

## The Amazing Son In Law Chapter 6014 -

When Lin Wan'er (Alani) was moved by what Charlie did, Charlie said to the three old men very seriously: "Three old gentlemen, this time taking the rejuvenation pill, the life expectancy of the three will reach more than a hundred years old, in order not to let the outside world be jealous, Mr. Qiu may wish to invest in a medical research institution, so that when the outside world questions why you are not old, it can be regarded as a reasonable explanation."

Qiu Yingshan (Curtis) said without thinking: "Charlie rest assured, he will definitely invest in several similar enterprises and institutions in the future."

Charlie nodded, and said to Sun Zhidong (Meir) again: "Old Mr. Sun is in a high position, and suddenly there is such a change, you should also pay attention to it, don't arouse the suspicion of too many people."

Sun Zhidong (Meir) said without thinking, "Charlie, I have already decided not to return to Eastcliff, and in the future, I will stay with Lao Zhang and stay by the young lady's side to saddle the horse before and after."

Lao Zhang also smiled and said: "I have been following the young lady in the next step, and there is almost no contact with the outside world, which will be relatively safer."

Charlie nodded and said with a smile: "The three of you prepare in advance, and the next time you eat the Rejuvenation Pill, maybe the three will have to start incognito."

Now these three people are in their nineties, if they take the rejuvenation pill again, the life expectancy is afraid to reach one hundred and fifty years old, at that time, it will inevitably attract the attention of the world.

And Charlie's words also made these three people excited in their hearts.

They originally thought that Charlie could give him a rejuvenation pill, which was already a blessing and creation for several lifetimes, but they didn't expect that Charlie actually planned a second rejuvenation pill for them!

Lin Wan'er (Alani) was also overjoyed at this time, and quickly said to the three, "Quick, quickly thank Charlie for another blessing!"

charlie waved his hand and hurriedly said, "Forget it, thank you once is enough, I can't stand it when I thank you so much."

As soon as the

words fell, the three old men excitedly said in unison again: "charlie blessed!!"

charlie was helpless, and just when he didn't know what to say, he suddenly received a call from Isaac Cameron.

charlie signaled to several people before connecting the phone, and Isaac Cameron said on the other end of the phone: "Young master, the Boeing 777 you monitored took off from Buenos Aires again!"

charlie's brows instantly furrowed, and he asked, "Where is the route applied for by the other party?"

Isaac Cameron said: "The route is the same as before, first fly to Australia.

charlie's heart suddenly tightened.

He did not know that at this moment, Buenos Aires, Argentina, was in the morning, and Sara, who had not left the station for many years, was alone in the ultra-long-range Boeing 777 private jet, intending to go to Myanmar.

Hearing that the other party's current route was Australia, charlie's first thought in his heart was, "Could it be that Sara recognized my empty city plan so quickly?"

Lin Wan'er (Alani)

on the opposite side heard charlie ask Isaac Cameron's content, and immediately said to Qiu Yingshan(Curtis) and the three, "You three go down first, I still have something to discuss with charlie." The

three quickly stood up, respectfully said goodbye to the two, and then left the top floor courtyard together.

After the three left, Lin Wan'er (Alani) quickly asked charlie, "charlie, the slave family listened to what master said on the phone just now, could it be that the plane that broke the Qinghui took off again?"

“Yes.” charlie nodded and said, “It’s still that plane, the destination is still Australia, but they must be using Australia as a springboard, first fly to Australia to refuel fuel, and then fly to Asia, it is very likely to come to Huaxia.”

Saying that, charlie asked her, “Miss Lin, in your opinion, could it be that Sara saw through my scheme?”

“Not likely.” Lin Wan’er (Alani) said very solemnly: “charlie took out the portrait of Shigong, this is enough to make Sara stay away, she has no way to confirm the authenticity behind it, or even dare to confirm it, so I believe she will never send someone to Aurous Hill again.”

charlie frowned, “Then who do you think this plane is carrying and where is it going?”

