

## The Amazing Son In Law Chapter 6091 -

charlie Wade saw Lin Wan'er (Alani)'s immature and pretty face full of rejection, so he persuaded, "I've grabbed them all, and it's a waste if you don't taste it, not to mention, you are the only mother who understands Pucha." It's useless to judge by feeling alone, you have to taste it to be sure!"

As he spoke, he handed one piece to Lin Wan'er (Alani)'s mouth, put the other side in his mouth, and said, "Come on, let's go together Taste."

Seeing his insistence, Lin Wan'er (Alani) knew that she couldn't resist him, so she gave him a faint look, and said, "Okay... I'll just taste it." After finishing speaking, she opened her

red lips lightly, and gently touched the tender green leaf. Bite in the mouth.

charlie Wade saw that she had eaten it, so he put his piece in his mouth and chewed it with confidence.

He originally thought that this thing smelled very fragrant of tea, and it should have a good taste, but he never dreamed that after the green leaf was in the mouth and chewed by himself, it would release a small burst of rich and pure aura!

With one sip, the aura instantly lifted his spirits.

Although the content of aura is not high, it is extremely pure. Moreover, this is fresh tea that has not been refined in any way. This kind of plant itself has aura, which charlie Wade has never seen before.Lin

Waner also tasted the strangeness of this piece of tea at this time, the tea was chewed in her mouth, neither astringent nor bitter, with a slight sweet taste What's even more strange is that this tea actually has a feeling of comfort and refreshing.

She has tasted countless teas in her life and knows a lot about the tea produced by the mother of pucha, but she has never tasted such a miraculous tea.

She asked charlie Wade with a look of surprise, "My lord, why does this tea have such an obvious effect? It seems that after tasting a piece, all the fatigue

disappeared in an instant! I remember that the tea that is the mother of pucha did not have this effect... “

charlie Wade said seriously, “That’s because the leaf contains aura.”

“Aura?!” LinWan’er exclaimed in surprise, “How is this possible? My family has heard from my father before that there are many kinds of medicinal materials that can be used to refine spiritual qi-type elixirs. In addition, these medicinal materials need to be mixed with other medicinal materials. Only people who are able to refine it can have spiritual energy. This leaf has just grown, so how can it have spiritual energy?”

charlie Wade said, “Perhaps this is caused by the experience of the mother of Pucha’s failure to cross the catastrophe and being reborn after encountering thunder. Like the Sanxian we talked about just now, maybe the mother of pucha is really a Sanxian in the field of plants now.”

After speaking, charlie Wade said again, “I have never met any plant except the mother of pucha. , she has aura in her own right.”

Lin Wan’er (Alani) said excitedly, “That slave thinks that she must not be taking the path of Sanxian, because she originally had no aura, but now she has aura just after sprouting, and Sanxian said If there is a chance to rebuild, it means that the room for improvement is limited, and the strength will not bring about a qualitative change.”

charlie Wade asked her, “Then what is she in now?”

Lin Wan’er (Alani) shook her head, “I don’t know, but I feel that she is more like a Nirvana was reborn, which led to a qualitative change! Thinking about it, when she crossed the catastrophe three hundred years ago, she left a glimmer of life for herself, and then waited for three hundred years, and finally waited for the son. After the storm and lightning just now, she also It can be counted as good fortune comparable to a weathered dragon!”

Lin Wan’er (Alani) frowned and said, “It’s just that I really can’t figure out how she bypassed the way of heaven and left a glimmer of life for herself under the thunder disaster of the way of heaven.”

Charlie I am not interested in how the mother of pucha leaves this lifeline back then, but I just look at this seedling and can’t help but sigh, “If I take it back

and raise it properly, when it grows into a big tree several meters high, I just pick the leaves and eat it every day.”

Has he become a peerless master?

