

The Amazing Son In Law Chapter 5897 -

The violent explosion that resounded through the sky instantly spread throughout Aurous Hill, even waking up the entire city from the night.

In the valley where the explosion occurred, the originally dense plants were destroyed by the explosion, forming a circular void with a radius of hundreds of meters!

Willie has completely lost any trace of existence, his whole body has been completely vaporized, and there is not even a trace of residue left.

As for the so-called death of the body and life of the soul, it is just a cover, a blank check to deceive them to die generously.

Willie didn't know until the moment of his death that what the British Lord left in their Niwan Palace thirty years ago was not a formation that could preserve a soul, but a powerful self-destructive formation. Array.

At the moment of life and death, I thought it was the hope of rebirth, but I didn't think that it was a means to die with the enemy.

When the explosion happened, charlie, who was less than two meters away from Willie, also disappeared without a trace.

On the ground, apart from charlie's torn clothes, there were only a few pieces of giant clam the size of fingernails left.

These fragments were originally charlie's soul piercing blade.

And his Thunderbolt, which was refined from lightning strike wood, had already been turned into a ball of black ash in the explosion!

At this time, on the edge of the blank space with a radius of hundreds of meters, a seriously injured woman was struggling to crawl forward.

She is Dingyuan Boyun Ruge!

When the explosion happened, because Yun Ruge was still ten feet away from the two of them, he did not receive the devastating blow from the center of the explosion.

But her current situation is not optimistic.

She was directly overturned and flew out by the huge shock wave, and her physical condition was no different from that of most of her life.

Her meridians all over her body were cut off, half of her bones were broken, and her internal organs suffered extremely serious internal injuries. Although she is not dead at this moment, it is still unknown whether she can survive this serious injury.

Yun Ruge endured the severe pain and struggled to crawl to the distance, panting, but cursed in a low voice completely uncontrollably, "Damn the hero... unexpectedly... lied to us for thirty years!"

"After opening the Niwan Palace, how can there be... how can there be such a good thing as the death of the body and the birth of the soul? It's all a lie... a lie!" "

This son of a bitch... just... just put the four of us... When we become human...human flesh bomb...bomb..."

"Lie us that when we are in a life-and-death crisis, we can leave a ray of soul behind, take away the body and be reborn, and give us the hope of life..." "

But in fact...in fact This bastard wants...to let us meet a strong enemy...when we encounter a life-or-death crisis...to open the Niwan Palace...to die with the enemy..." "

This move is really... too clever... ...because... an enemy who can drive us to the brink...There is bound to be a great threat to that bastard and the entire Qing Dynasty..." "

And with this scam of opening the Niwan Palace... the four of us will not hesitate at the most critical moment You and the enemy will die together, and you will die for that bastard... to solve all hidden dangers! "

"My lord, my lord, Uncle Willie is right, you are really...too vicious!" "

Thinking of this, she couldn't help murmuring, "The four of us have worked for you for many years...but you have never treated us as human beings. In your eyes, what is the difference between us and those body bombs with explosives strapped all over us...?" ! "

Yun Ruge gritted her teeth, and continued to crawl towards the distance.

She knew that Willie detonated the Niwan Palace today, and both herself and Charlie were dead, and this was the best chance for her to disappear

.

The Amazing Son In Law Chapter 5898 -

Today, she is no longer willing to return to the Po Qinghui (Benn), let alone continue to serve the Lord of England, because this person is extremely terrifying to her. If she stays with this person, her fate will not be worse than Willie How strong is it?

Instead of doing this, it is better to take the opportunity to disappear from the world, and after the injury is healed, find a suitable place to live in seclusion and spend the rest of her life with only two years left. For her,

living freely for two years, It was much better than going back to live with the Lord of England for another two hundred years.

At this point, she endured the severe pain and continued to crawl hard into the depths of the mountain

The time went back to three minutes ago.

The Champs Elysees Hot Spring not far from the explosion site Hotel.

An's family has been arranged by Don Albert in a half-mountain villa that had been vacated before.

Hearing thunder not far away, the whole family felt that the thunder was unusual, and everyone looked anxious, especially It was the old man, An Qishan, pacing back and forth in the room in a hurry, unable to stop for a moment.

Seeing this, Don Albert hurriedly stepped forward to comfort him, "Don't worry, old man, Master Charlie is as powerful as the sky, this burst of thunder must be the sky thunder summoned by Master Charlie, it is estimated that the killer has been chopped into ashes by Master Charlie now! "

An Qishan murmured, "You think Charlie can summon Tianlei?!"

“Of course!” Once, when thunder came, the sky was covered with dark clouds, lightning flashed and thunder rumbled, and the thunder fell from the sky, deafening, and the earth shook, it was like a god descending from the earth!” “This...” Everyone in the An family was dumbfounded, and An

Qi Shan also looked horrified, “How is this possible...”

