

The Amazing Son In Law Chapter 6006 -

the Zijin Villa at night, everyone has avoided except Lin Wan'er (Alani).

After charlie arrived by car, he walked directly through the courtyard on the first floor and walked up the stone steps.

When charlie stepped into the other courtyard, Lin Wan'er (Alani) had already arrived in the courtyard. Seeing charlie, she said with joy and shyness, "Master..." At

this time, Lin Wan'er (Alani) was wearing a white gauze dress, with long hair hanging down her shoulders, and she seemed a little damp.

The hot spring pool next to it is still full of water, and there are many flower petals floating on the water surface, so that the whole courtyard has a faint floral fragrance. Lin Wan'er (Alani) led charlie to the small tea table, and said to charlie, "My lord, please sit down. I will pour tea for you. If you have any questions, you can just ask me." charlie nodded and did so, and the two sat cross-legged across the tea table. Here, Lin Wan'er (Alani) poured a cup of tea for charlie, and said, "Young master, please use it."

charlie couldn't help asking her, "This tea, it should be the tea cake of the mother of pucha, right?"

"Yes. "Lin Wan'er (Alani) said with a smile, "I don't want to drink it in normal time, but I'm only willing to cook a pot when the young master comes. "

charlie said seriously, "It's better to be frugal. After all, this tea will be gone after drinking it. If you want to get back this taste in the future, I'm afraid it won't be so easy.

Lin Wan'er (Alani) smiled and said, "It doesn't matter, whether it's tea trees or tea leaves, there will be a day when they will disappear completely, and the same is true for people. Although tea is precious, as long as it is at the right time, you can drink it no matter what."

After that, she picked up her teacup and said to charlie, "Young master, please." "

charlie nodded, picked up the teacup, and took a sip slowly. The refreshing scent of tea lingered in his mouth and nasal cavity in an instant, which was

amazing. At this time, Lin Wan'er (Alani) put down the teacup and asked charlie, "By the way, I don't know what's the matter with you. I need my servant to help you out?"

charlie put down his teacup, and asked with a serious and expectant expression, "Excuse me, Miss Lin, do you know what Shenglongge is?" "

" Shenglongge? ! Lin Wan'er (Alani) frowned suddenly, and asked, "Where did you hear this word, my lord?" ! "

charlie said, "I just met my grandpa and grandma's family. I heard from my uncle that my father accidentally got a book called "The Preface to the Nine Profound Classics". Lin

Wan'er did not answer charlie's question, but asked curiously, "Master Orion, who is Master Orion?" What is your name? "

charlie said, "It's the direct descendant of Master Lai Buyi, the Fengshui master of the Song Dynasty. His name is Orion Exeor..."

Lin Wan'er (Alani) muttered, "Gold is strong, wood is towering, water is clear, fire is strong, soil is solid and majestic. The Orion Exeor you are talking about should be the great-grandson of Lai Jinlin, a feng shui master in my family."

charlie asked in surprise, "Miss Lin and the ancestors of the Lai family also have intersections?"

Lin Wan'er (Alani) nodded and said, "The reason why my family knows Fengshui secrets and the gossip of the Book of Changes is because my family learned the Book of Changes from Lai Jinlin back then, and the master taught me all of his money back then. Many questions that the old man never understood were also passed on to me. After two hundred years, I solved most of the questions left by the master one by one, and only then did I have some achievements in the gossip of the Book of Changes..."

The Amazing Son In Law Chapter 6007 -

charlie couldn't help sighing, "Sure enough, it is the benefit of longevity... Any knowledge, there is enough time to comprehend and digest it, and finally it will emerge from the blue..."

Lin Wan'er (Alani) smiled slightly, nodded and said, "Young Master is right. The Book of Changes was written by great talents and sages. All the authors are sages with close-knit wisdom. The knowledge they left behind can be understood by ordinary people at most in a lifetime. Even if the talent is very good, if they only live for seven or eighty years, they can only understand at most 20-30% of it. Only by living longer can they understand more than 50%..."

charlie nodded in agreement, and at the same time felt a little impatient, so he quickly asked, "Miss Lin, what exactly does Shenglongge mean?"

Lin Wan'er (Alani) said seriously, "Ascension to the Dragon is a higher destiny than Longge."

charlie asked suspiciously, "Didn't you say that Longge is already the tallest? Why is there still a rising dragon?"

Lin Wan'er (Alani) said, "Longge is the Ninth Five-Year Master, and it is indeed the highest among the fates. This is because it is rare to meet one of the Shenglongges in hundreds of years. Moreover, many people who study the Book of Changes will not be able to participate in the existence of Shenglong Mingge in their entire lives."

charlie asked puzzled, "If there is a saying about Shenglongge in the Book of Changes, then even if you can't comprehend it, at least you can see it, right?"

