charlie Wade saw Lin Wan'er (Alani)'s horrified expression, and she was rarely nervous when speaking, so he quickly asked her, "Miss Lin, what do you think this is more like?!" Lin Wan'er (Alani) didn't speak, her eyes were fixed on the rapidly gathering dark

clouds in the sky, and she murmured "This...the dark clouds seem to be chaotic and disorderly, but there are vaguely complex patterns...it feels...it feels like the image of the Zhen Gua in the sixty-four hexagrams of the Book of Changes..." "Zhen

Gua?!" Surprised, she couldn't help exclaiming, "Is this cloud really a hexagram?"

Lin Wan'er (Alani) nodded, and murmured, "Zhen hexagrams have always been complicated. The ancients said that when the shock comes, the laughter is hoarse; shocking hundreds of miles, the dagger is not lost, this hexagram As soon as it came out, the main hexagram and the guest hexagram overlapped, implying that something happened suddenly, and it must be an earth-shattering event!"

charlie Wade was even more surprised, and couldn't help asking, "Who has such a skill to use the clouds in the sky to come out?" Fortune-telling?!"

Lin Wan'er (Alani) was at a loss, "I don't know...but...but this divination seems to have just begun, the moment we came here, and I think it shouldn't be artificial." "It's not artificial.

"..." charlie Wade asked her, "If it wasn't man-made, could it be a natural formation?!"

...

The dark clouds were still changing rapidly, and the thick clouds seemed to have dug an inexhaustible well in the sky. They spewed out from among themselves for no reason, and quickly covered the entire valley where the Tianchi Lake was located.

Lin Wan'er (Alani) frowned, staring at the sky with her eyes wide open, and whispered to herself, "The hexagrams change too fast... I... I can't

understand... What exactly are you trying to tell me? Can you make it clearer?" ?"

The dark clouds in the sky couldn't understand her murmurs, they just kept changing.

Lin Wan'er (Alani) was already a little impatient, she said anxiously, "There are too many variables, each of which takes a long time to understand, such a rapid change, another hexagram in the blink of an eye, I... I really can't see through it." ..."

When charlie Wade heard this, he quickly took out his mobile phone to start the video recording, and said, "Miss Lin, don't worry, I will take pictures of all these changes. If it doesn't work, you can slowly understand it when you go back." Lin Wan'er shook her head and said, "The hexagrams are repeated

. Great changes, everything is framed in the situation of Zhen Gua, which indicates that the main hexagram and the guest hexagram are restrained and trapped in each other... No matter who released the hexagram, they are all asking us for help... And, There is a bit of a familiar feeling that I can't describe..."

"Help?" charlie Wade frowned, "You and I have just arrived here, who would suddenly ask us for help?"

Lin Wan'er (Alani) murmured, "It's not a person... the hexagram There is no one among them..."

charlie Wade rubbed his temples, "I'm almost confused by you, there is no one, what kind of thing is asking us for help?"

Lin Wan'er (Alani) stared at the ever-changing dark clouds, and said in a low voice, "Nujia Haven't figured it out yet...it's not a person, who it would be, or...what it would be...just...just"

At this point, she suddenly exclaimed, "Ah! I know!"

charlie Wade quickly asked, "You know What's wrong?"

Lin Wan'er (Alani) burst into tears instantly, pointing to the bare ground under her feet, she was very excited and said very nervously, "I know who is asking for help! It's her! It's the mother of Pucha!" charlie Wade heard this

answer She was even more puzzled, "Didn't the mother of Pucha fail to overcome the catastrophe three hundred years ago? How can she ask us for help now?! And... and she is just a tree, which can attract dark clouds in the sky. Ask us for help? ! "

Lin Wan'er (Alani) murmured, "I don't know the reason for my son's doubts, but I can feel that familiar feeling, which is the mother of Pucha..." charlie Wade said, "Okay,

assuming you are right, it is true. It is the mother of pucha who is asking us for help through the clouds, but what does she need us for? How can we help her? "

Lin Wan'er (Alani) was also a little anxious, "I don't know... I can only see that she is asking for help. This ever-changing hexagram gives me the feeling that she is trapped in the hexagram and cannot break free, but there is nothing in it. I didn't tell the slave family what to do to help her out..."

At this time, the dark clouds had become thicker and thicker, and the huge dark clouds began to condense into balls and began to sink slowly.

The air was already full of humidity. The water vapor and the air pressure also seemed to begin to drop rapidly, making people's breathing a little dull, just like the feeling before the super thunderstorm in summer.

Lin Wan'er (Alani) has no cultivation base, so her breathing feels a little difficult at this time, and her Her expression also became more and more anxious. She rarely lost her composure and stomped her feet on the spot, and said anxiously, "The hexagrams are getting more and more dangerous. The main hexagrams have begun to show signs of being swallowed by the guest hexagrams. I can't save her anymore...what to do...what to do..."

charlie Wade was even more confused, he couldn't figure out the hexagram that even Lin Wan'er (Alani) couldn't figure out, so seeing Lin Wan'er (Alani) anxious, he also couldn't understand it. I can only stand there and worry.

The dark clouds are still thickening and sinking, forming a strong low pressure area above the entire Tianchi Lake. Lin Wan'er (Alani) already feels that she is not breathing well, so she can only gulp Taking a deep breath, he kept turning his brain to think about the problems.

charlie Wade couldn't understand the hexagrams, but he analyzed them rationally, and said, "Miss Lin, if she is really asking us for help, at least it must be As far as we can, where can you and I help her? Could it be that we need to help her dispel this dark cloud? We can't do it either! "

Lin Wan'er (Alani) nodded, and said anxiously, "My lord is right... If we need to disperse the dark clouds, there is really nothing we can do... Your master's supernatural powers can attract thunder, but the thunder is only effective on real objects. It is the companion product of thunder and lightning. It is more like the relationship between water and fish to thunder and lightning. It will definitely not be afraid of thunder and lightning... Then what else can we do?"  
When

charlie Wade said this, his eyes suddenly lit up, and he blurted out "I see!"

Lin Wan'er (Alani) hurriedly asked, "What did you find out, Master?!"

charlie Wade asked her, "Did Miss Lin find out that there is only something missing in such thick dark clouds and such a strong low pressure?"

Lin Wan'er (Alani)'s eyes widened suddenly, and she blurted out, "Lack of lightning!"

"Yes!" charlie Wade nodded heavily, "If it was normal, this heavy dark cloud would have been thundered and thundered long ago. The trace of thunder and lightning, my soul piercing blade was destroyed when Willie blew himself up last time, and the only magic weapon that can be released from a long distance at present is the re-refined thunderbolt. Give it a try with lightning!"

Lin Wan'er (Alani) said happily, "Your Master's re-refined Thunderbolt, is it made from the piece of lightning strike wood that I gave you?" "Yes!"

Lin

Wan'er was even more excited, holding the He clenched his fists and said excitedly, "The lightning strike tree is the broken branch of the mother of pucha! Maybe she hasn't disappeared in the past three hundred years since she failed to overcome the catastrophe. What she has been waiting for is today!"
