

The Amazing Son In Law Chapter 5930 -

When Lin Wan'er (Alani) took off with the light helicopter again, and Charlie Wade also took the opportunity to take the Remodeling Pill, Sara was anxiously pacing in the room at the headquarters of the Poqing Society thousands of miles away.

She is four hundred years old this year, but it seems that she is only in her thirties. Although she is full of charm and heroic spirit, at this moment, because she is too restless, her fierce character is almost written on her face, which makes her People are daunting.

The last time Sara felt this restless feeling was when she and Aasif were chased into Shiwan Dashan by the Qing army for the first time.

For so many years, although she has never found Lin Wan'er (Alani), this is a cat-and-mouse game that has lasted for three hundred years, and she has always played the role of that cat, so she can't find Lin Wan'er (Alani), and it won't make her like this. anxiety.

At this moment, the source of her anxiety was that the two earls under her command had been on the monitor and had been missing for more than an hour.

She had no idea what the two of them had been through.

Right now, what Sara is most worried about is what happens to the two earls.

The death of Uncle Nakul and the destruction of the entire Cyprus slain garrison have already caused great panic in the Qing Dynasty. If these two counts also encounter unforeseen events, the Qing Dynasty will surely fall into a situation that has never been seen in more than three hundred years. Huge turmoil!

Just when she was extremely anxious, there was a knock on the door, and an old man's respectful voice came from outside the door, "My lord, my subordinate Jadiel begs to see you!"

Sara said coldly, "Come in!"

After finishing speaking, she waved her right hand in the air, and the heavy iron door opened automatically.

An old man in a long robe walked up to him quickly. This person was Jadiel.

Jadiel is the direct descendant of the Wu family, the blood left by the son of Sara's elder brother Aamir. He is now 110 years old. Since he is the eldest son of the Wu family's generation, he was brought up by Sara himself since he was a child. He is highly regarded by Sara, she is her biggest confidant, and also the think tank of the entire Po Qinghui.

As soon as he entered the room, Jadiel said respectfully, "Back to the Lord, my subordinates have received some rumors about Aurous Hill..."

Sara shouted impatiently, "Quickly!

"Some information was searched on the short video account. Tonight, there was a lot of thunder near the Wanliu Villa where the An family lived. Moreover, there was an extremely strong loud noise near there. The loud noise could even be heard in the whole Aurous Hill It's clear..."

Sara's expression froze, and she asked in panic, "Loud noise?! What kind of loud noise?! Is it the same thunder as last time, or the explosion like a bomb?!" Jadiel

said "Back to the lord, it's the sound of an explosion!"

Sara frowned. "If it was really an explosion, maybe Willie would have died for me to break the Qing Dynasty..."

Jadiel exclaimed, "The lord... what kind of enemy? Can he be strong enough to make Willie die?!"

Jadiel followed Sara to try to enter Taoism since he was a child. Although his talent is not very good, he can barely enter the door of Taoism. He is a confidant, so he is very clear about what Sara did in the Niwan Palace of the four earls.

Sara was also a little worried at this time, and said to herself, "Willie is already very strong, and with the magic weapon I gave him, it will be even more powerful. If he really dies, then force him to die." The strength of the person must be much stronger than him..."

Sara couldn't help but marvel, "I really didn't expect that there are such masters in Aurous Hill. Based on what I know about the An family, it is

impossible for them to come into contact with such a powerful person.” , so what is the origin of this person?”

The Amazing Son In Law Chapter 5931 -

Jadiel couldn't help asking, "Master Ying, my subordinates feel that that person should know An's family, otherwise why would he save An's family at a critical moment?"

Sara shook her head with a gloomy expression. I don't know either, if Willie really died, the opponent must be a stronger monk, but I have had people secretly monitor An's family for many years, and I haven't found any relationship between An's family and any monks."

Jadiel asked again, "Could it be that Willie accidentally offended a local expert in Aurous Hill?"

Sara thought for a moment, and said, "I can't rule out this possibility. The magic weapon was found. Since there is a magic weapon, there is a high possibility that there are monks. Moreover, I am now beginning to doubt whether the magic weapon that Willie discovered in Aurous Hill is a trap that the other party has set up early. The magic weapon is nothing more than a bait to lure Willie to the bait!"

Jadiel exclaimed, "If this is the case, then the other party guessed that Willie is going to Aurous Hill?!"

"It is possible." Sara had a complicated expression, and while speaking, She suddenly remembered something, and blurted out, "Tonight I asked Uncle to follow Uncle Willie secretly. If Uncle Willie is forced to die, then she may be in danger!"

