Knowing that charlie was coming for dinner, An's family was as happy as Chinese New Year.

The old lady gathered her children to help, tidy up the dining table, and arranged the cold dishes and cold dishes ordered by Don Albert.

The old man also kept saying, "Today is a good day. When charlie comes, I will drink a few glasses of whatever you say!" Tablita on the side quickly said, "

Dad, you have just recovered a little, so you should stop drinking. "

It's a joke." The old man said without thinking, "Isn't the recovery of the body just for this day? How can such an important day be passed without drinking!" The old lady smiled and said, "Yo,

you If Dad wants to drink, you can let him drink. After 20 years of looking forward to it, I have finally brought my grandson back, not to mention him, even I want to drink two glasses."

The old lady smiled and said, "Okay! Then our mother and I will drink some red wine, and you guys will drink with your dad and charlie Order white wine."

"Okay!" Asher nodded in agreement.

more excited, and the old man blurted out, "Let's go to meet him together!" charlie!"

The other An family members and Li Yalin followed An Qishan and walked out quickly without any hesitation or pause.

At this time, charlie had already arrived at the entrance of the villa in the BMW 5-series that his father-in-law eliminated and handed over to him.

As soon as the car came to a stop in the yard, the An family came out together led by Mr. An.

charlie hadn't gotten out of the car yet, but when he saw his grandpa and grandma's family in the car, he was still somewhat nervous.

And the An family also stopped in a position about two meters in front of charlie's car, with a smile on their faces, waiting for charlie to get out of the car.

charlie took a deep breath, adjusted his mental state, then opened the door and stepped out of the car.

As soon as she got out of the car, Old Madam An couldn't hold back her emotions, stepped forward with red eyes, grabbed charlie's hand, and said with a sob, "charlie, grandma has been looking forward to you for twenty years, and finally she has you here... .."

charlie also sighed in his heart. At this moment, no matter how much he complained back then, he was also diluted by the feeling of family reunion. The feeling that blood is thicker than water made him feel a little ashamed, so he felt very sorry. Opened the mouth and said, "I'm sorry, grandma, for making you wait for me for so long..."

Mrs. An shook her head repeatedly, shedding tears, and said, "Needless to say I'm sorry, you didn't apologize to grandma, it was grandpa and grandma who sorry for you!"
