

The Amazing Son In Law Chapter 5938 -

charlie Wade's words cheered Yun Ruge up.

When the explosion happened, she and charlie Wade looked at each other, and she knew that charlie Wade would definitely die.

But now, charlie Wade changed his clothes and stood in front of him unscathed, with a strong wind from his fist, he was able to support his body firmly.

This strength is more than one realm stronger than himself.

Although in her opinion, charlie Wade's strength is still far behind that of the hero, the key point is that charlie Wade is only 28 years old this year! And the hero Sara is already four hundred years old!

If this trend continues, charlie Wade will soon be able to catch up!

Thinking of this, she couldn't help but feel a little regretful, because in her opinion, she still had more than two years to live, and to witness charlie Wade's strength crushing Sara in such a short period of time was probably just a dream.

charlie Wade didn't know that Yun Ruge was full of thoughts at the moment.

Together with Lin Wan'er (Alani), he brought the injured Yun Ruge to the helicopter.

The light helicopter only has two seats, and charlie Wade couldn't be 100% at ease with Yun Ruge, so he let Lin Wan'er (Alani) go back to the villa by himself, and asked Don Albert to bring another helicopter, and personally took Yun Ruge and took another A helicopter returned to the villa in the middle of the mountain.

At this time, there was less than half an hour before dawn, charlie Wade ordered Don Albert to continue to keep the entire Champs under martial law, and then walked into the villa with Yun Ruge.

Lin Wan'er (Alani) was already waiting in the villa at this time, charlie Wade brought the two of them to the basement, arranged a single sofa for the injured Yun Ruge, and then sat with Lin Wan'er (Alani) opposite her.

After sitting down, Charlie Wade asked her, "Yun Ruge, why did you come to Aurous Hill?"

Yun Ruge said truthfully, "Return to Mr. Charlie, I was originally ordered to find Miss Lin in the Far East. It was Sara who ordered me a few days ago." I came to Aurous Hill to spy on Willie, so I rushed over overnight."

Charlie Wade asked again, "Why did Sara ask you to spy on Willie?"

Yun Ruge said, "She suspects that Willie has a different intention, because she knows that Willie has obtained at least two magic weapons, but Willie only told he got one."

As she spoke, Yun Ruge said again, "She said that she found Willie's movement track after coming out of Antique Street and went to the mountains, and she also paid attention to Aurous Hill's Internet information, and saw Aurous Hill that day, there was a very strong thunderstorm in the mountain where Willie went, and the Aurous Hill Meteorological Department even issued an early warning. She suspected that it was related to the magic weapon Willie got, but Willie only told her that she had got a magic weapon. Pull your finger;"

"I'm guessing that Uncle Willie should have been found out by Sara when he was using the magic weapon you sold him, Mr. Charlie, and he deliberately concealed the magic weapon, which is why Sara became suspicious. "

Charlie Wade frowned, "This Sara is really keeping pace with the times. Not only has he mastered your movement trajectories, but he also knows how to use the Internet to query third-party information to assist in judgment..." Yun Ruge nodded and said, "

The Amazing Son In Law Chapter 5939 -

Sara has always been very friendly with you. " With the advancement of the times, she not only has her own satellite communication system, but also developed encrypted communication software. In order to prevent outsiders from knowing her identity and gender, she also uses a voice changer to confuse the public when using the communication software. According to my knowledge you know, she often uses the Internet, and she pays attention to all major Internet platforms."

charlie Wade nodded, and then asked, "Then how did Sara obtain your movements?"

Yun Ruge took out her completely damaged mobile phone, opened the mouth and said, "This is a mobile phone specially developed by the Poqing Society. It has a real-time positioning function and uploads our location coordinates to the server in real time." charlie Wade was amazed, and smiled and said, "Then Sara must be very happy tonight."