Lin Wan’er (Alani) said, “This, the slave family does not dare to speculate.”

After that, she said, “No matter who this plane is on, as long as their final destination is not Australia, then they will definitely apply for the next flight route in advance before arriving in Australia, and it will take about twelve hours to fly from Buenos Aires to Australia at the earliest, so where this plane is most important will be known in about eight hours.”

charlie nodded lightly and said, “It seems that we will only know until tomorrow morning.”

Lin Wan’er (Alani) smiled slightly and said with relief: “charlie don’t have to worry too much, with my understanding of Sara, she will definitely not come to Aurous Hill again, this plane may be to take others to other places to perform other tasks.”

charlie snorted and spoke, “It’s useless to think too much now, you can see where this plane is going in eight hours, if I come to Aurous Hill, I still have at least more than ten hours to prepare.”

Lin Wan’er (Alani) nodded and said, “At that time, after the other party’s next move, please also ask charlie to notify the slave family as soon as possible.”  
“Good

!" charlie simply agreed and said, "Miss Lin, it's not early, and I won't bother too much here."

Lin Wan'er (Alani) immediately said, "That slave family sent the son out."

Saying that, she remembered something, and said to charlie again, "Oh yes, charlie wait a moment."

As soon as Lin Wan'er (Alani) finished speaking, she stood up and ran up the stairs quickly.

Soon, she walked down with a piece of red cloth wrapped in something, handed the thing to charlie, and said seriously: "charlie, this is the lightning strike wood of the mother of Pucha, the slave family has brought it with them for so many years, but it can only be used as a memorial, charlie said earlier, there is a magic weapon that can lead to heavenly thunder, I think it should have been destroyed when Meng Changsheng (Willie) Bo blew himself up, this lightning strike wood, give it to Gongzi to use to refine magic weapons!"

charlie looked at the things in Lin Wan'er (Alani)'s hands and was surprised in her heart.

He was originally thinking in his heart whether he could bring Lin Wan'er (Alani), the mother of tea, the lightning strike wood over.

After all, this is the tea tree that has survived the Heavenly Tribulation, not only is it profound, but this lightning strike wood is still split by the heavenly thunder that fell from the Heavenly Tribulation, if it is used to refine the Thunder Order, the power is definitely much greater than its own Thunder Order before!

It just so happens that he has no magic weapon now, only Lin Wan'er (Alani)'s ring remains, and he urgently lacks a magic weapon that can be used to attack, and Lin Wan'er (Alani)'s lightning strike wood comes at the right time, which can solve his urgent needs.

Therefore, he did not be polite to Lin Wan'er (Alani), and said very gratefully: "Thank you Miss Lin, this lightning strike wood is really a blessing, I am currently short of materials that can refine magic weapons!"

Lin Wan'er (Alani) covered her mouth and chuckled, "charlie, this lightning strike wood has indeed become charcoal, just don't burn it charlie."

charlie said with a smile: "That's naturally not!" Go back tonight and refine it and refine a thunder order!

Lin Wan'er (Alani) nodded, handed the lightning strike wood to charlie, and said seriously, "It can be turned into a magic weapon in the hands of charlie, and this lightning strike wood can be regarded as finding its own destination."  
Ye

charlie took the lightning strike wood in his hand, and simply transferred a little spiritual energy into it, and he could immediately feel the surging qi that could not be described in words, as if he was in a primeval forest in spring, and infinite vitality was in front of him.

He couldn't help but exclaim, "Sure enough, it's the lightning strike wood of the mother of Pucha... Just this lightning strike wood makes people feel unfathomable! "

Lin Wan'er (Alani) smiled slightly, "It is best to be useful to charlie, and it is not in vain, the slave family has been running around with it for more than three hundred years."

charlie said gratefully, "Miss Lin, rest assured, I will not live up to this lightning strike wood, and I will definitely do my best to make it an incredible magic weapon!"

Lin Wan'er (Alani) nodded and said with a smile, "That couldn't be better!" "
