

The Amazing Son In Law Chapter 5974 -

charlie didn't know that the moment he was sent the ring to Lin Wan'er (Alani), he had unconsciously ruined the girl's chastity.

For a girl born in the Ming Dynasty, if she is seen by a man, or has such an intimate act with a man, basically other than marrying him, the only way left is to die to show her ambition.

Therefore, charlie didn't even know that Lin Wan'er (Alani) had already decided in her heart that she was the only one not to marry in this life.

Moreover, he didn't even know that Lin Wan'er (Alani), who was born in the Ming Dynasty and experienced the Ming and Qing dynasties, had completely opposite views on marriage.

In Lin Wan'er (Alani)'s three views, it is perfectly normal for a man to have three wives and four concubines. She can completely accept marrying charlie as a concubine, and respectfully address Claire as her elder sister.

At this time, charlie had just relaxed, and an unprecedented sense of exhaustion instantly swept through his body and mind.

Although his cultivation has recovered and the spiritual energy in his body has been filled, he still feels extremely tired, so tired that he doesn't even want to open his eyes.

So, he tore up the letter he had left for Claire, and planned to rest at home for a good afternoon. In the evening, he went to the half-mountain villa in Champs Elysees Hot Spring to formally meet with his grandparents and their family.

When he was lying on the bed, although his exhausted body was temporarily relieved, his brain was still humming like an overloaded engine, running at a high speed.

Everything that happened last night flashed quickly in his mind like a slideshow.

When he thought back to the moment before he was about to die, he still clearly remembered the deep unwillingness deep in his heart.

Fortunately, the ring that Lin Wan'er (Alani) gave her saved her life at a critical moment.

Thinking of this, he couldn't help feeling grateful for the ring.

He couldn't help holding the ring in his hand, closing his eyes, quietly feeling the smooth and warm touch of the ring.

In the past, Charlie once thought that this ring was the biggest scam he had ever encountered. He sucked out the spiritual energy in his body several times, and it was much more hateful than a scammer who scammed by telecommunications.

But who would have thought that this ring has been secretly protecting him, and the aura that he has absorbed by it is actually the pre-stored motivation to save his life.

If it wasn't for being sucked away by the ring again and again, the ring would never have been able to bring him in front of Lin Wan'er (Alani) at critical moments.

Therefore, Charlie took out two Peiyuan Pills, and continued to pour the vigorous aura in his body into the ring.

And this ring, which had been silent for a day, suddenly, like a dry earth, greedily absorbed all the spiritual energy injected by Charlie.

When the aura in Charlie's body was almost swallowed by it, Charlie hurriedly swallowed the two prepared pills of Pei Yuan.

This time, he was no longer stingy with his aura, and only wanted to feed the ring first.

...

hours later.

After the three elders returned to Buenos Aires by Boeing 777, they transferred to a seaplane and returned to the residence of the Qing Dynasty.

On the way back, the three of them felt resentful and dissatisfied.

Originally, the three of them were already somewhat dissatisfied when their retreat was suddenly interrupted when they were only one step away from breaking through the Niwan Palace.

I thought that I would get more rewards after performing important tasks, but I didn't expect that after being led by Jadiel for a circle at an altitude of 10,000 meters, I was brought back without doing anything.

Sara's mentality at this time was more thorough than that of the three elders.

For the past few hours, her thoughts have been uncontrollable.

At one point, she even wanted to go to Jinling herself to see who took out this painting and warned herself from afar.

However, this idea only existed in her mind for a moment, and was immediately rejected by her completely.

With a cautious character, she is doomed not to take risks.

The most risky thing she ever did in her life was to kill Aasif after he rejected her.

And that time, she was behind Aasif, who caught Aasif by surprise.

But this time, it was a mysterious person hiding behind her, how dare she expose herself to the other party's sight.

Therefore, she can only keep a respectful distance.

Jadiel temporarily settled the three elders in the secret meeting hall, and then hurriedly begged to see Sara.

After meeting, he couldn't wait to ask Sara, "My lord, you are in such a hurry to let me come back, is there any emergency?"

Sara's expression was extremely gloomy, and she said coldly, "My identity has been revealed."

“What?! “Jadiel asked in horror, “My lord...you haven’t left here for twenty years. Who would reveal your identity? Could it be Uncle?!” Sara shook her head, “It doesn’t matter if she is or not.

” The most important thing is that that person not only knows my identity, but also knows my teacher, and most importantly, he also knows my master!”
“Ah?!”

Jadiel took a step back and exclaimed, “Ying Lord... Your master has passed away for more than three hundred years? How can anyone in this world know him?!”

Sara opened the short video, handed it to Jadiel, and said coldly, “Look for yourself.”

Jadiel respectfully He took the phone, watched the video carefully, and asked in shock, “My lord, is this... the old man in these words really your master?”
“Yes.” Sara nodded

. People, that is, my master Meng Changsheng (Willie), the painter, who has painted at least 90% of his charm.”

Saying that, Sara said again, “I speculate that there is a high probability that the other party knew my master earlier than me, and this painting was painted in the Tang Dynasty. Maybe the other party or the other party’s ancestors already knew my master in the Tang Dynasty.” “

“Tang Dynasty...” Jadiel widened his eyes and murmured, “Tang, Song, Yuan and Ming...the time span in between is more than a thousand years. If the other party really knew your master at that time, I am afraid he is already over a thousand years old. If the other party’s ancestors know your master, it proves that the other party is a hermit family that has been passed down for thousands of years...”

Sara nodded solemnly, and said, “Now the other party already knows my information, no matter what you say I’m not optimistic about any of them.”

As she said, Sara said again, “What I can’t understand is why he wants to protect An’s family, how can he do anything?”