"Suffering, because not long after Willie arrived at Wanliu Villa, all the signals there were blocked by me, and the two earls disappeared at the same time, she must not be able to sleep." Yun Ruge nodded slightly, "I didn't even have my mobile phone at the time"

. Any signal would make Sara very nervous, and with her character, she will definitely send someone to Aurous Hill to understand the situation in the shortest possible time."

charlie Wade smiled, "Could it be possible to send the fourth earl here?"

Yun Ruge shook his head and said, "Probably not, Willie was killed, and I also disappeared. Three of the four earls have disappeared. Think about it." Sara should be very afraid of Aurous Hill, and it is impossible to send Uncle Sean here again."

charlie Wade asked her, "With her personality, would she come to Aurous Hill by herself?"

"No!" Yun Ruge shook his head and said, "Sara is extremely cautious. She will never go out to solve the problem personally, not to mention, she still has a trump card that has been sealed for a hundred years..."

charlie Wade and Lin Wan'er (Alani) were very surprised, and asked her in unison, "What killer trick?!"

Yun Ruge said truthfully, "On the surface, the four The Earl is the most powerful person in the Poqing Society other than Sara, but in fact, there is a Council of Elders above us. There are three elders in the Council of Elders. These three are from the Wu family, and they are extremely loyal to Sara. They are trusted by Sara, and they have been in seclusion for more than a hundred years, and their strength is far higher than the four of us, and they are even about to open the Niwan Palace." "

Open the Niwan Palace?” charlie Wade asked with a frown, “What will happen after opening the Niwan Palace? “

Yun Ruge asked in surprise, “Mr. charlie is so powerful, don’t you know the benefits of opening the Niwan Palace?”

charlie Wade shook his head, “I only know that there is a Niwan Palace, but I don’t know how to open it. There is no relevant explanation in the cultivation method.”

Yun Ruge couldn’t help but exclaimed, “Mr. charlie has such a powerful strength without opening the Niwan Palace., It’s really unbelievable...”

As she spoke, she quickly explained, “According to Sara, opening the Niwan Palace for a monk is equivalent to opening the dantian for a martial artist. It is a leap-forward breakthrough. Once the Niwan Palace is opened, strength , lifespan, and senses will all be greatly improved.

The Amazing Son In Law Chapter 5940 -

Charlie was horrified in his heart, and at the same time couldn’t help sighing. He thought that the “Nine Mysteries of Heaven” was already a treasure of cultivation, but he didn’t expect that now it seems that “Nine Mysteries of Heaven” is just a practice method for monks before opening Niwan Palace.

If one compares the journey of Taoism to exploring the stars and oceans of the universe, then the ranks of the “Nine Xuantian Jing” may not have broken out of the earth. Perhaps only by opening the Niwan Palace can one truly enter outer space and begin to explore the universe.

Fortunately, the knowledge in the “Nine Xuantian Jing” is very complicated, not only the secrets of Fengshui, the Eight Diagrams of the Book of Changes, but also formations, refining tools and alchemy, which can be regarded as making up for the lack of its own cultivation. If it is not the case, with my

own Strength, I’m afraid she can’t beat Willie at all.

So, charlie Wade asked her, “Has Sara opened the Niwan Palace? “

“Naturally.” “Yun Ruge said without hesitation, “Sara is the Niwan Palace that was opened more than a hundred years ago. Once the Niwan Palace was opened, its strength surged! And she personally experienced the benefits of

opening the Niwan Palace, so she selected three people with the strongest aptitude from the Presbyterian Church and asked them to retreat for a hundred years, only to open the Niwan Palace with one heart.

charlie Wade hurriedly asked, “Did the three of them succeed?” “

Yun Ruge said, “It is said that it will be successful in another ten or twenty years. Sara may have promised us that after the three elders successfully opened the Niwan Palace and exited the closed door smoothly, he would let the four of us retreat and teach us how to open the Niwan Palace. Wan Gong’s method, I didn’t expect what was waiting to be a complete scam...”

Speaking of this, Yun Ruge clenched her fists, and said angrily, “When it comes to Ni Wan Gong, I have something else to tell . gentlemen.....”