Don Albert chuckled, “

Hey! Old man, there is nothing impossible about this. The reason why I think it is impossible is that I don’t understand the mystery. Master Charlie said that summoning the sky thunder is the effect of the formation. My personal understanding of the formation is that it has nothing to do with atomic energy. What’s the difference? If someone tells a hundred-year-old person that it only takes a piece of radioactive material the size of a palm to make an atomic bomb that can raze a city to the ground, he also thinks it’s impossible. “

An Qishan was at a loss when he heard this, but the old lady at the side couldn’t hide her worry and said, “I’m worried about Charlie’s safety, Mr. Albert, can you please arrange a helicopter to rush over there, in case Charlie needs help Yes, we can also wish him a helping hand...”

Don Albert said hastily, “Old lady, Master Charlie has specially instructed that after you are picked up, no one can help, and you can just wait here for him to come back with peace of mind. “

Speaking, Don Albert said again, “To tell you the truth, there are hundreds of warriors in the hot spring hotel at the foot of the mountain, all of them are powerful, and even they can’t help Master Charlie, let alone us. Wiping her tears, the old lady choked up and said, “I’m afraid that something will happen to

Charlie. He must have suffered too much in the past twenty years. As a grandmother, I really don’t want him to be in any danger... ...”

An Qishan patted the old lady’s back lightly, and comforted him, “You don’t have to worry too much, Charlie is a capable person now, and we He is no longer in the same rank, even if we want to help him, we can’t help him. We should follow Charlie’s instructions and wait here patiently! “

As soon as the words fell, there was an earth-shattering explosion outside the villa. The huge sound wave shattered the laminated tempered glass! Everyone squatted on the

ground subconsciously. After the explosion, the old lady suddenly felt a burst of pain in her heart. In severe pain, he cried and asked, "What happened just now? ! charlie, he... charlie, he will be fine, right? ! "

Don Albert's heart skipped a beat, and he panicked immediately.

He had seen charlie summon Tianlei with his own eyes.

The Amazing Son In Law Chapter 5899 -

He knew that the huge explosion just now was not the movement of Tianlei!

So, he shouted, "I'll go and see!"

After speaking, he rushed out the door in a panic, jumped directly into the helicopter that had been on standby in the courtyard, and said anxiously to the pilot, "Quick! Take off!"

At this time, a figure ran out quickly, and Li Yalin jumped onto the helicopter in two or three steps, and blurted out, "Mr. Albert, I will go with you!"

Don Albert hurriedly said, "Inspector Li, I am ordered by Master Charlie to protect you!" You should stay here for the safety of An's family!"

Li Yalin shook his head and said, "Mr. Albert, don't forget, I'm a policeman. If there is any accident, no one is more professional than me when it comes to surveying the scene!"

Albert thought about it and agreedAfter getting down, he said, "It's hard work for Inspector Li!"

After that, he said to the pilot, "Take off!"

The helicopter stepped up the throttle and took the two of them towards Wanliu Mountain Villa.

When approaching the sky above Wanliu Villa, Don Albert had already seen the strange circular void in the valley in the distance through the moonlight.

So, he immediately pointed to the blank area and said to the pilot, "Quick! Fly there!" The pilot

steered the helicopter to the weird valley at high speed. After getting close, Don Albert and Li Yalin found that the circular blank area was already a piece of scorched earth, while the surrounding vegetation all fell towards the periphery of the circle.

Combined with the violent explosion just now, the two speculated that this circular blank area was presumably caused by the explosion just now, and the center point of the explosion was the center of the circle!

Don Albert's heart suddenly rose to his throat, and he suddenly had a bad intuition.

In his nervousness, he quickly said to the pilot, "Fall down!"

Li Yalin blurted out, "It's better not to land in the center, lest any clues on the ground be destroyed by the strong wind of the helicopter!"

Don Albert nodded and said to the pilot, "Then land on the ground." On the side!"

The pilot immediately parked the helicopter on the edge of the circular blank area.

Li Yalin just thought, don't destroy the clues to the center of the explosion.

But what he didn't expect was that the place where Don Albert asked the pilot to land happened to be the area where Yun Ruge crawled away from the incident. The strong wind blown by the helicopter completely wiped away the traces left by Yun Ruge in an instant.

At this time, Don Albert, who was so anxious, opened the door and jumped down before the helicopter came to a complete stop, followed by Li Yalin.

He quickly ran to the center of the explosion, and was horrified to find that the ground at the center had been hardened and cracked by the high temperature!

On the ground, there was actually a black silhouette of a human figure printed on it. I don't know if it was the trace of the human body left by the explosion.

Don Albert suddenly saw a few reflective fragments on the ground, picked them up and found that they were shells or other fragments.

