

The Amazing Son In Law Chapter 5869 -

At this moment, the yard around the villa has already become a place of purgatory!

Willie held a wooden sword that was less than thirty centimeters long, but the invisible blade was nearly two meters long!

This is the magic weapon temporarily entrusted to Willie Bobang by the British Lord!

Although the wooden sword looked short, small and unremarkable, it was actually like a lightsaber in Star Wars, with an extraordinary killing distance.

The setting logic of the lightsaber in the movie is that the hilt releases plasma to form the edge of the sword, and Willie's wooden sword is actually better! It can transform into a sword edge with aura, and that sword edge can even be controlled by him as he likes!

A few bodyguards tried to besiege Willie, but Willie only held a sword in one hand and shook the void, and a sword energy that only heard his voice but did not see him shooting out in the air, the bodyguard who rushed to the front, was one meter away from Willie, and the invisible sword had already pierced his chest!

With a flick of Willie's wrist, the sword energy piercing the opponent's chest suddenly cut open the opponent's wound, blood and internal organs spewed out uncontrollably, and the bodyguard died suddenly!

The other bodyguards were scared out of their wits!

They had never seen such a weird attack method. Willie's inconspicuous short wooden sword was clearly still a certain distance from his companion, but his companion's chest was pierced in an instant, and was even pierced by a wave. The invisible force tore a big hole!

This bloody scene immediately made them terrified, and their survival instinct made them subconsciously stop and want to retreat.

However, in front of Uncle Willie, how could they come and go freely!

Although Willie's speed was not as fast as the radar locking speed of the anti-aircraft gun and the speed of the cannon's ejection, these ordinary warriors had no chance of winning in front of him!

If the near-defense guns were shotguns, and Willie was a cheetah, and these poor warriors were at most a few rabbits that couldn't even bite through the leopard's skin!

Just as they stopped and turned their heads to run away, Uncle Willie suddenly took a step forward with his right foot, and his body instantly rushed forward like an arrow flying off the string!

Immediately afterwards, there was a scream!

The bodyguard who ran the slowest saw the bleeding wound on his chest and screamed.

What's weird is that even though he was seriously injured, he was running even faster than before!

Immediately afterwards, I saw him uncontrollably crashing into his other companion at a very fast speed, and at the same time, blood gushed out of his other companion's chest in an instant, and the man tried to cover the wound with his hands in horror, but as soon as the hand touched the wound, four fingers were cut off in one fell swoop!

The man was scared out of his wits, crying and shouting, "This...what the hell is this..."

As soon as he finished speaking, Willie's wrist flicked again, and the two of them lost the momentum to move forward in an instant. There was a sparse sound, and looking at those two people again, the chest cavity had been cut obliquely to the waist, and the internal organs were scattered all over the floor!

Afterwards, Willie quickly stepped forward and beheaded the frightened Anjia bodyguards one by one.

Although a bodyguard took out a pistol and shot Willie, but Willie moved very fast, and the bodyguard's marksmanship and reaction speed were not as accurate and fast as a close-in gun equipped with radar, so it was impossible to hurt Willie at all. Willie cents.

But Willie is different, his speed is extremely fast, those bodyguards and courtyard guards of the An family have almost no ability to escape in front of him!

These bodyguards are usually top-notch high-level warriors, but in front of Willie, they could only be slaughtered, and they were quickly slaughtered!

On the mountainside not far away, Yun Ruge frowned as he watched Willie go on a killing spree in Wanliu Villa.

The Amazing Son In Law Chapter 5870 -

She and Willie had relieved a lot, and always thought that this old boy was only focused on his cultivation, but it was only today that he realized that this old boy had such a strong desire to kill!

Just when she felt that Willie was too cruel, in the sky, a low-flying helicopter flew towards Wanliu Villa!

At this time, the An's family, hearing the screams outside, had their hearts in their throats.

They also didn't expect that their family had just experienced a crisis of almost extinction in New York some time ago, and the other party would catch up to Huaxia so quickly!

charlie's third uncle, Olin, said nervously, "Dad, Mom, I'm afraid this time there will be a lot of bad luck, you two, go through the back door first!"

Asher also reacted, and quickly said, "Yes, Dad, You and Mom go first, we stay here and watch!"

The old man An Qishan snorted coldly, "Go? Where are you going? No matter who comes, his goal is our family, and none of us can escape Get off!"

After that, he looked at Li Yalin and said, "Yalin, this is a matter for us to settle down. I have implicated you once last time, and this time I must not let you be implicated again. You go first, the other party's target is us , has nothing to do with you."

Li Yalin smiled helplessly, and said seriously, "Uncle An, last time I listened to you and left first, so I was shot into a hornet's nest with a gun. On the contrary, you were sitting in the box and never met Dangerous, today you still want me to go first, isn't it appropriate?"

An Qishan blurted out, "Yalin! I'm not joking with you! Liushanzhuang is safe!"

Li Yalin shook his head, and said with a smile, "Uncle An, you are a lucky person with a natural face, so I am the safest staying with you!"

