

The Amazing Son In Law Chapter 6083 -

For Lin Wan'er, she has always been a little puzzled, why has Charlie Wade been surprised by herself since the moment Charlie Wade was suddenly taken to the top courtyard of the Forbidden Mountain by the ring that night? Good.

Not only did he give himself a share of all his elixirs, but he also promised Lao Zhang and others a longer lifespan, and even put down all the affairs in his hands and accompanied him all the way to southern Yunnan.

And I just wanted to come to Erlang Mountain to pay homage to my parents, but I didn't expect that Charlie Wade would directly buy the Zhicheng Group that owns Erlang Mountain, and even want to carry out large-scale renovations here, so that he can worship his parents in the future.

Lin Wan'er (Alani) herself has countless wealth, but what Charlie Wade did, in Lin Wan'er (Alani)'s view, can no longer be measured by money. He must care about himself very much to be so attentive and careful.

Lin Wan'er (Alani)'s guess is not wrong, Charlie Wade really cares about Lin Wan'er (Alani) very much, the grace of saving life is one of them, on the other hand, the more Charlie Wade gets in touch with her, the more sympathy she has for her three hundred years unconsciously. Years of ups and downs.

And this kind of sympathy can easily turn into distress.

For Lin Wan'er (Alani), who has lived for more than 300 years, the most important thing in worshipping her parents is to be able to come to the place where her parents are buried, touch the soil here with her own hands, and have a few words with her parents. There is a place for everything and missing.

Lin Wan'er (Alani) knelt on the ground and confided silently to her parents for about half an hour, then she stood up, looked at the black ground under her feet, smiled knowingly, turned to Charlie Wade and said, "My lord, let's go!

"It's getting dark, if you want to spend more time with your parents, should we rest here for the night? I can go to the car and get the tent up." "Young master, don't

bother" Lin Wan'er (Alani) said softly, "Although the slave family also wants to spend more time with their parents, they can't let the young master

accompany them to eat and sleep here. What's more, the slave family is nameless, so how dare you let the young master accompany the parents to guard the coffin for their parents? Let the slave family be alone in another day. Let's talk when we come."

Charlie Wade didn't think about it, just said, "You don't have to be so polite with me, I don't need to rest, it's the same everywhere, and it's getting late, we always have to find a place to spend the night, or go to Poole City. Find a hotel, or find a place to set up a tent and camp."

Lin Wan'er (Alani) suddenly remembered something, looked at Charlie Wade expectantly, and asked, "My lord, this place is not far from Banna, why don't we go here now?" Go to Banna, and camp tonight by the Tianchi Lake in Banna, where the mother of Pucha survived the catastrophe!"

Seeing that she was full of expectations, Charlie Wade nodded without hesitation and said, "Then go. Let's go to Banna, it's just over two hours' drive!"

After that, Charlie Wade said to her again, "Then let the employees of Zhicheng Group continue to take care of this place for the next two days, and wait for banks. After my sister completes the acquisition, I will ask her to gradually replace all the employees here with her own people she can trust, and then I will send a group of soldiers from Wanlongdian to take care of safety issues."

Lin Wan'er (Alani) nodded gratefully and said, "Everything is thanks to Mr.!"

Immediately, the two came down from Erlang Mountain together. Eric Wang had been waiting for a long time at the foot of the mountain. Seeing

the two come back, he hurriedly stepped forward and asked, "You two, are you satisfied with our tea tree?"

Lin Wan'er (Alani) nodded, "Although the tree species is not very good, it is better because it is old and the quality is very good. You must not slack off in your security work these two days. Before the acquisition is completed, this tea tree must not have any damage."

"Don't worry about that!" Eric Wang said without hesitation, "We are originally two security teams working in two shifts 24 hours a day, and we will never let the tea tree have any problems!"

charlie Wade on the side said, “Okay, Director Wang, I’ll leave this to you. We both have other important things to do, so let’s go first. ” “

Eric Wang asked in surprise, “You two, it’s getting dark now, so don’t rush on your way. I’ll have someone prepare good wine and food in the cafeteria. Why don’t you two have something to eat first? bit accommodation problem! “

“No.” charlie Wade smiled slightly, and said, “Thank you, Director Wang, for your kindness, but the two of us really have to hurry, so we won’t waste time here.”

Seeing that the two of them had decided to go, Eric Wang nodded and said, “In that case, I won’t keep two distinguished guests. ” “

charlie Wade shook hands with him, took Lin Wan’er (Alani) into the car, and drove the car away from the Zhicheng Group’s factory in the dark, heading towards Banna. It is not difficult to find the

Tianchi where Lin Wan’er (Alani) lived in the past. There is only one Tianchi in the sense, named Yulong Tianchi, which can be easily found on the map, and now it has become a tourist attraction in Banna.

However, since the popular tourist spots in Banna are major forest parks and nature reserves, Yulong Tianchi is a relatively unpopular attraction. Due to its low popularity, the development of Yulong Tianchi is relatively slow. Several ancient villages have not been relocated, so the tourism development here is even more lagging behind.

After two hours of driving, charlie Wade and Lin Wan’er (Alani) came to the foot of Yulong Tianchi Lake. There is a winding road here, and they can drive directly up the mountain to several villages on the north bank of Tianchi Lake.

This road is also the way to those villages.

The only road outside.