Immediately, he immediately remembered that charlie once bought a giant clam at an auction at a high price of over 100 million. That auction caused quite a stir in Aurous Hill. , The texture is very similar!

Thinking of this, Don Albert's heart sank to the bottom of the valley.

Li Yalin saw that his expression suddenly changed when he looked at the shell fragments in his hand, and quickly asked, "What is this?"

Don Albertliu said in a daze, "This... this should belong to Master Charlie..."

The Amazing Son In Law Chapter 5900 -

Hearing Don Albert say that the fragment in his hand belonged to charlie, Li Yalin's heart skipped a beat!

He murmured, "charlie's stuff? Isn't it bad luck for him?!"

As he spoke, he quickly lowered his head to carefully examine the traces left by the explosion.

By observing the direction of the explosion shock wave, he then saw more giant clam fragments on the ground.

His face was ashen, and he said in a low voice, "charlie's things are so close to the center of the explosion... When the explosion happened, wouldn't he be the first to bear the brunt?!" Don Albertyi burst into tears when he heard this, he couldn't believe

it Said to Li Yalin, "Inspector Li, Master Charlie is as powerful as the sky, shouldn't this kind of explosion hurt him?"

" After smelling it under his nose, he said worriedly, "The temperature at the center of the explosion is at least 3,000 degrees Celsius if you can burn the mud like this... So it is speculated that the explosion equivalent is at least one or two tons of TNT. This equivalent, even with a tank next to it They will also be blown to pieces, human beings are made of flesh and blood, so close, I'm afraid that there will be bad luck..."

“F*ck!” Don Albert’s legs softened and he fell immediately Sitting on the ground, regardless of the pain, he slammed his fist on the hard and dark ground, choked up and said, “Impossible! Master Charlie has his own auspiciousness, and there is absolutely no possibility of accidents!” Li Yalin was silent for a moment, and said, “I’ll go

around Look around, maybe it’s not impossible to be shaken out by the shock wave generated during the explosion...”

Don Albert hurriedly got up, wiped away his tears with his sleeves, and said, “I’m going too! Let’s go in the same direction!”

Li Yalin said, ” You should find some helpers. The radius of the explosion is several hundred meters, the outer space is larger, and the visibility is low. We can’t do it alone. Didn’t you say that there are many warriors in the Champs Elysees Hot Spring Hotel? Find the most reliable person Come and help!”

Don Albert came back to his senses, and quickly said, “Okay!”

After all, he took out his mobile phone to make a call, but found that the signal of the mobile phone was blocked, so he said, “Inspector Li, wait for me, I will go back!”

Li Yalin quickly told him, “Remember, don’t tell the An family, I’m afraid they won’t be able to bear it.”

“Okay!” Don Albert said, “I’ll go to the hotel to find someone, not the villa in the middle of the mountain!”

After finishing speaking, he hurried to the helicopter, The first thing I said when I got on it was “go to the hotel!”

A few minutes later, the helicopter landed in the hotel’s square.

At this time, everyone in the Champs Elysees Hot Spring Hotel was awakened by the loud noise just now, but they didn’t know that the loud noise just now was actually related to charlie.

As soon as Don Albert got off the helicopter, Isaac Cameron rushed up to greet him, and asked nervously, “Don Albert, what are you doing flying around all this time? Is something wrong?!”

Don Albert's eyes were red, sobbing Said, "Old isaac, something happened to Master Charlie..."

"What?!" Isaac Cameron asked in amazement, "What happened to him, Master?!"

"I don't know..." Don Albert couldn't control his tears, sobbing, "Master Charlie is now Life and death are uncertain, hurry up and find some trustworthy people to follow me, and help find Master Charlie's whereabouts!"

Isaac Cameron felt dizzy for a while, and then he quickly stabilized his mind and blurted out, "I'm going to find Miss Xion, these people Here, the Elms family has been with the young master the longest, and they must be the most trustworthy!"

Don Albert hurriedly said, "Don't leak the news, there are many people here in the Wanlong Palace, I'm afraid they will have second thoughts if they know that the young master has an accident!" "

No As for it?" Isaac Cameron said, "Abbas was in Yeling Mountain back then, but he swore to be loyal to the young master!"

Don Albert shook his head and said, "That's what you say, but after all, Abbas and Master Charlie have a family feud, At critical moments, we should be more cautious, and we can't bring so many people there. Don't forget, the young master still has the enemy of the Poqing Society. If the news spreads to the outside world, this chapter is not over, click on the next chapter to continue

, I'm afraid the young master's identity will be exposed! isaac nodded, and said, "Then just look for the Elms family!"

At this time, Xion was meditating in the room.

Isaac Cameron knocked on the door, and Xion opened his eyes from the meditation. When he opened the door, he saw that it was Isaac Cameron, and asked curiously, "President isaac, what do you want me to do? " "
