

## **The Amazing Son In Law Chapter 5952 -**

In the early morning, Charlie changed into his own clothes, and asked Don Albert to take Yun Ruge to the Champs Elysees Hot Spring Hotel to settle properly.

And he, together with Lin Waner (Alani), took the portrait of Meng Changsheng and took the helicopter back to Zijin Villa where Lin Waner (Alani) lived.

At the same time, a Boeing 777-200LR took off from Buenos Aires, the capital of Argentina, headed for Australia.

Although this is already the plane with the longest range in the world, its limit range has not yet reached 18,000 kilometers, so the captain's flight plan is to go to Melbourne, Australia first, refuel in Melbourne, and then fly to Aurous Hill.

At this time, apart from the crew, there were only four passengers on the entire plane, and these four were Jadiel and the three elders who had just left the customs.

When the three elders retreated more than a hundred years ago, the Chinese had just cut their braids. They only knew that foreigners had made airplanes that could go to the sky, but they had never sat on them.

But right now, they are sitting in a luxurious and huge private plane like a palace, and they climbed to an altitude of 10,000 meters with ease. This feeling made the three elders unable to calm down for a long time.

Jadiel saw that the three elders were very nervous from the moment the plane engine was started, so he comforted him, "Don't worry, the three grandpas, the current plane is the safest means of transportation in the world, and the technology is very mature. It's gone."

Wu Bolin (Bick), headed by the three elders, quietly wiped the cold sweat from his forehead, and said, "Tianlin, this iron guy flies too high, at a height of several thousand feet, even the clouds have surpassed it. It's not that I, Wu Bolin (Bick), are afraid, the main reason is that if we fall, even if the three of us have hundreds of years of cultivation, we will die!" "That's right!"

Wu Bowen He couldn't help echoing in a trembling voice, "Jadiel, get out of this guy, fly this thing lower, the height of ten feet should be enough, and we can feel more at ease..."

Jadiel explained helplessly, "Don't worry, the three grandpas. Part of the reason why this plane is safe is because it flies high. The cruising altitude of more than 11,000 meters is more than 3,000 feet when converted into Zhang. What's wrong? The altitude difference of more than 3,000 feet allows the plane to have enough time to make adjustments. To put it bluntly, even if its engine is turned off, it can glide for tens of hundreds of kilometers by virtue of its speed and altitude. If it really flies ten feet The plane crashed to the ground before something went wrong."

Jadiel then said, "Besides, even if the plane falls from a height of ten feet, it will probably be destroyed. I don't know, this plane contains more than 100 tons of fuel oil alone, which is about 300,000 catties. If it falls from a height of ten feet, even a Da Luo Jinxian will not survive..." "

Damn It's..." Wu Bolin (Bick) was shocked, and blurted out to the other two elders, "We are flying in a big fire oil barrel!"

Jadiel explained, "The power of aviation fuel is much more powerful than the fire oil of the past."

Wiping his sweat, Wu Wu Bozhong (Dorwin) (Dorwin) murmured, "This is too scary... If it really explodes, we have eight lives, and it's not enough to burn hundreds of thousands of catties of kerosene..." Jadiel said with a smile, "Grandpa

Wu Bozhong (Dorwin) Don't worry, the plane is much safer than you imagined, you three might as well close your eyes and meditate, maybe after you enter meditation once, the three of you will arrive at Aurous Hill." Wu Bolin (Bick) shook his head again and again, "The ass is more than three thousand feet away from the ground, how could I

enter That's it..."

The other two immediately nodded in agreement.

Flying on a plane for the first time is a bit of a novelty for them, but most of them are fear.

...

at the same time.

After Lin Wan'er landed the helicopter on the top courtyard of the villa, she said to charlie, "Young master, please go in with the servant's house. The servant's family will prepare the pen and ink for you, so that you can write on the portrait of the master." charlie asked curiously, "I'm coming.

" carry?"

"Of course." Lin Wan'er smiled and said, "Sara has seen the handwriting of the slave family. If she recognizes that I mentioned the word, she will probably guess that we are bluffing.

" I haven't met before, how can she recognize your handwriting?"

Lin Wan'er pursed her lips and said, "After the young master saved the slave family last time, the slave family specially left a few words for her before they evacuated Northern Europe, so this word, or It is safest for you to mention it..."

charlie nodded and said, "Okay, then I will mention it."

Entering the study on the first floor, Lin Wan'er came to the long desk and began to grind ink for charlie. He picked up a brush in his hand, and then wrote the life of Meng Changsheng in the upper right corner of Meng Changsheng's portrait.

After finishing writing, he laughed at himself, and said to Lin Wan'er beside him, "My handwriting is a bit ugly, I'm laughing at you." Lin Wan'er

turned her face to the side, looked carefully, and said with a smile, "Master, this handwriting is already very good. Yes, it can be seen that he has some skills, did he learn it when he was a child?"