Lin Wan'er (Alani) smiled slightly and said, "Young master may not know that the overall thinking of Zhouyi is actually countless sets of very complicated cipher texts. The book literally has one meaning. After penetrating to a certain height, one gets a certain law. Looking at it according to this law, there is another layer of meaning. The more you study and understand the rules, the more mysteries you can understand. "

Speaking, Lin Wan'er (Alani) said again, "To put it bluntly, it is very similar to the permutations and combinations in mathematics. There are already endless combinations of a hundred numbers, not to mention the tens of thousands or hundreds of thousands of words in a book. "

charlie asked, "That is to say, as long as there are three characters of Shenglongge in the book, after finding a certain pattern, these three characters can be extracted to get this word?"

Lin Wan'er (Alani) nodded and smiled, "That's what the young master said. " "

Speaking, Lin Wan'er (Alani) said again, "As for Shenglongge, according to Zhou Yi, when the rising dragon comes out, the heaven and the earth respect him. In this world, the only one who can really go against the way of heaven is Shenglong, because Shenglong can ignore the way of heaven, and the way of heaven has no right to punish Shenglong. "

"All other fates are under the control of the Dao of Heaven. If you want to surpass the Dao of Heaven, you will inevitably encounter a catastrophe. If you say something outrageous, it's like the old master, who lived for a thousand years. "

"If the Dao of Heaven is ten thousand feet high, then everything in the world is under the control of Dao of Heaven before it is nine thousand nine hundred and ninety-nine feet high. Before breaking through Dao of Heaven, Dao of Heaven will definitely do its best to punish him. "

Speaking of this, Lin Wan'er (Alani) paused for a moment, and said loudly with a serious expression, "However, all things in the world, except Shenglong! "

The Amazing Son In Law Chapter 6008 -

Lin Waner (Alani)'s words gave Charlie Wade a boost.

He hurriedly asked, "The Dragon Ascension Grid, can ignore the Heavenly Dao, so wouldn't it really be possible to ascend as the legends of the cultivators say?!"

Lin Waner (Alani) laughed: "Your Excellency is overthinking, ascension is actually just a speculation that people get from comprehending Zhouyi, people always think that after cultivating to a certain extent, they will be able to ascend into another world, such as the Immortal Realm that we Oriental people talk about, and the Divine Realm that the Westerners talk about, but in fact, with Pina ray's enlightenment of Zhouyi, no matter how long it takes for a cultivation to be completed, its essence is that the lifespan and the strength is continually extending is just that."

Charlie Wade humbly asked for advice, "Miss Alani doesn't know if she can explain it in detail?"

Lin Waner (Alani) nodded her head slightly and said seriously, "My lord, the extension of lifespan and strength signifies that the essence of things will not change, just like a tree that grows even taller and lives even longer, it is still a tree, and will not turn into what people call a Tree Demon, Tree Spirit, or Tree God;"

"Perhaps as its cultivation improves, the flowers it blooms and the fruits it bears will have extraordinary efficacy, but it is still, in essence, a tree;"

Charlie wade gently nodded and said, "That is to say, even if a person breaks through the shackles of the Heavenly Dao, he is still a human being, only one who lives longer and is stronger?"

"Right." Lin Waner (Alani) smiled and said, "This is the true Zhouyi, a person's strength can surpass the Heavenly Dao, but after surpassing the Heavenly Dao, they are still a human being, not a god."

"If ten thousand years was the limit of the Heavenly Dao for that Mother of PuCha back then, then it was bound to encounter a Heavenly Tribulation when it was almost ten thousand years old;"

"If it fails to survive the Heavenly Tribulation, it will fly away in ashes;"

"If it survives, it will still be the Mother of Tea, it will still stand by the Heavenly Pond, it will still be the same tree;"

Said, Lin WanEr and said: "As for the heavenly way, it is at a high level, but also far beyond the superhuman cognition, to say a word of treachery, like the master of his strength doomed him to live only to a thousand years, if he can break through the millennium shackles, perhaps to live to 2,000 years, but he wanted to live to the day the heavenly way to come down, perhaps to 5,000 years, or even 10,000 years, that is to say, he was immortal death time, he was still a hundred thousand miles away from the Heavenly Dao."

Charlie wade asked her, "Then does Miss Alani know how high the Heavenly Dao actually is?"

Lin Waner (Alani) shook her head and said, "My slave has only lived for less than four hundred years, so how can I peer into the height of the Heavenly Dao."

Saying that, she suddenly remembered something and said to Charlie wade, “By the way Gongzi, back then, the Heavenly Dao of the Mother of the Koppu Tea should have been 10,000 years old, and when the Heavenly Tribulation descended, it had already been alive for 10,000 years, this was what the Nun’s family had counter-projected through its destiny.”

Charlie wade gently nodded and asked, “Since Miss Alani is quite knowledgeable about Zhouyi, can you tell me what would happen if the Mother of Pu Cha breaks through the Heavenly Dao?”

