

The Amazing Son In Law Chapter 5934 -

Seeing charlie Wade pointing the direction with her hand, Lin Wan'er (Alani) didn't even look at it, she directly pulled the joystick, making the helicopter fly precisely in the direction of charlie Wade's finger.

At this time, Yun Ruge, who was hiding in the gap between the boulders, didn't know that he had been locked by the other party.

She just wanted to try her best not to move her body or make any noise, and she would naturally leave here after the people on the helicopter made a round of inspection.

Moreover, she also has absolute certainty that she will not be discovered by the other party. Because

, the helicopter circled the valley several times, but the people on it never came down to search, and the boulder blocking Yun Ruge's head was very thick, even if it was the opponent With equipment such as thermal imaging, it is impossible to find his whereabouts through this boulder.

However, what made Yun Ruge feel even more uneasy was that the helicopter roared towards him!

As the flying helicopter got closer and closer to him, Yun Ruge's heart became extremely nervous.

At this time, the helicopter has come to the top of the boulder at the foot of the mountain.

charlie Wade suddenly said, "This is it! I can already feel her, she is seriously injured now!"

After that, he opened the door and planned to jump directly from the helicopter.

Lin Wan'er (Alani) subconsciously grabbed the corner of his clothes, and blurted out, "My lord, since that Uncle is seriously injured, why not wait for my family to join me! My family wants to meet her with you for a while." Seeing this, charlie Wade gave up

. Planning to jump straight down, she said, "There are trees below here, the helicopter can't land, why don't you return to the area that was flattened by the explosion, and then we will walk over together." Lin Wan'er (Alani) nodded, and then controlled the helicopter

. U-turn.

Yun Ruge under the boulder couldn't help heaving a long sigh of relief when he saw the helicopter turn around and leave after reaching the top of his head.

But what she didn't know was that Lin Wan'er (Alani) had already landed the helicopter on the edge of the explosion range. After the helicopter stopped, she said to Charlie Wade, "Young master, my family has received a tip-off. He is one of the four great Earls, but he is dedicated to the Tao and has not done many harmful things. Today, Willie blew himself up, and the servants felt that there must be something strange. If the young master can use this as a breakthrough point, maybe he can kill Yun Ru. Take the song for your own use."

Charlie Wade nodded lightly, and said, "If there is indeed something wrong with Uncle Willie's self-explosion, I am afraid that apart from the Lord Ying, no one knows better than Uncle Ding Yuan."

Then, the two jumped off the helicopter and walked towards the boulder where Yun Ruge was hiding.

Yun Ruge had just relaxed at this moment, and she wanted to take a short rest and quickly find a way to escape from this place, but she didn't expect that soon, she heard the sound of rustling footsteps.

Her heart skipped a beat, and she couldn't help exclaiming inwardly, "Could it be that the people on the helicopter came over on foot just now?!"

Thinking of this, her heart that had just been let go immediately hung up again.

She is very clear that she is seriously injured right now, no matter who the other party is, she has no ability to resist.

The Amazing Son In Law Chapter 5935 -

Right now, she can only pray silently in her heart, pray that the approaching footsteps will not come to her, and pray that the owner of the footsteps will not find herself.

However, her prayers didn't seem to have any effect.

The two people's footsteps were getting closer and closer, and finally they stood still less than ten meters away from the boulder.

At this time, Yun Ruge was so nervous that she couldn't add anything. She knew that as long as she was discovered by the other party, she would basically die, and that the other party would definitely do everything in order to pry out information about the Po Qinghui and the British Lord from her mouth. Way to torture yourself.

And the Poqing Society has repeatedly tried to kill An's family. Once he falls into their hands, even if he cooperates obediently, it may not end well.

Therefore, the last sliver of luck in her heart right now is to hope that the other party will not find her.

Just when she was still harboring the last glimmer of fantasy, Charlie Wade said loudly, "Uncle, just now you peeked at me fighting with Uncle Willie in the dark, and now you are still hiding in the dark, isn't it unreasonable?"

Charlie Wade's words sounded like a thunderbolt in Yun Ruge's brain!

At this moment, multiple thoughts popped up in her mind,

"This person actually found me?!"

"This person... this person turned out to be Charlie Wade who just fought with Willie?!" "

But... How is this possible? I clearly saw that he was seriously injured in the explosion, and even disappeared at an extremely fast speed, how could he survive?!" "

And, listening to his voice, it seems that he was not injured at all! "

Countless questions made Yun Ruge's heart flutter, and at the same time, he became even more panicked.