"Yes." charlie nodded and said, "I learned calligraphy for a few years when I was a child."

Lin Wan'er gave charlie a thumbs up and praised, "How much did you learn when you were a child?" With this kind of foundation in 2000, the young master's talent is really amazing! "

charlie said awkwardly, "Miss Lin, don't make fun of me, I know how much I am. "

Lin Wan'er smiled softly, and then asked him, "By the way, how does the young master plan to make this painting come out?" "

charlie smiled and said, "I'll go home later and give this painting to my father-in-law.

Lin Wan'er asked, "Young master's father-in-law can publicize this painting? "

charlie nodded, "Don't worry, he must be fine, and he will definitely find a way to make some big noises. Then I will arrange a short video platform to expose him, so that he can be beautiful. I believe Sara will see it in a short time. Lin

Wan'er asked again, "My lord, if such a sensitive portrait is displayed by your father-in-law, will it cause you unnecessary trouble?" If Sara followed the line of the son-in-law's father-in-law, wouldn't it be easy to find the son? "

charlie smiled and said, "After this painting comes out, Sara will definitely be wary of Aurous Hill. At that time, in her heart, she will definitely be completely exposed to the light, and as the mysterious person, I will always be in the dark. Being in the clear, he absolutely dare not send people to Aurous Hill again. "

What's more, everyone has a preconceived misunderstanding. The smarter and more cunning people are, the more so. If this painting is made public by my father-in-law, I believe there are tens of millions of people in Aurous Hill. Sara The first person to rule out the suspicion was my father-in-law. "

Speaking, charlie said again, "Besides, I will also make up a story for my father-in-law. I know his character, and his ability to add oil and vinegar is invincible in the universe. At that time, the story I made up will come out of his mouth , can definitely scare Sara out of her wits. "

Seeing charlie's confident look, Lin Wan'er (Alani) felt relieved.

Then, she looked at the time and said, "Young Master, it's almost eight o'clock now. I wonder when you plan to go home?"

charlie said, "My father-in-law usually leaves for the Painting and Calligraphy Association at nine o'clock, which is quite close to my house. Miss Lin doesn't need to see me off, the helicopter is too noisy in the downtown area, so I can go back by myself."

Lin Wan'er (Alani) said, "Master, how can I let you go back alone, I'd better drive you back by my family."

charlie hurriedly said, "I really don't need to be so troublesome, I can go on my own."

Lin Wan'er (Alani) said quietly, "If you just leave like this, passing by the courtyard below, and the servants see you leaving the slave's courtyard early in the morning, they still don't know how to look at the slave's house."

charlie asked embarrassingly, "How does Miss Lin think it's suitable?"

Lin Wan'er (Alani) said, "My lord, wait a moment, and I can make arrangements with my servant."

charlie nodded, and said, "Then work hard." Miss Lin, let's make arrangements."

Lin Wan'er (Alani) smiled happily, and quickly said, "My lord, wait a moment, I will let you know."

Then, she picked up her mobile phone, made a call, and said, "Old Zhang, come up here. "

After she hung up the phone, charlie asked curiously, "Is this old Zhang you called the one you called Grandpa in Northern Europe back then?"

"Please forgive me, the slave family could only lie that Lao Zhang was the grandfather of the slave family at that time, so as not to be suspicious..."

charlie waved his hand indifferently, and asked curiously, "Actually, he is your adopted orphan, right?"

“Yes.” Lin Wan’er (Alani) nodded, and said, “Last night, the slave family told the young master that Lao Zhang and the other two old people living here are orphans adopted by the slave family many years ago.” charlie couldn’t help but ask, “

Then Doesn’t it hurt you to watch them go from babies to old people?”

“No.” Lin Wan’er (Alani) said indifferently, “Everyone has their own destiny. The slave family can live for more than three hundred years. Naturally, you can look down on everything.”

charlie nodded slightly, but he still couldn’t understand what kind of feeling this was.

A few minutes later, an old man came to the door of Lin Wan’er (Alani)’s other courtyard, gently knocked on the door, and said respectfully, “Miss, the old slave is here.”

Lin Wan’er (Alani) said loudly, “Come in.”

The courtyard door was pushed open by the old man, He stepped into the door, and suddenly saw charlie sitting on the teacher’s chair, his expression was shocked.

Although he has no memory of seeing charlie in Northern Europe, he has read charlie’s information and knows that this is what the lady has been looking for, the benefactor who saved the master and servant in Northern Europe.

After being surprised for a moment, Lao Zhang hurriedly saluted respectfully and said, “Old slave Zhang Decai, I have met Mr. charlie! Thank you Mr. charlie for saving my life!”

Seeing such an octogenarian salute to him, charlie quickly got up and said, “Old man, you are too polite. It’s just a little effort, don’t pay too much attention to it!”

Lin Wan’er (Alani) said at this moment, “Old Zhang is the housekeeper who is always with me, you don’t have to be so formal, just treat him as your servant.”

