

The Amazing Son In Law Chapter 5842 -

Aurous Hill University at this moment.

On the playground, thousands of freshmen from various colleges and departments are being divided into different squares for military training.

The 14-day military training has only just started today. Many freshmen are still a little uncomfortable with the high-intensity paramilitary training. Both boys and girls are full of complaints.

The scorching sun and the scorching heat are already tough, and it is indeed very torturous for these freshmen who have just entered their first year of freshman year.

There was a sudden explosion of thunder in the southwest, which shocked all the students on the playground. They looked at the dark clouds in the southwest, and most of them were secretly delighted. It will rain suddenly.

The students all felt that if the heavy rain really fell, the military training at this moment would most likely be suspended, so that everyone could breathe a sigh of relief.

If it really doesn't work, military training in the rain is much more comfortable than training in the scorching sun.

Therefore, almost every student looked expectantly at the large cluster of dark clouds in the southwest sky, hoping that this dark cloud would quickly cover their heads.

Everyone looked to the southwest with anticipation, but Lin Wan'er (Alani) stared blankly at the dark cloud, frowning.

She always felt that the dark cloud was a little weird.

At this time, Claudia on the side couldn't help but whispered, "Alani, if it rains, maybe we can rest early!"

For Claudia, she has been living abroad, and for Huaxia The tradition of military training for college freshmen lacked understanding and lacked psychological preparation. She thought it was just like a summer camp, everyone laughed and played games, and the fourteen days passed happily. It was a 14-day paramilitary training, so it was difficult to adapt to it for a while, and I kicked it out all morning, and two blisters were worn on my feet.

Therefore, at this moment, she secretly hoped that the military training could be stopped for a while, so that she could relax.

Lin Wan'er (Alani) shook her head when she heard her words, and said lightly, "It doesn't feel like it will rain."

Claudia said, "With such a large cloud and such loud thunder, it can be seen that there is strong convective weather, let alone rain. Yes, even hailstorms are possible! Let's look forward to it together, maybe our wish will come true!"

Lin Wan'er (Alani) forced a smile with a bit of sadness, and said in a low voice, "To be honest, I hope this rain more than anyone else. It can come down."

The instructor found that many people were whispering and talking about whether it would rain, so he shouted in a displeased voice, "Everyone, don't whisper! Today, even if you are under the knife, you have to continue training!"

"Complaints abound."

At this moment, everyone saw that the dark clouds in the southwest direction had gradually dissipated, and the thunder did not appear again. Claudia couldn't help but said with some disappointment,

"It's so big of a dark cloud, how come it's about to disperse after only one thunderstorm?"

"I want to go to the bathroom."

The instructor said coldly, "It's not time for a break, so you're not allowed to go!"

Lin Wan'er (Alani) pursed her lips, and said in embarrassment, "Instructor, I...I'm on my period..."

Hearing this, the instructor stopped insisting, waved her hand, "Go! Go and come back!"

Lin Wan'er (Alani) said to Claudia in a low voice, "Claudia, I have something to do."

Before Claudia could recover, Lin Wan'er (Alani) has already left the phalanx quickly.

Lin Wan'er (Alani) walked out of the playground, hurried back to the dormitory and changed into the camouflage uniform for military training, took her mobile phone, put on a black disposable mask, and before leaving, she took the pill that Charlie had given her to her closet from the cabinet, Then he hurried out the door.

The Amazing Son In Law Chapter 5843 -

After going out, she sent a message to Sister Xian, and then called Charlie while trotting towards the school gate.

She was afraid that the thunder explosion just now had something to do with charlie, so she kept saying "Hurry up and answer the phone... Hurry up and answer the phone..."

After a while, the phone was connected, and charlie's voice came, "Alani, find me What's the matter?"

Hearing charlie's voice, Lin Wan'er (Alani) breathed a sigh of relief, and hurriedly said, "Brother charlie, I have been very grateful to you for what happened last time, so I would like to ask you what time is convenient, and I would like to invite you to dinner."

charlie smiled and said, "Let's talk about it after your military training is over. During this time, you should stay at school and don't go anywhere."

Then, charlie remembered something and asked her, "By the way, it's still time for your military training, right? How can you call me conveniently?"

Lin Wan'er (Alani) deliberately lied and said, "There was a thunderstorm just now, and it felt like it was going to rain, so the instructor asked us to take a rest and check the weather. "

Oh..." charlie frowned slightly, and he couldn't help guessing the purpose of Lin Waner's call in his heart. In

his opinion, there are probably three reasons for Lin Waner's call.

The first is what she just said First, she simply wanted to invite herself to dinner;

second, maybe because the thunderstorm just now made her realize something was wrong, so she called to confirm her safety;

third, maybe she deliberately mentioned the incident on the phone The purpose of the thunderstorm was to remind her to pay attention to safety.

Of course, it is not ruled out that Lin Wan'er (Alani) first made the call to confirm her safety, and after confirming her safety, she deliberately brought up the thunderstorm to remind herself to be careful.

