

## The Amazing Son In Law Chapter 6107 -

Judging from Sara's return behavior alone, it was difficult for Charlie Wade and Lin Wan'er (Alani) to judge her intentions.

Especially Lin Wan'er (Alani) was worried that Sara's departure here was not because she really wanted to leave Shiwan Dashan, but because she needed to change to a new destination.

Therefore, she said to Charlie Wade, "Sir, my father once said that the stone chamber where his master drove to the west later disappeared without a trace. He guessed that the master must have used great magical powers to remove the stone chamber. Hidden or moved elsewhere, Sara came to Shiwandashan this time, most likely to find the whereabouts of the stone room."

Charlie Wade nodded and said, "I also think it is unlikely that Sara will leave Shiwandashan so soon. Maybe she has found some new clues."

Lin Wan'er (Alani) said with a worried expression, "If Sara can really find a way to make her stronger from the relics left by her master, or find some way to She has useful elixirs and magic weapons, so won't her strength be even better?"

Charlie Wade said, "When Meng Changsheng (Willie) the 1st was able to pass that ring to your father before the deadline, he would have been here long ago. I already know what kind of character Sara is, so I will definitely try my best to be on guard."

Speaking, Charlie Wade said again, "Sara failed to get Meng Changsheng (Willie) the 1st back then. Although three hundred years have passed since the relics and inheritance left behind, I believe she still cannot break through the shackles Meng Changsheng (Willie) the 1st left to guard against her."

Lin Waner nodded slightly and murmured, "I hope so. So..."

At this moment, Sara was still heading west, with no intention of stopping at all.

At the same time, Charlie Wade received the news that the Boeing 777 that Sara took when going to Myanmar had already taken off in Myanmar. The civil

aviation software showed that the destination of this plane was Yongzhou Airport, which is about 200 kilometers away from Shiwanda Mountain. .

Considering that the van Sara was riding in was also driving towards Yongzhou, charlie Wade suddenly exclaimed, "Sara is leaving China!"

Lin Wan'er (Alani) asked in surprise, "Why did she leave in such a hurry? Has she already found the things left by her master?"

charlie Wade shook his head, "I don't know, but Sara left in a helter-skelter and hurried way. It doesn't look like she had gained much." Normal behavior after that." After

saying that, charlie Wade added, "And as I said just now, Meng Changsheng (Willie) the 1st must have been guarding against her before she was alive. There is no reason for her to find her relics so quickly, so I think Sara suddenly There must be some hidden reason for leaving."

Lin Wan'er (Alani) was puzzled and murmured, "Sir, the slave family always feels that there is something unreasonable in this, and there seems to be something that cannot be justified logically."

charlie Wade said, "We It is impossible to find out the true context of the matter just by sitting here and discussing it. The best solution is to go there in person. Look for clues we don't have. "

After that, he stood up and said impatiently, "Since she wants to leave, then let's go! Her plane will arrive in Yongzhou in almost two hours. We are now rushing to the airport and flying to Yongzhou! Maybe we can meet her again at the airport! Lin

Wan'er saw charlie Wade's anxious expression and said without hesitation, "Everyone in the slave family listens to the master's arrangements!" "

charlie Wade said, "I will notify the plane to prepare now. "

An hour later, charlie Wade and Lin Wan'er (Alani) flew to Yongzhou by plane.

This time, he didn't ask Isaac Cameron to rent a business jet in a different form, but directly called the Wade family's private jet in Aurous Hill.

The reason why he didn't hide it The reason for hiding it was because Charlie Wade felt that there was no need to worry about Sara finding out about this situation. At

this moment, Sara passed the security check and customs with a Chinese identity passport that she had prepared long ago, and sat in the lounge of the VIP building, thinking Anxiously waiting for her own plane.

Nervous and flustered, the muscles of her legs are still twitching until now.

In her mind, Meng Changsheng (Willie) the 1st's deafening four Words, get lost!

These four words made her soul shrouded in a great fear.

She couldn't help reviewing the whole thing in her heart, racking her brains to analyze the possibility that Meng Changsheng (Willie) the 1st was still alive.

She Recalling the details of my worship under Meng Changsheng (Willie) the 1st, I thought to myself, "Actually, now that I think about it, Shizun didn't think highly of me and my senior brother all the time. If we weren't hunted down by the Qing army, I think Shizun would not have liked me." He won't show up in front of us..." "

Now that I think about it, Master accepted the two of us as apprentices, partly to learn about the outside world from us, partly because he hoped that we could do something for the Han people, and he himself, it seems They never regarded us as true disciples..."

At this point, Sara's thoughts were pulled back more than three hundred years ago, and the scene when she and her senior brother Parker (Aasif) were chased into Shiwan Dashan by the Qing army appeared in her mind.

Beyond the Hundred Thousand Mountains, tens of thousands of cavalymen of the Qing army rushed to attack overnight, chasing and killing the remnants of Nanming, as well as the Poqinghui who fought side by side with the remnants of Nanming.

These cavalymen wore Qing army armor, held Qing army flags, and had money rat tails that were very different from those of the Han people in the Southern Ming Dynasty. They drove the remaining defeated generals into the Hundred Thousand Mountains.

The remnants of the Southern Ming Dynasty and the Poqing Society suffered heavy losses. They fought all the way and retreated all the way.

## **The Amazing Son In Law Chapter 6108 -**

The casualties became more and more severe, so that in the end, Parker (Aasif) and Sara had no other comrades around them.

