

## The Amazing Son In Law Chapter 5860 -

Time soon came to the third day.

Willie came to Antique Street early, waiting for good news from Zhang Ermao ( Cade ).

At this time, Willie was nervous and apprehensive.

According to the Lord's request, he must attack An's family before midnight today, that is, before eleven o'clock in the evening.

And Willie also planned to go to Wanliu Villa on time at seven o'clock tonight.

At that time, I will quietly look for a safe place to stay in Wanliu Villa and wait for the opportunity. Once the time is right, I will immediately attack and kill An's family.

Therefore, his biggest wish today is to get other magic weapons from Zhang Ermao ( Cade ) before seven o'clock in the evening.

Therefore, he knew that Zhang Ermao ( Cade ) might not open his stall until noon or even in the afternoon, but he came to Antique Street early in the morning and waited anxiously.

But Zhang Ermao ( Cade ) is the same as usual today, and he didn't arrive late until the afternoon.

Seeing Zhang Ermao ( Cade ), Willie didn't care about being reserved, and ran to him quickly, and asked, "Ermao, how is it? Have you communicated with your previous family? Can he still ship today?" Zhang

Ermao Shaking his head, he said helplessly, "I'm sorry, I'm sorry, sir, my family told me that I can't deliver the goods today." As he spoke,

Zhang Ermao ( Cade ) saw Willie's disappointed expression, and quickly added, "But he said that he went to another place overnight last night. I made another batch of goods, and now I have a lot of goods on hand, so I plan to wait for two days to collect a batch. If you are interested, wait for another two days, and then maybe five or eight pieces will be released for you at a time. "

Willie asked in surprise, "Another batch of goods?! Where did you get it? What kind of goods?"

Zhang Ermao ( Cade ) shook his head and said, "He won't tell me where to buy the goods. I'm only responsible for distribution, but Don't worry, I'll pick it out for you in two days."

Willie sighed with regret, and said, "Hey! To be honest, Ermao, I'm going to Eastcliff by train tonight. I've booked a flight ticket from Eastcliff to Argentina tomorrow, and I'm leaving China tomorrow. It's gone."

Zhang Ermao ( Cade ) asked in amazement, "Old man, why did you leave in such a hurry?"

Willie's face was a little unsightly, and he said with a bit of blame, "Why do you say this so badly? What do you mean by leaving?" Hurry? I have been out for too long this time, I should go back, my wife and children are still waiting for me."

Zhang Ermao ( Cade ) blurted out, "Oh! No matter how long it takes, it will take two days. Wait two more days The good ones will be here! Don't worry, I will definitely ask him to bring you the best ones first!"

Willie shook his head helplessly, "I really can't wait this time. He called him and told him that if he still wants to ship to me, someone can send it to me now, there is still time, and you don't have to worry about the money, as long as the item is good, even if I double the price , I have no problem."

Zhang Ermao ( Cade ) shrugged and said, "I told him on the phone just now, and I even said that if it is really inconvenient for him, I can drive there to pick it up, but they said that at the earliest The day after tomorrow."

As he said, Zhang Ermao ( Cade ) said again, "To tell you the truth, the reason why these people have been able to do this business without being caught is because they didn't put money first, but put safety first That's why they haven't capsized for so many years, if anyone can change their original plan by asking a high price, they will have been captured by Lei Zi long ago.

" Hearing this, Willie

's The heart that longs for the magic weapon is truly dead.

He nodded lightly in great disappointment, and sighed, "It seems that there is no chance to cooperate again this time."

Zhang Ermao ( Cade ) also looked regretful, "It can't be helped, sir, let's cooperate again when we have a chance."

As he said, Zhang Ermao ( Cade ) said again, "By the way, sir, can't you wait until seven o'clock? No, I will fight for you later. If I can win, I will go to the Holiday Hotel to find you!"

Uncle Willie had lost hope in his heart, but he nodded in relief when he heard Zhang Ermao ( Cade )'s words, and said, "I will stay at the Holiday Inn until seven o'clock."  
"Okay!"

Zhang Ermao ( Cade ) nodded heavily, and said, " I'll be there as soon as I hear the news!"