Lin Wan'er (Alani) asked in surprise, “Master, you want to take her away?” “

## **The Amazing Son In Law Chapter 6092 -**

“Of course!” “charlie Wade said firmly, “Leave her here, let's not say that I don't want to part with it, if it falls into the hands of bad people, or is shoveled by people who don't understand, wouldn't it be a waste of money?” “

But...” Lin Wan'er (Alani) couldn't bear it, and said, “But...she has grown here for tens of thousands of years...this is her root...” charlie Wade waved his hand, “No, no, she was here last time.

” If she has not been able to cross the tribulation after ten thousand years, it means that this place is not suitable for her. A person cannot fall twice in one place, and the same goes for a tree. She has to change her place and take good care of her. ” Lin

Wan'er asked, “Where do you think it is appropriate to change her, Master?” “

charlie Wade said, “I think the small courtyard on the top floor of your Zijin Villa is quite good, so we dig her back, and you can plant her by the side of your hot spring pool, wouldn't it be good? If you know how to plant Pu-erh tea trees, you can't go wrong with taking care of them.

Lin Wan'er (Alani) subconsciously said, “Puer tea trees can only grow in the climate in southern Yunnan. The altitude, climate, sun exposure, temperature and humidity here are most suitable for the growth of Puer tea trees. Aurous Hill's winter is too cold, and Pu'er tea trees can't last! ” “

charlie Wade said, “Pu'er tea can't adapt to Aurous Hill, but she is not ordinary Pu'er tea. The yard is pretty good, and no one disturbs her at ordinary times. As long as the tree doesn't grow too high, no one will see it. If it really grows taller after a few years, let's change her place. “

Speaking, charlie Wade said again, “In case she really doesn't adapt to the climate of Aurous Hill, we can build a greenhouse for her to simulate the climate of southern Yunnan one by one, right? “

Lin Wan'er (Alani) said quietly, "Young master wants to raise her. How about picking her leaves every day?"

Charlie Wade said frankly, "Of course, isn't it just waiting to pick her leaves when planting a tea tree?" "Isn't planting an apple tree just for her to bear a few apples? Otherwise, what are you going to do with her? It is said that this thing can grow to a height of more than ten meters. I can't keep it as a green plant just to see it?"

Seeing Charlie Wade's straightforward words, Lin Wan'er (Alani) couldn't find any reason to refute.

After thinking for a while, she said seriously, "If the young master wants to take her back, the slave family has only one request. I wonder if the young master can agree?"

Charlie Wade smiled and said, "You can just say it. Lin

Wan'er said seriously, "My request is that the young master should not pick her leaves at will, at least wait until she grows up and the leaves become denser, what does the young master think?"

Charlie Wade nodded readily and said, "No problem. To be honest, the aura in her leaves is indeed very pure, but the content is too small. If I really want to have the effect comparable to that of a pill, I have to squeeze her a lot anyway. Let's talk about raising it!" Lin

Wan'er breathed a sigh of relief, and said, "It's not impossible to dig her out, as long as you don't hurt the roots when you dig, and it's not a big problem to bring more soil when you remove it, but I'm afraid that the delay on the road will be too long. Affecting her state, even if she is the mother of Pucha, she has just grown out and is too delicate."

Charlie Wade nodded, and said, "Well, you and I will stay here, and I will arrange a plane to wait at the airport in Banna. When the plane arrives, we will dig her out, and then go directly to the airport to fly back to Aurous Hill!" Lin Wan'er (Alani) asked, "

What about Sara?" She should have reached the Hundred Thousand Mountains by now!"

” It’s all right. “charlie Wade waved his hand, “Don’t provoke her, let her go. After she leaves, we will find a way to review her route and see if we can find out the specific location in Shiwan Dashan. “

## **The Amazing Son In Law Chapter 6093 -**

Lin Wan’er (Alani) came to southern Yunnan this time, and all the expected goals have been achieved. She returned to Dali, worshiped her parents, and returned to the Tianchi Lake where the mother of Pucha failed to cross the robbery. .

charlie Wade suddenly said that she wanted to leave, and she didn’t have any regrets in her heart.