Seeing that Yun Ruge’s expression became sharp, charlie Wade frowned slightly, and said, “What’s the matter, tell me.”

Yun Ruge gritted his teeth and said, “Sara said at the beginning that it would be dangerous for the four of us to perform missions outside, and I was worried that we would encounter strength. A powerful monk lost his life, so it took several years to set up an extremely secret and extremely powerful formation in the Niwan Palace of the four of us. She said that activating this formation at a critical moment can save us A wisp of remnant soul, let our physical body die and our soul live, Willie said today at the last moment that he would change his physical body to seek revenge from Mr. charlie, because of this...”

Speaking of this, Yun Ruge said angrily, ” But I didn’t expect that it was not a formation to keep the remnant soul at all, but a very powerful self-destruction formation...”

charlie Wade nodded slightly after hearing this, “No wonder Willie begged me for mercy at the beginning, but he changed at the critical moment. I have to look at death as my home, so I thought I could really change my physical body...”

“Yes...” Yun Ruge pursed her lips, looked up at charlie Wade, and said calmly, “To tell the truth, Mr. charlie, there is another one in Xianiwang Palace who is exactly the same.” The power of the formation is no worse than that of Willie . Although I have no aura in my body now, I can’t activate it, and I don’t want to activate it, but I can’t guarantee that Sara can activate it...” charlie Wade said, “

The Amazing Son In Law Chapter 5941 -

You Didn't it mean that she would never go out to solve the problem in person? Even if she can activate the formation in your body, it's impossible to activate it remotely, right?" Yun Ruge nodded, "

Remote activation is naturally impossible, but if she sends the three elders to go out , and then tell the three elders how to activate the formation, then I'm afraid it will become an unstable super bomb beside you..."

charlie Wade frowned and asked her, "What probability do you think Sara will send the three elders? "

Yun Ruge thought for a while, and said firmly, "Based on my understanding of her, one hundred percent!"

"Really?" charlie Wade squinted his eyes and said, "As you said, these three elders have been in retreat, and they will be able to open the Niwan Palace in ten or twenty years. If they are allowed to leave the closed door now, they will definitely break the door." Stop their cultivation, if you want them to continue retreat afterwards, I am afraid it will take a long time, the invisible loss is so big, will she be willing?" Yun

Ruge Seriously said, "Mr. charlie, Sara has suffered from underestimating the enemy many times. She thought that the dead could kill An's family, and that the Xiao cavalry could capture Miss Lin, but she failed twice in a row, and then she learned the advantage of underestimating the enemy twice. Lesson learned, the four earls were sent, thinking that Uncle Nakul could find out what was wrong with the Cypriot cavalry guards, but

Unexpectedly, Uncle Nakul was beaten to pieces by the close-range artillery; She was able to kill An Jia, but now she has failed..." "

In this case, she will definitely send the three elders to completely solve the trouble, because the three elders are her last trump card!" "

If the three elders can solve it, That would be the best; if the three elders can't solve it, then she may have to abandon the nest and run for her life!"

Lin Wan'er (Alani) asked subconsciously, "Do you know how strong the three elders are?"

Yun Ruge said, "Miss Lin, Actually, I have never met the three elders. Since I joined the Poqing Society, these three have already retreated, but according to Sara, when the three of them were in retreat, their strength was already comparable to that of Willie Bo before tonight. Comparing each other, that is to say, the strength of these three people was above mine a hundred years ago, and after a hundred years of retreat, their strength must have improved greatly, and the four of us are naturally different from them."

Yeh The expressions of charlie and Lin Wan'er (Alani) changed instantly.

According to Yun Ruge, the strength of the three elders must surpass the four earls by a large margin. It would be extremely difficult to deal with one of them alone, and if these three acted together, their strength would be immeasurable.

charlie Wade also knew that he could defeat Uncle Willie, but he would definitely not be able to defeat elders who had more than a hundred years of cultivation experience than Uncle Willie, let alone the three elders.