The reason why charlie asked Zhang Ermao ( Cade ) to lure and test Willie with a large amount of goods the day after tomorrow is to stimulate Willie to the maximum, so as to see if the deadline tonight is true. cannot be changed.

If Willie still can't wait in front of the five and eight magical artifacts, it proves that this time is set by the British Lord, and there is absolutely no room for any change.

At this time, after saying goodbye to Zhang Ermao ( Cade ), the disappointed Willie left the Antique Street dejectedly.

He knew that if Zhang Ermao ( Cade )'s family still had magic weapons in their hands, he would be out of luck with it, and in the next few hours, he had to go back and make preparations. He would go to Wanliu Villa tonight and kill An's family. kill.

A few minutes later, charlie also received a message from Zhang Ermao ( Cade ). The message was just one sentence, and the buyer couldn't wait until the day after tomorrow.

Seeing these words, charlie knew that it was a certainty that Uncle Willie would take action against his grandparents' family tonight.

At this moment, the monitoring showed that Willie had just returned to the hotel and had no other actions for the time being, but charlie couldn't sit still anymore.

He made people watch Willie's every move, and then drove back to Tang Chen Yipin's home.

Back in the husband and wife's bedroom, charlie took out a pen and paper, and left a letter for Claire.

In this letter, charlie succinctly explained his life experience, and at the same time expressed his apology for deceiving Claire for so long.

In the last paragraph of the letter, charlie told Claire that if she was in danger, let her go to the Banshan Villa in the Champs Elysees Hot Spring Hotel, take the elixir she left there from the safe, and then take her with her. His parents left Aurous Hill.

In addition, charlie also left his black gold card to Claire.

What charlie thought was, if he could come back alive, he would destroy this letter completely, but if he couldn't come back alive, then when Claire returned home from the United States, he would naturally be able to see this letter. This letter is my will.

After finishing all this, charlie left the house before Willie had left the Holiday Hotel, and planned to drive to the Champs Elysees Hot Spring Hotel, where he waited for Willie's next move.

It was already past five o'clock in the afternoon when charlie was in the mid-level villa in Champs Elysees Hot Spring.

## **The Amazing Son In Law Chapter 5862 -**

Willie still hadn't left the hotel at this time, but charlie came to the villa, took off his clothes and soaked in the hot spring for a while, letting his body relax completely.

At 6:30, charlie changed into a night-traveling black suit, kept the two magical artifacts, the Shocking Thunder Order and the Soul Piercing Blade, and took out three Peiyuan Pills, three Rejuvenating Pills, and three Reshaping Pills Carry it close to your body.

These three Peiyuan Pills can keep charlie full of aura, and his opponent has already been sucked out of a lot of aura by his specially modified Thunderbolt. The winning rate will be greatly increased.

Rejuvenation Pill is a healing medicine. If charlie loses in the fight, Rejuvenation Pill can also help him recover to a certain extent;

as for Reshaping Pill, this is the best life-saving medicine for charlie. The effect is much more domineering than that of Rejuvenation Pill. If the opponent is really a super expert, Reshaping Pill can save his life at a critical moment.

charlie felt that with these pills by his side, he believed that he could compete with the earl who broke the Qing Dynasty. Besides, he was so well prepared, it was unlikely that he would encounter danger as Lin Wan'er (Alani) had imagined.

In addition to these, charlie left the ring given to him by Lin Wan'er (Alani) and the phoenix bone vine given to him by Mrs. Jiang in the safe.

After making all the preparations, charlie received a message from Isaac Cameron that Willie had already left his home. At the Ri Hotel, I stopped a taxi at the door and went out of the city in the direction of the Champs Elysees Hot Spring Hotel.

Today, Isaac Cameron and Don Albert did not practice with Hong Changqing anymore, charlie asked them to support and help him.

Isaac Cameron is in charge of monitoring Willie, while Don Albert is on standby at any time, waiting for charlie's orders.

Upon receiving the news that Willie had already left, charlie's eyes flashed a stern look, and he said coldly, "You're finally here!"

After that, he immediately picked up his mobile phone, called Don Albert, and told him, "Don Albert is here!" Five, take a helicopter and wait for me at the gate of the villa."

Don Albert, who had been waiting for instructions at the Champs Elysees Hot Spring Hotel, immediately said respectfully, "Okay, Master Wade, I'll come up!"