Jadiel widened her eyes, "If Uncle There was also an accident, and it would be a great loss for us to break the Qing Dynasty! You have cultivated these four earls for so many years. If accidents happen to all three earls, the people below will definitely be confused..." "

Sara said coldly, "Disrupted? Remember, if both Uncle Willie and Uncle Dingyuan have an accident, whoever in the Five Armies Commander's Mansion is in disarray, one of his feet will be cut off! If one is not enough, cut off two!"

Jadiel said respectfully, "I obey!"

Sara said again, "If both of them have an accident, we must let the Fifth Army Commander's Mansion strictly block the news from below, and anyone who dares to leak it The wind, I want his life!"

Jadiel cupped his hands and said, "Don't worry, the Lord, your subordinates will definitely pass on the message!"

Then, Jadiel knelt down on one knee, and said respectfully, "My Lord, my subordinates have something to ask! Sara said coldly, "

Say!"

Jadiel said, "My lord! If Uncle Willie and Uncle Nakul really died in Aurous Hill, the subordinates would dare to suggest that the three elders of the Presbyterian Council leave the customs early and order them The three of them headed to Aurous Hill, as long as the three of them work together, they will definitely be able to kill that master hiding in the dark!"

Sara frowned instantly, and said, "The three elders have been in seclusion for a hundred years, and they are in the critical period of opening the Niwan Palace. In another ten or twenty years, the three of them will open the Niwan Palace one after another, and break the Qing Dynasty. The strength can be improved to a higher level. If they are allowed to leave the customs now, their progress in practice will be interrupted, and the time for them to open the Niwan Palace may be postponed for another 20 years. This decision cannot be easily made... .."

Sara said again, "You know, the three elders are my hidden trump card. For more than a hundred years, only five people know of their existence. Besides you, they are the four counts. As a last resort, I can't move this card!"

Jadiel hurriedly said, "My lord! If something happens to Uncle Willie and Uncle Dingyuan today, the subordinates can be sure that the person who killed them is the same as the person who killed Uncle Nakul, and the one who rescued Uncle Nakul in New York. The people who set up the family and the people who rescued Lin Wan'er (Alani) in Northern Europe are definitely in the same camp!" "

In this way, it also proves that the other party is not just a person, but a huge organization like the Poqing Society!" "

They There are not only traditional masters like monks, but also proficient use of modern weapons such as close-in defense guns, which can be said to be comprehensive development. If the opponent is allowed to develop further, it will definitely pose a great threat to the future of the Po Qinghui!" After a pause

The Amazing Son In Law Chapter 5932 -

, Jadiel continued, "Moreover, in the recent period, they have been winning one after another, and they are on the verge of breaking through. If we don't kill them, I'm afraid there will be even more trouble in the future! Lord, this crisis is unprecedented, you can't hesitate any longer! "

Sara fell into a moment of silence.

Jadiel's worry made her anxious and apprehensive. She also knew that what Jadiel said was not unreasonable. If she really allowed the other party to continue to grow in secret, she might be a huge threat to herself in the future!

Thinking of this, she gritted her teeth and said, "Immediately notify the Chinese military governor's office and ask them to send their best scouts to Aurous Hill by plane to investigate!

" Mi's explosion traces, after dawn tomorrow, as long as they fly over Wanliu Villa, they will definitely be able to find the explosion site!"

"If it is confirmed that Uncle Willie has been killed, I will let the three elders go out! Let the three of them go to Aurous Hill, and work together to find that man, tear his body into pieces, and put an end to future troubles forever!" ... On the other

side

.

The helicopter driven by Lin Wan'er (Alani) has already flown directly above the center of the explosion.

Since charlie Wade had already paid for the reshaping pill, she could hardly move her body, so she drove the helicopter, turned on the searchlight of the fuselage, and flew around the entire valley at low altitude with the nose tilted downwards, while checking The following situation.

At this time, Charlie Wade was feeling the repair and reorganization of bones, organs, muscles, and meridians in his body. Fortunately, his injury was not as serious as Li Yalin's back then, so the whole process was much faster.

At the same time, Dingyuan Boyun was like a song in the natural crevice formed by a boulder shattering on the edge of the valley, listening to the roar of the helicopter in the mid-air of the valley, feeling uneasy.

Right now, her body has been severely injured, her meridians, dantian, and even her internal organs have been severely injured. She climbed under this boulder to take shelter temporarily after going through a lot of hardships.

Originally, she planned to hide here, recover a little in a few days, and then find a way to leave.

In her judgment, although that Charlie Wade saw herself at the moment of the explosion, but the power of Willie's explosion is so strong, Charlie Wade must have only a dead end.

