

## The Amazing Son In Law Chapter 5836 -

The angry Willie didn't realize that it was because of his anger that he had completely believed everything Zhang Ermao ( Cade ) wanted him to believe deep down in his heart.

He believed that Zhang Ermao ( Cade ) was an antique dealer, and an antique dealer closely related to tomb robbery.

Therefore, he also firmly believes that these two magic weapons are just his own shit luck, and it is absolutely impossible to be a trap!

At this moment, he only had one thought in his mind, and that was how to make this damn Zhang Ermao ( Cade ) believe in him, and then sell him the magic weapon in his hand!

So, he could only suppress the anger in his heart, be patient, and even said with a little humility, "Boss, to tell you the truth, I am really not a fool. If you don't believe me, I can use an overseas account to give you money." If the settlement is in US dollars, even if the domestic police are really undercover and want to arrest you, even if they really prepare millions of funds for fishing and law enforcement, it is impossible to prepare overseas accounts and US dollars, right?" Zhang Ermao ( Cade )'s eyes lit up when he heard this

, He asked, "Can you trade in US dollars?"

"Yes!" Willie said without thinking, "Give me a card number, and I will send you money immediately!"

", He warned again, "But when the money is in your account, you have to settle the foreign exchange yourself to exchange it into RMB."

Zhang Ermao ( Cade ) gave him a blank look, "Who do you look down on? It's as if someone confiscated the U.S. dollar. In our business Yes, do you often deal with overseas buyers?"

Willie realized that he had said something wrong with good intentions, and in order to prevent Zhang Ermao ( Cade ) from having any objections to him, he quickly apologized, "I'm sorry, boss, I was talking too much. Don't mind!"

Zhang Ermao ( Cade ) was still acting, and gave Willie a displeased look, and said in a displeased tone, "To be honest, I don't like to chat with overseas Chinese like you who have returned to China. Mom looks down on people between the lines. , It's as if I haven't seen anything in the world, we are the second largest economy in the fucking world, why haven't we seen it? You send some dollars, I don't know how to settle the exchange?"

“Yes yes yes...” Uncle Willie could only smile apologetically, and said apologetically, “It’s my fault, your business is so big, how could you not know about the dollar settlement...” As he said, Willie quickly changed the subject and said, “Boss, why don’t you just give me your bank card number, and I’ll transfer the money to you now!” Zhang

Ermao nodded and reminded, “U.S. dollars, according to one to six, you can directly transfer five dollars to me.” One hundred thousand is enough.”

Willie knew that the exchange rate must be wrong, and Zhang Ermao ( Cade ) had earned himself hundreds of thousands more, but he didn’t bother to care about it now, Zhang Ermao ( Cade ) was willing to accept his money, for him It was enough to get him excited.

So, he immediately took out his mobile phone and said, “Boss, give me your card number, and I will transfer the money to you right away!”

Zhang Ermao ( Cade ) took out his mobile phone and gave Willie his bank card information.

Not long after, Willie transferred 500,000 US dollars to Zhang Ermao ( Cade ) with a Swiss bank card.

After Zhang Ermao ( Cade ) confirmed that the money had arrived, he immediately put on a smiling face, and said cheerfully, “The money has been received. From this point of view, you are indeed not Lei Zi’s undercover agent!

” Heaved a sigh of relief, and even unconsciously felt a little wronged, and said helplessly, “I told you a long time ago, I am so old, how could it be Lei Zi’s undercover agent...” Zhang Ermao ( Cade )

## **The Amazing Son In Law Chapter 5837 -**

nodded , smiled and said, “I blamed you just now, I’m sorry! But you also know that in our business, carefulness makes the Wannian ship, those stupid people who only want to make money all day long, and dare to sell whoever buys them Qing, after working for a year or a half, he basically went in. Look at me, I have been in the Aurous Hill antique circle for more than 20 years, and I have never capsized. It all depends on being cautious.”

Willie echoed with a smile “You’re right, it’s always right to be careful!”

As he spoke, he couldn’t wait to ask, “Boss, I’ve already paid you the money, so when can you give me the wrench?”

“Wait a minute.” Zhang Ermao ( Cade ) said casually, “I asked my people to wait for the Hong Kong businessman at the airport. The Hong Kong businessman is cautious and

never calls or sends messages, let alone which flight he came to Aurous Hill. People will reveal their identities only after they meet and touch the code and token, so it is possible at any time, and my people have to wait there.” Zhang Ermao ( Cade ) did not dare to

let Zhao Laosi ( Reed ) come over, because Zhao Laosi ( Reed ) also If he was fooled by himself, if he came and left some lies, all previous efforts would be in vain.

So, Zhang Ermao ( Cade ) thought about it, and said, “Well, I’ll let him find an errand runner in the same city, and bring you the finger.

” How can you just let someone else handle it... If it is not convenient for your person to come over, then I will go find him to get it myself! You can just tell him.” Zhang

Ermao waved his hand and said, “No, the errands don’t know about it. What is the thing, and they ride motorcycles, which is faster than driving, and they will arrive in half an hour.”

Willie saw that he was so confident in what he said, so he didn’t say any more, after all, he still has a bigger goal right now, Zhang Ermao ( Cade ) The piece of lightning strike wood in the middle of the booth.

So, he thought he said quietly, “In this case, I will wait here for a while, and see if you have any other good things

by the way .” Just talk.”

“Okay!” Willie said, and pretended to glance at the booth, then pointed to the piece of lightning wood, and asked, “Boss, how do you sell this lightning wood?”

Zhang Ermao ( Cade ) said without hesitation “Five million.”

Uncle Willie didn’t care about the price, but asked, “Can I have a look?” Zhang Ermao ( Cade ) nodded, “Whatever.

“

Immediately realized that there was an attack formation inside.

The reason why he could recognize it as an attack formation was because this formation had many similarities with the attack formation in the wooden sword that the British Lord gave him, so it should be the same type of formation.

In order not to trigger the attack formation, he immediately took back all the spiritual energy.

At this moment, he was even more excited!

He still doesn't know what the effect of the jade wrench finger is, but he already knows very well that the lightning strike wood is an offensive magic weapon!

For a cultivator, the offensive magic weapon is extremely important. When encountering an enemy, the offensive magic weapon is an important reliance to fight with the opponent!

He couldn't wait to find a place where no one was around, and try the attack effect of this magic weapon! So, he immediately said to Zhang Ermao ( Cade ) ,

“Boss, I want this

piece of lightning strike wood too!”

That card you just had?”

Zhang Ermao ( Cade ) nodded and said, “Yes, let's remit it!”