What’s more, this time I came to South Yunnan, I actually had an unexpected harvest. Before that, I managed to get the limit under Sara’s nose, and now I accidentally got the young plant of the mother of pucha, which has been reborn.

However, charlie Wade said that she would bring the mother of pucha back to Aurous Hill, which made her very nervous.

Originally, she thought that the young plant that was reborn from the mother of pucha should continue to grow here.

But charlie Wade’s words moved her again. In any field, she followed the path of failure invariably to one side, and the result was only failure. The catastrophe of the mother of Pucha in her previous life was like a protracted physical experiment. It’s like a scientist who struggles all his life to find a room-temperature superconductor. Seeing that all the data are infinitely close, but they just can’t break through the last layer.

If it takes another lifetime to do the wrong research again, the result will definitely not change in any way. Perhaps

tens of thousands of years later, this mother of pucha will have to endure the lightning strike of the reincarnation of heaven again here, and then fail to cross the catastrophe again.

However, by that time, I’m afraid there won’t be another charlie Wade to help her rebirth from Nirvana.

Thinking of this, Lin Wan'er (Alani) accepted Charlie Wade's decision to bring this young plant back to Aurous Hill.

She has lived with the mother of Pu-erh tea for many years, not only has a very good understanding of the mother of Pu-erh tea, but also has far-reaching experience in the cultivation of Pu-erh tea.

But even so, she was still worried that transplanting the newly grown seedling rashly would bring the seedling a near-death risk.

Charlie Wade saw that she had been hesitating as if she didn't know where to start, so he comforted her and said, "Miss Lin, don't worry, she has already conceived spiritual energy, and she will definitely not die so easily. Let's take her back and cultivate her well. Maybe it will be available next year. Her tea leaves are brewed. Lin

Wan'er nodded lightly, and asked him, "My lord, when will the plane arrive?" "

Charlie Wade said, "Wait a minute, I'll make a call to arrange it. "

After that, he immediately called Isaac Cameron.

Since the two of them came to southern Yunnan, Isaac Cameron used the business jet rented by the vest company, so it was not so convenient to schedule.

Because Charlie Wade did not set a return date before departure, Isaac Cameron He didn't dare to keep paying for the plane to wait at Lijiang Airport, so he just booked a one-way trip. The plane returned to the eastern region on the day it arrived in Lijiang. Now if he wants to dispatch a plane, he can only temporarily negotiate with the business jet company.

The company that operates the business jet is urgently dispatching, and has coordinated a Gulfstream business jet that is currently parked in the provincial capital Spring City. This business jet will not arrive at Banna Airport until 8:30 am at the earliest.

Isaac Charlie Wade called back, and after explaining the situation, he said very apologetically, "I'm sorry, young master, I didn't think carefully. If you are in a hurry, I can immediately coordinate a plane from Wade's family to go there, and it will arrive within two hours at the fastest." . "

charlie Wade said, "it's not your problem, I didn't expect to go back in such a hurry. "

Speaking, charlie Wade said again, "But don't be in a hurry and don't be in a hurry for these few hours. You should coordinate a third-party business jet to come over as usual. I will go to the airport at 8 o'clock tomorrow morning. Seeing that charlie Wade had already made a decision,

isaac quickly said, "Master, in this case, I will confirm the itinerary with the business jet company now. Do you think there is anything else you need me to do?" "

"No more." "charlie Wade said, "After you arrange it for me, don't tell anyone that I'm going back to

## **The Amazing Son In Law Chapter 6094 -**

for the news of Aurous Hill, because you may only stay for a day or two when I go back, and you will come out again soon. This time, you will not see anyone when you go back. "

Isaac Cameron didn't ask why, and said without hesitation, "Okay young master, I understand!" "

Originally, charlie Wade didn't intend to return to Aurous Hill in such a hurry.