An Qishan was anxious, and cursed, "What are you doing, kid? Do you want to be soft and hard? If you really want something wrong with my An family, how can I explain it to your short-lived old man?!" At

this time, the door was kicked open suddenly, and a cold voice came, "Let's go? Huh Hmph, none of you are going to leave today!"

When they saw the person clearly, they were a little horrified when they saw that the person was a thin old man in a long gown.

An Qishan looked at Willie, and asked loudly, "Who are you?"

Willie looked around with a sneer, and said arrogantly, "My name is Xu Willie, you can call me Willie Daoist, or you can call me Uncle Willie."

An Qishan frowned and asked, "Since you call yourself a real person and don't practice in a Taoist temple, why did you come here to kill innocent people indiscriminately?"

Uncle Willie laughed and said, "Who says real people can't kill people? People are going to kill here, and none of you can escape!"

After that, he suddenly frowned, as if he had been electrocuted, and blurted out with wide eyes, "Here...how can there be a faint spiritual energy here?!"

charlie used the formation formed by Huichundan, and it was still running silently in this villa.

An's family and Li Yalin could only feel that the whole person living here felt refreshed and in good condition, but they didn't know that there was actually the faint spiritual energy and medicinal effect of Rejuvenation Pill permeating the air.

Therefore, when Willie suddenly asked questions, everyone in An's family was puzzled, and had no idea what aura he was talking about.

At this time, Willie seemed to have discovered a new world, and he was so excited that there was nothing to add!

He didn't know the formation method, and he didn't know where charliebu's spiritual formation was for a while, and he thought that the villa naturally had spiritual veins.

This is the end of the Dharma era, and it is extremely difficult to find spiritual energy in nature, but Uncle Willie did not expect that such a villa built of reinforced concrete would be filled with faint spiritual energy!

If this kind of spiritual energy is always there, then staying here to practice will definitely get twice the result with half the effort!

The Amazing Son In Law Chapter 5871 -

Agitated, he pointed the wooden sword in his hand at the crowd, and said coldly, "No one answered, right? Since no one answered, I can only choose one person to behead in front of you, so as to make an example to others." It is!"

After that, he saw Tablita who was dressed very intelligently from the corner of his eye, and sneered, "This girl must be the second daughter of the An family, Tablita, right?"

Tablita asked vigilantly, "What do you want to do?!"

Willie sneered, "I want to work hard for you to teach your parents and elder brother a lesson called "The End of Refusal to Cooperate."

After finishing speaking, he immediately swinging the wooden sword, the invisible sword immediately slashed at Tablita.

Tablita felt a gust of wind coming towards her, and her whole body seemed to have been immobilized, and she couldn't move even if she stood there.

in the nick of time While sending out, Li Yalin suddenly threw a teacup on the ground and yelled, "F*cking bastard! If you still want to find out Lin Wan'er's whereabouts and her ring, stop me immediately!" Willie's pupils suddenly froze

. Shrinking, the movements of his hands froze for a moment, looked at Li Yalin in disbelief, and asked, "You... who are you?! How do you know the name Lin Wan'er (Alani)?! How do you know her ring?! Say! You What does it have to do with her!"

Li Yalin didn't expect that the words Charlie taught him would be really useful! Seeing that the other party stopped completely, he breathed a sigh of relief, and said without flinching, "Who am I? You don't deserve to know

!"

Tell me everything about Lin Wan'er and that ring, otherwise, I will make your life worse than death!"

Li Yalin sneered, "What? Threatening me? Let me tell you, if you dare to hurt anyone here today Man, you will never be able to find Lin Wan'er's whereabouts in your life!"

Willie was both nervous and excited. What was nervous was that he was only one step away from completing the mission of the hero. The An family will definitely be killed by his sword energy.

What made him excited was that he actually found a clue related to Lin Wan'er (Alani)!

Could it be that if I come to Jinling this time, I will return home with a full load? !

Thinking of this, he immediately strode up to Li Yalin, grabbed Li Yalin's neck with one hand at an extremely fast speed, then lifted him into the air, and said coldly, "You don't know aura, and you're not a warrior. Will you know the three words Lin Wan'er (Alani)? Say, who told you!"

Li Yalin was picked up by the neck, and soon his face was black and purple, but he still endured the severe pain and gave Willie With a sneer, he said with difficulty with disdainful eyes, "If you have...you will kill me!"

Willie said coldly, "Do you think I dare not?!"

Li Yalin sneered, gritted his teeth and said, "Then try it!" Ah! Let me see if you dare!"

Uncle Willie gritted his teeth for a moment, and continued with a vicious face, "To tell you the truth, my mission here today is to take the lives of the An family! Now, this mission is far from being successful, and there is only one final step left. Foot!"

"After destroying the An family, if I can find Lin Wan'er (Alani), it will be the icing on the cake; even if I can't find it, it is a great achievement to destroy the An family today!" "So, don't think that I will treat you if you know

Lin Wan'er (Alani)'s whereabouts. On the contrary, if you don't tell Lin Wan'er (Alani)'s whereabouts within three seconds, I'll be the first to kill you!" At

this time, a young man's mocking voice came from the door, "It's just a piece of cake!" Old dog, you still want to destroy An's family, old thing, how arrogant you are!"