After Lin Wan'er (Alani) confirmed that charlie was safe, she didn't plan to talk to charlie on the phone, because she was afraid that if she talked too much, charlie would doubt her again, so she smiled and said, "Brother charlie , then after my military training is over, you won't refuse to invite you to dinner, right?"

charlie readily agreed, and said, "Well, I'll treat you after your military training is over."

Lin Wan'er (Alani) smiled and said, "Okay, no Question! Then it's settled!"

“Okay.” charlie said, “Tell me when the military training is over.”

Lin Wan’er (Alani) hummed heavily, and then said, “Brother charlie, I won’t tell you for now. It’s time to continue the military training.”

“Okay.” charlie didn’t think much about it, and said, “You should do your military training first.”

Lin Wan’er (Alani) hung up charlie’s phone, and instead of returning to the playground, she went straight out of the school.

Wearing a mask, she waited at the door for a few minutes before Sister Xian drove a Rolls Royce to the side of the road.

The Rolls-Royce stopped in front of Lin Wan’er (Alani), and she immediately sat in the back row. Sister Xian asked her in surprise, “Miss Alani, you asked me to come over suddenly, what’s the matter?”

Lin Wan’er (Alani) blurted out, “It’s nothing important, just The military training is too tiring and I don’t want to participate anymore, so take me back to Zijin Villa.”

Then, she said to Sister Xian, “By the way, Sister Xian, just say hello to the school leaders and tell me that I’m not feeling well these days, and the rest I won’t participate in the military training.”

Sister Xian was slightly taken aback, but soon relieved.

Military training is hard work, and it’s normal for a young lady like Lin Wan’er (Alani) not to adapt.

So, she immediately said, “Okay, Miss Alani, I will take you back to Zijin Villa first, and then I will communicate with the leaders of your school.

The Amazing Son In Law Chapter 5844 -

Soon, the Rolls Royce driven by Sister Xian stopped in the courtyard of Zijin Villa.

Lin Wan’er (Alani) didn’t wait for Sister Xian to open the door, so she pushed the door and got out of the car, and walked to her small courtyard on the top floor without looking back, “Sister Xian, from today onwards, I will stay at home, and you can eat three meals a day directly. Put it outside my courtyard door, and you can leave after knocking on the door.”

Sister Xian was surprised, she understood that Lin Wan’er (Alani) didn’t want military training, but she didn’t understand why Lin Wan’er (Alani) didn’t want to go out.

But as a servant, you should not ask more questions, so she said without hesitation, "Okay miss Alani, I understand! Regarding your meals, do you have any special requirements?" "Anything you want." Lin

Wan'er He said casually, "Just look at the arrangement."

After finishing speaking, she quickly ran to the top floor, opened the door and entered her small courtyard.

The elderly Qiu Yingshan saw Lin Wan'er (Alani) go up the top steps from a distance, and hurriedly came out to stop sister Xian, and asked, "Shuxian, miss, isn't she in the school for military training recently? Why did you come back suddenly?"

Sister Xian shook her head, and said with a blank face, "Sir, miss Alani just called me to go to the gate of Aurous Hill University. After getting in the car, she said that she didn't plan to participate in military training. Said, from today onwards, I will stay at home, and even let me put three meals a day outside the courtyard gate..." "

Oh..." Qiu Yingshan nodded lightly, and said, "Order, except you go to the lady Except for delivering meals, no one is allowed to disturb the young lady."

"Good sir." Sister Xian knew that her husband respected Lin Wan'er (Alani) very much, so it was no surprise at this time.

So, she took out her mobile phone and said respectfully, "Sir, I'll call the head of Aurous Hill University to inform you."

Qiu Yingshan nodded and said, "Go."

...

At this moment.

Willie, who finished testing the strength of Thunderbolt, just returned to the urban area overjoyed.

The first thing he did when he returned to the city was to go straight to Antique Street to find Zhang Ermao (Cade).

But at this time, Zhang Ermao (Cade) had closed the stall ahead of time under his instruction.

Uncle Willie didn't see Zhang Ermao (Cade), but when he caught up with a few stalls that hadn't been confiscated, he hurriedly asked, "Everyone, it's only past three o'clock in the afternoon, why are you in such a hurry to close the stalls?"

"He raised his voice and said, "Didn't you read the weather forecast? It said that there might be extreme weather, why don't you close the stall and wait for the rainstorm? We are late closing here." Only then did Willie suddenly realize

.

I thought to myself, "There is no such thing as extreme weather, it is nothing more than the thunder I cast in Phoenix Mountain."

But this also indirectly proves that the thunder I just had was indeed earth-shattering.

Willie wanted to find someone to inquire about Zhang Ermao (Cade)'s whereabouts, but after thinking about it, he bought two antiques from Zhang Ermao (Cade) at a very high price. Let Zhang Ermao (Cade) feel vigilant.

After thinking about it, he planned to find a place to stay near the antique street today, and then come to the antique street in the morning to look for Zhang Ermao (Cade).