Banna is located on a plateau, with an average altitude of 1,500 meters. The two drove up the mountain, and the altitude quickly reached about 2,000 meters. Almost star-studded, beautiful.

Lin Wan'er (Alani) was in a particularly good mood. She opened the car window, leaned on the window and poked her head out to look at the starry sky. She looked like a little girl returning to her grandmother's house in the countryside after her summer vacation. She had a happy smile on her face, and her expression was particularly intoxicated.

charlie Wade couldn't help being overwhelmed by the scenery. Living in the reinforced concrete city for a long time, when he looked up every day, he could only see dozens of stars, sometimes even a few.

But here, there are countless stars in the sky, and the outline of the Milky Way is particularly clear and fascinating.

After the car turned a series of sharp turns, Tianchi surrounded by several mountains suddenly appeared in front of us.

The sparkling Tianchi Lake is like a mirror, reflecting the stars all over the sky, making this quiet night sky seem to come alive all of a sudden. Although it is already night, charlie Wade can still clearly feel that the scene in front of him is not the same as that of Lin Wan'er (Alani) at the beginning. The scenes in the secondary painting are almost exactly the same in both appearance and charm.

Lin Wan'er (Alani) was very happy. Looking at the outline of Tianchi, she couldn't help but sighed to charlie Wade, "Tianchi doesn't seem to have changed at all, even the outline hasn't changed much, it's still the same as before!" charlie Wade asked her, "Can you still

find Where is the mother of Pucha?"

"Yes!" Lin Wan'er (Alani) nodded, pointing to the Tianchi in the distance, and said to charlie Wade, "The mother of Pucha is on the north bank of Tianchi, about a hundred feet away from the edge of Tianchi."

she spoke, she pointed to the high place on the north bank of Tianchi Lake, and said to charlie Wade, "The one with the outline of the house over there is the village from back then. It seems to be still there now, but there is almost

nothing there. In the house with the lights on, it is estimated that almost everyone has left.”

charlie Wade nodded, and said, “Then let’s park the car at the entrance of the village and walk down.” “

Okay!” Lin Wan’er (Alani) couldn’t wait any longer. During the three hundred years of wandering around, she loved and missed the most, Here it is.

Following Lin Wan’er (Alani)’s guidance, charlie Wade parked the car on the side of the road hundreds of meters away from the entrance of the village. Then he took the camping equipment and walked down the hillside from the road with Lin Wan’er (Alani) to the edge of Tianchi below.

Lin Wan’er (Alani) took advantage of the moonlight and starlight to walk about two miles beside Tianchi Lake, and finally found the exact location of the mother of Pucha back then.

At this time, she pointed to a piece of bare yellow land a little higher on the shore and said, “That location should be the place where the mother of Pucha grew.”r>

charlie Wade looked around, under the moonlight, there were green grass and trees all around, but this piece of land with a diameter of more than 100 meters was bare, as if it was alopecia areata, he couldn’t help asking, “Strange, why doesn’t anything grow there?

” He also shook his head in doubt, “I don’t know either, why don’t you take a look with me?”

“Okay.” charlie Wade agreed without thinking, and together with Lin Wan’er (Alani), they came to the empty land.

Standing still here, charlie Wade felt even more strange.

He couldn’t help saying to Lin Wan’er (Alani), “Miss Lin, the climate here is supposed to be tropical, so it should be comfortable all year round, and the altitude in this mountain is higher, and the temperature is relatively lower, so here should be a spring-like climate all year round. Coupled with the high altitude and sufficient sunlight, this climate is unique for plant growth.”

charlie Wade said, "If I remember correctly, half of Huaxia's flowers are produced in southern Yunnan. It can be seen that in a place like southern Yunnan, it is impossible for any piece of land to grow without flowers and plants, so why does this piece of land in front of you, where the mother of Pucha was bred, grow nothing?" Lin Wan'er (Alani) shook her head and said in

surprise "To tell you the truth, my family also finds it very strange. In the past, this place was extremely vibrant. The land beside the Tianchi Lake could not see the color of the soil all year round. All the places where plants can grow are all covered with various plants. Within a radius of 100 zhang, the mother of Pucha, the plants are even more exuberant than usual, and I never imagined that there is no grass growing here now."

charlie Wade sighed, "Maybe it used up all the nutrients in the soil here, right?" Lin

Wan'er shook her head, "Even if it was all used up at that time, it has been more than three hundred years, and even the barren soil has grown back. It cannot be that there is no grass." Just as she was speaking, the sky suddenly darkened

.

The two of them were looking at the barren yellow land under their feet by moonlight and starlight, but in the blink of an eye, they felt that everything around them was rapidly darkening.

The two looked up at the sky at the same time, only to see dark clouds coming from nowhere, covering most of Tianchi Lake.

charlie Wade could see with the naked eye that the speed at which the dark clouds gathered was beyond ordinary, which was completely unmatched by the dark clouds in the natural world, and more like the scene before he activated the Thunderbolt and induced the thunder.

charlie Wade was taken aback, and couldn't help but said, "Why does it feel like someone is doing something?"

Hearing charlie Wade's words, Lin Wan'er (Alani) immediately frowned, staring at the dark clouds in the sky that were getting thicker and bigger.

Counting quickly with his fingers, he murmured, “It seems that someone did it... more like... more like...”
