred lies to explain a lie. The reason is that it is difficult for liars to be logical and self-consistent, and they are always discovered by others; but

for a girl like Lin Wan'er who is extremely smart, before the lie is uttered, it has completed logical self-consistency and formed a closed loop in the brain, so after Charlie heard it, he didn't notice anything abnormal at all.

He felt that Lin Wan'er (Alani) wanted to make a fortune for himself, probably out of kindness.

Thinking of this, he didn't hide any more, and told Lin Wan'er (Alani) his birthday.

Lin Wan'er (Alani) couldn't help feeling relieved when she heard that the birthday Charlie said was exactly the same as the birthday on his information that she found.

It seems that Charlie should really trust himself.

So, she said, "Brother Charlie, I will do the math for you now, and I will tell you as soon as I have the result."

"Received a message from Lin Wan'er (Alani). Lin Wan'er (Alani) wrote in the message, "Brother Charlie, I did the math for you. The hexagram shows that you may encounter a very serious danger in the near future. The danger comes from the north, and there is no way to resolve it. You must be careful recently." Be careful again

be careful! When Charlie saw this message, he couldn't help frowning. Instead of getting out of the car, he replied to the message and asked, "What does it mean that there is no way to resolve it?" Can't dodge it?"

Lin Wan'er (Alani) replied, "Yes... there is no way to resolve it, we can only face it..."

Charlie's expression suddenly froze.

He had an intuition that what Lin Wan'er (Alani) said was definitely not made out of nothing.

Combined with her mysterious identity and background, her understanding of Yi After the understanding and mastery of gossip, it may really surpass Orion Exeor.

Therefore, this further proves that what she said is on target.

More importantly, the moment Charlie saw her, there was a feeling of uneasiness. Good premonition.

Grandma's family came to Aurous Hill, and Lin Wan'er also came to Aurous Hill. At that time, his first thought was that the Earl of the Qing Dynasty might also be on his way to Aurous Hill. Looking at it now, the danger

Lin Wan'er said is I'm afraid it's exactly the same as my guess.

Charlie's heart suddenly became tense.

He felt like a soldier guarding a fortress. The sound of the enemy's iron hooves was getting closer, but he didn't know whether to guard the east wall or the west wall.

Wife has to guard, grandpa and grandma also have to guard, and if he has the ability, Lin Wan'er (Alani) has to guard too.

Just when he felt that he was out of control, he suddenly remembered the details that Lin Wan'er (Alani) had just said on the phone.

Lin Wan'er (Alani) said that she had made a fortune for herself. The hexagram shows that she is not in any danger. In this way, the ones

I have to guard are my wife and grandparents. Grandpa, grandma and the whole family are in Wanliu Villa. With so many people coming from the United States, it is hard not to make noise

It was discovered by someone with a heart.

Therefore, Charlie concluded that if the other party came to Aurous Hill, the target should be grandpa and grandma's family!