He originally thought that he would let Sara go to Shiwan Dashan first, and then he would stay with Lin Wan'er (Alani) in southern Yunnan for two more days.

After all, she lived here since she was a child, but she is already three hundred years old. I haven't been back for many years. I'm afraid that other people can't understand or appreciate this kind of homesickness.

When Sara almost leaves from Shiwan Dashan, he and Lin Wan'er (Alani) will return to Aurous Hill. With the help of Sun Zhidong (Meir), he used his connections and background to get all the surveillance videos of Sara after she arrived in Huaxia, and then she would be able to review her approximate route. When the route is recovered, he will immediately go to Shiwan

Dashan , follow Sara's route again to see if he can gain something.

But now, the mother of Pucha suddenly came out, and Charlie Wade didn't dare to let her grow here, so he had to poach her first and bring her back. Arous Hill asked Lin Wan'er to settle properly in her top-floor courtyard.

It happened that he could also take this opportunity to review the current surveillance data to see if he could figure out Sara's route.

. After Lin Wan'er (Alani) settled down the mother of Pucha, she sorted out Sara's route, and then went directly from Arous Hill to Shiwan Dashan. The clever

Lin Wan'er (Alani) listened to the conversation between Charlie Wade and Isaac Cameron, and she already guessed what Charlie Wade would do next.

So, she asked Charlie, "Young master, when I go to the Hundred Thousand Mountains, can I bring my servant with me?"

Charlie Wade said, "Even now, most of the 100,000 mountains are uninhabited. If Ms. Lin goes there with me, it will be very unsafe."

Lin Wan'er (Alani) pursed her lips, and said in a low voice, "Young master thinks that the slave family will hold back, right?"

"It's not really..." Charlie Wade said in relief, "I just think that you, a girl, are really not suitable to go to such a dangerous and primitive place."

Lin Wan'er (Alani) said seriously, "If the slave family is with the young master, as long as there is no direct conflict with Sara, the young master will definitely protect the safety of the slave family."

Speaking, Lin Wan'er (Alani) said again, "To be honest, my father once told the slave family that the master's closed-door retreat has complicated formations and many traps. If you don't know the essentials, it will be difficult to find his old man's closed-door cave in a lifetime. , although the young master is extremely talented, things like formations are ever-changing. If the young master can bring the slave family with him, the slave family may also be able to help the young master."

Charlie Wade naturally understands this truth.

Taking Lin Wan'er (Alani) is equivalent to bringing a super think tank. She is not only smart, but also well-informed. She may not be able to see through

many things, but Lin Wan'er (Alani) may be able to see through them at a glance. It's

just that Lin Wan'er (Alani) has no strength to restrain a chicken, and she is a weak woman whose biological age has always remained at the age of seventeen. The depth of a hundred thousand mountains is comparable to a virgin forest. She is afraid that she will have to suffer a lot when she follows her. Seeing

charlie Wade's hesitation, Lin Wan'er (Alani) said very frankly, "Young master said before that Uncle Willie once mentioned that your parents may have found the secret of longevity. The slave family feels that the father of the slave family once practiced with the master in the Shiwan Dashan. My son My parents once explored the mysteries left by my master in Shiwan Dashan, so my family, like my son, has a fate with Shiwan Dashan. He wanted to take this opportunity to take his father's spiritual tablet and go back to Shiwan Dashan again. If he could find the place where he practiced with his master back then, it would be considered a fulfillment of his wish. "

## **The Amazing Son In Law Chapter 6095 -**

Lin Waner (Alani)'s request gave charlie Wade no reason to refuse.

The Hundred Thousand Mountains are difficult and dangerous for a weak woman like Lin Wan'er (Alani), but with myself, the hardships are nothing.

Thinking of this, charlie Wade agreed, saying, "In this case, then we will go together."