The leader of a Qing army team led hundreds of cavalry in hot pursuit. However, due to the steep mountains and dense trees, they could only dismount and pursue on foot.

The leader shouted loudly, "Listen to the traitors inside! If you come out to accept the surrender, I, Gartu, can give you a good time. Otherwise, if I catch you, you will be sent to the capital Lingchi to be executed!"

At this time, Sara was being dragged by Parker (Aasif) to run wildly in the forest, but Sara still had a broken arrow stuck in her shoulder, which was injured by a cavalry archer of the Qing army when she was retreating.

Because the Qing army was good at riding and shooting, and they specially smeared the rotting corpse water on the arrowheads, so that the arrowheads carried a lot of viruses and bacteria, Sara's wounds were already black, and the smelly pus kept oozing out of them. Every shock would bring severe pain to her shoulders, and every time the severe pain struck, her whole body would become weak and she would fall to the ground almost uncontrollably.

Fortunately, Parker (Aasif) grabbed her hand tightly and pulled her with all his strength, so that she would not be overtaken by the enemy.

Sara knew that the Qing army's bows and arrows were extremely vicious. After being hit by an arrow, even if the injury was not fatal, within a few days the wound would cause the whole body to fester and take a person's life.

Therefore, Sara now also knows that his time is running out. Seeing

that Parker (Aasif) was obviously much slower in order to save herself, she couldn't help but choked up and said, "Brother Parker (Aasif), give Sara a good time and run away quickly, Sara can't live anymore, you will only drag yourself down with Sara..."

Parker (Aasif) said firmly, “I promise your brother will protect you well, even if you die in battle, I will die with you Together, otherwise I will face Sarag without words in the future.”

Sara cried and said, “Brother Parker (Aasif), the Qing dog is inhumane and slaughtered countless people in Ming Dynasty. If you and I fall into their hands, life will be worse than death. You might as well give Sara a good time, which is better than Sara falling into their hands and being killed.” They tortured and ruined you!”

Parker (Aasif) gritted his teeth, and said sharply, “Sara, don’t be afraid, if you and I really have nowhere to escape, I will give you a good time, and then fight to the death with those gang of Qing dogs. Let you fall into their hands!”

At this time, Gartu’s men had been chasing closer and closer, and when he saw the black blood stains left by Sara, he sneered and said, “Since you are toasting and not eating fine wine, then don’t blame me Gartu’s subordinates are ruthless! When the two of you fall into the hands of our brothers, my brothers must make that little beauty happy and happy!”

Sara was startled and angry, and hissed, “I’m just a ghost. I won’t let you clean dogs go! One day, I willWe Daming will kill you all and drive your dog emperor out of the pass! “

Galtu said coldly, “Do you have a great Ming Dynasty? Your Daming is almost completely wiped out by us now! From now on, this will be our world full of people! All Han people like you who do not submit to my Manchu Qing will be killed by us!

At this moment, a loud voice asked, “What? ” You even want to kill this old man? ! “

While he was speaking, an old man in blue robes floated down from above the woods, holding a silver sword. He was indescribably majestic and solemn.

This man was Meng Changsheng (Willie) the 1st.

Galtu did not expect that this old man would actually He was able to fall from the top of the woods more than ten feet high without any sign of injury, and asked him with some vigilance, “Who are you? Meng Changsheng (Willie) the 1st said coldly, “

A group of Tartars, what right do you have to ask my name?" You are bothering my Qingxiu and talking nonsense, so you will all stay here today to atone for your sins! "

Gertu sneered and said, "You old man seems to have a long life! Come on, kill him for me! "

As soon as he finished speaking, a group of Qing soldiers raised their bows and arrows and aimed their arrows at Meng Changsheng (Willie) the 1st.

Meng Changsheng (Willie) the 1st sneered disdainfully, "How dare you show off your power in front of me with just bows and arrows, you die!" "

After saying that, the long sword in his hand suddenly shook, and instantly turned into dozens of rotating sword blades, roaring towards hundreds of Qing troops. Before

these Qing troops could figure out what was going on, they were all attacked. The heads were chopped off in a flash, leaving no one alive.

Not far away, Parker (Aasif) and Sara were stunned. They had never seen such a powerful person in their lives, and they thought they had met a god.

This At that moment, Meng Changsheng (Willie) the 1st put away his long sword, came to the two of them, and asked, "Why are you two being chased by a group of Tartar soldiers? "

Parker (Aasif) was the first to come back to his senses, and hurriedly said, "My junior, Parker (Aasif), thank the old god for saving his life! This junior and his sister fought against the Qing Dynasty together, but their strength was weak, and they were chased by the Qing army all the way. Thanks to the old god's rescue, otherwise If so, the two juniors may not survive today..."

Meng Changsheng (Willie) the 1st frowned and asked, "Haven't the Tatars always been active in the north? This is the 100,000 mountains, and it is almost at the southernmost end of the Tang Dynasty. How did the Tatars come here?" Here?"

"Great Tang?" Parker (Aasif) blurted out, "Old Immortal, it is no longer the Great Tang, the current court is the Great Ming, and the Great Ming ruled China for more than two hundred years, but the traitor Wu Sangui put the Qing army in In the pass, now, the Qing army has invaded most of China..."

Meng Changsheng (Willie) the 1st scolded coldly, “The Han people today can’t even defend their own country?”