Therefore, she can also conclude that no one on the other side knows her existence, and she can heal her wounds here with peace of mind.

But she never expected that just as the wishful thinking started, another helicopter came, and the helicopter had been circling in the valley, as if looking for something.

She thought to herself, "Could it be that those people couldn't find Charlie Wade and were unwilling to give up, so they came to him again?"

Thinking of this, she felt a little relieved, and secretly said, "As long as they don't come to me!"

Immediately, she suddenly thought of the Lord, and exclaimed in her heart, "Today Willie blew himself up, and I disappeared with him. The Lord will find a way to investigate clearly, and I must not let her know that I am still alive!" , took out his cell phone.

The phone was completely broken and deformed at this time, and even the battery was bulged due to the deformation. Seeing this, she finally breathed a sigh of relief, thinking that it would be impossible for the phone to continue to report her position to the hero.

about tenAfter many minutes, charlie Wade finally recovered from the effects of the Reshaping Pill. He twisted his neck and stretched vigorously in the narrow cabin. He no longer looked seriously injured or weak.

Lin Wan'er (Alani) on the side exclaimed again and again, "My lord, have you recovered?"

The Amazing Son In Law Chapter 5933 -

charlie Wade nodded, and said, "The body has recovered, but the spiritual energy has not yet."

As he spoke, he took out two more Peiyuan Pills and stuffed them into his mouth.

Once the elixir entered the abdomen, it turned into pure aura and spread to the whole body along the restored meridians and dantian.

charlie Wade felt the surge of aura returning, and he immediately felt an indescribable comfort.

Lin Wan'er (Alani) on the side felt that his body was filled with spiritual energy again, and said in surprise, "It seems that the young master has fully recovered!"

charlie Wade nodded slightly, and couldn't help sighing, "I have recovered, but the ring probably needs a lot of money." Reiki, this can only be done slowly."

Then, he asked Lin Wan'er (Alani), "Miss Lin, did you find anything in this valley?"

Lin Wan'er (Alani) said, "I just swept around a few times at low altitude, but I didn't see Uncle's body. There is a high probability that he is still alive. Moreover, when I was flying at low altitude, the strong wind from the helicopter could blow away the vegetation. After a few inspections, the flat area of the valley should not be able to hide people. The place is surrounded by mountains. Uncle Ding Yuan should have been seriously injured. The possibility of her climbing out of the mountain by herself is almost zero, and there is a high probability that it is hidden at the foot of the surrounding mountains, we can go down and look for it carefully." charlie Wade nodded and said in agreement, "

Miss Lin's speculation is very good. Reasonable, since this is the case, Miss Lin will bring the helicopter as low as possible to the foot of the mountain, and I will use my spiritual energy to investigate." "

Okay!" Lin Wan'er (Alani) immediately lowered the height of the helicopter to the lowest level, and flew slowly, almost touching the treetops at the foot of the mountain .

And charlie Wade released aura around his body to perceive the whereabouts of Uncle .

At this time, Yun Ruge was at the other end of the valley. Seeing that the helicopter not only didn't go away, but started to lower its altitude, and approached her direction a little bit along the foot of the mountain, her heart rose in her throat instantly.

She is very clear about her current situation. If someone finds out, she doesn't need any experts. A ten-year-old child can easily kill herself.

Moreover, she is also very clear that if she falls into the hands of An's family, the end will only be even more tragic!

Because the Qing Dynasty killed Lydia (Ava) (Charlie's mom) and her husband bruce of the An family 20 years ago, and buried a secret thread in the An family for 20 years, and even tried twice to destroy the An family. Moreover, Lydia (Ava) (Charlie's mom) and bruce's son bruce charlie also died under the power of Willie's self-destruct today. At this time, the An family must regard the Po Qinghui as the mortal enemy among the mortal enemies. If he was caught by them, wouldn't he only have a dead end? !

Nervous, she moved her body with difficulty to hide herself deeper, hoping to use the cover of the boulder to escape the detection of the opponent's helicopter.

She thought that the other party was just an ordinary person who didn't understand aura, and that the other party was definitely not looking for herself, but charlie Wade, so she concluded that the other party would at most check for charlie Wade's whereabouts on the helicopter, and would not pay attention to the bottom of the boulder Is someone hiding.

But where did she expect that charlie Wade found her not by vision, but by the perception of aura!

Lin Wan'er (Alani) drove the helicopter to search all the way along the foot of the mountain. When the helicopter was still two to three hundred meters away from Yun Ruge, Charlie Wade's expression suddenly froze. Immediately, he pointed to the dark place in front of the left, and said to Lin Wan'er (Alani), "over there!"