Lin Wan'er (Alani) nodded happily, and said excitedly, "Thank you, my lord! My family will try not to cause trouble to you!"

charlie Wade smiled slightly, Sitting on the ground next to the mother of pucha, she said, "Let's wait here for a while, and we will dig out this young plant and go to the airport when it dawns." Lin Wan'er (Alani) nodded, and also sat down

on the other side of the mother of pucha After coming down, looking at the sparkling and extremely quiet water surface of Tianchi, he asked softly, "Master, do you think that rainstorm just now was an illusion or real?" charlie Wade thought for a while, "It should be an illusion, right? What do

you think?”

Lin Wan'er (Alani) pondered for a moment, said, “I think it seems to be between reality and illusion.”

Charlie Wade frowned slightly, “Shouldn't the two be a choice?”

. It seems half-truth, half-false, true and false, false and true.”

Charlie Wade smiled and said, “Tomorrow morning, you can ask the nearby villagers if they heard thunder and rain last night. The movement just now was so loud. If it is true, it's impossible for the surrounding villagers not to feel it.”

Lin Wan'er (Alani) nodded lightly, and murmured, “It doesn't seem to be that simple...”

After that, she looked at Charlie Wade and said with a smile, “The slave family may have thought about the problem. It's complicated.”

Charlie Wade nodded without thinking too much, looked at the camping equipment he brought when he got off the car, and asked her, “Miss Lin has been running around for so long and has no time to rest, should I set up the tent and you can sleep for a while?”

Lin Wan'er (Alani) asked Charlie Wade, “Is your master tired?”

Charlie Wade said casually, “I won't be tired if I don't sleep for a month. Besides, I have to keep an eye on the mother of pu-cha. If someone digs it up, I'm afraid I'll regret it.” Lin Wan'er (Alani) said shyly, “

Nujia I don't feel tired either. I just ate that leaf, and I feel refreshed and refreshed all over my body. Indescribably relaxed and at ease, not tired at all. “

Charlie Wade nodded. Although Lin Wan'er (Alani) does not master spiritual energy, spiritual energy, which is extremely pure energy, has an effect on anyone. Judging from the

spiritual energy contained in the mother of Pu tea leaf just now, its effect is almost It is worth a quarter of a blood-removing and heart-saving pill. It is not a big problem for ordinary people to live an extra year and a half after taking one pill. Moreover, their physical condition will also be significantly improved.

No matter what kind of disease they suffer from, they can have great improvement. .The

Evergreen Pill that Lin Wan'er (Alani) takes is the ceiling of her current lifespan. She will not even get sick before she is five hundred years old. Therefore, in this case, the leaves of the Mother of Pucha cannot extend her lifespan or help her. It got rid of the pain, but it made her body feel like it was on infinite clockwork, and she didn't feel tired at all.

Since both of them were not sleepy at all, Charlie Wade stopped assembling the tent, and he and Lin Wan'er (Alani) sat on the edge of Tianchi, looking at the stars in the sky immersedly, chatting about their respective past events.

Charlie Wade enjoyed the state of chatting with Lin Wan'er (Alani). Since his parents passed away, he has reservations about everyone, and he hid it from his wife Claire. Although Charlie Wade gradually disclosed his identity and strength to the people who followed him and several other confidantes, he never told anyone that he had won the "Nine Xuantian" "The Adventures of the Classic".

Only Lin Wan'er (Alani) knows all of Charlie Wade's secrets.

The same goes for Lin Wan'er (Alani).

Over the past three hundred years, she has adopted countless orphans, but she has only confessed the secret of her immortality to the few people she trusts most, except for her. Apart from the children she raised, she did not tell any outsiders her secrets, and Charlie Wade was the first one.

Therefore, deep down in their hearts, both of them regarded each other as their true confidant, and the only one. A confidant.

Since Banna is located in the southwest, the actual daybreak time is one hour later than in the eastern region, so
