

The Amazing Son In Law Chapter 6126 -

Looking at the three sticks of sandalwood that were about to burn out, Lin Wan'er (Alani) looked defeated.

She said to charlie with some confusion, "You can even figure out how well we can fight back. Who are they..."

charlie shook his head, "I can't figure it out. This feeling is like someone opening a God's perspective." "

As he said that, he walked through the main hall and was about to go to the backyard to find out, but he was attracted by a wooden door at the back of the main hall.

He carefully opened the door and found a small room of about five or six square meters inside.

charlie took a brief glance and found that there seemed to be nothing else in the room except a simple wooden chair and a small wooden table less than half a meter wide.

In the room, there is a special aroma that makes people feel refreshed.

charlie took a closer look and saw a string of bracelets almost the same color as the wooden table placed on the small wooden table.

The bracelet is composed of wooden beads about one centimeter in diameter. The whole body is dark brown in different shades, very shiny, and exudes a strong woody fragrance. The

bracelet is placed in the middle of the table. It seems that someone else left it here intentionally.

charlie stepped forward and picked up the bracelet. He could feel the warm texture on each bead of the bracelet. The overall lightness of the bracelet, coupled with the special aroma, charlie speculated that it should be agarwood. Made.

Lin Waner walked in at this time and asked in surprise, "Where did the agarwood bracelet in the young master's hand come from?"

charlie looked back at her and said with a smile, "I found it on the table."

Lin Wan'er came up and asked carefully, "Young Master, can you let me take a look?"

charlie nodded and handed her the agarwood bracelet.

Lin Wan'er (Alani) carefully held the bracelet in her hand and examined it, exclaiming, "This is the best variety of agarwood, Bai Qinan, and it is an out-of-print Hainan Bai Qinan. It is even a unique one that has never been seen among Hainan Bai Qinan..." "Excellent quality?"

"charlie asked curiously, "Is this expensive?" "

Lin Wan'er (Alani) said, "The best top-grade Bai Qinan bracelet that can be seen on the market, the auction price is about hundreds of thousands per gram, but the quality is still a lot worse than this. The slave family has never seen such a good one. Material..."

charlie exclaimed in amazement, "You have been drinking tea from the mother of Pucha all the way to this day. When I first met you in Northern Europe, your blue and white porcelain was the best of the best. What else is there in this world? Is there something good that you haven't seen before? Lin

Wan'er slightly covered her red lips with her jade hands, and said with a chuckle, "Young master, you look too high on the slave family. There are too many people in this world who are crouching tigers and hidden dragons. Almost most of the things in this world, everything that can be known to the world, are it's not the best, so it's normal to encounter good things you haven't seen before. "

With that said, she handed the bracelet back to charlie and said, "Sir, this bracelet should be a gift from them. Please accept it and keep it well." charlie said, "

Maybe it's for you?" "

No." Lin Wan'er (Alani) smiled sweetly and said, "If it were given to me, they probably wouldn't be able to afford it." "

charlie asked curiously, "Why do you say that?"

Lin Wan'er (Alani) smiled and said, "Young Master, count the bracelets. No more, no less. There are twenty-eight beads in total. If I remember correctly, Young Master should have just celebrated his twenty-eighth birthday this year, and has not yet turned twenty-nine. " Bar? Isn't this just what you prepared for the young master? If you prepare it for the slave family, you will need to wear at least more than 300 pieces, which is really a waste. "

charlie was shocked, and quickly lowered his head and counted the beads on the bracelet. It was indeed no more, no less, twenty-eight.

Most of the bracelets actually had nineteen beads. This is because most people When wearing bracelets, in addition to pursuing the material, we also pursue far-reaching meanings, because in Buddhism,

The Amazing Son In Law Chapter 6127 -

Most of the Buddhist beads are nineteen, which means a Buddha head, plus eighteen different dharma.

But this bracelet has twenty-eight bracelets in a unique style.

Because there are too many pieces, this bracelet is no longer suitable for wearing on the wrist, but more suitable for twisting in the hand.

charlie couldn't help but ask her, "Do you think this represents my age?"

Lin Waner nodded, "Most likely, yes."

charlie asked again, "Maybe it's some kind of coincidence?"

Lin Waner shook his head, "It's possible outside; here. , Impossible."

charlie asked, "Why do you say that?" Lin

Waner said seriously, "Sir, you have to understand that everything here is prepared for you. They The reason why I invited the slave family in is just because the slave family happened to accompany the young master. If the slave family did not come with the young master, they would definitely meet him directly."

charlie suddenly felt nervous.

He felt that what Lin Wan'er (Alani) said made sense.

However, he didn't understand who the other party was that would pay so much attention to him.

From the moment the little nun took the initiative to talk to the two of them at the foot of the mountain, charlie had always wanted to know who these people were, and now, this question is getting stronger and stronger.

At this time, Lin Wan'er (Alani) suddenly remembered something and said, "Sir, when the slave family just came in, they had never seen anyone entering or leaving this room. There are tables, chairs, and this bracelet in the room. I think someone must have been here at that time. "

charlie nodded, "That must be the mastermind behind them."

After saying that, charlie took the bracelet and twisted it in his hand for a moment, and then said, "I don't know why they are so secretive, but it feels like you." As I said, they don't look like enemies. As for their origins, we can only wait until they take the initiative to show up next time."

Speaking of which, charlie looked at Lin Wan'er (Alani) and asked her, "You said, since they just don't want me to move forward, if I go out of this door and continue to walk deeper into the Hundred Thousand Mountains, will they do it again?" There is an obstruction?"

Lin Waner asked in shock, "Master... you... are you serious?"

charlie said, "For the time being, we are just discussing the feasibility of this plan."

Lin Waner said tangledly, "Master, in theory it should be That's true, but the slave family still doesn't recommend that Young Master try..."

charlie looked at the bracelet in his hand, smiled and said, "Don't worry, I just said it casually, not that disrespectful."

After that, he put the bracelet away. He got up and said to Lin Wan'er (Alani), "Let's go to the backyard and take a look. If there is nothing unusual, let's start back to Aurous Hill!"

Lin Wan'er (Alani) finally felt relieved and accompanied Charlie to the backyard of Qingzhao'an.

The backyard of this nunnery is not big. There are only a few tile-roofed houses in total. It seems that this is where the nuns in the nunnery live.

However, this place has been vacant for a long time, and it seems that no one has lived in it for a long time.

This also further proved Lin Wan'er (Alani)'s guess that the two nuns she met were not real nuns.

Charlie even suspected that Qingzhao Temple had been abandoned for many years, but they only temporarily opened it this time to stop him.

The two did not find any valuable clues in the backyard, but they did see a path going down the mountain from the back outside the back door of the backyard.

Thinking about it, they evacuated through this mountain road.

Since more than an hour had passed, Charlie could not see any clues along this road. Out of respect for these people, he had no idea of chasing after them to find out.

Looking at the winding road, Charlie sighed softly and said to Lin Wan'er (Alani), "Let's go back to Aurous Hill."