A minute later, the roar of the helicopter came , a high-performance civilian helicopter has arrived outside the villa, and is slowly descending on the flat bottom outside the villa door.

charlie stepped forward to go out, but just a second before leaving the basement, he suddenly remembered something and stopped immediately.

A moment later, when charlie strode out of the villa, the helicopter had already parked steadily at the door.

charlie boarded the helicopter, and Don Albert in the cabin said respectfully, "Master Wade, what instruction is next?"

charlie looked at him, then at the pilot, and told him, "Don Albert, you can go first soon Go down, as long as there are pilots on standby here at any time."

Then, he said to the pilot, "From now on, you and I will wait here, and you must make the helicopter ready to take off at all times. As long as I say go, you Just take off at the fastest speed and go to Wanliu Villa!"

The pilot immediately said, "Okay, Mr. wade!"

Don Albert hurriedly asked, "Master Wade, what important event are you going to Wanliu Villa? I'll accompany you Go!"

"No need." charlie said lightly, "You stay here to maintain the order here."

Don Albert was suddenly a little inexplicably anxious, and couldn't help but ask, "Master Wade, what important things do you have to do? Don Albert is willing to be by your side to do the work of a dog!" charlie waved his hand and said seriously, "Listen up, Don Albert

! , I want you to stay here, and there is a very important task! Only you can do this task!"

Don Albert hurriedly said, "Master Wade, please tell me!"

charlie said word by word, "Don Albert, no matter what happens outside tonight, No matter what, how much commotion there is, don't tell anyone my whereabouts, and don't let anyone leave here. If I don't come back before dawn tomorrow, tell everyone not to look for me, and stay where you are after the wind blows Disband, everyone will act as if they never knew me, understand?"

## **The Amazing Son In Law Chapter 5863 -**

charlie's words made Don Albert's expression extremely horrified.

He asked in a panic, "Master Wade, what do you mean? Could something be dangerous today?"

charlie was silent for a moment, not knowing how to answer.

Dangerous?

He realized that he should not be in any danger.

The earl who broke the Qing Dynasty held the three shoddy magic tools he made and still regarded them as treasures. It can be seen that this person does not have deep attainments in spiritual energy.

What's more, I have two attack-type magic weapons and many pills near me, so I can rely on both offense and defense, not to mention that I am in the dark and the opponent is in the light.

Therefore, charlie felt that no matter which aspect, he had a better chance of winning than the other party.

If he really wanted to use his hands, charlie was very confident that he could press the opponent on the ground and rub it.

However, what made charlie somewhat worried was what Lin Wan'er (Alani) told him.

According to what Lin Wan'er (Alani) said, she had indeed calculated that she would be in danger. Although this sounded unreliable, charlie's intuition told him that this girl would not lie to him.

It was precisely because of this that charlie was a little more cautious. He had to leave a way out for the people around him, in case he was really in danger.

Facing Don Albert's questioning at this time, charlie smiled slightly, and said seriously, "I'm not sure if I'm really in danger, but it's always better to be careful." Don Albert said nervously and concerned, "Master Wade, would you

like Back then, you killed the eight heavenly kings of the Wu family alone at the foot of Changbai Mountain, and those eight were so powerful that they were no match for you at all, and who else could threaten your personal safety in Aurous Hill?" charlie

laughed He said, "Don Albert, you don't need to be so nervous. As you said, I am also an invincible figure in the world. If ordinary people want to hurt me, it will be as difficult as going to heaven."

Speaking of this, charlie changed the subject, "It's just that people can't be too arrogant all the time. You have to be more modest and cautious, and the chance of success will be higher." Don Albert saw

charlie's light words, but he still felt uncomfortable in his heart . Satisfied, so he said to charlie, "Master Wade, Champs Elysees now has hundreds of warriors. If an enemy really troubles you, so many people can drown him with a single spittle! If you have any orders, just speak up, I'll arrange it right now!"

"No need." charlie waved his hand, and said calmly, "It's not necessarily a good thing to have a lot of people, so don't meddle in it." Don Albert blurted out, "Why,

Master Wade, this person Sea tactics has always been one of our housekeeping skills, with this advantage, why not let it maximize its value?"

charlie shook his head with a smile, "At this time, crowd sea tactics are useless."

charlie thought to himself It is very clear that warriors have no chance or possibility when facing monks who are proficient in aura.