At night, Willie sat cross-legged on the bed, but he was still unable to get into samadhi. The reason was nothing more than being immersed in excitement and unable to extricate himself.

So, he couldn't help but took out the Thunderbolt again, and while stroking it, he sighed, "It's really God's favor to get such a magic weapon. Twenty years ago, I beheaded Bruce Wade and his wife here and made great achievements. Twenty years later, I got such a treasure here again, it seems that this Aurous Hill is indeed my blessed land!"

While he was sighing, his mobile phone suddenly received an Internet call from the Lord Ying.

His expression was startled, and he quickly connected the phone, and said respectfully, "My lord..."

On the other end of the phone, a cold voice asked sharply, "Uncle Willie, when did you arrive in Aurous Hill?"

Uncle Willie hurriedly said, "Go back. Lord Ying, my subordinate is Aurous Hill who arrived this morning."

The Amazing Son In Law Chapter 5845 -

The Lord Ying said again, "It should be late at night where you are now. You have been in Aurous Hill for more than fifteen hours, why haven't you done anything to the An family?" Aurous Hill, I haven't had time to familiarize myself with the environment of Aurous Hill..."

The Lord Ying asked, "Didn't I already tell you? An's family all live in Wanliu Villa in Aurous Hill, you just need to rush to Wanliu Villa in the middle of the night and count them all Beheading, so as not to have long nights and dreams, what else are you familiar with such a simple thing?"

Willie hurriedly said, "My lord, it may take a little time for my subordinates to have a deep understanding of the An family's situation, otherwise in case If the fish that slipped through the net was not in Wanliu Villa when we started, it would be difficult to handle this matter..."

The Lord Ying said coldly, "Tonight, An Qishan, his wife, and their three sons and one daughter are all in Wanliu Villa! It's you The best chance to strike! It's two o'clock in the morning where you are, if you set off now, you still have time to send An's family on the road before dawn!"

Willie respectfully said, "My lord, ask your subordinates to investigate bruce Wade and An's family. The whereabouts of Lydia (Ava) (Charlie's mom)'s son, the subordinates have not found any clues yet, if they attack An's family now, I'm afraid that kid will be afraid to show up again..." The Lord Ying snorted coldly, "

You just need to kill An Qishan The couple and their three sons and one daughter, the boy surnamed wade will naturally appear!"

Willie asked in surprise, "My lord, I dare to ask you, why are you so sure?"

The lord said coldly, "According to An Qishan decided on the succession order of the An family's assets. Once something happened to him and his children, the An family's assets would be divided into two. One half would be inherited by the An family's three sons and one daughter, and the other half would be inherited by Lydia (Ava) (Charlie's mom)'s son. Inheritance, that is to say, once they die, the kid surnamed wade will become the heir with the largest assets of the An family. As long as that kid is still alive, he will definitely not be able to refuse this temptation, no matter where he is, he will definitely show up to receive this huge inheritance, and then you can kill him without any effort!"

said With that, the British Lord continued, "Time is running short, so hurry up and leave now!"

Willie's heart skipped a beat.

He had known for a long time that his first task in coming to Aurous Hill this time was to kill the An family, but he did not expect that when he arrived in Aurous Hill, he would discover two magic weapons one after another.

Now, he still hoped that following Zhang Ermao (Cade)'s clues, he could find more magic weapons, so in this case, he would not be willing to take action against An Jia immediately.

He clearly knows that the An family is the third top family in the world after all, and once they make a move, it will inevitably cause an uproar in the entire international public opinion;

he also knows that once the An family really dies in Huaxia, the Huaxia officials will definitely spare no effort to investigate to the end , when the time comes, the government does not know how many capable people and strangers will be sent to Aurous Hill to investigate clues. At that time, my actions in Aurous Hill will be greatly restricted.

It is even very possible that after killing someone, he will be wanted by the relevant departments of Huaxia around the world. In that case, how can he have a chance to dig Zhang Ermao (Cade)'s line?

After all, Zhang Ermao (Cade) is not a key figure in the fight, and even if he kills him, he will not be able to find clues to his family. This kind of thing can only be done by outsmarting, not by force... So, the best solution is Yingying

. The Lord can give myself a few more days to dig deep into Zhang Ermao (Cade)'s line, and then go to solve Anjia without distraction!

Just when he was hesitating and didn't know how to ask the Lord for forgiveness, the Lord asked sharply, "Bo Willie, since I asked you to go to Aurous Hill, you have been pushing back and forth. You still haven't given me a clear reply, could it be that you have two minds about Poqing?!"

Willie was frightened and his back felt cold, as if countless needlepoints had pierced his skin, causing his entire back to feel like a needle prick Painful, he could only say sincerely and fearfully, "The British Lord has misunderstood this subordinate, and this subordinate is loyal to Po Qinghui (Benn), so how can he have the heart of betrayal... It's just... It's just that this subordinate still has something to report to you in the future!" Ying

Ying The lord said coldly, "Say it!"

Willie pondered for a moment, gritted his teeth, and said, "Back to the British lord, my subordinate got a magic weapon in Aurous Hill today!"
