

## The Amazing Son In Law Chapter 5834 -

Willie felt like a person who had wanted to win the lottery for a hundred years but had never won once, and suddenly won the first prize twice in the morning.

To put it more bluntly, it is equivalent to buying a lottery ticket for a lifetime, without even winning the last prize of five yuan, but this morning he first won the first prize of the double color ball, and then won the first prize of the big lottery.

At this moment, his 156 years of life experience did not make him doubt whether this might be a trap.

The reason why there is no doubt is also very simple, because there are not many such things as magic weapons.

He has been working with the Lord for so many years, and the Lord only gave him a magic weapon to defend himself, and the magic weapon was not given to him by the Lord, once he returns, he will return it to the Lord for safekeeping.

Therefore, if the British Lord is reluctant to give him one thing, who would cheat him with two?

In the depths of his soul, he felt unworthy at all.

Because there was no doubt, only ecstasy remained in Willie's heart.

He walked to Zhang Ermao ( Cade )'s booth calmly and asked him, "Boss, are you Zhang Ermao ( Cade )?"

Zhang Ermao ( Cade ) nodded and said casually, "It's me, What's the matter?"

Willie smiled slightly, and said, "Hi, I met your little brother at the airport just now, and I happened to see a wrench in his hand, so I asked him specifically, and came to find you Let's talk."

Zhang Ermao ( Cade ) looked at Willie warily, and said, "Oh, you are the one who is willing to pay three million for that finger puller?" "It's

me." Willie nodded and said with a smile "I'll offer three million, and I won't bargain."

Zhang Ermao ( Cade ) asked curiously, "Do you like antiques?"

Willie subconsciously said, "Yes, I like it very much."

Zhang Ermao ( Cade ) frowned and asked, "If you like it very much, then you should be more knowledgeable. The finger pull is not worth three million. If my brother asks you for three million, you are willing to buy it? I think you are sent by Lei Zi to do it." Mine?"

"Uh..." Willie was stunned for a moment.

He has practiced in closed doors all these years, and he doesn't know much about the market price of antiques.

In addition, I haven't been to China for 20 years, and I don't quite understand the prices in China.

But to be honest, the asking price of three million yuan for a Qing Dynasty jade ring finger, and it was of ordinary quality, seemed a little outrageous to him.

But fortunately, I was not short of this little money, and I really wanted that magic weapon, so I was in a hurry to get it, so I didn't think about it carefully.

Hearing Zhang Ermao ( Cade )'s rhetorical question now, he stopped himself from asking.

And what he didn't expect was that he didn't doubt Zhang Ermao ( Cade ), but Zhang Ermao ( Cade ) suspected him instead.

After thinking for a while, Willie said with a little embarrassment, "Boss, you have misunderstood me. I am an overseas Chinese who has returned from overseas to visit relatives. I am not a joke. And I really like that jade wrench. It doesn't matter to me if the price is higher. "

Zhang Ermao ( Cade ) snorted, snorted and said with a smile, "I think you are not too young, how can you open your mouth to lie? Who will believe what you said, just pull your fingers, put it in the antique market, and thirty thousand yuan will be about the same If you really like it, can you give me 50,000 yuan? The price of 3 million yuan is only for Leizi like you who doesn't understand antiques to open his mouth and agree!"  
When

Willie heard this, he was stunned.

## **The Amazing Son In Law Chapter 5835 -**

He didn't know that this was the latest script that charlie arranged for Zhang Ermao ( Cade ), so he could only explain palely and innocently, "Boss, I'm really not a thunder..." "Stop talking."

Zhang Ermao ( Cade ) waved his hand impatiently He said, "To tell you the truth, I asked him to quote three million, just to use this price to find Lei Zi, but anyone who

really understands antiques will definitely scold the public when they hear this quotation. I will fully agree, and then I will take the opportunity to look for more clues.”

Speaking of this, Zhang Ermao ( Cade ) said again, “But let me tell you, your trick is useless with me!” For

a moment, Willie felt that he was really speechless.

He really didn't expect that the other party's offer of three million yuan was originally the intention.

Combined with Willie's speculation before, he believed that this group of people was a gang that specialized in robbing tombs and selling the stolen antiques, so he believed even more in Zhang Ermao ( Cade )'s words.

Because he feels that this kind of criminal gang can survive forever, they must be very cautious and cunning, and there are countless anti-investigation methods. Pseudo-affirmations are also necessary.

Combined with the more stringent and prudent organizational structure of the CCP, Willie has almost no doubts about Zhang Ermao ( Cade )'s performance.

The more this happened, the more he was afraid that Zhang Ermao ( Cade ) would misunderstand him, so he quickly said with an apologetic smile, “Boss, you really misunderstood me. I am not Lei Zi. I really want to buy something good...” “

Okay Okay.” Zhang Ermao ( Cade ) said perfunctorily, “you can say whatever you want, you like good things, right? If you like it, just go shopping in the antique street and buy more, don't delay my business.” Seeing that Zhang Ermao ( Cade ) didn't listen to his own explanation

, He even wanted to chase people away, Willie was so angry that he wished he could slap Zhang Ermao ( Cade ) to death here.

It's really not good, just grab the lightning strike wood directly!

However, he dismissed his two thoughts almost instantly.

Because he was very clear about his mission in Aurous Hill this time.

To kill An's family and wait for bruce Wade's son to show up is the death order given to him by the British lord.

When I came to Aurous Hill by myself, I should have started to complete the task non-stop, but I got off the plane and went straight to the antique street.

If there is any trouble caused by this, if it reaches the ears of the Lord Ying, I will have no way to justify it.

Therefore, Uncle Willie could only suppress his anger, and said to Zhang Ermao ( Cade ) in an almost begging tone, "Brother, you really misunderstood me. If you don't believe me, just give me your bank account number. I'll transfer the three million to you directly! The Leizi you mentioned, shouldn't really spend three million to buy your antiques, right?" "

Then who knows." Zhang Ermao ( Cade ) curled his lips and said, "I'm not a fishing law enforcement officer. I haven't met it before, what's the use of you sending me the money? If you are really Lei Zi, the money is the mission fund, and you don't need to pay it yourself, and once I collect the money, I will be convicted of illegally reselling antiques. At that time, when your police badge is on, handcuffed and handcuffed, you will be arrested directly, and the money you call me will be taken back. I will not get the money, and I will sing in prison I'm crying behind the bars, what are

you trying to do to me." "You...why don't you get in!" Willie stamped his feet anxiously on the spot.

He never expected that this Ermao would be so cautious, even a bit too cautious.

Moreover, no matter what he said, he didn't believe it, and he didn't believe it when he said he wanted to send money to him. This was not giving him a chance to mediate at all!

He cursed angrily in his heart, "Damn it, if the law didn't matter, I would have pulled your kid's head off!