The strengths of the two are vastly different in themselves, so what if there are hundreds of warriors? Still can't even get close to the opponent's body, because the speed of the opponent's movement or attack speed is even faster than their reaction ability.

In this case, the more warriors there are, the less effective it will be, and it may even make the scene more chaotic and create greater convenience for the opponent.

If you really want to kill a monk, you must either have a stronger monk, or use modern lethal weapons directly.

Just like the intersecting firepower network of close-in defense guns, it is extremely powerful, the rate of fire is extremely fast, and the speed of the cannon ejection is faster

than the speed of sound. This kind of weapon is used to fight monks, and it is not a problem to kill a dozen or twenty in one go. .

Immediately, charlie said to Don Albert, "Don Albert, you don't need to express your opinion on this matter, everything is subject to my order." Seeing charlie's insistence, Don Albert+ knew that he would definitely not be able to achieve what he said

## **The Amazing Son In Law Chapter 5864 -**

In desperation, he could only nod and say, "Okay, Master Wade, I understand!"

At this moment, charlie took out his mobile phone and called Li Yalin.

At the same time, Li Yalin was having dinner with An's family at Wanliu Villa a few kilometers away.

The An family has also done a lot of investigations in Aurous Hill these days, but they still haven't found any clues related to charlie.

At the dinner table, charlie's uncle, Asher, was about to ask Li Yalin to think of a way, when Li Yali's cell phone rang.

He quickly stood up and said to An's family, "You guys talk first, I'll go out and answer the phone."

As he spoke, he walked all the way to the yard, seeing no one around, and then connected the phone.

When the phone was connected, he said respectfully, "Mr. Wade."

charlie got straight to the point, "Inspector Li, are my grandfather and his family in Wanliu Villa at this time?" "

They are." Li Yalin asked curiously, "What's the matter?" Mr. Wade, what's the matter?"

charlie hummed, and said in a serious tone, "Someone may be detrimental to my grandparents' family tonight."

Li Yalin was shocked, and asked subconsciously, "Is this true?!"

"Really." charlie said, "The person who came here is likely to be a super expert in the Poqing Society, and his strength is not at the same level as the members of the Poqing Society that you have come into contact with before." Li Yalin was horrified, and quickly asked, "Mr. Wade, what should I do now?"

” What should I do? Do you want me to organize them to escape immediately?”

“It’s too late.” charlie said, “Your every move seems to be under the supervision of the Po Qinghui. Escaping in a hurry will still reveal his whereabouts. In this case, it is better to stay in Wanliu Villa, so as not to change. “

Li Yalin said without thinking, “Then I will immediately organize the bodyguards and those martial arts masters, and let them prepare for the battle!” “

“It’s useless.” “charlie said, “No one of you can stop him, and once you tell your subordinates, they will definitely behave abnormally, and then it may arouse the other party’s suspicion, so you should know about it yourself ,do not tell anyone. “

Li Yalin asked, “Master Wade, if the opponent is really strong, I’m afraid I won’t be able to protect the safety of your grandparents’ family...”

Then, Li Yalin said, “But don’t worry, if you really meet a strong enemy, I will Die before them all! “

charlie said,” don’t fight him desperately, once he attacks you, I will naturally not sit idly by. Li Yalin asked, “

Mr. Wade, where are you now?” “

charlie said lightly, “I’m very close to you, and I can get there in a few minutes. Li Yalin finally breathed a sigh of relief, “

With Mr. Wade here, I feel relieved!” “

Once I make a move, I will go to support in the shortest possible time, but if he wants to hurt you, or my grandparents and the others, and I can’t arrive right away, you must not be impulsive. You just say a word to him when you are in trouble. As long as you say this sentence, you will definitely let the other party cast a trap and win you more time.

Li Yalin quickly asked him, “Mr. Wade, what should I tell him? ” “

charlie immediately told Li Yalin that sentence, and then told him, “If he gets in, don’t panic, remember what I said, and he will definitely save his life for the time being!” “

Li Yalin said firmly, “Okay, Mr. Wade, I’ll make a note of it!” “