Lin Wan'er (Alani) looked at charlie Wade at this moment, and said, "My lord, if Sara really lets the three elders come out of the mountain, I'm worried that you can't beat me with two fists. To be on the safe side, you might as well leave Aurous Hill for a while to avoid the limelight..."

Yun Ruge also agreed and said, "Mr. charlie, Ms. Lin is right. The three elders added together, even Sara will have a hard time winning. Mister has not opened the Niwan Palace yet. If you really stay in Aurous Hill, once you When the three elders arrive, I'm afraid it will be difficult to escape!"

The Amazing Son In Law Chapter 5942 -

charlie Wade pondered for a moment, then shook his head and said, "It's easy for me to leave, how can my grandparents' family get away? Their goals are so big, and there may even be informants from the Qing Dynasty inside. Po Qinghui wanted their lives wholeheartedly, no matter how they escaped, they would never be able to escape the pursuit of those three elders..."

Speaking of this, charlie Wade suddenly asked Yun Ruge, "How much do you know about my parents? Do you know why Sara insisted on killing my grandparents' family after twenty years?!"

Yun Ruge said truthfully, "Mr. Charlie, I only know that your parents got the secret of longevity before Sara. Why, Sara asked Willie to hunt down and kill your parents twenty years ago, but I don't know why he still wants to kill your grandparents' family after twenty years."

Charlie Wade frowned and asked her, "The secret of longevity, I have heard Willie say a few times, what is the secret of longevity?"

Yun Ruge shook his head and said, "I don't know either... the secret of longevity is just what Sara said, but the four of us don't know what it is"

Charlie Wade was a little disappointed, he still couldn't figure out what the secret of longevity was for the enmity between his parents and Sara, and he couldn't figure out why Sara wanted to treat his grandparents and grandma's family after twenty years. Kill them all.

Lin Wan'er (Alani) at the side thought of something, and quickly asked, "Where is the current residence of the Poqing Society?"

Yun Ruge said, "It's underground on an uninhabited island in South America, near the Antarctic Circle, but I don't know the exact coordinates. We have always been guarded against us. When we come out, we will go to Argentina by seaplane or small submarine first, but we must go back to Argentina first when we go back, but, whether it's an airplane or a submarine, we can't see any outside scenery, and we are not allowed to carry any modern tools such as mobile phones when we land on the island."

Speaking, Yun Ruge said again, "But it should be near the Antarctic Circle. If you search carefully and exclude them one by one, it is not impossible to find it."

Charlie Wade shook his head, "I don't even know how to deal with the three elders now, so I don't have the ability to find the old lair of the Po Qinghui."

Lin Wan'er (Alani) hurriedly persuaded, "My lord, why don't you consider the suggestion of the slave family and leave Aurous Hill as soon as possible to avoid it."

"The slave family speculates that there should be no one in the immediate family of the son's grandparents colluding with the Poqing Society, and there is a high probability that they are people with foreign surnames in the family, so the son can only take An's family away, and strictly control information

leakage during the period. If there is any contact with the outside world, safety should still be guaranteed...” “

No. “charlie Wade said firmly, “Aurous Hill is my foundation. My family and friends are all here. If I leave, no one can guarantee their safety. What’s more, if I leave, if the other party finds out my identity , I will never forgive myself for venting my hatred on my family and friends. “

Speaking, charlie Wade said again, “Besides, you can’t let me escape with everyone, can you? Originally, I was still in the dark with Sara, if I made such a big move, wouldn’t it be self-inflicted? “

Lin Wan’er (Alani) was worried and said, “Young master, although South America is far away, those three elders have won Sara’s trust. Once they leave the mountain, Sara will definitely let them come to Aurous Hill as quickly as possible, within twenty-four hours at most. They will arrive there, after twenty-four hours, it will not be so easy to leave...”

charlie Wade was silent for a while, his expression became more determined, and he said sharply, “I won’t leave! An’s family doesn’t have to leave either! Now that she, Sara, has her eye on Aurous Hill, I’ll sing “Empty City Strategies” to her! I want to see if she has the guts to let her go! “
