

The Amazing Son In Law Chapter 5894 -

He also suddenly remembered what the Lord of England once said, once in danger of life and death, he would open the formation in Niwan Palace. Although this formation could not help them kill the enemy or save their lives, it could protect them A wisp of remnant soul!

The British Lord also said that as long as this ray of remnant souls is left in the world, their consciousness can be preserved.

And their enemies couldn't detect that wisp of remnant soul at all, and even if they did, there was nothing they could do!

As for themselves, they don't have to worry about that wisp of remnant souls becoming lonely ghosts, because the British Lord promises to find their remnants in the shortest possible time and take them away.

At that time, the British lord will find a suitable body for them, and then help their remnant soul to take away the original owner of the body.

In this way, they can be reborn in another body!

In other words, the formation in Niwan Palace is the last chance left by the British Lord for the four of them, a chance to be reborn as a phoenix and live again!

This huge formation took the Lord several years and a lot of spiritual energy, and the four earls were very grateful to the Lord for this. In their hearts, they had the formation in Niwan Palace, and they were the ones who had two lives

.

It's just that, thirty years have passed, and none of the four earls has really opened the formation of Niwan Palace!

This is mainly because they have never encountered any super crisis of life and death in the past thirty years.

Although Nakul did encounter a life-and-death crisis in Cyprus, the situation was special.

The three close-in defense guns that killed him were too fast, too powerful, and the way of killing them was too brutal. From the moment Oberjun sensed

the danger to his death, it was only a matter of seconds. The Niwan Palace that the Lord opened for them.

Moreover, even if he thought about it, it would be meaningless, because he simply didn't have enough time to open the formation in Niwan Palace!

And the current Willie just happened to have this opportunity!

At this point, Willie looked at charlie with a sad smile, and while quietly running the mind to open the Niwan Palace, he said to charlie with a grinning smile, “! Even if you destroy my body, so what? After a few years , I will come back to life again, and by then, you may have been torn to pieces by the hero! But if you are lucky enough not to die in the hands of the hero, then I will change my body and kill you with my own hands! In the dark ,

Yun Ruge breathed a sigh of relief, and sighed in his heart, “It seems that Uncle Willie should not die...”

At this time, charlie frowned and asked him, “What? Are you planning to come to me for revenge after reincarnation?” Uncle Willie laughed, gritted his teeth and said, “wade, it seems that you

have not mastered the secret of longevity. If you mastered it, how can you not even know about the rebirth of the house! Hahahaha, after today, the hero will definitely Reshape my golden body for me, and when my cultivation level recovers, I will definitely come to you to avenge me!”

charlie obviously felt that the state of the old man in front of him had undergone a huge change.

One second he was afraid of death and begging for mercy, but the next second he suddenly had a kind of generosity to see death as home. It even seemed that he was not afraid of death at all, but began to look forward to death!

And charlie was not wrong.

Willie did start looking forward to death!

His current physical body has been destroyed by charlie and turned into a useless person. Even if he survives, he can only spend the rest of his life lying on the bed.

And after the Niwan Palace is opened, his remnant soul will be able to escape. In the future, he will be reborn with a young and strong body, and he will be able to return to his current cultivation level in a few decades!

Therefore, at this moment, he already regards death as home!

At the same time, his mental technique was completed in his spiritual consciousness, the Niwan Palace opened instantly, and the formation that had been silent for thirty years suddenly began to operate at a very high speed like a small universe!

Willie laughed again and again, ignoring the blood spurting out of his mouth, staring at charlie with a pair of eyes, and laughed excitedly and ferociously, "The Niwan Palace is open! The Niwan Palace is open! charlie! You remember , Today's revenge, I, Willie, will definitely get it back from you a thousand times, ten thousand times with my own hands in the future!"

charlie didn't know what he was doing, but his intuition told him that he must solve it quickly.

So he immediately shouted "Thunder!"

Lightning as thick as an arm suddenly fell from the sky, directly striking Willie's sky cap!

charlie hadn't let do his best before, but this time, he was already determined to kill him!

With Willie's current state, this thunderbolt will definitely make him die on the spot!

But the strange thing is that when the astonishingly powerful thunder struck Willie directly on the top of his head, it didn't hurt him at all!

charlie frowned at the moment, and he suddenly discovered that there seemed to be an unbelievable energy in Willie's body that was running fast!

The strength of this kind of power has exceeded his cognition!

Yun Ruge, who was in the dark, didn't notice any abnormalities. he just heard Willie's words, and knew that Willie had opened the Niwan Palace, and she was relieved.

Although she and Uncle Willie did not deal with each other, after Uncle Nakul died, she had a feeling of cold lips and teeth. Now that Uncle Willie opened the Niwan Palace, she can be regarded as able to escape!

And Willie's expression at this time became more ferocious at an extremely fast speed!

It took only a second or two for the Niwan Palace to open, and he felt an incomparably hot fire ignited in his brain!

And that group of flames, at the speed of a supernova explosion, rapidly became bigger and stronger!

And the pressure on his Niwan Palace is getting bigger and bigger!

It feels like it's been stuffed into a mountain in my brain!

The excruciating pain was comparable to eighteen levels of purgatory!

charlie also realized the great danger at this time, he could feel that the violent energy in Willie's body was so powerful that it was unimaginable!

What happened in just one second made charlie's heart sink!

He exclaimed from the bottom of his heart, "Oops! Who hid such a formation in his body, is this going to turn him into a nuclear bomb?!"

Thinking of this, charlie immediately wanted to escape the danger subconsciously!

At this moment, Willie was tortured by the surging power in his head, and he couldn't bear to live. He twitched and screamed on the ground like crazy, "I...my head is going to explode! Lord...you...you are so poisonous! Heart!"

At the same time, Yun Ruge also noticed the abnormality, he screamed in shock from Willie's sudden change, stood up abruptly and wanted to back away.

As soon as charlie took a step to escape, he heard a woman screaming ten feet away. He glanced at the woman from the corner of his eye, and his heart was even more horrified!

It never occurred to him that there was a woman hidden just ten feet away from him and Uncle Willie!

For such a long time, I didn't notice anything at all!

charlie subconsciously reflected on himself, how could he be so careless?

At this moment, behind him, there was an earth-shattering loud noise!

Boom!

Willie's whole body was like an exploding atomic bomb, which suddenly turned into a stormy wave, spreading rapidly and madly towards the surroundings!

charlie only felt a burst of extremely severe pain hit his whole body quickly, and his whole body was instantly blown away by this extremely powerful force!

He only felt that every inch of bones in his body seemed to have been shattered, and his internal organs were also destroyed!

The great impact brought by the explosion was like being hit hard by a hundred-ton boulder falling from the sky!

charlie knew that he was doomed this time.

In his last consciousness, he was still sighing in his heart, "Parents, my son is not filial, and he failed to kill all the enemies. I hope you two spirits in heaven, don't blame me..." The next moment, he fell into endless darkness and completely lost all consciousness