Hearing Lin Wan’er (Alani) asking charlie regarded himself as a servant, and instead of being unhappy at all, Lao Zhang asked a little excitedly,

“Miss...you...have you told Mr. charlie everything about you?” Hearing Lao Zhang’s question, Lin

Wan’er Suddenly remembering what happened last night, her pretty face turned pink with embarrassment, and she said unnaturally, “I have been honest with Mr. charlie, and I have told Mr. charlie all about the past three hundred years. From now on, In front of Mr. charlie, you guys don’t need to hide anything, understand?”

Lao Zhang nodded excitedly and said, “Miss, don’t worry, this old slave understands! This old slave understands!”

As he spoke, he couldn’t help but look at charlie , said in an excited tone, “Mr. charlie, this old servant dares to say that you are the only outsider who has truly opened up to Miss for more than three hundred years...”

## **The Amazing Son In Law Chapter 5955**

After all, Lao Zhang realized that his wording was not accurate, and quickly explained, “What I mean by this old slave is that you are the only adult who has opened up your heart to Miss for so many years. Unlike us, we were all brought up by Miss. Yes, since I was a child, I have been with the lady as a servant, and the lady will tell us the secret little by little when she sees that we have passed the test...”

charlie smiled awkwardly, and didn’t know how to answer the conversation for a while, so he had to change the topic and said, “Old sir, If you are in front of me, you don’t have to pretend to be an old slave. The junior is really ashamed to be...”

Lao Zhang said without hesitation, “No, no, no, since the old slave was enlightened, he vowed to stay with the young lady for the rest of his life as a servant and a servant. You are the benefactor of the young lady and the old servant, and you are also the friend of the young lady, so the old servant must not mess with the etiquette!” As he spoke,

he suddenly said with emotion, “Mr. I have been with you for nearly ninety years, and you have been Miss’s only friend for so many years... I am really happy in my heart, and I sincerely hope that you and Miss can...”

Lin Wan’er (Alani) sensed that his words were wrong, coughed twice, and said “What nonsense are you talking about, Lao Zhang?”

Lao Zhang hurriedly said, “Miss, this old slave was a little incoherent when he saw your benefactor...”

After finishing speaking, he quickly said to charlie, “Mr. charlie, this old slave is hoping You can often come to accompany Miss, she has been alone for so many years, without a friend who can make friends, she is really lonely...”

Lin Wan’er (Alani) was ashamed and shy at this time, and said quickly, “Okay, Lao Zhang, go and tell Lao Zhang Qiu, let him arrange for all the servants to stay in their own rooms and not come out, and you go prepare a car, and I will take Mr. charlie off later.” Lao Zhang said without hesitation, “Old slave obeys!

“

Said Well, he saluted charlie again, and said respectfully, “Mr. charlie, this old slave is leaving first !

“

Did you give him the name?”

“Yes.” Lin Wan’er (Alani) smiled and said, “My family named him Virtue, which is a combination of virtue and ability.”The meaning of preparation is not the meaning of wealth.

charlie smiled slightly, and asked her again, “Where did Zhang’s surname come from? ” “

Lin Wan’er (Alani) said with a smile, “Master Hui, most of the children adopted by the slave family are abandoned babies with no names and surnames. The surnames are written on the paper, crumpled into small balls, and then they will catch them in a daze, and whoever catches them will have the surname;” charlie

asked awkwardly, “Is it so casual? Lin Wan’er (Alani) asked curiously, “

Otherwise?” If the slave family gave them their own, if they don’t like it when they grow up, wouldn’t they have to blame the slave family? So it’s quite fair and reasonable to let them pick their own surnames just like catching Zhou. Not only can they choose a surname for themselves, but the slave family can also play a small game with them, which is the best of both worlds. “

charlie nodded. Although she didn't say anything, she felt in her heart that although Lin Wan'er (Alani) had lived for nearly four hundred years, she still seemed to have a strong girlish heart. Perhaps it was as she said herself. In 2000, it was always a girl's mind and way of life.

At this time, the old Zhang trotted down the stone ladder.

His body was actually not able to support such a movement, but he was very excited. , so I felt a lot lighter under my feet.

As soon as I ran to the lobby of the main building in the courtyard on the next floor, Qiu Yingshan, who was drinking tea with Sun Zhidong, asked curiously, "Old Zhang, why are you running so fast? At such an advanced age, I am not afraid to lie here without breathing evenly..."

Lao Zhang looked at the two with a smile, panting heavily, and said in a trembling voice with difficulty hiding his excitement, "Congratulations... happy event... God Big happy event! "

Sun Zhidong put down his teacup and said with a smile, "What's the matter, Lao Zhang?" Are you getting married?

Lao Zhang glanced at him, laughed and scolded, "You really can't spit ivory out of your mouth! " "

Speaking, Lao Zhang came to the tea table of the two of them and sat down slowly, and said to the two seriously, "I feel that Miss seems to be moved!" "
