

The Amazing Son In Law Chapter 6055 -

charlie didn't have any sympathy for James Smith.

In this world, there are so many parents of children with cancer, and James Smith is just one of thousands of people, nothing special.

And most importantly, he originally had a chance to save his son's life, but his ignorance and arrogance made him give up this chance by himself. In this case, he no longer deserves anyone's sympathy.

charlie never thought about giving him and his son a chance.

However, what surprised charlie was that according to what Arlo Hu said, after James Smith met him last time and told him that he had to pay first if he wanted what he wanted, he actually resigned from his post and job as the head of the fda. He sold his family property and took his children to Aurous Hill to do charity.

Although charlie is very clear that the reason why he did this is most likely to win a chance for his son, but what charlie admires is that he really worked hard to do it after all. In this case, he represented Aurous Hill to give him A little return can be regarded as reciprocity.

And even more coincidentally, Arlo Hu, who met by chance at Turtle Back Mountain, actually knew James Smith. I have to say that there is still some chance in this.

Because of this, charlie made a temporary decision to give Arlo Hu and Hallie a chance to survive, and at the same time to give James Smith's cancer-stricken son a chance. This

also confirms a truth from the side, that is, actions are more important than anything else. If James Smith did not act like this after being rejected by himself, then his son , It is impossible to get the Jiuxuan Zaizao Pill even after death.

But fortunately, he really took action. This is the main reason why charlie wanted to save his son.

Arlo Hu didn't expect that charlie would be willing to give him a favor just after hearing himself tell the story of James Smith, so he couldn't help asking

excitedly, “Kaiden(charlie), can you really help Smith’s son get a job? Quota?”

charlie said indifferently. Smiling, he said, “After you arrive in Aurous Hill, just ask him to take his son to Jiuxuan Pharmaceutical, and I will arrange the rest.”

Arlo Hu thanked him gratefully, “Thank you, Achen! Thank you very much!”

charlie Patting him on the shoulder, he said, “You go back and say goodbye to the others, hurry up and start, let’s go first.”

Arlo Hu nodded, and wanted to say something, but charlie had already turned around and stood side by side with Lin Wan’er leave.

Watching the two disappear from sight, Hallie still said in disbelief, “Arlo Hu, do you think what charlie said is credible?”

” Let’s go to indirectly verify whether he is credible.”

Hallie asked suspiciously, “How to indirectly verify?”

Arlo Hu looked at her and asked, “Do you think A he is a bad person?”

Hallie thought for a moment, shook her head, and said, “I I don’t think he’s a bad guy, and... I don’t think he’s a rich second generation who can only spend money. I always feel that this person is a bit advanced, and I don’t know if it’s my illusion.” Arlo Hu smiled slightly, and said, “Absolutely deep

. Gao Shen, I dare not say it, but I, like you, think he is not a bad person.”

After speaking, Arlo Hu said again, “The indirect verification I said is to first feel whether Kaiden(charlie) is a bad person. If he tells us If you feel that you are a bad person, then we don’t believe what he says;” “

But since we all think that he is not a bad person, then we have to consider a common sense issue. If a person is not a bad person, will he take other people’s Are you joking about the issue of life and death?”

After that, Arlo Hu asked himself and answered, “I think this question should be negative. A good person dare not say how great and brilliant he is, but this

You won't joke about other people's life and death issues. "

"So, based on this point, I think that if Kaiden(charlie) was not fully sure, he would definitely not say such a thing. After hearing what he said,

Hallie couldn't help being enlightened, and murmured, "You're right!" From what you said, I also think Kaiden(charlie) would not joke with us.

After that, she couldn't help sweating her palms excitedly, and said, "Then...then do we really have a chance to get the clinical trial opportunity of Jiuxuan Pharmaceutical? " ! If that's the case, wouldn't we be able to survive? "

Arlo Hu nodded solemnly and said, "I think we have a great chance this time!" "

Speaking, Arlo Hu took out his mobile phone to search for ticket information, and blurted out, "There is a flight from Dali to Aurous Hill at two o'clock in the afternoon. I will book the ticket now. Let's hurry up and go back to say hello to everyone, and then go to the airport ! "

...

After charlie and Lin Wan'er went down the mountain, they came to Shuanglang to pick up their car, set off from Shuanglang, and drove to Poole. Poole

is the resting place of Lin Waner (Alani)'s's parents, and it was also the first stop on Lin Waner (Alani)'s's escape route. One of the purposes of Lin Waner (Alani)'s's coming to southern Yunnan was to accompany her to revisit the old places, so this time, not only did she have to accompany Lin Waner (Alani)'s to Poole, but she also went to Banna from Poole to find the Tianchi in Lin Waner (Alani)'s's painting. As for Sara

's charlie no longer cares about her whereabouts.

Because he knows very well that since Sara has appeared in Guibei Mountain, it means that she has completely integrated into the world this time. Since she has completely integrated into the world, she will definitely be recorded by various monitoring systems. , Sara will inevitably be monitored and filmed. As long as Sun Zhidong helps to call out the surveillance video, he can restore the general movement of Sara in the country. Therefore, charlie

feels that he does not need to pay attention to Sara's situation now. With Sara's strength

, It will only be self-defeating if I approach rashly, it is better to let her go first if she wants to go. After she has gone to all the places she wants to go, she will follow the clues and sort out her route.

As long as she can finally find out where she entered the Hundred Thousand Mountains, the location of Meng Changsheng (Willie) the 1st's retreat can basically be accurate to within a hundred miles or even smaller.

When the two were driving to Poole, Arlo Hu and Hallie took the afternoon flight to Aurous Hill.

The last time they came to Aurous Hill, although they didn't come together, they both had the same expectation.

However, both of them failed the clinical trial screening of Jiuxuan Pharmaceutical, and when they left Aurous Hill, they were both extremely disappointed.

And they didn't expect that they would return to Aurous Hill again before they died.

Along the way, neither of them expressed any views on whether the trip could be fulfilled.

When the plane landed safely at Aurous Hill Airport, Arlo Hu called James Smith immediately.

Because both of them are from the United States, one is a cancer patient and the other is a family member of a cancer patient, so he exchanged phone numbers with Smith, on the one hand out of appreciation and respect for James Smith, on the other hand, because in order to report to the group to keep warm.

At this time, the plane was still taxiing, and Arlo Hu had already called James Smith's mobile phone number in China.

The call was connected, and James Smith on the other end asked curiously, "Little Hu, what do you want from me?"

Arlo Hu hurriedly asked, “Mr. Smith, what are you doing now?”

James Smith said, “I am in Aurous Hill. The old church is here to help the homeless and share some of the purchased food. What’s the matter? What’s the matter with me?”

Arlo Hu said quickly, “Mr. Smith, please deal with the matter at hand quickly and bring Jimmy Go and wait for me at the gate of Jiuxuan Pharmaceutical, Xiaolan and I will go directly from the airport, and we will meet there!”