Although she has mastered spiritual energy and is a master of masters, she also feels helpless and afraid when the premonition of death fills her whole body.

At this moment, Charlie Wade outside the boulder saw that she didn't respond, so he smiled slightly and said, "Uncle, you have lost all your cultivation and are seriously injured. If no one helps you, you may not even be able to get out of this valley. It is impossible for your wise and mighty hero to rush over to save you in such a short time, instead of waiting to die here in despair, why don't we sit down and have a good chat, what do you think?" Charlie Wade

mentioned Lord Ying, Yun Ruge trembled uncontrollably.

Recalling the tragic situation of Uncle Willie's death, she felt both shock and hatred in her heart, and when she thought of the powerful self-destruction formation in her Niwan Palace, she felt even more like a light on her back.

For her, she would rather kill herself in this quiet valley than go back to the Lord and continue to be her human bomb.

Moreover, she didn't know how many trigger modes there were for the formation that the British lord left in the Niwan Palace of the four earls.

Now it seems that using the so-called method of opening the Niwan Palace taught by Master Ying is a proactive way to trigger it.

In addition, it is not known whether the hero can detonate the formation with his mind.

With Yun Ruge's understanding of the hero, the hero will definitely leave behind, maybe as long as she is within her perception range, she can smash herself to pieces at any time.

After thinking for a moment, she gritted her teeth, and said weakly, "Since Mr. Charlie wants to talk, then I can do whatever I want!"

Yun Ruge's words came from the bottom of her heart.

She saw with her own eyes that Willie was beaten helplessly in front of Charlie Wade, and she knew that Charlie Wade was much stronger than herself.

In addition, Charlie Wade was able to survive the explosion just now, which made her feel that Charlie Wade's strength was bottomless, so she subconsciously referred to herself as the next.

After saying this, Yun Ruge struggled to stand up.

The Amazing Son In Law Chapter 5936 -

Although she had chosen to bow her head to Charlie Wade, as a monk, she did not want Charlie Wade to watch her crawl out from the gap in the boulder.

However, her body has already been severely injured at this moment, and climbing all the way from the explosion range to here has almost exhausted all her strength, so when she struggled to stand up, her legs were already shaking like chaff.

When she clenched her teeth and tried to step out, she suddenly felt a sharp pain in her right leg, and then she fell forward uncontrollably.

Seeing that Yun Ruge fell face down on the gravel, and was about to hit the hard and sharp gravel heavily, Charlie Wade immediately punched her into the void.

A powerful wind gushed out from the face of the fist, setting off a hurricane with extremely strong energy. The hurricane was so fast that it actually held Yun Ruge, who was already at forty-five degrees and was about to fall, firmly in the air!

The moment Yun Ruge fell, she had completely resigned herself to her fate. She knew that if she fell, her entire face would be completely crippled, but right now, her body is completely crippled, and she can only watch helplessly as she falls forward. Fall, powerless.

However, she never dreamed that Charlie Wade, who was still a few feet away from her, would actually punch a powerful wind!

And this strong wind not only didn't cause any harm to him, it was even like a wall of wind, firmly supporting his body that was about to fall!

Just when she was shocked in her heart and her body was hovering at a 45-degree angle, she saw Charlie Wade striding towards her from the corner of her eye.

And at the moment when the wind was gradually weakening and he was about to fall forward again, Charlie Wade had already come in front of him.

Immediately afterwards, Yun Ruge's body was stabilized by Charlie Wade with his right hand, and with a little force from his right hand, Charlie Wade straightened her body.

Yun Ruge breathed a sigh of relief, and was about to thank her when Charlie Wade threw his left hand directly towards her face!

Yun Ruge saw Charlie Wade's left hand coming very fast, and thought he was going to slap her. A bunch of question marks instantly appeared in her mind, but also a strong sense of grievance.

She has lived for more than a hundred years and has never been slapped in the face.

However, she is also very clear in her heart that she is now Charlie Wade's prisoner, no matter what humiliation and torture, she can only bear it.

But when she was extremely humiliated in her heart, Charlie Wade's left hand didn't hit her on the face, but directly stuffed a black elixir into her mouth.

Yun Ruge was even more horrified, thinking that Charlie Wade, like the hero, fed himself some kind of poison.

But before she could finish the sentence of scolding Charlie Wade in her heart, she felt that the pill that Charlie Wade stuffed into her mouth instantly turned into an extremely pure warm current, and repaired her body at an extremely fast speed Everywhere!

