

The Amazing Son In Law Chapter 6109 -

Realizing that the old man in front of him did have great supernatural powers and was also a Han, Aasif (Parker) knelt down on the ground almost without thinking, choking and begging: "Old god, now the Han people have been invaded by the Tatars, and the Han people are in ruins and miserable. It is said that the younger generation may have limited ability to resist the Qing Dynasty for many years, and can only watch the Han people's country continue to fall. Since the old gods are also Han people, please ask the old gods to take action to drive away the Qing dogs and restore the Han Dynasty!" Sara also came to her senses

, He quickly knelt down and kowtowed, and said respectfully, "I beg the old god to take action!"

Meng Changsheng (Willie the 1st) was slightly shocked by the actions of the two men, and then he laughed mockingly and said, "I have been in seclusion here for hundreds of years. Whose country outside is with me?" It has long since ceased to matter. Whether a Han becomes emperor, a Mongolian becomes emperor, or a Manchu becomes emperor is not something I care about."

Aasif (Parker) and Sara suddenly looked desperate.

They thought that with the old god's ability to easily kill hundreds of Qing troops with a snap of his fingers, it would be easy to go to Yanjing Imperial City to get Shunzhi's head.

However, they overestimated the Han integrity in Meng Changsheng (Willie the 1st). In

fact, when (Willie the 1st) lived to this age, he had already forgotten the justice of the country and the integrity of the nation.

Therefore, he said with an indifferent expression, "This is my place of seclusion and cultivation. You two should not stay here to disturb my cultivation. I have killed all the Qing troops chasing you, so you can leave." Lin

. Aasif (Parker) knelt down and said, "Old immortal, if you can drive the Qing dogs out of the pass and save the people all over the world, it will be a great merit and it will be of great benefit to your practice. And this kind of Things should be a piece of cake for you, so please think twice!"

Meng Changsheng (Willie the 1st) said disdainfully, “Merits? Merits are like a chastity arch. So what if there are more? If you have more merits, can you live forever?”

Aasif (Parker) was a little taken aback. Longevity was still a very unfamiliar word to him, and he had no idea what the meaning behind these two words was.

Seeing him stunned, Meng Changsheng (Willie the 1st) said calmly, “Don’t think that I am the only one with such strength in the world. Anyone who can sit on the throne has the right time, place, people, and harmony. The Manchu Emperor can fight Entering the Pass and seizing the imperial city of the Han Dynasty proves that his destiny, the dragon vein of his clan, and the national destiny of the Manchu Qing Dynasty are far superior to those of the Han Dynasty at this stage, and there must be expert help around him!” At this point, Meng Changsheng (Willie the 1st)

said After a slight pause, he continued, “I advise you not to use your arms to control the chariot. With the abilities of the two of you, it is basically impossible to defeat a nation with a rising national destiny.” When Aasif (Parker) heard this, he suddenly seemed extremely depressed

. He shook his head, his tone was firm, and at the same time he said with a bit of tragedy, “Even if I, Aasif (Parker), are unable to help the Han Dynasty, I will never give up fighting Qinggou to the end! Qinggou has a population of only one million, but it can Occupying most of China’s territory, if every Chinese man treats it indifferently, the Han people will never be able to regain the territory!”

Meng Changsheng (Willie the 1st) smiled lightly and said, “Your so-called ideals and ambitions are just because you haven’t lived long enough. If If you can live to my age, what does it matter who becomes the emperor, the Tatars or the Han people?”

Sara on the side saw that he was unmoved, and quickly said, “Old god, the Qing army is now heading south with great momentum, and it has already begun to attack. When we arrive in Huguang, we will soon enter the Hundred Thousand Mountains. After passing the Hundred Thousand Mountains, we will reach Southern Yunnan. Once they take Southern Yunnan into their hands, China will be completely subjugated. By then, you will not only lose this treasured land for cultivation, but also If you look at the entire Central Plains, I’m afraid you can’t find it.A shelter!

Hearing this, Meng Changsheng (Willie the 1st) frowned subconsciously.

The Amazing Son In Law Chapter 6110 -

Sara keenly caught his change, and immediately hit the rails while it was hot, “Old Immortal, you have a strong manner and extraordinary bearing, especially the bun made of long hair . It is the finishing touch! “

Speaking of this, Sara changed the subject and said loudly, “Old Immortal, in order to unify the Central Plains, Qinggou forced all Chinese people to shave their heads and leave them with money rattails that are not as thick as a pinky finger. If you don’t shave your head, you will behead it. When you have nowhere to practice and are forced into the world, if you don’t want to cause death, you have to shave off your long hair. Can you accept it? “

Meng Changsheng (Willie the 1st)’s expression suddenly became extremely ugly.

He has practiced here for hundreds of years. In these hundreds of years, almost no one has spared him the cave, but today, a group of unsightly Qing soldiers rushed in. , and yelling, beating and killing, disturbing his tranquility.

He thought it was just an accident, but now hearing Sara say this, he suddenly felt uneasy.

At this moment, Meng Changsheng (Willie the 1st) remained silent for a long time

. At that time, the mountain suddenly burst into flames, and the Qing army had already started setting fire to the mountain in order to completely wipe out the Nanming army and the Poqing Society. Seeing

the raging fire, Meng Changsheng (Willie the 1st) suddenly changed his mind and said, “That’s all, since If you two want to help the Han Dynasty, I can give you a chance to see if you are willing.

Aasif (Parker) was overjoyed and said quickly, “Old god, please speak! ” “

Meng Changsheng (Willie the 1st) said lightly, “Today you two will worship me as your teacher. I will teach you some skills in fighting Changshadi. Lin

Aasif (Parker) immediately said excitedly, “Disciple Aasif (Parker), thank you Master!”

Sara on the side immediately knelt down and shouted, “Disciple Sara, thank you Master! ” “

At that time, Sara still didn’t know why Meng Changsheng (Willie the 1st) suddenly changed his mind.

However, when this scene from more than three hundred years ago reappeared in her mind, she suddenly understood the reason.

At that time, it was 1650 AD, and there were still 13 years left before Meng Changsheng (Willie the 1st)’s deadline.

The reason why Meng Changsheng (Willie the 1st) accepted the two of them as his disciples was probably so that they could delay the Qing army’s attack on Shiwandashan after they completed their studies.

In other words, Meng Changsheng (Willie the 1st) had his own plans for everything, and he took Aasif (Parker) and Sara as disciples, presumably for his own sake, so that his last thirteen years would not be disturbed by the Qing army.

Thinking of this, Sara thought more firmly in her heart, “Think carefully, Master, he has always been extremely eager to prolong his life. How could he accept the limit so easily? The only reasonable explanation is that he has already found a way to fight the limit!”

“And he has been hiding it all the time, and even pretended to say goodbye to me and senior brother. I’m afraid he is playing a big game of chess. Maybe me and senior brother are just his flag!

” Changsheng will do whatever it takes, I exposed myself in front of him today, if he asks me to submit to him with the whole broken society in the future, what should I do?!” At this

moment, Sara felt extremely regretful in her heart, regretting that she should not come to the hundred thousand Dashan, I regret that I shouldn’t have come to Huaxia!

It's just that now it's done, the only thing she can do is to hide as far away as possible!