Lin Waner (Alani) said, “Once it survives the Heavenly Tribulation and breaks through the Heavenly Dao, then it will be able to draw spiritual qi from the heavens and the earth to continue its own cultivation and make the cultivation twice as fast with half the effort, and perhaps one day, a single leaf from it will be able to add twenty years to a person’s life, just like a Rejuvenation Pill.”

Speaking here, Lin Waner (Alani) smiled sweetly and said, “Therefore, the legendary Queen Mother’s Peach that can make a person ascend to Immortality with just one, may not really not be available in this world, and if a certain Peach Tree has already broken through the Heavenly Dao, and has a few thousand or tens of thousands of years of Taoism, it may really be able to realise it.”

Charlie wade asked doubtfully, “But isn’t there already no aura existing between heaven and earth?”

Lin Waner (Alani) nodded, “According to what Zhou Yi said, for beings that have not crossed the Heavenly Tribulation, aura does not exist anymore, but after crossing the Heavenly Tribulation, aura will appear.”

The Amazing Son In Law Chapter 6009 -

Charlie wade asked in disbelief, “That sounds like it’s not very realistic

Lin Wan Er laughed, “Pina ray also felt that it was unrealistic at first, and thought that she had made a mistake in comprehending Zhouyi, but after the Second World War, Pina ray came into contact with modern technology, and came into contact with the radio, and Pina ray’s heart was enlightened, this kind of thing, Reiki, may be like a radio frequency, which is not perceived at all by the average person relying on the physical body, but once one is equipped with the conditions to receive the radio But once you have the conditions to

receive the radio, you will be able to constantly draw on the contents of the radio, and Reiki may be like that.”

Charlie Wade stared wide-eyed and exclaimed, “In that case, the Age of the End of the Laws, may not really be the Age of the End of the Laws?!”

Lin Waner (Alani) said, “The Age of the Last Dharma, in fact, it is only a kind of rhetoric of the descendants, the descendants got the cultivation methods and insights of the ancients, but could not achieve the effect of the ancients’ cultivation, so the descendants concluded that there is no longer any aura in the heavens and the earth and the world has entered into the Age of the Last Dharma, but how it actually is, who can’t say it is not good, and the slaves don’t dare to guarantee that the slaves’ perception of Zhouyi is definitely right, so everything is just for Gongzi to do. So everything is just a reference for you.”

Charlie Wade nodded slightly, in his heart, he had already believed more than half of what Lin Wan Er had said.

He felt that Lin Waner (Alani)’s statement should be a little more credible, and that the so-called soaring in place and becoming immortal was more like a mythological story.

Thus, Charlie Wade brought the topic back to the Dragon Ascension Grid and asked her, “Miss Alani, I wonder how this Dragon Ascension Grid is judged? If I were to give you my father’s birth date and eight characters, could you calculate whether he was an Ascending Dragon Grid or not?”

Lin Wan Er shook her head and said, “Nun can’t calculate the Ascending Dragon Grid, Nun’s perception of Zhou Yi has only just reached the point where she knows the existence of the Ascending Dragon Grid, but she doesn’t yet know how to calculate whether a person is an Ascending Dragon Grid or not, this is a problem that Nun has also studied for many years, but she has not been able to make any breakthroughs, and she seems to be stuck in a certain part of the process that she can’t figure out.”

Charlie Wade asked curiously, “What is the link that you can’t figure out?”

Lin Waner (Alani) said, “According to the results of my slave’s deduction based on Zhou Yi, although the Dragon Rising Grid exists, it is not innate.”

Charlie wade asked in surprise, "Not innate? Could it be that the Fate Grid can still be cultivated later in life?"

Lin Waner (Alani) shook her head and said, "My lord, this slave doesn't know, slave only deduced that the Ascending Dragon Fate was not innate, but exactly how it came about, slave doesn't know, moreover, slave isn't sure that the result of her deduction is right, it is also possible that slave was wrong from the deduction."

Speaking here, Lin Wan Er hesitated for a moment and looked at Charlie wade and whispered, "My lord, slave has a sentence, I don't know if I should speak or not."

Charlie wade busily said, "Miss Alani, but there is no harm in saying it!"

Lin Wan Er said, "My slave thought that Gongzi's father should not be a Dragon Rising Grid, and it is even possible that he is not even a Dragon Grid."

Charlie wade was surprised and asked, "Why is Miss Alani **Miss Alani** so sure?"

Lin Waner (Alani) said, "The Ascending Dragon Fate is a supreme Fate that is rare for hundreds of years, how could the Heavenly Dao sit idly by and watch him being killed at a young age? Moreover, he was also killed by Jaro Bo, who's destiny is several grades lower? Not to mention the strongest and highest Rising Dragon, even if it's a Dragon like Gongzi, as long as the opponent is not someone with a stronger destiny and strength, and as long as the opponent is not attacking in a group, Gongzi will be able to make a way out of every mountain, build a bridge over every water, and turn misfortune into good fortune!"

"The power of the fate pattern is not just talk!"