Yun Ruge had never taken such a powerful elixir before, and she was seriously injured, so this time the chun elixir gave her the feeling that a person who was about to freeze to death in the ice and snow suddenly fell into a hot spring, the warmth of the hot spring instantly envelops the whole body, instantly warming up the frozen body completely!

And the severe damage to her body in the explosion just now is also recovering at an unimaginable speed!

Although one rejuvenation pill was not enough to bring her back to normal, it also allowed her to regain her life from the brink of death!

Only then did she realize that what Charlie Wade fed to herself was not poison, but an incomparably precious elixir!

It was difficult for her to even stand up, but she instantly felt that all her broken bones had been repaired, and she was able to walk independently!

Shocked and grateful, she bowed respectfully to Charlie Wade, said with red eyes, "Thank you Mr. Charlie for saving life..."

The Amazing Son In Law Chapter 5937 -

Charlie Wade let go of the hand that was holding her, and said calmly, "If you really want to thank me, tell me everything you know later on."

Yun Ruge said without hesitation, "Don't worry, Mr. Charlie, I will know everything and say everything!"

Charlie Wade nodded, didn't speak, but turned around and walked back.

Yun Ruge hurriedly followed, and at the same time saw the beautiful girl standing in front of her.

When she saw the other person's face clearly, her whole body as if seeing a ghost, the person exclaimed in horror, "Lin... Lin Wan'er (Alani)?!"

"It's me!" Lin Wan'er (Alani) responded crisply, then looked at Yun Ruge, blinked playfully, and said with a smile, "Uncle, right?" I heard that you have been around for a long time, and everyone praises you for being beautiful and glamorous. Looking at it today, it is really not as good as being famous."

Yun Ruge stared at the girlish Lin Wan'er (Alani) with her dark eyes, her heart was already turbulent, she couldn't help asking, "Miss Lin, you... have you really lived for more than three hundred years?" Lin

Wan'er nodded calmly, and said with a smile, "Yes, since you are one of the four Earls of the Qing Dynasty, you should have heard of me decades ago, right?"

Yun Ruge said without concealing, "That's right, I heard of Miss Lin's name eighty years ago, and it's my honor to finally see Miss Lin's real face today..." Lin Wan'er (Alani) knew that

charlie Wade wanted to win her over Yun Ruge joined his camp, so he smiled and said to Yun Ruge, "Uncle is not honored to see me, it is your honor to meet Mr. charlie;" "If you don't have Mr. charlie, even if you can

live After tonight, Sara will definitely try her best to find you. Even if you don't wait for her to find you and go back to the Qinghui on your own initiative, the result will definitely not be what you expected. "

Speaking, Lin Wan'er (Alani) said again, "If it weren't for Mr. charlie, you would lose all your cultivation and be seriously injured. In Sara's eyes, you would be a burden that has no use value but still holds many of her secrets. She would definitely not Trying hard to save you, on the contrary, she will definitely kill you to avoid future troubles. "

Lin Wan'er (Alani)'s words made Yun Ruge stand on the spot in a daze.

She just felt that she didn't want to go back to Sara and be manipulated and used by her, but she never thought that even if she wanted to go back and be manipulated by her, she had lost her cultivation and was seriously injured.

Because her injury was too severe, there was no possibility of recovery at all, and Sara would never use her spiritual energy to save herself.

Therefore, I naturally have no value to Sara.

Sara will not stay with someone who is worthless.

As for someone who is worthless and holds Sara's secrets at the same time, Sara will not keep her in the world!

Thinking of this, Yun Ruge strengthened her belief in cooperating with charlie Wade.

So, she knelt down on one knee, looked at charlie Wade gratefully, and said respectfully, "Under the cloud is like a song, thank Mr. charlie for saving his life!

" Girls over the age of 10 are really smart, and they can hit the nail on the head as soon as they open their mouths, it seems that people live a long time is not the same!" Then,

he withdrew his thoughts, nodded slightly to Yun Ruge, and said, "What happened to you just now?" This elixir is just to help you relieve the injury first, and after this period of time, I will choose an opportunity to restore your cultivation base to the original." Yun Ruge was

extremely shocked, but at the same time couldn't restrain surprise and asked, "Mr. Charlie... You...you can really restore my cultivation base to the original?!"

Charlie Wade said lightly, "When Willie exploded, I was injured more than you. How do you think I am recovering now?"
